NAVAL BILL IS THROUGH SENATE

House Leaders Prepared for Stubborn Resistance to Measure

WASHINGTON, June 1.—The senate finally passed today the naval appropriation bill carrying about $494,000,000, and recording the Borah anti-war amendment requesting President Harding to initiate a disarmament conference between the United States, Great Britain and Japan.

The vote on the amendment was 74 to 0. Democratic senators voted for it, with Senators Pomerene, Democrat, and Frelinghuysen, Republican, the only senators who had been listed in opposition. Senator Lodge, Republican, Massachusetts, who was absent when the roll was called yesterday, voted for the measure today.

The bill now goes to conference between the senate and house. The house leaders are prepared for stubborn resistance of the senate amendment.

Before passing the bill today the senate rejected a proposal to strike out the appropriation of $11,000,000 for the maintenance of the marine corps, and also the provisions to increase the pay of officers, and the provisions to increase the allowances to enlisted men, which were added by the house committee.

Senator Lodge, who was opposed to the increase in officers' pay, had asked that the provisions be stricken from the bill.

The senate also rejected a proposal to increase the pay of marines to the same scale as that provided for the army and navy.

No Americans Injured in Vladivostok Fight

WASHINGTON, June 1.—No Americans were injured during the recent fighting in Vladivostok, the American consul reported to the state department today.

The fighting in the Siberian port ceased last Friday and the city is quiet, the report stated.

The municipal council of 1919 has been reorganized and has assumed an armed militia to maintain peace and order.
