STOCKS STEADY, SHORTS RETIRE

Bears Become More Careful Due to Recovery of Some Issues

NEW YORK, Oct. 20.—The stock market was steady to strong during the greater part of today's session. Developments in the railroad and general industrial situation promoted further retirement of short contracts.

Bears became more cautious in their operations because of the punishment meted out to them in the sharp recoveries of Pullman and American Sugar preferred on curtailment of unfounded rumors.

Transportation held their gains of the last few days and in several instances those were augmented by the cheaper rails as well as equipments, but steels reflected the poor statement of the Republic Iron & Steel Co., those shares showing further depression. Food shares were strongest of the specialties, almost every issue in that division being stimulated by the improvement in sugars.

Aside from General Asphalt, the strongest feature of the final hour, foreign oils showed no definite trend. Mexican Petroleum occasionally giving way to pressure. Domestic oils, however, continued to harden on higher prices for crude products. Sales 425,000 shares.

No obstacles to the market's betterment were presented by money or foreign exchange. Most of the day's call loans were placed at 4 per cent as the exchange and as low as 3½ per cent in the open market. British rates were at their highest for the current movement and continental quotations strengthened.

Bonds were relatively dull, but there were few exceptions in the domestic and foreign divisions to the higher trend of prices; convertible rails again leading. Total sales, par value, $13,850,000.

Cotton

NEW ORLEANS, Oct. 20.—Growing belief that ginning returns to the eighteenth of October would make a highly bullish showing, put the price of cotton higher today. At the highest the trading months were 58 to 70 points higher than the last prices of yesterday. The close was at net gains of 42 to 48 points.

December at its best stood at 18.46c and closed at 18.27c. According to rumors, private bureau reports reported to a ginning production this last period of only 2,400,000 bales, indicating total ginning to October 18 of 5,900,000 bales.

At the lowest the market was still 12 to 26 points over yesterday's close.

BULLS MAINTAIN SMALL ADVANTAGE

Wheat Market Governed by News That Strike May Be Averted

CHICAGO, Oct. 20.—Bulls had some advantage in wheat the greater part of today, owing more or less to current predictions that a general railroad strike would be averted. Upturns, however, were not well maintained. Prices closed unsettled at the same as yesterday's finish to ⅛ cent higher, with December $1.03⅝ to $1.04 and May $1.08⅛ to $1.08⅜. Corn gained ⅜ to ⅝ cent and oats ⅜ to ½ to ⅝ cent. Provisions varied from 25 cents decline to 15 cents advance.

Inasmuch as the prospect of disastrous complications from the threatened railroad strike has been perhaps the chief depressing factor in the market of late, developments indicating a settlement might be reached led to a little more confidence regarding the buying side. Talk of important probable reduction of winter wheat acreage counted also as a stimulating factor. On the other hand, hopes of a better export demand proved to be illusory and Canadian wheat continued to get the preference from Europe. With advices telling of scarcity of storage room at Chicago, Kansas City and Galveston, declines after midday carried the market down temporarily to a new price record. Covering by shorts rallied the market at the last.

Improved shipping demand helped to give firmness to corn and through sympathy strengthened oats.

Provisions averaged higher with grain despite weakness of hogs. October ribs formed an exception and fell to a new low level for the season.

FESTIVAL PLANS PROCEED

Event of All Northeastern Oklahoma Says Junior C. of C. Head.

With committee meetings daily, with the sending of numerous letters and the frequent exchange of telegrams, plans are proceeding rapidly for the Tulsa harvest festival which is to be celebrated here November 19 under the auspices of the Junior Chamber of Commerce.

"This should not be considered merely an event in and for Tulsa," E. Fred Johnson, president of the junior chamber, explained yesterday. "It is an event in and for all of northeastern Oklahoma, and there will be entertainment for every person, regardless of age or inclinations. We realize it is a tremendous undertaking, but with the assurance we already have and the rapid materialization of plans, there is every assurance that it will be an event long to be remembered in this section of the state."

Every city, town and village in northeastern Oklahoma is to be invited to participate in the celebration.

Suicide Is Poor Shot.

HALIFAX, Oct. 20.—Henry Roan, an Osage Indian, has proven to be a poor shot with the gun aimed at himself. He is now in a hospital at Fairfax, suffering from two bad gunshot wounds, alleged to have been self inflicted. One bullet pierced his stomach and the other struck one inch below his heart. Domestic trouble is given as the cause of his alleged suicidal attempt. The shooting occurred on Roan's front porch.
