VOLUME OF STEEL BUSINESS SMALL

Activity of Last Month Has Not Been Maintained

NEW YORK, Nov. 13.—The volume of new business in steel is small, and the activity experienced last month has not been maintained. Producers are fairly well supplied with unfilled orders, however, and the lack of accumulated stocks makes a firm statistical position. The undertone is about steady, although in some cases there has been a disposition to shade values to secure orders. A better inquiry for railroad equipment is a very hopeful factor. The demand for pig iron has fallen off considerably from last month and buyers are indifferent. Prices are irregular.

The improvement recently reported in copper has been fully maintained by a continued fair demand both for export and domestic consumption. It is reported that some business might be done for shipment to England on the basis of 12 7-8 f. a. s. for electrolytic. But no copper is offering at that price and the sales have been chiefly to Germany, France and Belgium at prices ranging from 12 3-4 to 13 1-8 cents c. i. f. continental ports. Domestic inquiry has shown a further improvement. The prevailing interests, meanwhile, appear generally firm in their views and are quoting from 13 1-8 to 13 1-4 cents for nearby November and December shipment.

Tin remains quiet and featureless. Lead holds steady here, although an easier tone is noted in shipments from the west. Demand on the whole has been satisfactory.

Zinc has been strengthened by diminishing stocks of zinc ore and slabs, while shipments have been somewhat larger, due to an increased demand for ore and metal.

Antimony is quiet and easy.

NOTICE

(Sealed Bids for Street Paving)

Notice is hereby given that in pursuance of an order by the Board of Commissioners of the City of Tulsa, Oklahoma, sealed bids will be received at the office of the City Auditor of said City until 2 o'clock p. m., Monday, November 28 1921, for furnishing materials and performing the work necessary in paving and otherwise improving in the manner and subject to the conditions hereinafter set out, the following described portions of the following named street in said City of Tulsa, to-wit:

South Main Street from the South line of Ninth Street to a point approximately 101 feet South to the South line of Tenth Street, to be widened from 56 feet to 56 feet.

South Main Street from a point approximately 101 feet South of the South line of Tenth Street to the North line of Eleventh Street running West of Main Street, and to the North line of Eleventh Street running East of Main Street to be widened from 56 feet to 56 feet.

Widening of Main Street from South line of Eleventh Street to the North line of Twelfth Street, to be widened 8 feet on each side.

For further details as to the material, plans and methods of construction to be used in improving said streets and avenues bidders are referred to the plans and specifications therefor approved by the Board of Commissioners and to the resolution adopted by said Board declaring the necessity of and providing for the improvement of said portions of said streets and avenues. Said resolution, plans and specifications are on file in the office of the City Auditor and copies of said resolution will be furnished upon application therefor at the office of the City Auditor.

The entire cost of said improvements on said portion of said streets and each of them shall be apportioned to and levied and assessed against the abutting property liable to assessments therefor and the owners thereof in accordance with the provisions of Article 9, of the Charter of the City of Tulsa, Oklahoma, and payments to the contractor will be made in tax bills evidencing said assessments.

The contractor to whom the contract may be awarded will be required to procure the signature of a surety company, approved by the Board of Commissioners of the City of Tulsa, to the contract guaranteeing the construction in the sum of 100 per cent, and an indemnity bond signed by a surety company approved by the Board of Commissioners of the City of Tulsa of not less than 100 per cent of the contract price, provided said surety company shall not be liable on said bond to exceed Twenty-five Thousand ($25,000) Dollars for indemnity growing out of any one accident, and a statutory bond as required by the laws of the State of Oklahoma. The above to be based upon the price bid in the proposal, exclusive of the engineering and inverstising charges, all of said bonds to be executed by the contractor and the surety or sureties acceptable to the Board of Commissioners of the City of Tulsa, and the City of Tulsa to be made party of the third part in said bonds.

Bids must be upon the proposal sheets furnished by the City Engineer and each bid must be accompanied by a duly certified check on some solvent bank, banking house or trust company in an amount equal to five (5) per cent of the amount of the approximate total cost of the work, based upon the bids with which submitted. The Board of Commissioners of said city reserves the right to reject any and all bids and bidders are cautioned to observe all the conditions set out in the specifications and adding sheets.

Bids received as aforesaid will be considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Tulsa, Oklahoma, at 9 o'clock a. m., Tuesday, November 29, 1921.

All bids are required to be placed on file in the City Auditor's office for inspection forty-eight hours after opening before the award or rejections of bids can be made.

Tulsa, Oklahoma, November 10, 1921.
