WORLD MARKET PAGE

RAILS BOUYED UP BY 'KATY' DEAL

But Market Is Contracted and Uncertain in Day's Trading

NEW YORK, Nov. 22.—Unimportant shares of the railway, steel oil and utility groups were the conspicuous features of today's contracted and uncertain stock market, taking the place of Standard issues.

Buying of the junior rails was stimulated to an extent by the reorganization of the Missouri, Kansas & Texas railway.

Independent oils, notably gulf states, which added subsequent to its gain of the previous day were sustained by circumstantial gossip of prospective mergers.

Call money rose from 5 to 5½ per cent in the final hour and was made the occasion of a selling movement in which the tobaccos, Anaconda copper, United fruit, Sears Roebuck and Western Union were most affected. Sales 700,000 shares.

Dullness and a lower trend ruled in the principal foreign exchanges.

The broad demand for bonds, especially underlying railways, continued with strength in other domestic issues and several of the foreign division, especially French municipals. Total sales, par value, $18,250,000.

KANSAS CITY, Nov. 22.—Cattle—Receipts 3,800; active; better grades beef steers and she stock strong to 25c higher; lower grades steady to strong; 1,050 pound yearlings $8.50; bulk killing steers $5.75@8.50; choice veals steady; few over $7.50; medium and heavy steers strong to 25c higher; bulk $3.50@5.25; bulls mostly 25c higher; cows 10@15c higher; stockers and feeders steady; bulk $4.25@5.25.

Hogs—Receipts 14,000; opened 15@25c lower in sympathy; closed 25@35c lower to 10c higher; bulk 190 to 210 pound weights $7.45@7.60; top $7.65; packer top $7.65@7.70; bulk of sales $7.25@7.65; bulk throw out $6.50@7.15; pigs steady; bulk $7.25@7.50.

Sheep—Receipts 6,000; slow; generally steady; ewes $2.65; lambs and yearlings strong; natives and fed lambs $9.00.

Cotton

NEW ORLEANS, Nov. 22.—An advance in cotton today started on the opening and persisted throughout the session, the heaviest buying pressure being felt in the last half hour when the list of active months displayed gains over yesterday's close of 60 to 73 points, December trading up to 17.29c a pound. Early buyers realized just ooo the close but last prices were still 33 to 63 points net higher on the day with December at 17.24c.

A feature of the day was the widening out of differences between the near and the distant months, and the premium on January over December was considered an important bullish development, since it lessened the chances of large tenders against December contracts by establishing a transfer basis; January traded up to 17.47c, and closed at 17.43c.

New Orleans Cotton.

NEW ORLEANS, Cotton—Spot steady; 50c higher; sales on the spot 604 bales; to arrive 893; low middling 12.25c; middling 17.80c; good middling 18.26c; receipts 14,481; stock 474,013.

Cottonseed Oil.

NEW YORK, Nov. 22.—Buying by the west and south along with short covering on the firmness in cotton and lard put prices toward all higher today, closing sale representing net gains of 7 to 11 points. Sales 10,100 barrels. Prime crude 7½c sales; prime summer yellow spot 8.50@8.60c; December 8.15c; March 8.40c and May 8.60c, all bid.

In the Oil Fields

CONTINUED FROM PRECEDING PAGE

burned the rig down last Wednesday night, is now under control and a new derrick is being erected.

This enormous gas pressure came like a thunderbolt at a mere touch of the sand topped at 2,125 feet, with a splendid showing of oil. The crew is now rigging up and expect to get in and remove the tools which still remain in the bottom of the hole by Wednesday of this week, and from present indications may result in quite a stir in the oil circles of this immediate district.

Okmulgee and Muskogee Counties.

Bingham Brothers and associates are shut down at 1,800 feet on No. 1 Kemorye, in the center of the east line of the southwest of the southwest of 18-15-14.

The Kewanee Oil company has spudded in and shut down No. 6 Harrison, in the northwest corner of the southeast of 18-15-14.

The Pappoose Oil company's No. 3 Owens, in the center of the south line of the northwest of the southeast of 18-15-14, is shut down at 2,126 feet.

The Independent Oil company and others No. 6 Tiger in the northeast corner of the southeast of the southwest of 22-15-14, has a bad hole at 2,209 feet. No. 7 at the center of the west line of the southeast of the southwest of 22 is a rig on the ground.

The Oklahoma Central Oil company is drilling at 2,135 feet on No. 13 Tower, in the northwest corner of the southwest of the southeast of 22-15-14.

Harsha and others are shut down at 2,170 feet on No. 5 McIntosh in the northeast corner of the northeast of the southwest of 28-15-14.

The Fee Oil company is drilling at 2,350 feet on No. 9 Scott, in the southeast corner of the northeast of the northwest of the southeast of 36-15-14.

J. F. Quinn is shut down at 1,300 feet on his test in the northwest corner of the northeast of the northwest of 2-15-5.

The Iowa Oil company's No. 1 Jefferson in the southeast corner of the southwest of 7-15-14, is drilling at 1,750 feet.

Sommerville has a rig on the ground for No. 1 Brown in the northeast corner of the southwest of the northwest of 25-15-15.

John Agras has a machine for a test on the township in the center of the west line of the southwest of the southwest of the northeast of 18-15-14.

John Burns and others have a rig up for No. 6 Morton in the southeast corner of the northeast of the southeast of 17-14-14.

The Great Lakes Oil company and associates have a good show of oil at 1,773 feet on No. 3 Carbray in the southeast corner of the southwest of the northwest of the southeast of 22-14-14.

The Noco Oil company is rigging up on No. 11 Wright in the center of the northeast of the southwest of 22-14-14.

Baxter and others are shut down at 1,768 feet on No. 2 Flint in the northwest corner of the northeast of the northeast of 27-14-14.

Ashmore & Pierce are drilling at 250 feet on No. 2 Leach in the northeast corner of the northwest of the northwest of 36-14-14.

The Wineland Oil company is rigging up on No. 8 Anderson in the center of the northwest of the southeast of 8-14-15.

Stein & Musselman have tools moved in for No. 6 Sells in the northeast corner of the southwest of 9-14-15.

Probst & Morrison are rigging up to spud No. 7 Peters in the northwest corner of the southeast of the southwest of 12-14-15.

Jordon & Ashley are drilling at 1,700 feet on No. 1 unallotted land in the southeast corner of the northeast of 26-14-15.

W. C. Newman has a rig on the ground for a test on the Jefferson farm in the northwest corner of the northeast of 23-14-15.

Kendrick and the Allied Oil company are drilling at 2,100 feet on No. 1 Merriweather in the southeast corner of the northwest of the southeast corner of the northeast of the southeast of 36-14-15.

Sapulpa District.

H. C. Wilson has a 15-barrel well after the shot in No. 2 Brink in the southwest corner of the southwest of the southeast of 25-17-10. Sand was found from 2,455 to 2,490 feet.

Matthews' test on the Smith farm in the northwest corner of the northeast of the southwest of 2-17-10 is a rig up.

Wilcox & Gewalt have a dry hole at 3,114 feet in No. 1 Gregory in the northeast corner of 8-17-10.

The Lackawanna Oil company is shut down at 1,643 feet on No. 2 Jackson in the northwest of the northeast of the southeast of 4-17-11 is shut down at 1,647 feet.

Ireland and associates have a duster at 2,800 feet on No. 1 Combs in the southeast corner of the southwest of the northeast of 10-17-11.

The M. Lanor Oil & Gas Co.'s No. 2 Walker in the northeast corner of the northeast of 34-17-11 is a rig.

Morgan and associates' No. 4 Marwell in the center of the northwest of the southwest of 36-17-11 is a rig.

The Red Wing Syndicate has a rig up on the Partridge tract in the northeast corner of the southeast of 15-18-10.

The Noco Oil company is fishing for a tools at 940 feet on No. 1 Sloan in the northeast corner of the southeast of 29-18-10.

In Colorado County, Texas.

Special to The World.

COLORADO, Tex., Nov. 22.—Conway No. 1, drilling below 3,120 feet, still in oil sand. Drilling water question has been solved by taking over a farmer's water well.

Morrison No. 2, drilling below 2,500 feet, having set casing at 2,450 feet. At about 2,300 feet found another oil sand which shows more oil than the one shot at about 2,100 feet.

Sloan and others rigging up on survey 21, between Westbrook and Iatan well. Will spud about the end of the week.

Foster No. 2, near Iatan, is drilling. Depth not reported.

Coleman No. 1 will resume drilling as soon as it rains.

Plenty of Gas for Cushing.

Special to The World.

CUSHING, Nov. 22.—Officials of the local gas company report that this city will have all the gas needed to supply both commercial and domestic needs this winter regardless of how severe the weather may be. The visible supply, they state, is sufficient to take care of a city twice the size of Cushing.

Rheumatism

The belief is generally accepted that rheumatism is caused by an acid circulating in the blood. This acid is a dangerous poison and should be removed.

Prescription C-2223 is a compound of medicinal ingredients, so selected and proportioned as to relieve the pain and eliminate the acid poison in the blood. It is a doctor's prescription—was used by him for years in relieving his patients. Prescription C-2223 should be equally beneficial to you. It contains no dangerous or habit-forming drugs.

Prescription C-2223, large bottles $1.00 trial size 50c; Plough's 2223 Liver Pills 25c must be used with Prescription to help eliminate the poisons. Your druggist can supply you.

Write The 2223 Laboratory, Memphis, Tenn. for free samples of the Pills, a leaflet, and 1922 Almanac.

Prescription C-2223 A Reliable Blood Purifier

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe, and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomite powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calomite powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.—Advertisement.
