WORLD MARKET PAGE

STOCK BUSINESS AGAIN EXTENSIVE

Trade Is on Largest If Not Most Comprehensive Scale

NEW YORK, April 4.—Business on the stock exchange today was the largest, if not the most comprehensive scale of any session since December 30, 1920, total sales amounting to 1,575,000 shares.

The greater part of this activity was at the expense of quoted values, however, a number of favorites in the industrial and miscellaneous groups reacting 1 to 2 points, while a few specialties displayed greater heaviness.

In the earlier movement when the price tendencies among leaders were again upward, between 30 and 40 issues including United States Steel, Studebaker and some of the oils, were at new high records for a year or more.

Much of the forenoon's demand was ascribed to pools, but the continued activity of commission or "wire" houses gave color to the belief that public participation was taking on greater proportions.

Neither money nor foreign exchange figured to any extent in the days operations. Call loans opened and held at 4 1-2 per cent until the final half hour, when a rate of 5 per cent was posted.

Time money remained at 4 1-2 to 4 3-4 per cent, according to the length of maturity, but offerings were light.

Dealings in international remittances expanded from yesterday's nominal operations and firmness was shown by practically all bills excepting German and Spanish rates. Sterling rose to within a fraction of $4.40 and allied quotations were slightly higher.

New records for liberty issues featured another broad and strong bond market. The entire group of United States war floatings closed at substantial gains. Dealings in the 4 1-4s were in enormous volume, especially the seconds and fourths.

British offerings responded to the increased firmness of sterling exchange and Dominion of Canada issues were in fair demand.

Buying of domestic rails again embraced favorites of the western and southern groups, Missouri, Kansas & Texas, and Seaboard Air Line being especially conspicuous and strong. Total sales, par value $18,557,000.

New York Stocks, as Reported by Houston, Fible & Co., First National Bank Building.

Cotton

NEW ORLEANS, April 4.—Heavy rains in Texas and private reports to brokers here that they had resulted in floods, overflows, washed-out fields and destroyed much young cotton, were responsible for strong advances in the price of cotton today. The market in the afternoon stood at its best gains of 36 to 45 points, but on the close fell off from the best prices of the day under realizing by the long side.

The last prices were at net gains on the session of 23 to 35 points, at 16.87c. December was the May sold up to 16.91c and closed strongest month, reflecting the uncertainties over new crop conditions and traded as high as 16.54c, closing at 16.44c.

Official weather returns indicated wet weather over the entire western half of the belt. The eastern half was dry but the forecast made it appear that the rains would extend east of the Mississippi river. Weather bureau reports noted the rainfall in Texas ranging from 7.10 inches was reported in one point. Private messages said that these rains had worked damage to fields in which cotton was up and to fields just planted.

More or less buying resulted from the large export movement for the day, foreign clearances from all ports amounted to 37,662 bails against 5,585 this day last year, bring exports thus far this week to 111,981 bales against 29,634 during the same period last year.

New Orleans Cotton.

NEW ORLEANS, April 4.—Cotton—Spot steady, 12 higher, sales on the spot 1,538 bales, to arrive 1,185, low middling 15.580, middling 16.35c, good middling 17.15c, receipts 3,862, stock 267,232.

WHEAT AVERAGES HIGHER IN PRICE

Absence of Any Aggressive Selling Principal Factor

CHICAGO, April 4.—On account of absence of any aggressive selling wheat averaged higher in price today. Word that shipments from Missouri for delivery on May contracts here were impending, had a bearish effect during the last part of the board of trade session. The close was unsettled at 1 1-8c net decline to 1-8c advance, with May $1.22 1-8 to 1-4 and July $1.18 1-2 to 5-8. Corn finished a shade to 1-8c off. Oats unchanged to 1-8c lower, and provisions unchanged to a rise of 20 cents.

Announcement that 100,000 bushels of No. 2 hard winter wheat at St. Joseph, Mo., had been bought to be put into storage in Chicago had much to do with lessening the confidence of wheat bulls near the end of the day and with narrowing the premium for May delivery as compared with July.

Prices for corn and oats were chiefly governed by the action of the wheat market.

Provisions were mostly higher in price owing to an upturn in hogs.

Cottonseed Oil.

NEW YORK, April 4.—Cottonseed oil was sharply higher today on adverse weather conditions in the south, the Liverpool and strength of lard. Closing bids were 18 to 27 points net higher. Sales 3,900 barrels. Prime crude 8.60c asked, prime summer yellow spot nominal, May 11.45, July 11.37, Sept. 11.32 all bid.

Kansas City Livestock.

NOTICE FOR HEARING ON ASSESSMENTS FOR PAVING IN STREET IMPROVEMENT DISTRICT NO. 256, CITY OF TULSA, OKLAHOMA.

In compliance with the resolution of the Board of Commissioners, adopted on the 21st day of March, 1922, notice is hereby given that the Board of Commissioners of the City of Tulsa, Oklahoma, has examined the estimate and statement of the City Engineer as to the amount of the cost of the vitrolithic concrete pavement which should be assessed against the abutting property, the property benefited, and other property liable to assessment and the owners thereof, in STREET IMPROVEMENT DISTRICT No. 256, which includes the following described portions of streets, to-wit:

PEORIA AVENUE, from the South line of Twenty-first street to a point 1,320 feet north of the Section line at Twenty-first Street.

And said Board of Commissioners has by resolution duly approved the aforesaid statement and estimate of the City Engineer and has determined to assess the cost of the improvements in said district against the abutting property, the property benefited, and other property liable to assessment and the owners thereof, as follows, to-wit:

All owners of abutting property, property benefited by said improvements, and other property liable to assessment are hereby notified that all matters effecting such improvements or benefits thereby, and any claims or objections to the assessments as above set forth shall be filed in writing in the office of Mrs. Frank Seaman, City Auditor of the City of Tulsa, Oklahoma, on or before the 14th day of April, 1922, at 9 o'clock A. M., and the same shall be heard by the Board of Commissioners on the 14th day of April, 1922, at 9 o'clock A. M., and any claim or objection not so filed in writing before said time shall be deemed waived.

Dated this 31st day of March, 1922.

MRS. FRANK SEAMAN,
(Seal) City Auditor.
