CLEARS $222.50 IN SIX MONTHS

Mrs. Defoe Makes Phenomenal Record in the Chicken Business

DECLARED CHAMPION

Interesting Meeting of the Collinsville Club Was Held Friday Night

The story of how she cleared $222.50 over and above all expenses in six months by raising chickens was told to the Tulsa County Poultry association at its monthly meeting in Collinsville Friday night by Mrs. C. E. DeFoe, a member of the Collinsville Community club. Mrs. DeFoe made the champion report of the entire club membership.

Starting with 125 hens January 1, Mrs. DeFoe gathered in six months' time 812 dozen eggs and one over. These she valued at $246. July 1 she had something over three hundred of the Rhode Island Reds, and deducting cost of feed and all expenses, she had made more than $200, a record that is one of the best ever made, according to Smith Testerman, poultry expert. The club work and achievement was featured at Friday night's meeting, attended by a large group of people from Tulsa.

Mrs. C. C. Salesbury of Collinsville, president of the club, made up of 22 members, discussed briefly the work and record of the organization, pointing out the fact that it has increased its poultry production over two hundred per cent in one season. Mrs. Thurman of Owasso spoke briefly upon the success that she was having with her brown leghorns and E. B. Nelm, the Smith-Hughes agricultural man at Collinsville, told of the poultry work that is being done in the northern part of Tulsa county.

C. A. Border, assistant secretary of the Tulsa Chamber of Commerce, outlined the activities and purposes of the state poultry federation. J. S. Malone, county farm agent, illustrated and proved by actual instances the fact that the Tulsa county farmer can make money on poultry while losing money on everything else. Smith Testerman was the principal speaker of the evening and told the story of how he paid $300 down and promised to pay $4,200 more on a 160-acre farm and started to raising poultry 20 years ago. Since that time he has developed his farm until now he has a flock of 1,000 hens averaging 160 eggs a year.

Dr. W. E. Smith, mayor of Collinsville and president of the Collinsville chamber of commerce presided over the meeting, considered by the members the best ever held in the county due to the fact that the Collinsville chamber of commerce had succeeded in bringing in more than one hundred actual poultry raisers from the north end of the county.

ENTER PLEA OF NOT GUILTY

Bonds of Three Alleged Car Thieves Fixed at $10,000 Each.

Three of the four youths who were arrested in Kansas City last week after a gun battle with police officers and who are believed to be the hijackers who, after robbing several motorists in and near Tulsa, speeded north in a stolen car, leaving a broad trail of crime behind them, were arraigned yesterday before Justice John H. Querry on charges of conjoint robbery and auto theft. They are Fred Barker, Harvey N. Wells and Wiles E. Roberts, all of whom entered pleas of not guilty. Justice Querry set their bonds at $10,000 each and the preliminary trial for August 22.

They are accused of hijacking C. W. Hollond, the night of August 3 and after robbing him of a gun and $50 in money, also stole his car, a new Dodge. The three youths were brought back from Kansas City late last night by Phil Stone, deputy sheriff.

The fourth member of the alleged hijacking gang, Fred Israel, escaped during the battle with the Kansas City officers. Barker, who is a brother of "Doc" Barker, now serving a life sentence in the state penitentiary for the murder of J. J. Sherrill, aged night watchman, was shot in the leg during the fight.

SHERIFF IS DOUBLY PAID

In Addition to Regular Salary, the Officer Gets Pay From Road.

Special to The World.

INDEPENDENCE, Aug. 12.—A political boomerang that may come back with a vengeance was launched in a meeting at Coffeyville between Sheriff Troutman, County Attorney Stewart and aggrieved strikers of the Missouri Pacific shops.

Troutman admitted that he was receiving $5 per day from the Missouri Pacific for strike duty in addition to his regular compensation paid by the county, when he was accused by the strikers of being on the railroad's pay roll.

Old Trader

(THE OLD DOPER)

I must have a bushel of letters recommending Old Trader, that you believe him to be honest and you believe he will do whatever he agrees to do. These letters must come from the poor laboring people as well as the rich, but I must have those letters from all classes. I will do business with all classes when I open up my real estate office in Phoenix, Arizona. I must have a standing with the chamber of commerce in Phoenix, so that we can entertain all our friends who visit us while on your way to California. I want letters from the MOTHERS of Tulsa and the COUNTRY AROUND. Please write your post-office address and I will answer each letter PERSONALLY as soon as I open up office in Phoenix. I aim to have enough typewriters so I can put out five hundred letters per day and every friend here will get an answer from me personally. Please do not overlook this for it makes my old heart glad to read them, and they will do me bushels of good with the chamber of commerce in Phoenix. I want letters from clerks as well as officers of all business institutions of Tulsa. I must have letters from the man who works in the ditch on up and from every class to the men who own the banks and wholesale houses. I must have a letter, if it is only three lines, from everybody who knows me. Write it any way you please, but please do not neglect it, for it is important to me and will only take a minute of your time. So please help me out now. You can drop it in a box at Traders No. 4, or drope it in a box at Traders No. 1, East First street or mail it to me at Traders No. 1, at 109 East First street. Please do not overlook this, even from children in my four baby colonies, for I must finish up my twenty-five beautiful homes with beautiful yards to be set to olives, oranges, lemons and all kinds of fruits and flowers that I will sell to poor suffering tubercular people. Any and all who do not get well I will give all their money back. I do not need your money for I have the money to finish it with myself, but I do need your influence to make me happy, to encourage me to go ahead with my project. I am very nervous and cannot call on all of you, so please help me now.

Happy to say there has been a new discovery for the cure of tubercular germs and I am going right away to LOS ANGELES to INVESTIGATE IT FROM EVERY ANGLE. IF IT IS A SUCCESS I CAN CURE MOST EVERY ONE who will go to my colony. I do not need your money, but I must have your influence for I am putting most of my money in that tubercular colony, which is a matter of charity to help the poor suffering people.
