CITY NEWS

Feed Boy wanted at the LEADER Job Room.

The most Choice Styles, and at lowest rates, are at Mrs. Shaw's Millinery Rooms, 236 Superior Street. Oct. 11

GAVE BAIL.—Peter Repp, who was bound over several weeks since, on a charge of counterfeiting was released yesterday morning on giving bail in the sum of $3,000 for his appearance for trial at the present term of the United States Court.

WAIVED EXAMINATION.—Clara F. Taylor and Margaret A. Holmes, charged with stealing clothing, money, etc., from Mrs. Soper's boarding-house last week, waived an examination in Police Court yesterday, and were bound over in bail of $500, each.

ST. VINCENT'S HOSPITAL.—This hospital the inauguration of which, last week, we noted, has been thrown open to the public, and the names of about a dozen patients have been registered, and wards assigned them. Dr. Weber is surgeon in charge.

A CLEANER.—It is rumored this there has been a recent fight on Canal street. Mrs. Laramie has not been on the rampage since her furious battle with another "divine female" on that street over an escaped hog, all rumors to the contrary notwithstanding. Canal street sleeps in repose.

BIBLE AGENTS WANTED.—Notice is called to an advertisement thus headed, in another column. Active, energetic, Christian men, ministers preferred, are wanted as agents in Central Ohio. Address the subscriber of the advertisement.

FIREMAN'S TOURNAMENT.—A grand Fireman's Tournament will come off in Philadelphia next Monday. One hundred and nine fire companies will be represented. Leave of absence has been granted Chief Engineer Hill and Mr. Dickinson, engineer of steamer No. 2, who will start this morning for the City of Brotherly Love.

TROTTING AT THE PARK.—There will be fun and exhilaration at the Driving Park this afternoon, commencing at two o'clock. Purse $100. Best two in three to wagon. W. H. Potts enters Black Jack; J. Bennett, Belle Boyd; and T. Elwood, Patchen.

The track is in prime condition, and the weather cool. It is just the day for racing.

"ANTHONY WAYMOUTH."—We have received from the publishers, J. E. Tilton & Co., Boston, a very spirited book, entitled "Anthony Waymouth; or, The Gentlemen Adventurers." By William H. G. Kinston. The book is written in a dashing style, and is full of the most stirring incidents on sea and land, military and romantic. This is a book which, we are safe in saying, will commend itself to a host of readers, old and young.

RETURNED.—City Marshal Schmitt returned yesterday from Buffalo, whither he went two or three days since with the murderer Schafer in charge. He reports that Mrs. Saxe, the wife of the murdered man, has been arrested, and that a joint case will probably be made by the prosecution. She is held as an accomplice.

The Marshal learned that no reward had been offered for the arrest of Schafer. Hence our police are none the richer for their efficient co-operation with the Buffalo detectives.

"HOURS AT HOME."—Messrs. Holden, Clarke and Wilson, No. 108 Monument Park, are the agents in this city for this popular new Monthly, which is devoted to Religious and Useful Literature. As all know, the magazine was started in May, and it has already won for itself a place in the family, in the study, library and in public reading rooms. It embraces among its contributors some of the best minds in the country. Each number is embellished with a fine engraving. It is a live magazine, and will establish itself firmly in the hearts of the people. It is kept for sale at the new book store of Holden, Clarke and Wilson, 108 Monument Park.

NEGRO MINSTRELS.—Cleveland is immense on negro minstrelsy. All a troupe of musical extempore ebonies need to insure success here is, to be good; then they are abundantly patronized. Of all the companies now traveling, we suppose that Arlington, Kelley and Leon's Minstrels wear the belt and carry the banner. And we find that this is the opinion held everywhere. As they will appear here next week, we copy the following notice from the Chicago *Times*, which is offered as confirmation of what we have said:

They have everything their own way, and will draw when everything else fails. One can always enjoy a right hearty good laugh there, and their performances are untainted by the slightest objectionable features. Good taste is never affronted by the character or manner of their representations, weaving in with old drolleries new and side-splitting scenes and farces. They constitute the funniest team singlyand collectively that ever worked together in harness. We never saw, East or West, a company that excelled or equalled them.

CLEVELAND MEDICAL COLLEGE, CORNER OF ERIE AND ST. CLAIR STREETS.—The 23d annual session of the Cleveland Medical College will commence Tuesday, October 24, 1865, and continue seventeen weeks. The Faculty consists of the following Professors and teachers:

John Delamater, M. D., L. L. D., Emeritus Professor of Obstetrics and Pathology; Jared P. Kirkland, M. D., L. L. D., Emeritus Professor of Principles and Practice of Medicine; J. Lang Cassels, M. D., L. L. D., Professor of Chemistry and Toxicology; Chas. A. Terry, M. D., Professor of Obstetrics and Diseases of Women; Dudley Allen, M. D., Professor of Materia Medica and Therapeutics; Proctor Thayer, M. D., Professor of the Art and Science of Surgery; J. J. Elwell, M. D., Professor of Medical Jurisprudence; David H. Scott, M. D., Professor of Principles and Practice of Medicine; Jacob Laisy, M. D., Professor of Anatomy; A. Everett, M. D., Professor of Ophthalmic Medicine and Surgery; J. C. Ferguson, M. D., Professor of Physiology; M. C. Woolworth, M. D., Demonstrator of Operative Surgery; James F. Armstrong, M. D., Demonstrator of Anatomy.

In addition to the course of instruction usually given in Medical Colleges, there will also be given a course of demonstrations in Operative Surgery, in which each student will have the opportunity of performing all the important surgical operations upon the recent subject.

The course in Physiology will be illustrated by vivi-sections, and by practical demonstrations with the Microscope.

Practical instruction will also be given in the use of the Microscope, the Laryngoscope and Opthalmascope.

The new and highly important branch of Medical instruction, the Thermometry of Disease, will be fully elucidated in connection with the course on the Practice of Medicine.

Instruction will be given in Practical and Analytical Chemistry.

The number and variety of clinic cases, both of surgical and of general diseases presented at this College, cannot be excelled by any similar institution in the west. Surgical and medical clinic will be held on Wednesday of each week, where all persons who seek surgical or medical aid are treated free of charge.

The Faculty desire to call the attention of students especially to the fact that arrangements have been made by which students of this institution can obtain good boarding, room, fuel and lights, at the unusually low price of $2,50 to $3,00 per week.

Students on arriving in the city are requested to call immediately at the College, corner of Erie and St. Clair Streets.

A DRY GOODS STORE ON ONTARIO STREET.—We believe there has not hitherto been an establishment which could aspire to the dignity of a dry goods store, on South Ontario street. Of groceries, drug stores, etc., there has been a sufficiency. An experiment is about being tried in the introduction of a dry goods house on that thoroughfare. J. M. Hower & Co. will open their new store in Mr. J. Marchand's elegant and substantial building, No. 124 Ontario street, at ten o'clock next Monday morning. We think the experiment will succeed. The stand is a good one. The firm will find in their new quarters that room which their large and increasing business has demanded, and which they could hardly find on Superior street. The new building is 130 feet deep, furnishing rooms as commodious as any on the street just named.

The firm will have the use of the basement, 130 by 25 feet, for a store room, the ground room, same dimensions, for the business apartment, and the rear half of the third story. The store proper is fitted up in fine style, with rich counters extending through the building, a model office, midskylight, &c., and the ceiling is adorned with a fresco which gives the room a light and cheerful aspect. By the way, this is the only *frescoed* store in town. The store presents a very brilliant appearance with its shelves piled high with a large and select stock of fancy and staple dry goods.

As we said, the establishment will be thrown open to the public at ten o'clock Monday morning, when the firm will be pleased to receive calls from their old patrons and friends, as well as from those whom they hope and deserve to enrol hereafter as such.

ACADEMY OF MUSIC.—The benefit of Miss Sallie St. Clair last evening proved a gratifying testimonial of the high estimate in which the artistic ability of herself and Mr. Chas. Barras is held in this city. The bill presented was a very attractive one, the comedy of the "Hypochondriac," which affords so admirable a field for Mr. Barras' peculiar genius as an actor, being of itself a dramatic treat of the raciest character, and possessing the advantage of including both these stars in its representation. The performance was in every respect unexceptionable, and the best evidences of satisfaction were frequently shown by the large audience.

For this evening the "French Spy" and "Jack Sheppard" are announced—a strong bill, though we feel bound to enter our objection to the presentation of the last named play, notwithstanding the claim of moral influence made for it. We regret the selection more especially for the sake of Miss St. Clair, who can certainly add nothing to her reputation as an actress by representing the roguery and rascality of a youthful outlaw.

VARIAN-HOFFMAN COMBINATION.—This combination, newly organized for an extensive tour of the West, will give a grand concert in Brainard's Hall on Thursday evening, and perhaps a second on Friday evening, of next week. It embraces, beside the well known and highly popular artistes—Madame Charlotte Varian, the great concert prima donna, and Mr. Edward Hoffman, the pianist and celebrated composer—Mr. George Simpson, the eminent English tenore grazia, and Mr. Nicholas J. Goodale, the distinguished solo-violinist. Mr. Simpson bears a most excellent reputation in New York and Mr. Goodale is pronounced by musical critics a finished artist. Of Madame Varian and Mr. Hoffman, nothing need be said. They are always warmly received by our music-loving public.

They offer programmes which, for brilliancy and attractiveness, dim with excess of light those which they have hitherto presented to our citizens. Of this, more anon.

UNITED STATES COURT.—The court met yesterday morning. The Grand Jury reported the following indictments, after which the court adjourned to the 24th inst:

United States *vs.* Bernard Esch; making false returns, &c., to Assistant Assessor.

United States *vs.* Ethan A. Brown; having and passing counterfeit Treasury notes.

United States *vs.* Jacob Null; making false returns to Assistant Assessor.

United States *vs.* John Ruby, John Jameson, James Jameson and John Bell; smuggling.

United States *vs.* Martin Adams; making false returns to Assistant Assessor.

THE KEANS.—The *State Journal* makes the announcement that Manager Ellsler has made an engagement with the Keans to appear at the Atheneum in Columbus, in November. We hope Mr. Ellsler will give Cleveland another touch of the genius of these famous artists. Should he put the question of their engagement to vote, there would be no doubt as to the result. Can't we have the Keans?

GREAT INDUCEMENTS.—Suttles & Co., 190 Superior street, continue to "draw" immensely in the Boot and Shoe line, and properly so, for they offer an assortment of goods which cannot fail to afford bargains to all, and their prices are not to be undersold in this market. Those who want a first-rate article in the way of Boot or Shoe, at the most reasonable figures, should not fail to call on Suttles & Co.

A Chance to Make a Fortune.

NORWALK, October 12, 1864.

EDITORS LEADER: The mania for speculating in petroleum oil prevails in Norwalk, as well as at points in Pennsylvania, and with every indication of abundant success. I learn that oil has been discovered three miles from this place, upon a farm owned by Ephraim McMillan. The farm was leased to a company called the Toledo Petroleum Company, who bored a well to the depth of 350 feet, and found *oil*, genuine lubricating *oil*. I understand that oil was discovered before reaching this depth.

The company, for reasons known only to themselves, stopped the work, leaving their derrick standing, and the well fastened with a lock and key. There seems to be a mystery about this well, more than this company wish people to know, and it is thought to be this: The farm, when leased to this company, had a mortgage on it for debt, of about $3,000, which has become due, and must soon be paid. Since that time a decree in the court of this county has been obtained for foreclosure, and the farm is to be sold at Sheriff's sale on the 21st day of October, 1865. McMillan is unable to raise the mortgage. Therefore, this company has stopped work with a view of bidding off this farm at the sale, thereby getting a title to the land, *oil and all.*

There is a coal bed on this farm, a fine sand-stone quarry, and, as far as I can judge after a careful examination, there is every indication of an abundance of oil.

Any man or company of men dealing in oil lands would do well to come and examine for themselves; for whoever bids it off at the coming sale, gains a clear title of the land, free of the said lease, which is rendered null and void by the sale.

PROSPECTIVE.

THE AMERICAN CHRISTIAN COMMISSION.—Our townsman, Mr. L. F. Mellen, has just returned from Indianapolis, St. Louis and a general western tour, and reports that the Indiana Branch of the American Christian Commission met in Indianapolis on Tuesday evening, the 10th inst., to perfect their organization, Judge David McDonald in the chair. A committee was appointed to nominate permanent officers of the Indiana Branch. They reported the following officers who were unanimously elected:

Hon. David McDonald, President.
Rev. Henry Day, D. D., Vice President.
James M. Ray, Treasurer.
Rev. J. A. Kumkle, Cor. Secretary.
Rev. G. C. Heckman, Recording Secretary.

On motion the following article was incorporated in the constitution:

The Presidents of all auxiliary associations that may be hereafter formed throughout the State, shall be *ex officio* members and Vice Presidents of the Commission.

The constitution was referred to a committee for revision, to report at the next meeting.

A committee was appointed to recommend two or more missionaries to labor for three months in Indianapolis in the work of the Commission, and to report their names at the next meeting. Pending the discussion of this subject, the Rev. Mr. Martindale, of the Presbyterian Freedmen's Commission, formerly City Missionary in Cleveland, made some earnest, pertinent and valuable remarks, which were listened to with marked interest.

After an address, brief but full of warmth and earnestness, from the presiding officer, urging the appointment of a day of fasting and prayer for the city, the Commision adjourned to meet on the following evening at seven o'clock.

The various Christian denominations of Wisconsin have also formed an auxiliary to the American Christian Commission.

THE BUFFALO MURDER—THE MURDERER ARRESTED IN THIS CITY.—We noted at the time of its occurrence, the arrest in this city of Frederick Schafer, the returned soldier who killed his comrade, John Saxe, in Buffalo, on the morning of the 28th ult., and the return of the same party to Buffalo by our City Marshal. The Buffalo *Courier* gives some additional particulars of the tragedy, and the strategy employed to entrap the murderer. It says:

Yesterday afternoon at 6 o'clock Marshal Schmitt, of Cleveland, arrived in this city, having in custody Frederick Schafer, who is charged with having murdered John Saxe on the morning of the 28th ult., and the prisoner was at once committed to jail. The arrest is traceable to the strategy of Chief Darcy, and although we would not deny the Cleveland police any of the credit that belongs to them, we insist upon doing justice to our own officials. After the arrest of Mrs. Saxe, the wife of the deceased, and her son Anthony, on charge of being accessories to the murder, a letter was received at the post office here, for the former, and was taken to the jail. Here it was intercepted by Jailor Rheinhardt, and placed in possession of Chief Darcy. It proved to be a tender epistle from Schafer to Mrs. Saxe, written from Cleveland, at which point the writer expected an answer. The Chief at once replied to the letter, and sent two of his force to Cleveland to await developments. The officers remained there several days, but Schafer did not call at the post office for his letter, nor could they find him whereabouts. They then placed an ambrotype of Schafer in possession of the Cleveland police, and returned home. On Monday the fellow was overhauled, and for the hearty second the Cleveland officials gave to ours they are entitled to thanks. Mr. Schafer will now have an opportunity of explaining his motive for stabbing Saxe to the heart with a pair of scissors, and thereby causing his death.

POLICE COURT.—The following docket was disposed of yesterday morning:

Drunkenness—John Doan, Wm. Bruce and Edward Ryder, each fined $1 and costs; Wm. Bower, $3 and costs; Minnie Jago, $5 and costs.

Petit Larceny—John Gould, costs.

Assault and Battery—Louis Schweitzer, two charges, $5 and costs, each; Elizabeth Hull and Elizabeth Veil, each costs.

Grand Larceny—Clara F. Taylor and Margaret A. Holmes, examination waived, and each bound over in bail of $500.

Several minor cases were continued to the 16th and 18th inst.

LECTURE MONDAY NIGHT.—Rev. Henry Highland Garnet, of Washington, D. C., will lecture in this city next Monday evening His subject is: "The Claims of the Black Man in the Plan of Reconstruction." Mr. Garnet, as all our readers know, is an able and eloquent speaker.

It is not yet known where the lecture will be given. The announcement will be made in our next issue.

GAME LAW.—The game law of Ohio does not permit the shooting or selling of quails and like game previous to the 15th of October.

DIED.

KENDALL.—In Toledo, Ohio, October 11th, Edward Henry, son of Henry and Lizzie Kendall, aged 4 months and 15 days.

Funeral this afternoon, from the residence of W. H. Beirridge, 190 Euclid avenue. Friends of the family are respectfully invited to attend.

LOCAL NOTICES.

A Remedy for the Piles.—It is a blessing to the suffering to know that we have an effectual cure for this truly troublesome disease. Mr. J. P. Hazards, of 164 Second street, Cincinnati, Ohio, takes great pleasure in informing all who are suffering with piles, that he used a small quantity of Dr. Strickland's Pile Remedy, and it effected a permanent cure. This seems to be the case with all who make use of this splendid preparation. It is manufactured at No. 6 East Fourth street, Cincinnati, Ohio, and sold by all Druggists.

FINANCIAL & COMMERCIAL.

FRIDAY EVENING, Oct. 13, 1865.

The improvement noted for a day or two past in the money market was entirely lost to-day, and succeeded by an uncomfortably close condition, some of the banks being literally cleaned out of their currency. The demand for discounts was strong and active, and came almost entirely from the local business community, in addition to which depositors checked down pretty closely, leaving the market almost dry at the close. Exchange was also in brisk demand, but the offerings were quite free, and though the market worked close, the supply was relatively better than currency. Rates were consequently less firm, quotations at the close standing at ¼ off to par buying and par to ¼ premium selling.

Gold was hardly so firm to-day, probably influenced by the decline in the price of foreign exchange, and fell a fraction, closing at 144¾.

In local mercantile circles there is nothing especially new to note. There was rather more inquiry for trade lots Flour to-day, and prices are firm. Wheat was in more demand, but prices were withheld on sales of round lots, and we are consequently without quotations. Corn rules quiet, but without notable change in price. Oats are only in moderate demand, and prices steady. Rye and Barley quiet, with large receipts of the latter.

Provisions are unchanged, but Pork closed with less firmness in consequence of the decline East. Produce is steady and firm, and a good demand is reported for all articles under this head.

Highwines are dull. Petroleum is quiet and weaker, holders to-day setting back their views 1c. The feeling in Petroleum is generally unsettled at present, refiners declining to purchase at the present high rates for crude, which are to a large extent speculative. The leading markets are inactive.

The receipts and shipments at this point of Produce and Merchandise, during the twenty-four hours ending at 7 o'clock this morning, were as follows:

	Received.	Shipped.
Flour, bbls	1,129	7,430
Wheat, bush	10,991	5,361

Pittsburgh Petroleum Market.

[Special to Cleveland Daily LEADER.]

PITTSBURGH, Oct. 13—6:00 P. M.

The oil market is very dull. There is nothing doing in Crude or Refined, and prices seem to have reached the top. Twenty-eight cents were offered to-day for 5000 bbls Pithole oil, delivered at Pittsburgh, and declined. Sales 180 bbls at 35c, packages included. Buyers are offering 30c; holders inclined to hold off.

There is nothing doing in Refined. Bonded offered at 56c on spot; Free held at 76c.

Business will necessarily be restricted until prices become regulated. Refiners refuse to contract for future delivery under present circumstances.

MARKETS BY TELEGRAPH.

OUR MIDNIGHT MARKET REPORT.

[Special Dispatch to Western Associated Press.]

NEW YORK, October 12.

STOCK MARKET

Affairs on 'Change are feverish. The late activity in stocks created a demand for money which holders are not in position to lend, and a tight money market and a reaction in stocks were the consequences. This morning the money market was stringent; the demand, however, generally met 7 per cent., and sometimes with a commission. The difficulty of borrowing forced out large blocks of stocks. At the morning Board one who was recently operating for a rise, sold about 10,000 shares, principally Michigan Southern and Pittsburg, resulting in a decline of 2½c on the former and 4½ on the latter.

Governments are still active, but not quite so strong as yesterday. Large foreign orders have been filled during the week, and shipments of 5-20s are still estimated at fully 2,000,000.

The miscellaneous list was weak and lower except Atlantic and Pacific Mail. Coal stocks lower after the Board.

The stock market gained strength on the street after the open Board. At the Second Board there was a general improvement in prices, with a better demand. After the session a report started that Erie was 105¾ on the other side, which carried stock up to 92@92¼, with a very active demand. This started the whole market and there was quite a rush for stocks. Pittsburg rallied to 80, and Old Southern to 71¾. Thus in a few minutes the market recovered the entire decline of a day.

The following are the closing prices: New York Central 101¾; Erie 92¼; Hudson 108¾; Reading 116¼; Michigan Central 115; Northwestern 31¾; Pittsburg 79¼; Old Southern 71¾; Ohio & Mississippi certificates 30; Cumberland 47.

MONEY.

Money became better at the close. Large amounts of commercial paper are offered, but names are closely scanned. Rates unchanged.
