# DAY DISPATCHES.

## Prognostications of the Fight in Ohio.

### ARRESTED FOR ILLEGAL VOTING

### Cleveland Feels Very Nicely---Morrill Renominated For United States Senator From Vermont--A Defaulting Teller---The Cholera.

COLUMBUS, Ohio, Oct. 14., 3 P. M.—The Republican State Central Committee has advices from all parts of the State indicating great Republican gains. Ex-Governor Foster claims the State by from 20,000 to 25,000.

**THE FIGHT.**

**A Big Vote Being Polled in Ohio Yesterday.**

TOLEDO, Ohio, Oct. 14.—Weather clear and cool. The election is progressing quietly. The indications are the vote will be the largest ever polled. In six of the eight wards of the city it is estimated that fully one half of the vote was in before 9 o'clock. The Republicans report gains.

CINCINNATI, Oct. 14.—It was remarked by Judge Kelly, of Pennsylvania, after canvassing the State, that he had never seen such intense interest manifested in politics since 1840. All reports received up to this hour (11:00 A. M.) indicate that this intensity of feeling continues. An enormous vote is being polled. Each party is striving to get in all the votes. It is understood that Ohio is regarded as the battle ground and on the issue of to-day will depend the conduct of the next three weeks of the campaign. The polls are being closely watched.

The Deputy Sheriffs are representing the Democrats, and Deputy United States Marshals and citizens' committees the Republicans. A large number of repeaters have already been arrested by Deputy Marshals, and they are being guarded in the Government building. A number of these were brought in a patrol wagon by the police, which added to the excitement. There has been considerable shooting in the Sixth, Eighth, Eighteenth and Nineteenth Wards. In the latter a Deputy United States Marshal shot a Deputy Sheriff in the head, it causing a severe wound; it is not fatal. In the Eighteenth (Democratic) Ward there is great excitement because of the large numbers of Republican votes being polled. The citizens of Glendale report that early this morning a large number of Irishmen voted the Republican ticket, while the ticket to be voted in the State, local and Congressional issues is national for reasons above stated. Hence the vote will be large. It will probably reach 800,000 in the aggregate.

The State candidates are Secretary of State, Judge of the Supreme Court and Board of Public Works. The Democratic candidate for Secretary of State is the incumbent, Mr. Newman; the Republican, Gen. J. T. Robinson, who at present represents Marion District in Congress. Only scattering returns need be expected tonight.

COLUMBUS, Ohio, Oct. 14.—The weather is bright and clear to-day with a cool breeze, and everything is favorable for a full vote, which is being polled. No disturbances of consequence have been reported in this city beyond the first few strangers trying to vote and the arrest of others for disorderly conduct.

CLEVELAND, Ohio, Oct. 14.—The weather throughout the Western Reserve is beautiful. There is every indication that a very large vote will be polled. No unusual excitement besides working earnestly.

**Arrests in Cincinnati.**

CINCINNATI, Oct. 14.—The city is feverish with excitement. Many arrests have been made at the polls for illegal voting. Challenging is carried to a greater extent than ever before. Slight collisions have taken place in the several wards, but the worst so far has been in the Sixth Ward, where a large number of negroes and Irish vote, and where early this morning one of Pinkerton's detectives was badly beaten. A negro known as Foxy Anderson was killed this morning in an encounter with a deputy marshal. The report came from the Fifteenth Ward that the deputy sheriffs had overpowered the deputy marshals and were refusing to allow negroes to vote. The U. S. Marshal sent an additional number of deputy marshals to the scene. Weather delightful and pleasant. A very large vote being polled. Men about the polls say there is very little scratching. Everywhere great earnestness is manifested.

CINCINNATI, Oct. 14.—The report that Foxy Anderson was killed in the Sixth Ward is not true. He had an altercation, but was not seriously hurt. Large crowds gathered at many polling places and the air is full of rumors of expected outbreaks.

**Republican Pointers.**

COLUMBUS, Ohio, Oct. 14.—From local indications and information received at headquarters, the Republican Committee estimates that at least three-fourth of the vote in the cities was polled by noon. The weather is considered favorable to the Republicans in the rural districts.

Polling votes continues rapidly and in many places more than half the total vote was cast before noon. In the United States Court room Commissioners Harper and Probasco have already committed twenty-seven men charged with illegal voting. Shortly before noon A. L. Russell, in the Eighteenth Ward, who had been flourishing a pistol about the vicinity of the polls, was shot by a colored Deputy Marshal and died instantly. At noon polling was proceeding quietly in nearly all the wards. There is a large crowd about the United States Government buildings, attracted by curiosity and by the almost constant arrival of men arrested for illegal voting.

**Illegal Voters Arrested.**

CINCINNATI, Oct. 14.—At 2:30 the city continues to be fairly quiet. Nearly a hundred men have been brought before the U. S. Commissioners for illegal voting, and sent to jail or released on bond. Habeas corpus proceedings are used in some instances to get them out of jail. Arrests are also being made by the police and deputy sheriffs, and the same course pursued to release their prisoners. There has been no general disturbance since the rush at the Eighth Ward polls, and confidence is growing that the day may pass peaceably. Still there are fears of violence about the time of the closing of the polls, at 5 P. M. Indications point rather to peace. It is evident the vote will be the largest ever cast. Similar reports continue to come from outside points.

**At Coshocton.**

COSHOCTON, Ohio, Oct. 14.—The vote to-day will probably be the heaviest ever known in this city. At noon the vote polled was more than four-fifths the largest vote ever polled here.

**At Akron.**

AKRON, O., Oct. 14.—The election is progressing quietly. A very large vote being polled; scratching less than common. Interest centers on the McKinley and Page Congressional fight. Probabilities favorable for McKinley's election.

**The Fight in West Virginia.**

WHEELING, Oct. 14.—The election to-day is for Governor and a full list of State officers and the Legislature. The questions of taxation by the dominant party and the course of the Supreme Court in the *Intelligencer* contempt cases are the chief issues. The weather is fine. A heavy vote is being polled in the towns. In this city there was polled three-fourths of the usual vote at 10 o'clock. Both sides claim gains; nothing definite.

**A Tobacco Factory Burned.**

PETERSBURG, Va., Oct. 14.—The tobacco factory of C. A. Jackson & Co., High street, the second largest in the city, was totally consumed by fire last night with contents, involving a loss of over $140,000; insurance, $100,000. The fire originated in the lent room. The burning of this factory throws out of employment over four hundred colored operatives. The fire was not extinguished until an early hour this morning.

**Bad News From China.**

PARIS, Oct. 14.—A letter from the French Consul at Shanghai to the senior European Consul there, is published. The writer promises that the French will not attack Shanghai or Woosung unless China violates the law of neutrality. The *Intransigiant*, Henri Rochefort's paper, asserted that the Government has just received alarming news from China and Tonquin which it is withholding from the public.

**Gov. Cleveland Easy.**

ALBANY, Oct. 14.—Gov. Cleveland was busy at his desk as usual this morning, and while he no doubt felt considerable interest in the result of the ballot in progress in Ohio, he gives no outward evidence of it. He has completed his preparations for his New York trip, leaving here to-morrow morning at 6:35 on the S. Louis express, arriving at 10:30 A. M.

**Morrill Renominated For United States Senator.**

MONTPELIER, Vt., Oct. 14.—In the balloting for United States Senator (long term) in the House to-day, Senator Morrill received 177 votes, Timothy P. Redfield 20, W. E. Dillingham 5, scattering 3. The Senate votes this afternoon, to-morrow noon the votes of the House will be ratified.

**Another Defaulting Teller.**

CINCINNATI, Oct. 14.—S. S. Davis, the banker who assigned yesterday, gives as the causes of his trouble the defalcation of ten thousand dollars by his paying teller, Samuel Tuder. Tuder confessed the story, and says he lost in wheat speculation.

**The Cholera.**

ROME, Oct. 14.—During the past 24 hours 140 fresh cases of cholera and 1 4 deaths are reported in Italy, including 57 cases and 48 deaths at Naples.

**President Arthur.**

WASHINGTON, Oct. 14.—The President arrived here on the "Dispatch" this afternoon.

STATE OF CALIFORNIA, EXECUTIVE DEPARTMENT.

Pursuant to the Constitution of the State of California, and an Act of the Legislature of the State of California, entitled "An Act to provide for the submission of proposed amendments to the Constitution of the State of California to the qualified electors for their approval," approved March 7th, 1883, notice is hereby given that the Legislature of the State of California, at its twenty-fifth session, commencing on the first Monday after the first day of January, A. D. 1883, two-thirds of all the members elected to each of the two Houses of said Legislature voting in favor thereof, proposed that Section 9 of Article XI of the Constitution of the State of California be amended so as to read as follows:

AMENDMENT NO. 1.

SECTION 19. In any city where there are no public works owned and controlled by the municipality for supplying the same with water or artificial light, any individual or any company duly incorporated for such purpose under and by authority of the laws of this State, shall, under the direction of the Superintendent of Streets, or other officer in control thereof, and under such general regulations as the municipality may prescribe for damages, and indemnity for damages, have the privilege of using the public streets and thoroughfares thereof, and of laying down pipes and conduits therein, and connections therewith, so far as may be necessary for introducing into and supplying such city and its inhabitants either with gas-light or other illuminating light, or with fresh water for domestic and all other purposes, upon the condition that the municipal government shall have the right to regulate the charges thereof.

And notice is hereby further given, that at the same session two-thirds of all the members elected to each of the two Houses voting in favor thereof, the said Legislature proposed that Section 7 of Article IX of the Constitution of the State of California be amended so as to read as follows:

AMENDMENT NO. 2.

"Section 7. The Governor, Superintendent of Public Instruction, and the Principals of the State Normal Schools shall constitute the State Board of Education, and shall compile, or cause to be compiled, and adopt a uniform series of text-books for use in the common schools throughout the state. The State Board may cause such text-books, when adopted to be printed and published by the Superintendent of State Printing at the state Printing office, and when so printed and published, to be distributed and sold at the cost of printing, publishing and distributing the same. The text-books so adopted shall continue in use not less than four years; and said State Board shall perform such other duties as may be prescribed by law. The Legislature shall provide for a Board of Education in each county in the State. The County Boards of Education and the County Boards of Education shall have control of the examination of teachers and the granting of teachers' certificates within their respective jurisdictions."

And notice is hereby further given, that the Legislature of the state of California, at its twenty-fifth (extra) session, commencing on the twenty-fourth day of March, A. D. 1884, two-thirds of all the members elected to each of the two Houses of said Legislature voting in favor thereof, proposed a Section 9 of Article XIII of the Constitution of the state of California be amended so as to read as follows:

The Controller of State shall be ex-officio a member of the Board. The Board of Supervisors of the several counties of the state shall constitute Boards of Equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purposes of taxation; provided, such State and County Boards of Equalization are hereby authorized and empowered, under such rules of notice as the county Boards may prescribe, as to the county assessments, and under such rules of notice as the State Board may prescribe as to the action of the State Board, to increase or lower the entire assessment roll, or any assessment contained therein, so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll; provided, that no Board of Equalization shall raise any mortgage, deed of trust, contract, or other obligation by which a debt is secured, money, or solvent credits, above its face value. The present State Board of Equalization shall continue in office until their successors as herein provided for, shall be elected and shall qualify. The Legislature shall have power to re-district the State into four districts as nearly equal in population as practical, and to provide for the elections of members of said Board of Equalization.
