Economical Fuel — Wellington Coal.

A careful estimate of the relative cost of coal and wood shows the Wellington coal to be the cheapest. It will burn in any ordinary grate or cook stove, giving a steady heat, and is much more convenient to use than wood. Now in general use by all the hotels, restaurants, etc. in this city. For sale at all the retail coal yards. Am prepared to sell same in car-load lots and upwards, delivered at any station on the line of the Southern Pacific railroad.
