The Beginning of the End.

The beginning of disease is a slight inability or disorder of some of the vital organs, the stomach, the liver or the bowels usually. There are dyspeptic symptoms, the liver is troublesome, the skin grows tawny and unhealthy looking, there are pains in the right side or through the right shoulder blade. The climax is often an utter prostration of the physical energies, perhaps a fatal issue. But if the difficulty be met in time with Hostetter's Stomach Bitters, which is always effective as a remedy, and it should be resorted to at an early stage, there will be no reason to apprehend those injurious subsequent effects upon the system often entailed by entirely curable diseases. Furthermore it is also becoming the safe remedial agent in fever and ague, and one of malarial complaints, than quinine and other potent drugs, which, even when they do prove effectual, force them ruin the stomach and impair the general health.

Price 25 cents. Sold by C. F. Heinzeman.

Cure for Piles.

PILES are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of his kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. Accompanying the perspiration, prolonged or regrettable itching, after resting warm, is a common attendant. Blind, bleeding and itching piles yield to the application of Dr. Rosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address the Rosanko Medicine Co., Phila., O. Sold by C. F. Heinzeman.

California's Greatest Product.

The Greatest Product California has yet produced is Allenson and combining with it Yerba Santa, Mullein and other expectorants and Narcotics (without opium), it makes a Cough Remedy that cannot be equalled for Consumption, Coughs, Colds, Bronchitis, Asthma, Hoarseness, Pneumonia, Pleurisy and all affections of the throat, Chest and Lungs. Ask C. F. Heinzeman for Allenson (Cough Balsam and accept no other. Price 75 cents.

Consumption Hopeless.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines prescribed. Hamburg Figs were proposed to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. H. H. Mack & Co., proprietors, S. F.

REV. H. B. EWBELL, of Dorching, Ill., says of Gilmore's Aromatic Wine: "I believe it to be the purest distilled aromatic in the market for family." C. F. HEINZEMAN, Agent, Los Angeles.

A Safeguard.

The final rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing the gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other anodyne expectorant so good as Ayer's Cherry Pectoral. It is invaluable for diseases of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, Ill., who says:—

"I have never found, in thirty-five years of continuous study and practice of medicine, any preparation of equal value to Ayer's Cherry Pectoral, for treatment of diseases of the throat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than anything else in relieving even the most acute bronchitis and pulmonary affections."

AYER'S
Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well and hale.

AYER'S CHERRY PECTORAL has, in numberless instances, cured obstinate cases of chronic Bronchitis, Laryngitis, and even more Pneumonia, and has saved many patients in the earlier stages of Pulmonary Consumption. It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of Croup and Whooping Cough.

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.
