HEDGEWOOD BOY ROMPS HOME IN GRAND SPECIAL

Defeats Maud C and Minor Heir in Fast Time on Soggy Track

PEORIA, Ill., Aug. 20.—Although the weather was anything but propitious, a large number of the enthusiasts went to the track today and were well repaid for their pains. Four high class races were on the card and each furnished exciting contests and real sport.

Best time in the regular events was made by Nancy Royce in the second heat of the 2:10 trot when Charlie H forced her to step in 2:07¾. Favorites won in all of the regular events.

In the big event of the day, the race between Minor Heir, Hedgewood Boy and Lady Maud C, Hedgewood Boy won by half a length from Lady Maud C and by several lengths from Minor Heir. The time was 2:02½, only 2 1-4 of a second slower than the stallion's record.

In view of the slightly sticky track and the fact that rain fell during the race, the performance of Hedgewood Boy is considered remarkable. It showed the great son of Chitwood to be in best condition of his carrer. Summaries:

2:10 trot, $800—Charles H won, Nancy Royce second, Vito third. Best time, 2:07½.

2:25 trot, $700—Castledome won, Miss Moshier second, Dell Dillon third. Best time, 2:14¾.

2:25 pace, $1000—Nathan B won, Jennie Gentry second, Lacon Interaational third. Best time 2:09¼.

2:15 pace, $700—Evelyn Patchen won, Becky B second, Swiftwood third. Best time, 2:13¼.

Grand special—Hedgewood Boy won, Lady Maud C second, Minor Heir third. Time by quartrs: 30½, 1:02¼, 1:33 and 2:02½.

KERN RIVER OIL FIELDS SUFFER $75,000 FIRE

Explosion in Refinery Cause of Conflagration

BAKERSFIELD, Cal., Aug. 20.—Fire which started when a still head blew out in the California Kern refinery on Lower Kern River oil fields entailed damages approximately of $75,000.

The engineer had just turned down the fire and gone to supper when the explosion occurred, which threw burning asphalt hundreds of yards and enveloped in flames the home of Sam Goggins, which was burned to the ground within a few minutes. Goggins' wife and daughter had left the house a few minutes before the explosion.

The refining company is the heaviest loser. Warren brothers of Boston are the lessees of the plant. A total of 2500 barrels of distillate in five tanks exploded and 300 barrels of oil in the sump hole burned, together with the standing rig and set derrick timber. Fire threatened the big reservoirs and storage tanks as well as refineries and rigs on adjoining leases for a while. The fire companies from seven adjoining leases prevented the spread of the flames.

NED PURSER DIES

UKIAH, Cal., Aug. 20.—Edward W. Purser, a former follower of horse racing, both on the Atlantic and Pacific coasts, died today at the Ukiah state hospital for the insane.

Purser was known among sporting men as "Ned" Purser and became a prominent figure in various race tracks and betting rings as a plunger. He came to San Francisco from New York fourteen years ago and has been blind for the past four years.

RED CROSS AIDS JAPANESE

WASHINGTON, Aug. 20.—A $5000 contribution for the relief of the flood sufferers in Japan was forwarded today by the American Red Cross to Tokio.

Frank Pearne is requested to call up Mueller at 10631.

INJURIES IN PRIZE RING PROVE FATAL TO YOUTH

PHILADELPHIA, Aug. 20.—Another death was added to the list of fatal boxing bouts in this city when Frederick Castor, 20 years old, died in a hospital after participating in a six-round contest here last night at the Frankford Athletic club with Frank ("Spike") Sullivan of this city. Sullivan has been committed to the county prison to await the action of the coroner. The managers of the club, promoters of the bout and the seconds of the two principals, nine in all, were held on bail as witnesses.

Testimony given before a police magistrate Monday tended to show that Castor was defeating his opponent, and in the last round, while trying for a knockout, suddenly fell unconscious. The cause of death has not yet been determined.

MINISTER ACCEPTS JOB WITH COMEDY COMPANY

CHICAGO, Aug. 20.—Rev. Dudley C. Fosher, for the last three years pastor of the Ryder Universalist church, has resigned and has accepted a position with a musical comedy company.

He gave as his reason for quitting the pulpit that his salary of $1200 per year was too low.

When Mr. Fosher appears tomorrow on the stage at Racine, Wis., he will act in the role of a college professor, and will sing to the dancing accompaniment of rows of chorus girls. It was his vocal ability that obtained for him the favorable attention of the comedy company.

HUNTING AND FISHING

H. M. Baird will go today to the South Pasadena hills to hunt doves.

Fox Stamps and Eddie Helm will leave on a dove chase out on the Bixby ranch. Both are expert nimrods.

Oscar E. Smith will go to the hills today to kill a few doves.

M. Walton of Glendale leaves tonight for the Santa Monica mountains, where he will try his luck for deer.

A. J. Rivers will leave next week for the Glenn flats, where he expects to find the deer plentiful.

W. C. Calhoun left yesterday for a tuna catch at the island.

R. J. Dyas, father of B. H. Dyas, left yesterday for a few days' outing at Avalon. Mr. Dyas will try for a blue button.

"Mike" Conway, secretary of the Elks, will be absent from the city for two weeks, as he is going to Seven Oaks after trout.

Geo. M. Ward, with a party of friends, including Goldenson and Harris, will leave on a fishing trip to Newport today.

GRASS VALLY FIRE SUBDUED

GRASS VALLEY, Cal., Aug. 20.—The great forest fire which has raged east of this city for several days is believed to be under control. More than 3000 acres of land have been burned over. The fire at Mount Oro is still burning.

WESTERN UNION LOSES WIRES

PORTLAND, Ore., Aug. 20.—The Western Union Telegraph company states that it lost all its wires to Wallace at 9:20 p. m., Pacific coast time.

COTTON MILLS CLOSED

LOWELL, Mass., Aug. 20.—The Massachusetts cotton mills here were shut down until September 16. The corporation employs about 2500 operatives.

BIG HOTEL ON THE HILL WILL SOON BE ERECTED

Architect A. L. Haley has been commissioned by J. C. H. Ivins to draw plans for an eight-story reinforced concrete hotel building to be erected at the corner of Grand avenue and Second street. The style of architecture will be modern Renaissance. The building will be 165x120 feet in size, and will have a central court 50x75 feet. It will contain 250 rooms divided into suites of varying sizes. Each apartment will have a private bath, and among the features will be an automatic refrigerating system, private telephones, vacuum cleaning system, electric elevators and steam heat. The cost is estimated at $275,000.

Theodore A. Eisen & Son are preparing plans for a two-story brick theater building to be erected at 312-314 East Fifth street for the Birnbaum Investment company. It will have pressed brick front, concrete foundation, composition roof, metal lath and plaster, tile lobby, mirror curtain and all improvements. The building has already been leased and construction will start September 1.

C. A. Faithful has drawn plans for a handsome brick and concrete chapel to be erected for the Congregational Church of the Messiah at the corner of Washington street and Van Ness avenue. It will be 77x60 feet, with concrete foundation and basement; brick walls and open timbered roof. The auditorium will seat 460 people and will be used for a Sunday school lecture room upon the erection of the main church building, now in contemplation. There will be lavatories and toilets, vestry room, cathedral glass and electric wiring. The cost will be $10,000.

Other plans reported by architects to the Builder and Contractor are the following:

F. M. Tyler has prepared plans for a one-story, six-room bungalow to be erected in Montecito Park for Mrs. Mary Cheney. It will be Swiss chalet in style and will have concrete foundation, blue brick porch, shingle exterior and roof, hardwood floors, Oregon pine trim, brick mantel, bath and plumbing.

The same architect has also prepared plans for a one and a half story eight-room frame residence to be erected in the Wilshire district for Thomas Bradford.

George T. Plowman and Paul A. Needham are preparing plans for a one-story, seven-room frame bungalow to be erected in Eagle Rock for Herman McCormick. It will have concrete foundation and basement, cement and cobblestone porch, rustic exterior, shingle roof, Oregon pine trim, hardwood floors, brick mantel, bath and furnace.

Scott Quintin has prepared plans for a two-story, ten-room frame residence to be erected on West Thirty-sixth street, near Budlong avenue, for Judge George W. Carey.

The Weston Building company has the contract to erect a one and a half story, six-room frame residence in Paul place, East Hollywood, for Miss A. J. Johnson.

S. Tilden Norton has prepared plans for alterations and additions to the Hotel Watson at the northwest corner of Pico and Flower streets. Newmark Brothers are the owners.

George T. Plowman and Paul A. Needham, associate, are preparing plans for a one and a half story frame residence to be erected at Eagle Rock for Frederick C. Miller.

Lester S. Moore has prepared plans for a two-story, five-room frame residence to be erected on North Griffin avenue for Mrs. T. G. Widmeyre.

The Milwaukee Building company is preparing plans and will erect a two-story frame flat building at McClintock avenue and Thirty-fifth street for Charles Campbell. It will be about 34x70 feet and will contain four four-room flats.

FEEL EARTHQUAKE SHOCK

ALGIERS, Aug. 20.—An earthquake shock was felt at Aumale today, 55 miles southeast of here. Several houses were damaged.

TOURS WEST AND FINDS NEED OF CONSERVATION

Former Attorney General Taylor of Indiana Convinced New Laws Are Required

PORTLAND, Ore., Aug. 20.—William L. Taylor, former attorney general of Kentucky, who with his wife is on a tour of the west, declares his visit has brought about a change of views on conservation.

"This is my first trip through the west," said Mr. Taylor, "and it only required a glance to grasp the situation. I have an entirely different view of conservation now. The power stored in our mountain streams can hardly be realized. True conservation would be to develop this immense power instead of keeping it locked up. Of course laws should be passed so that this great power could not come into the possession of a few individuals, but the barring out of everyone is not the remedy. I believe there would be little difficulty in drafting a law that will allow these magnificent power sites to be developed and at the same time prevent them from being gobbled up by gigantic corporations.

"I believe that if every man in the east who favors radical conservation should visit the west and study the situation as I have done he would change his views. We in the east do not comprehend the vast resources of the west, and such a trip would be a revelation to every other man in the east. I am convinced that the west should have something to say about a conservation policy."

WOMAN WALKS IN SLEEP AND DROWNS IN SLOUGH

SAN DIEGO, Aug. 20.—Floating in a shallow slough at Ocean Park, a seaside suburb of San Diego, the body of Mrs. Marie Sadowski, aged 65 years, was found late yesterday afternoon after a search that began early in the morning. Mrs. Sadowsky was afflicted with insomnia and went to the beach in hopes that the change would cure her.

Yesterday morning she rose between 4 and 5 o'clock, it is believed, and went out on the pier. Her daughter Katherine says her mother must have been seized with a fainting spell and fell into the slough. An inquest is being conducted this morning.

FLIES TO GREENWICH FROM GARDEN CITY, L. I.

GREENWICH, Conn., Aug. 20.—Clifford B. Harmon, who left Garden City, L. I., in his aeroplane for this place, arrived safely and without accident. Harmon made his flight across Long Island sound.

BOWLING

The most important and most talked of event in the local bowling world is the opening Monday night at the Brunswick alleys of the mixed doubles for the championship of Southern California. On Monday night Mrs. Mack and Wertz and Mrs. Rupel and Fenner will bowl the first games of the tournament.

Wednesday night Mrs. H. C. Scott and Mackenzie will meet Mrs. Meador and Lacey on the Venice alleys, Venice, and Mrs. Knox and Kramer will meet Mrs. Cocherns and Goyette on Morley's alleys.

On the following Monday Mrs. Scott and Dysinger will meet Mrs. Knox and Kramer on the Brunswick alleys.

The tournament will be bowled on the percentage of games won basis, and should be a very close contest. There is a long list of prizes for the winners.

After forty-five games of the hardest kind of play there is a difference of only two games between the Western Electric and Southern California teams, the leaders in the Electric league tournament. The Western Electrics are high with .800 per cent to their credit. The City Electricians surprised the chair warmers by annexing the record for high team game, bowling down 563 pins. In the individual standing the leader, Myers, hit the toboggan at a fearful galt, bowling a 152 average, which shot his average to pieces.

Arbogast distinguished himself by bowling 189 average, which is the league record, and thereby boosting his average within 98 pins of the leader. McGinley was the only bowler to move up into the honorable mention class. The standings, as computed by Secretary Mackenzie, are as follows:

TEAM STANDING

DRINKING WHISKY FOR SHAKY NERVES

YOU have **tried** to stop drinking liquor, but you have not **stopped.** If you could **think right**—if the alcohol which you have drunk had not made some subtle functional change in your mind—the fact that you are now drinking after repeated declarations that you were "going" to stop, and after **attempts** to stop, should convince you that you **cannot.**

Why not come to the Gatlin Institute for **three** days and be cured of liquor drinking? Why not **save yourself** from a very dark future, filled with trouble and want, by coming **today?** Why not, at least, seriously consider the matter of your cure **now** while you are still possessed of sufficient **mental** and **physical strength and,** perhaps, of **financial strength,** to make your **rebuilding** of future value to you?

The Gatlin treatment makes the **stopping** of liquor drinking easy—just **three days** of your time required. There is nothing **"heroic"** about the treatment—it is simple and harmless. Contains no poisons or deleterious drugs. There are no hypodermic injections or other disagreeable features.

Immediately you start the Gatlin treatment, **nerve-craving** and "appetite" for liquor begin to disappear. With the very first dose the **cause** of continued drinking, which is stored-up alcoholic poison, commences to leave. In **three days** from the date you enter the Gatlin Institute, you leave it with no more craving, desire or physical necessity for liquor, or inclination to drink it, than you had the day you took your first drink.

If you will make up your mind to come to the Gatlin Institute **today,** it will mean that you have reached the **turning place**—that you will exchange **shaky nerves** for **sound nerves;** a **bad** digestion for a **good** one; a muddled, erratic **brain** for a **sound, logical** one; nerve-wrecking **insomnia** for peaceful, refreshing **sleep;** that you will exchange a thousand **ill-feelings** for the **"feeling"** a normal man has — the Gatlin treatment, taken **now,** will mean that in the near future your **natural ability** will be given a chance to carry you along a very smooth road to **success** instead of allowing **whisky** to dominate your affairs and wind you up in **failure.**

Each patient is treated at the Gatlin Institute under a legally drawn contract that a cure — a satisfactory cure—must be accomplished in **three days** or the fee paid shall be refunded on leaving the institute.

If you cannot come to the institute for three days, send for the Gatlin Home Treatment.

There is no more inconvenience in coming to the Gatlin Institute and taking the Gatlin treatment than there is in stopping at any first-class hotel for **three days.**

TO WHOM IT MAY CONCERN:-

A few months ago one of my best men took the Gatlin Treatment for the liquor habit. He had been in my employ upward of five years and during that time I was obliged to lay him off prehaps twenty times on account of his drinking.

I am glad to say that he is now entirely cured, in exceptionally fine physical condition and full of ambition.

I cannot say too much for the Gatlin Treatment. It has certainly worked wonders in the case I mention.

Respectfully,

James W. Hellman

'HIRED THUG' CHARGE IS EXPOSED BY CHAUFFEURS

Men Chosen for Beatings Were Not Really Hurt

CHICAGO, Aug. 20.—While union chauffeurs, selected to be slugged, were telling in Municipal Judge Lorrison's court today how Harry Hunt, "hired slugger," had spared them and at the same time had collected his seven dollars a day, a report reached the court room that Arthur Bennet, a union chauffeur, had just been "slugged" as another victim of "hired thugs."

Charles Frederick testified that Hunt strode up to him one day and said that the witness had been selected for a slugging.

"I'm not going to 'slug' you," he quoted Hunt as saying, "but I have to go through the motions to get my $7 a day. You report to the union officials that I have slugged you and I'll get my money."

You can buy it, perhaps at many places, but there's one BEST place to buy it—and that place advertises.

PARIS CHIEF STUDIES U. S. FIRE FIGHTING METHODS

Passes Strenuous Night in New York Engine House

NEW YORK, Aug. 20.—Chief Raoul Frere of the Paris fire department, who is investigating fire fighting methods in this country, awoke this morning from a strenuous night spent in the house of Engine Company No. 8, on West Tenth street. He went with the firemen on several calls and had every move explained to him in detail by an engineman who speaks French fluently.

The Paris chief has been in New York several days. He will leave tomorrow for Pittsburg, and will visit the principal cities in the country before returning to France.
