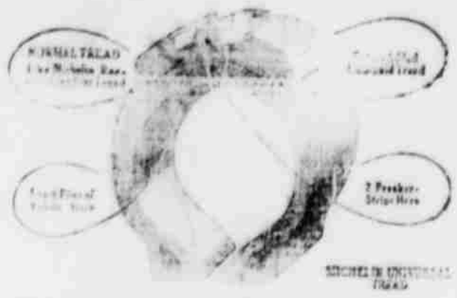
MICHELIN

12 to 15% Extra Weight



When you buy your next tire, remember this simple fact. Let us weigh a Michelin Universal. Give in comparison with any other tire regardless of the name thereon.

You will find the Michelin 12 to 15% heavier than the average, the exact percentage depending on the size of the tires used in the test.

This extra weight represents extra rubber and fabric, which means extra service.

About Women.

WOMEN'S WORKERS HAVE BIG MEETING

With an attendance [illegible] practically every local society in particular, and some visitors in addition, the Northern district of the Baptist Women Missionary Workers of the Southwest Texas District, in Amarillo yesterday, was a great success.

[illegible] the afternoon session [illegible] Mrs. Bennett, pastor of the First Baptist church of Amarillo, during which he said in part:

This passage, Luke 10:38 to 42, has been used by a great deal of misrepresentation and as a result all its meaning has been done up in story and fiction. We are taught to think that Mary is an impractical dreamer and Martha a practical person with no sympathy. This is unjust to both women, who, we understand, were [illegible] friends. The difference between the two was that Martha was a doer and Mary was a dreamer. Both were strong in their lines. Martha was a good housekeeper and Mary was a student of the Master's teachings. Both were necessary. Martha thought her way was the one most acceptable to God. She was mistaken. Her house was clean, her table was spread, and she was a good housekeeper. There is a difference in grace, but there is no difference in spirituality as there is no difference in manhood. They choose their channels of service according to their temperament and talent. From this passage we desire to learn [illegible] today.

I

Christianity in its growth has a place for women of varying natures, and this place is the best place. Our passage tells us that Mary chose the best part which was never to be taken away from her. In this place, according to the meaning of the word we translate here, is good in nature. She was to have this for her portion. It also means a special portion, a place where genuine service is rendered to the world and to God. It is also carried with it an idea of honor or she is to be looked up to in her work. It furthermore carries the idea of beauty, joy, and happiness. We might read it thus: Mary hath chosen the beautiful part, which shall not be take away from her. In the job of the woman in christian service is good, helpful, honorable, happy and beautiful and also permanent, for it says it shall be taken away from her.

II

Now that she cannot use her talents they must be chosen for other ones. Now the [illegible] is complained to humanity. There is a contrast in the writers from her, between God's messenger and humanity's drudgery. He says of portion or part, and then of choosing. While God gives us our portions, yet we choose them. Now there are many things we can and choose with reference to our lives. We do not choose to come into the world and seldom do we choose to leave it. We do not choose our parents or birth place, nativity, complexion, weight, temperament and many other things. But we can choose our christ, [illegible] and religious activities.

Mary chose the unseen instead of the seen. Her example we can follow with profit today in [illegible] life in the unseen.

Mary chose the mind instead of the body. This too will be to pattern after. Women who think more than women of what they wear [illegible] and what they do [illegible] in this passage we see two women as different as possible for [illegible] to be. They were sisters, served the same Master, [illegible] and possessed a worshipper of the same Christ. The one could sit at his feet and the other could serve him in her own way. At another time we see Martha the servant and Mary doing her part in attending to his body.

Nearly all of the freckles, blotches and sallowness of a person are caused by the poisonous waste matter in the system which should be eliminated by the liver and bowels. FREDDIE GRIFFIN WINS CONTEST

Freddie Griffin, the little son of Mr. and Mrs. Ed Griffin, was the winner in the contest for the best boy baby in the Amarillo Baby Show, which was held in connection with the Chautauqua week. Freddie was the prettiest little boy in the contest, and his mother received the prize, a beautiful silver cup, which was presented by the Chautauqua committee.

Freddie is a little fellow 2 years old, and his mother, who was Miss Ethel Mitchell, was a popular young lady before her marriage to Mr. Griffin. The little fellow was born in Amarillo and has lived here all his life. The Griffins are well known in Amarillo and have many friends who will be pleased to learn of the success of their little son.

Mrs. Griffin was the recipient of many other beautiful gifts during the week, which she will treasure as long as she lives.

JUDGE CRUDGINGTON MAKES A STATEMENT

The following was written by Judge J. W. Crudgington relative to articles previously written relative to his attitude toward the legislative race from the 125th district and is gladly given space.

"Suggested Correction."

In The Amarillo Daily News of Thursday morning, under the heading, "How Legislative Candidates Stand," the following misleading statement as to me is made:

"In order that the truth may be known relative to the stand of J. W. Crudgington and J. H. Goodly, known candidates for the legislature from the One Hundred Twenty-fifth Legislative District, a representative of the News called both of these gentlemen over the 'phone last evening, and then follows purported statements. The one attributed to me is not quite correct.

"[illegible] evening over the same representative of the News in answer to his inquiry as to whether I was a candidate I stated, I had said to some of my friends that if they would come to me and elected me, as was done two years ago, I could not refuse to serve. Last evening the statement of said representative was: 'I understand you have agreed to serve if elected on the legislature, to which I replied in the affirmative.' To the question, 'How do you stand on submitting the question?' I replied, 'Prohibitionist.' I am in favor of submission but I don't believe the people want it at this time. The fact that they at last [illegible] have been getting [illegible] to be submitted to us should be proof positive. I don't want it, I never prohibited. If the people want it submitted and carries, I will vote for and do all I can to have it submitted if I am elected. I couldn't do otherwise.

As to my being a candidate, my position was correctly stated. Some days previous as above set forth. In other words, I will [illegible] consider for representative.
