## GERMAN GAIN AGAINST RUSS ON LONG FRONT

PETROGRAD ADMITS LOSSES AFTER SEVEN ATTACKS BY GERMANS ON TRENCH.

## AIR BATTLES IN WEST

Principal Fighting in the West is Done by Airmen With Both Sides Admitting the Loss of Machines.

By Associated Press.

Driving against the center of the Russian line on the eastern front, German troops have gained possession of Russian positions on a front of about two and a half miles. The attack, which resulted also in the capture of more than 2,000 prisoners, took place in the district of Skrowbowa, twelve miles northeast of Baranovichi, north of the Pinsk marshes, and where only isolated fighting has occurred lately. The Russians, Berlin also says, lost twenty-seven machine guns and twelve mine throwers.

The success of the Germans is admitted by the Petrograd war office which announces that the Russians after stubborn resistance against seven onslaughts, were finally compelled to fall back to their second line of trenches. Elsewhere on the eastern front, to the Carpathians, there has been little fighting, according to the official communications.

In Dobrudja the advance of the Russo-Rumanian forces southward continues and Petrograd records a battle with Field Marshal von Mackensen's troops in the region of Tchernavoda recently abandoned by the Rumanians. At Tchernavoda is the bridge of the railroad crossing between Constanza and Bucharest and it is for this bridge the Bulgars and Rumanians are fighting.

Petrograd also announces the occupation of several towns between Dinnova and Tchernavoda. During days there have been no important changes in Wallachia.

On the Transylvanian-Hungarian front Archduke Charles has caught up the offensive and pushed back the Rumanians. In the Predeal sector southern fighting continues with both the Austro-Hungarians and the Rumanians maintaining progress. The Austrian-Italy planes continue to recover the ground lost in the Goergeny mountains Nov. 4.

Several trench elements north of the Somme near Les Boeufs and Sailly had were captured by the French. Berlin states French-British attacks between Gueudecourt and Sailly were repulsed.

There has been much aerial fighting on the western front. Berlin records the destruction of seventeen Entente airplanes and Paris asserts that ten German machines were brought down. London admits that seven British aircraft failed to return to their base after fights in the air. In one of the fights a squadron of thirty British airplanes and a German squadron of between thirty and forty were engaged.

Inclement weather continues to hamper operations on a large scale on the Macedonia and Austro-Italian fronts.

### Arizona Democratic

PHOENIX, Ariz., Nov. 10.—There is no collection of election figures anywhere in the state. It is known that Wilson has carried the state by more than 650. Hayden, Democrat, for congress by at least 10,000 and Ashurst is estimated to have less than 5,000 over Kibbey for senator.

All interest centers in the governor's contest, which is claimed by both Campbell and Hunt, and by figures ranging through the day from 16 to 341. These claims were based wholly on reports of majorities from counties.

## MEXICAN SOLDIERS STEAL GRAVE MARK

CROSSES ARE TAKEN BY TRESVINO'S TROOPS AND USED FOR FIREWOOD.

## CARRANZA MUTINY FEARED

Citizens Are Requested to Pay All Taxes in Silver in Order That Soldiers May Be Paid In Cash.

By Associated Press

EL PASO, Texas, Nov. 10.—All wooden crosses have been stolen from the graves of the municipal cemetery in Chihuahua City by Carranza soldiers and others for firewood, foreign refugees who arrived at the border from Chihuahua City last night reported. The private cemetery, where the foreign residents bury their dead is locked and guarded to prevent it being robbed of crosses, the foreign refugees declared.

One refugee reported seeing two Carranza soldiers in uniform carrying a timber from the house of a refugee who had closed his home and gone to the border. Roofs were being taken from houses, the wooden slats taken from seats in the central plaza and guards said to be maintained night and day to prevent the soldiers and civilians from stealing the telephone and telegraph poles or fuel, the refugees said.

Looting was reported in Chihuahua City by one refugee, who said Carranza soldiers were involved. As General Trevino is unable to obtain silver with which to pay the soldiers, he is issuing double rations to them instead. All foreigners have been asked to pay their taxes and property taxes in silver in order that the soldiers might be paid in cash in order to prevent a mutiny.

### Bandits Burn Town.

EL PASO, Texas, Nov. 10.—Reports received by government agents here state that Quercido and his bandits burned the station at Gallegos and fled to the hills. The report received here was that the telegraph and railroad lines were cut but as the Mexican central passenger train arrived tonight and telegrams are being received from Chihuahua City the railroad and telegraph lines probably have been repaired by the troops from Sabis.

A report of a raid in Villa Ahumada, 60 miles south of Chihuahua City, was also received here by federal agents late today. The report says seventy bandits looted and burned the Aldama station on the Kansas City, Mexico & Orient railroad. There are no troops stationed there.

### Bernard Hollweg speech Important.

By Associated Press

BERLIN, Nov. 10. via LONDON, Nov. 11.—The morning papers treat the speech of Chancellor von Bethmann-Hollweg in the reichstag yesterday as a document of the utmost importance in throwing light on the responsibility for the war, the chances of peace, and the subsequent political status of the world and of Germany in particular. What the imperial chancellor said concerning the Russian imperial order announcing mobilization as equivalent to war against Germany and the chancellor's own communication to Austria-Hungary, are regarded as conclusive proof of the justice of Germany's course in the critical week preceding the breach, but the newspapers generally express regret that these matters were not published earlier.

## REPUBLICANS DO NOT CONCEDE WIN

CHARLES E. HUGHES RETIRES EARLY WORN WITH DAYS OF WAITING.

## HEADQUARTERS DESERTED

Both Parties Desert Offices and Democrats Start Work of Dismantling Their Place of Chief Work.

By Associated Press

NEW YORK, Nov. 10.—Worn out by the tension of waiting for the returns from doubtful states which would determine whether he has been elected to the presidency, Chas. E. Hughes retired at a o'clock tonight. He spent the day at his hotel except for a two-hour automobile ride with his wife this afternoon.

Mr. Hughes has not yet conceded the election of President Wilson and probably will not do so until the vote of some states has been officially counted.

George W. Perkins conferred this afternoon with the Republican candidate. He stated that no definite decision had been reached by party managers relative to demanding a recount of California, New Mexico and North Dakota votes. He intimated action probably would be deferred until the official count in those states was completed, in the hope that there might be an overturn of the slender Wilson pluralities.

Republican national headquarters here was deserted early tonight. Chairman Willcox said that he would not be on hand again except for conferences.

The Democratic national committee apparently regards the campaign as closed, for the work of dismantling headquarters is well under way. Chairman McCormick spent the night in a hotel in this city and probably will go to his home at Harrisburg tomorrow.

## WILSON LEAD IN N. M. NOW SAFE

PRESIDENT HAS MORE VOTES IN HIS LEAD THAN ARE OUTSTANDING.

By Associated Press.

SANTA FE, N. M., Nov. 10.—Returns from 591 from 676 precincts in New Mexico give Hughes 28,356 and Wilson 31,181. For senator, 564 precincts give Hubbell (Rep.) 28,232, Jones (Dem.) 31,874. For congress, 560 precincts give Hernandez (Rep.) 19,720, Walton (Dem.) 17,313. These figures include corrections made by county clerk.

President Wilson's unofficial lead of 2,781 votes it was estimated, would exceed the letter vote in the remaining unreported precincts. Twenty precincts were still outstanding from Rio Arriba county, where fifteen precincts more Mr. Hughes a lead of about 200, and eight more coming from Torrance county where the other returns gave the Republican nominee a lead of about 200 votes. The remaining eighteen precincts unreported were in remote districts.

With more than half the vote unreported interest centered in the congressional race where victory hinged on the possibility of the party gaining a majority in the house. The lead of Hernandez was 2,402 in the precincts.

A. A. Jones, Democrat, for senator, led his opponent by 1,642 votes with 70 precincts missing.

The result of the gubernatorial race was doubtful, the 11 precincts missing, 11, lead Ingalls (R) by 1,[illegible] votes.

SANTA FE, N. M., Nov. 10.—Returns from 487 precincts of 676 in New Mexico give Hughes 23,[illegible], Wilson 25,[illegible]. Late returns included fifteen precincts from Rio Arriba county, where they are still missing.

### Johnson May Hold Governorship.

By Associated Press

SAN FRANCISCO, Calif., Nov. 10.—Hiram W. Johnson, United States senator-elect from California, may keep on doing governing in California until December 1917, if he wants to, according to a statement by a Walsh attorney general for the state.

The general opinion is for a special election to take place on March 4 of the year following the election, but this is not necessary, according to Mr. Walsh. He says that the following December, when congress convenes, it is perfectly in order unless a special session of congress is called in the meantime. In that event he would have to take the oath of office before taking his seat.

No statement from the governor was available as to his intentions.

WILLIAMSTOWN, Mass., Nov. 10.—In a speech here tonight before several thousand persons who came from nearby towns to congratulate him upon his reelection, President Wilson said:

"I want to say now that the campaign is over we must think of only one thing, and that is not of parties, but of the interest of the great country we all love. Let us forget all our differences and unite for common service. Only in that way can we work for the great nation that has given us liberty and peace.

The president's second speech of the day here was delivered before a crowd of men from North Adams, Pittsfield and other towns who came here by automobile trolley and railroad trains and marched to the home of Francis B. Sayre, the president's son-in-law, where Mr. Wilson is staying. The delegation surrounded Mr. Sayre's home and cheered until the present appeared on the porch.

The president was welcomed by the students and townspeople after the christening of Eleanor Axson Sayre, the second child of his daughter, Mrs. Francis B. Sayre, and for whom he stood as godfather.

Soon after his arrival at the home of his son-in-law, assistant to the president of Williams College, the delegation headed by President H. L. Garfield of the college, marched to the Sayre home. The President spoke from the porch to the house and was applauded enthusiastically by the crowd below.

CHICAGO, Nov. 1.—Mrs. George Bass, director of the woman's division at Western Democratic headquarters in commenting on the reelection of President Wilson said today:

"Despite the deceptive suffrage appeal of the so-called Woman's party, claiming to represent the woman vote of the United States, not in the twelve voting states have made the reelection of President Wilson certain.

"The principal factors which contributed to the result in the ten safe states were:

"First. The sending out to the voting states of the West of the Hughes special the so-called million dollar train. This very idea enraged the women of the West and it is believed that the Republicans candidate thousands of votes in each of the Western states.

"Second. The slogan 'Wilson Has Kept Us Out of War' lead to derision and rebuttal by the Hughes campaign proved really to be a great electric overshoot with the women of the voting states. ### Greek Transport Flees.

## GREECE TOLD TO KEEP HER RIFLES

GERMANY INFORMS ATHENS TURNING THEM TO ALLIES CONSIDERED UNFRIENDLY

By Associated Press

LONDON, Nov. 10.—Count von Wallach, the German minister to Greece has intimated to Greek statesmen, according to a dispatch from Athens, that the handing over of Greek guns and rifles to the Entente Allies would be regarded as an unfriendly act to Germany.

The notification, which was made Thursday, apparently applies to the cession of war material to the national defense army.

The dispatches say that at the same time, great secrecy is being observed in Athens regarding the subject of the Entente note presented to Greece some days earlier.

The Morning Post's Athens correspondent expresses the belief that the Entente Allies in the note demand the departure of all the legations of the Central Powers. The premier has stated that the subject of the note is very grave and that there would be an unpleasant sequel if no compromise was reached by neutral nations, according to the dispatches.

## OFFICIALS SAY SUB OUTLOOK IS VERY TURBULENT

SITUATION IS GRAVER THAN AT ANY TIME SINCE SINKING OF SUSSEX.

## AWAITS WILSON RETURN

Complete Summary Awaits President With No Action or Statement Until His Arrival at the Capitol.

By Associated Press.

WASHINGTON, Nov. 10.—A complete summary of the situation growing out of recent activities of German submarines is being perpared at the state department for submission to President Wilson on his return to Washington Sunday. While officials are not inclined to discuss the subject in its present stage, they admit informally that the outlook is more disturbing than it has been at any time since the sinking of the channel steamer Sussex.

Official information still is incomplete in all the cases being investigated by the department, including those of the British passenger liner Arabic and the British freighter Marina, on which six Americans lost their lives. Reports from British sources have said that both ships were torpedoed without warning.

The American embassy at Berlin was instructed last week to ask the German foreign office for its version of the sinking of the Marina. The embassy has not been heard from. Confidential advices received here today from Berlin said the embassy had been informed that the incident would be "thoroughly investigated as soon as reports from submarines now cruising had been received, but that the German government had not changed its submarine policy and did not believe the ship had been attacked without warning.

Aside from the specific cases about which inquiry is being made, disquiet has been caused here by the general sweep submarine warfare has taken recently. Officials fear that the submarines are operating on such a scale and under such conditions that it may be impossible for them to avoid endangering Americans illegally.
