STOCKS ARE NERVOUS ON EVE OF ELECTION

By Associated Press

NEW YORK, Nov. 6.—Resumption of profit taking and short selling, attributed in part to the uncertainty of tomorrow's elections, and the critical Turkish situation, took place at the opening of today's stock market. Railroad, equipment, oil and steel shares, were the hardest hit, the losses ranging from large fractions to 3 points. Copper shares moved against the downward trend, reflecting the improved statistical position of the industry. Union Pacific proved the most valnerable of the rails, yielding 1 ¼ points. Reading and Northern Pacific each lost one. Baldwin locomotive dropped 2½ points and American Locomotive and General Electric 1 ½ each. Losses of 1 to nearly 3 points were sustained by Mexican Petroleum, Pan American A. & B., Shell Transport, Royal Dutch and Standard Oil of N. J., Crucible, Gulf States and Bethlehem Steels each yielded a point or more. There were a few strong spots, notably May Department store, Virginia-Carolina Chemical preferred and Lorillard Tobacco all up 3 and 4 points. Dome Mines, Inspiration and Chile led the coppers, each at advances of a point or more.

"SIGNBOARDS TO HELL" TITLE OF REVIVAL SERMON

"Signboards to hell" was the title of Dr. G. H. Crutcher's sermon Monday night at the revival service now in progress at the First Baptist Church.

Dr. Crutcher drew on Scripture for all the signboards he introduced. The first signboard was the signboard of fear. The warning of fear that comes when one knows that he or she is doing wrong. Fear of doing evil is one of the very best signs that one is on the road to hell. Turn from the evil thing is the only right thing to do. The second signboard is "getting away from the work of God." Man shall not live by bread alone, but by every word that proceeds out of the mouth of God. The third signboard was the sign of self sufficiency. The man that is self satisfied and that thinks he can live without God's help. The moral man is another self righteous individual, that does not meet God's demands. The fourth sign board was "the sign of self control." The man that thinks liberty means license, and has not respect for his fellow men. The fifth signboard was "the sign of a hardened conscience." Here is the greatest danger of all when God hands a man over to his quilty conscience He is nearly done with him. The man who condones evil is in a very dangerous position. Dr. Crutcher stated in his closing appeal that if the righteous are scarcely saved. Where shall the ungodly appear, and if you have passed all these sign posts God's grace is still sufficient to save your soul from hell.

Dr. Crutcher speaks at 10 o'clock this morning on "Carry in your corner." At the night service he will speak on the theme "Three Crosses."

Is The Product Right?

It is a maxim of advertising that a poor product cannot be successfully advertised. It may flash upon the scene with brilliance, become the talk of the hour, and to all appearances be destined to set new records, but unless it is and does what is claimed for it, no amount of printer's ink and artist's colors can give it permanence.

Once in a while some article of merchandise will appear to defy this rule, but not for long. Public response, at first, perhaps, quick and active, becomes slower and slower. Sales fall off. The business grows sick, and in a few months or a few years, the very name of the product is forgotten.

Advertising men know this so well that today the first question upon which they will recommend advertising to any manufacturer is—Is the product right?

And merchandise that is right—merchandise that will satisfy in service—merchandise that will bring customers back for another purchase is the first requirements of the jobber and the retailer who expect to endure and flourish.

There is no better assurance of this kind of merchandise than an advertising pledge to the public.
