NEW PRINCIPLE! NO POISON!!

Rhodes' Fever & Ague Cure,

OR ANTIDOTE TO MALARIA.

FOR THE PREVENTION AND CURE OF

Fever and Ague, or Chill Fever, Dumb Ague, and other Intermittent and Remittent Fevers; also of Bilious Fevers, accompanied by Typhoid Symptoms; Typhoid Fever, Yellow Fever, Ship and Jail Fever, General Debility, Night Sweats and all other forms of disease

WHICH HAVE A COMMON ORIGIN IN

MALARIA OR MIASMA.

This subtile atmospheric poison, which at certain seasons is unavoidably inhaled at every breath in the same in character wherever it exists—North, South, East or West—and will every where yield to this newly discovered ANTIDOTE, which neutralizes the poison, completely purifies the system, and thus entirely removes all the cause of disease.

The proprietor distinctly claims these extraordinary results from its use:

It will protect any resident or traveller, even in the most sickly or swampy localities, from any ague or bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the ague in persons who have suffered for any length of time, from ONE DAY TO TWENTY YEARS, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all the distressing results of bilious or ague disease, such as general debility, night sweats, etc. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected. And as a proof that it is also

WORTHY OF PUBLIC CONFIDENCE,

Because of its

SINGULAR AND ENTIRE HARMLESSNESS,

The following certificate from one of the most celebrated chemists in the United States is attached to every bottle:-

New York, June 11, 1855.

"I have made a chemical examination of Rhode's Fever and Ague Cure, or Antidote to Malaria, and have tested it for Arsenic, Mercury, Quinine and Strychnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.

JAMES R. CHILTON, M. D., Chemist."

This allows of its

FREE USE AS A PREVENTIVE

by which all persons may thus be sure of entire freedom from the above named diseases no matter how sickly the season or swampy the locality.

PROOFS OF EFFICACY are frequently published, and the confidence of the public is based only in proportion to its actual merits wherever introduced and tried. These only are relied upon to prove its worth.

One or two bottles will answer for ordinary cases; some may require more. Directions printed in German, French and Spanish accompany each bottle. Price One Dollar.

CASH STORE.

For the purpose of bringing his business more within his control, with a view of closing it up some of these times, *The subscriber* has determined from this date to adopt the cash SYSTEM.

He hopes to be able to convince his customers by the argument of low prices, that this course will be to their interest as well as to his own.

His stock this season will be found as usual, large, well selected and desirable, consisting in part of some of the finest and prettiest styles of Dress goods of the season. Silks, worsted, poplins, ginghams, &c. *French Embroideries*, collars, chemegettes, undersleeves, muslin and cambric edgings, and insertings. Flouncing, swiss, cambric and dimity bands, ribbons, best kid gloves, all kind of gloves and hosiery, mantillas, talmas, gaiters, shoes, flannels, merino vests, bonnets, laces, white muslins and cambrics of every quality.

In short a good assortment of every thing he has usually kept in his store, which is so well known that an enumeration of articles is unnecessary.

In order to secure for the *Cash System* the favor of the public, and to compensate for any little trouble or inconvenience his customers may incur connected with it, he is determined to fix his prices much lower than any merchant can afford to sell the same goods on long credits.

He hopes ever to merit a continuance of the very liberal patronage with which he has always been favored, and for which he is grateful.

Job Printing and Bookbinding

☞ AT COLUMBIA, S. C. ☜

The undersigned have added to their Office in Columbia, the Carolinian and Columbia Banner, the only Democratic publications in the city of Columbia, Publication and News Journals, Job Printing, and Bookbinding.

☞ EXAMINER OFFICE ☜

In making this information, I feel desirous that I propose to engage in an enterprise not free from difficulties, but which I will endeavor to provide against, by securing a Publication which will place the Examiner on a level with the Carolinian and Columbia Banner, and which will be worthy of the patronage of the Democracy of South Carolina. I have no doubt, if I can but secure the enterprise, will be sustained by the Democracy, and I hope that they will support a Home Journal, in preference to any other, and thus enable me to make it a credit to the State and of the Party.

LITERARY JOURNAL.

For the home circle, the Examiner will be conducted with a view to render it at least equal to any ever published at the South. The choicest selections of English and American literature will be secured. I will endeavor to make it a welcome visitor to every family, and a faithful chronicler of the events of the day. In short, I will spare no pains to make it worthy of the patronage and support of the Democracy of the State and of the Southern Country.

POLITICAL JOURNAL.

The Examiner will abide by the principles of the State Rights Democracy. Its political position will be that of the Carolinian and Columbia Banner. It will be the organ of no politicians, but the advocate of no measure, but the Rights of the South, the Union as it is, and the Constitution as it was. This is no new faith, but the old one, which the Democracy has long and earnestly contended for.

NEWS JOURNAL.

The Examiner will contain the latest Foreign and Domestic, received up to the hour of publication. It will give full and accurate Reports and Price Current. Our Southern country may rely on strict attention being paid to this important feature of a newspaper. It will give full and accurate reports of the proceedings of the Legislature and of Congress, and the news and doings of the various political organizations. All news worth giving to its readers will be carefully culled for its columns.

SIZE AND STYLE.

The Examiner will be one of the largest Weekly Journals in the Southern States, printed on new and elegant type, on fine white paper, and issued in large quarto form of eight pages, containing *forty columns* of interesting reading matter. It will be the handsomest paper ever published in South Carolina.

I have thus given an outline of the principal features of the Examiner. Carolinians or the people of the South ought to need no further appeal, in view of the present aspect of public affairs, to induce them to sustain with vigorous efficiency their own Press and Literature.

TERMS.

Two Dollars per annum, payable in advance. The first year's payment will be required on the receipt of the first number of the paper, which will be issued so soon as I receive a sufficient number of subscribers to ensure its success. Send forward your names.

☞ Postmasters who will be so kind as to forward me names of subscribers will confer a favor, and will receive a copy of the Examiner without charge. Address me at this place.
