# VOLCANO HOUSE READY WITHIN THREE WEEKS

"In three weeks from now the changes at the Volcano House will all have been made and the improvements completed," said George Lycurgus, who has just come back from Hilo

"The house is being completely remodeled and refurnished. There will be nothing left of the old place but the shell. And it will be the finest thing that has ever been seen in that region.

"The new bathhouse will be a dandy, with tiled floor and dado half way up the walls

"No, I don't know that there are any signs of an eruption of Kilauea. Peter Lee says there are. There is lots of steam and you can see a glow in the pit after night."

### Greers Are Divorced.

MEMPHIS, Tenn., Dec. 31.—As a result of a hearing, during which witnesses brought from Beaumont, Texas, were examined, Alex S. Greer, a lieutenant in the United States army, was granted a divorce from his wife, formerly Miss Augusta Goodhue, a daughter of a prominent family at Beaumont. The grounds on which the separation was granted was desertion, it being alleged that Mrs. Greer had refused to live with Lieutenant Greer at his present station at Fort Snelling, Minn. Lieutenant Greer was originally a volunteer, but gained his commission in the regular army and a medal of honor for bravery displayed in battle. The couple were married about eighteen months ago at San Francisco.

While Lieutenant and Mrs. Greer were in Honolulu the story of their troubles was generally known.
