Last quarter of the moon June 24th.

Times of the tide are taken from the United States Coast and Geodetic Survey tables.

The tides at Kahului and Hilo occur about one hour earlier than at Honolulu.

Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees thirty minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours 0 minutes. Sun and moon are for local time for the whole group.

This morning at 9 o'clock the big Pacific Mail liner Manchuria will sail for San Francisco, taking the mails and a big list of passengers. It was the intention of the agents to dispatch the liner at 5:30 last evening, but the election called away so many of the stevedores that it was found that it would be impossible to get her away before dark, so the sailing was postponed until this morning. A lot of Island people are going to depart on the Manchuria, and her cabins will be filled. There is only room for some seventy, and many more have booked. There are a large number of well known people aboard, among them being a number of naval officers returning from duty on the Asiatic station.

Major General Leonard Wood, U. S. A., is making a flying trip to Washington on business and expects to return to the Philippines within a few months. He is accompanied by his wife.

Consul General Bellows is returning home after having been relieved. He has represented the United States at Yokohama for five years. Mrs. Bellows is with him.

Count Hirokichi Mutsu is en route to London to resume his duties as Secretary to the Japanese Embassy.

Hon. Hamilton King and wife are going to the States. Mr. King is United States Minister to Siam.

The Manchuria had fine, smooth weather from Yokohama, making the run in 9 days 6 hours. Her cargo amounts to 11,000 tons, 1364 of which is for this port. She had a total of 219 cabin passengers, 14 for Honolulu and 205 for San Francisco. There were 258 steerage, 164 for Honolulu and 94 for San Francisco.
