SHERIDAN ARRIVES WITH NINETEENTH INFANTRY

A case of measles aboard the transport Sheridan caused that vessel to be investigated thoroughly yesterday, but she was soon permitted to pass quarantine, as the case, that of a child, is slight. The Sheridan had a slow trip down from the Coast owing to heavy weather. A large percentage of the passengers was ill, but before reaching the Islands they had all recovered.

The troopship passed the Pacific fleet but they were far apart and there was no opportunity to wave handkerchiefs, but the wireless conveyed congratulations across the watery space. The officers and men of the Nineteenth Infantry and troops A and C of the Second Cavalry, sent a wireless to Admiral Sebree and the officers and men of the fleet, congratulating them upon their near approach to the "home" port, and Admiral Sebree, on behalf of the officers and men of the fleet returned the compliment and wished the transport's people a safe voyage to the Philippines.

The highest officer in the Nineteenth Infantry is Maj. Arthur Johnson. Among others aboard are Lieutenant Garity, once quartermaster of the transport Dix and well known in Honolulu; Mrs. P. A. Adams and child arrived to join Lieutenant Adams, medical corps, at Leilehua, and Lieutenant Hanson, Fifth Cavalry, returned from special assignment on the mainland and has joined his troop at Schofield Barracks. Lieut. C. S. Hoyt also arrived to join the Fifth Cavalry.

The Sheridan will leave for Guam and Manila at 11 o'clock this morning.

taken a new wheel. She will leave here in a couple of weeks for the islands, where she will go into the interisland trade, trafficking in sugar. The Cascade has been operating in the coastwise lumber and passenger service since 1904, when she was built at Fairhaven. She is of 339 net tons, 163 feet long, thirty-six feet beam and twelve feet depth. The terms of the sale are private.—Chronicle.

Manchuria to Dry Dock.

SAN FRANCISCO, February 2.—The steamship Manchuria of the Pacific Mail line will be docked at Hunter's point Friday, when a survey will be made to determine the amount of damage done when she ran aground between Kobe and Nagasaki the night of January 8th. So far as has been found there is no damage to the cargo, and it is possible that there is no damage to the vessel. However, in order to protect the insurance the big liner will be placed in dry dock and an investigation made.

Manchuria Due Today.

The Pacific Mail steamship Manchuria is due today from San Francisco, with mail and passengers. The vessel will leave for Yokohama at five o'clock this afternoon.

Will Search Mongolia.

When the Mongolia arrives from Yokohama it is likely she will be subjected to a thorough search by the local customs force, as rumor has it that there is at least $5000 worth of dope hidden on board. The Chiyo Maru was searched when last in port, but nothing turned up here. In San Francisco, however, about $5000 worth of opium was located.

YOU WILL NOT

be deceived. That there are cheats and frauds in plenty everybody knows; but it is seldom or never that any large business house is guilty of them, no matter what line of trade it follows. There can be no permanent success of any kind based on dishonesty or deception. There never was, and never will be. The men who try that are simply fools and soon come to grief, as they deserve. Now many persons are, nevertheless, afraid to buy certain advertised articles lest they be humbugged and deluded; especially are they slow to place confidence in published statements of the merits of medicines. The effective modern remedy known as **WAMPOLE'S PREPARATION** is as safe and genuine an article to purchase as flour, silk or cotton goods from the mills of manufacturers with a world-wide reputation. We could not afford to exaggerate its qualities or misrepresent it in the least; and it is not necessary. It is palatable as honey and contains all the curative properties of pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry; and how valuable such a blending of these important medicinal agents must be is plain to everybody. It is beyond price in Debility, Lung Troubles and Blood Impurities. Science can furnish nothing better—perhaps nothing so good. Dr. W. T. Dulfe, of Canada, says: "I have used it in my practice and take pleasure in recommending it as a valuable tonic and reconstructive." It is a remedy that can afford to appeal to its record and represents the science and knowledge of bright and aggressive medical investigation. "One bottle convinces." At chemists.

Reorganized T. K. K.

Chronicle—W. H. Avery, assistant general manager of the Toyo Kisen Kaisha Oriental Steamship Company, arrived yesterday on the Chiyo Maru. While in Japan he reorganized the office force there, but denies that his trip was in connection with the financial affairs of the company. He was accompanied by Mrs. Avery. S. Morimoto was with Mr. Avery on the steamship. He has been detailed as the commercial agent of the steamship line in Mexico, and while in that country will be in charge of the South American business.

In connection with the reorganization of the office force of the company in Japan, K. Okawa was named vice-president, to succeed S. Tsukuhara. The new appointee is a nephew and son-in-law of Baron Shibusawa, who was in charge of the Japanese commercial party that toured this country last year.

"There has been no change in the boat agreement regarding sailing dates, despite the reports of that nature," said Mr. Avery. "The report of a change of that nature seems to become current a couple of times each year, but there is nothing to it now, I can say positively. The Chiyo Maru will sail on schedule time.

"No new general manager of the company has been named. The capital of the steamship company is not being disturbed and no new ventures are in contemplation. The work on the Gengu Maru at Yokohama has been resumed. The affairs of the company are going along as usual and there are no new plans at present. I heard there was a report that the Toyo Kisen Kaisha would enter into an agreement with the Western Pacific, but that is merely a report without foundation in fact.

"S. Morimoto, who arrived on the Chiyo Maru, is to be the commercial agent of the company in Mexico, working in connection with the South American business."

Cascade Changes Hands.

Announcement was made yesterday of the sale of the well-known coasting steam schooner Cascade by Charles R. Macormick & Co. to the Inter-Island Navigation Company of Honolulu. The vessel is now at the Union Iron Works undergoing an overhauling and has
