BROOKVILLE AMERICAN

BROOKVILLE, OCTOBER 29, 1858.

☞ Will some of our subscribers bring us a few loads of wood, on subscription. We're nearly *friz*.

☞ A. W. Adams, has a fine stock of goods, which he will sell any way to suit his customers.

☞ John King, Esq., has had the hardihood to buy some more new goods, notwithstanding the hard times. They are nice, go and see them.

DIED—On the 22nd inst., at the house of her son, Mr. J. Roberts near Brookville, Mrs. Nancy Harvey, aged 64 years. Her death was a triumph of grace. *

☞ We learn that Morris J. Williams Esq., son of our townsman Jno. P. Williams, is about to locate in Brookville for the practice of Law.

MARRIED—By Dr. Jno. W. Keely at the residence of Mr. Townsend West, in Brookville, Mr. George J. Nyce and Miss Emeline Vancamp of Metamora.

☞ The choicest stock of groceries in Brookville may be found at Joseph Reynold's. Call for what you will, you are sure to get it without having to run all over town.

☞ The Old White Corner is proverbial for being the place for fashionable goods. Friend Gallion has justly the reputation of being a man of *taste*, and his selections cannot fail to please the most fastidious.

☞ We regret to learn that Edgar Haymond Esq., son of Dr. Haymond of this place, is lying seriously ill at Fort Wayne, Ind., where he has resided for some months past.

☞ Mr. Harrison Childers, residing about a mile from Brookville, died very suddenly of apoplexy, on last Friday week. He was a young man of great moral worth and was highly respected.

☞ Hon. A. R. McCleary, removed to Connersville on Wednesday last, to take charge of the Dales House, as its proprietor. Of course everybody from Brookville, will make this house their stopping place.

☞ Godey's Ladies Book for November was received a week since. It is an imimitable number and such as only Godey can produce. T. J. Tyner Esq., we believe is the agent for this place, who will receipt for subscriptions. Let every lady in Brookville subscribe for it, it is well worth the price,—two dollars.

☞ As a further evidence of prosperity in our midst we will state that Mr. Lewis Fedderman is putting up new shelving in his grocery. Advertise in the American, brother Fedderman, and we will warrant that in a few years, you will require a new house and a larger stock of groceries to supply demands.

Accident to George Holland, Esq

Our fellow citizen, George Holland, Esq., met with a serious accident on Monday last, while attempting to ascend a ladder at the "Exchange Mills." It seems that when Mr. H. had ascended some distance up the ladder, it gave way, throwing him to the ground, and breaking his left arm just below the shoulder joint. This is a bad location, and will probably debar him from professional duties for some weeks.

MAP OF FRANKLIN COUNTY.—By reference to advertisement in another column, it will be seen that Capt. James Noble, has just completed his map of Franklin county, and that it is now ready for delivery to subscribers, and others who may wish to purchase a copy. We have not given this map a careful examination, but from its purport, and from what we can judge from an examination of its predecessor, we cannot see why every resident in the County should not avail himself of it. Certainly a great degree of credit is due to Capt. Noble for this commendable work, and he should be sustained by a liberal patronage. We expect to have something more to say concerning it.

Dear Toll

Geo. A. Jeffres and Dick Duncan, from Cincinnati, (the latter of periodical notoriety,) were brought before Esq. Kilgore, on Tuesday last, for passing the toll gate on the pike below town, with intent to avoid the payment of toll.—They were driving a two horse wagon, and the toll was 14 cents. Jeffres laid down in the wagon, and was, or feigned to be asleep. Duncan being slightly corned, felt like doing a sharp thing. The keeper being absent, and his wife and two little boys in charge of the gate, our sharp hero, instead of heeding their demand for toll, drove along, saying "yes, I know it." The defendants pleaded hard before the Justice; one alleging sleep, and that, therefore, he had no intention to defraud. The other alleging, that he had paid the boys 20 cents, which he also offered to swear to. But the boys and their mother, testified the other way. The result was, a judgment for $5,00, and $5,35 costs. Pretty dear toll! It won't do for Cincinnati boys to come to Brookville to put and *airs*.

☞ Messrs. Schrichte & Reed, Toomb Stone manufacturers of this place, are doing an extensive business. They have just completed a beautiful monument for Mr. Benjamin Green, of Harrison, Ohio, which reflects great credit on their business. Mr. J. W. Dole, their traveling agent, is engaged in canvassing the country, with whom contracts can be made on the most satisfactory terms. We take pleasure in commending Mr. Dole to the consideration of all who may wish to make contracts in his line.

☞ The rains during the last week will prove of great advantage to the newly sown crop of wheat. We have never seen wheat look more promising at this season of the year than at present. Especially that which was sown earliest. All over the country we learn a much larger quantity than usual has been sown, and if crops are good next season we may expect low prices.

☞ At Brookville, Ind., on the 22d ult., a tomatoe plant thirteen feet high was exhibited, from the first three feet of which a bushel of tomatoes had been gathered.—*Germantown Independent.*

The adage, "no hear news you must go from home," seems to be verified in this announcement. From whatsource did you get the information Bro. Meyer?

☞ What do our farmers say to the following item. Don't it look a little fishy?

'A writer in the Genesee Farmer says that he has tried the cultivation of wheat in hills like corn, having the hills two feet apart each way, and two or three plants to the hill. And he reports obtaining from a small plat of ground a crop as large as to be equal to two hundred bushels to the acre. The soil is kept stirred and cultivated during the growth of the crop.'

☞ The terms of the members of the last Legislature (except the 52 Senators holding over) expired by Constitutional limitation on the 13th inst.; so the extra session called by Gov. Willard to convene on the 20th of November, will consist of the newly elected members.

☞ The official returns of the State election gives the Democratic State Ticket 2,449 majority. In 1856 it was 5,853, a Republican gain of 3,404!

☞ The Corn crop has ripened finely in the White Water Valley, and it is thought by our most intelligent farmers that corn will be abundant.

THE HORSE TOM CORWIN RIDES.—At a public meeting in Cincinnati, Tom Corwin made a speech, in the course of which he said:

I think I could convince every impartial man that the horse of Popular Sovereignty was a dead horse—blown to atoms by Democratic guns. And as for that wind-broken, spavined pony, the Wilmot Proviso, he was sired by Thomas Jefferson himself, and it's the horse I mean to ride while there's a hair in his tail.

☞ There are 13 Republican and 10 Lecompton Senators holding over.—The late election resulted in returning 12 Republicans, 3 Democrats, and 12 Lecompton Locofocos. This gives the Republicans 25 of the Senators and the Lecompton party 22—being a united opposition of 28 to 22. The House stands 52 Republicans, 3 Democrats, and 45 Lecompton Federalists,—making a Republican majority in the House of 7, and a united opposition majority of 10. Now let the Federalists smite their heads against posts, gnaw off their nails and gnash their tushes and teeth, for their day of trial has come.—*Seymour Times.*

DR. ROBACK'S SCANDINAVIAN BLOOD MEDICINES.—At last, in Sweden, the ingredients of two Remedies that disinfect the blood of every corrupt element, have been found. Dr. Roback has combined them. He offers the result in his Scandinavian Blood Purifier and Blood Pills. They are striking the faculty with amazement, and causing thousands of the sick to rejoice. In cases of indigestion, liver complaint, scrofula, rheumatism, diarrhea, in fact, in all cases of disease, not organic, they cure the patient as certainly as day succeeds darkness. See Adv.

☞ If you are sick, the probability is that the root of your suffering is in your stomach. From a weak stomach proceed dyspepsia, languor, oppression in the diaphragm, jaundice, headache, nausea, bodily weakness, dimness of sight, heartburn, costiveness, dysentery, and a legion of other tormenting diseases. Indigestion produces thin blood, and therefore destroys the strength and vigor of the system. To restore the tone of the stomach, and enable it to throw off and dismiss forever all these tormenting and dangerous complaints, nothing is necessary but a persevering use of Hoofland's German Bitters prepared by Dr. C. M. Jackson, Philadelphia. There is no mistake, no failure in their sanative effects.

For sale by druggists and storekeepers in every town and village in the United States, Canadas, West Indies and South America, at 75 cents per bottle.

Inflamation of the Eyes

Like all other inflamations, is caused by impurity of the blood, which causes all eruptive diseases, as Salt, Rheum, Scurvy, Boils, Sores, Ulcers, &c. The blood being unhealthy, and of an impure nature, also occasions Dropsies.—The blood becoming obstructed in the veins, the watery part of the blood in consequence is thrown out from their extremities, and dropsy is the result.—Many times it is occasioned by improper treatment of some former disease, and the vessels being filled by serious humors instead of blood. Free evacuations by these pills, open the passage into the bladder and carry off the corrupted humors, and renew them with pure and healthy blood, which will drive out of the body all inflamation, together with eruptions of the skin, and dropsical complaints. They will be a shield to every form of disease to guard and keep you from the cold grasping hand of death, and cause life and strength to remain, and the countenance to brighten with the bloom of beauty and health.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines. For sale by W. Morrow & Co., Brookville.

DR. HOOFLAND'S
CELEBRATED
GERMAN BITTERS,

WILL EFFECTUAL CURE
Liver Complaint, Dyspepsia, Jaundice, Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.

Such as consumption, inward piles, Fulness or Blood to the Head, Acidity of the Stomache, Nausea, Heartburn, Disgust for Food, Fulness or Weigh in the stomach, Sour Eructations, Sinking or Fluttering at the Pit of the stomach, Swiming of the Head, Hurried and Difficult Breathing, Fluttering of the Heart, choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the head, deficiency of Perspiration, Yellowness of the skin and eyes, pain in the side, back, chest, limbs, &c., sudden flushes of heat, burning in the flesh constant Imaginings of Evil and great depression of Spirits.

The proprietors, in calling the attention of the public to this preparation, do so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale are unrivelled by any similar preparation extant. The testimony in its favor given by prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

DOCTOR HOOFLAND'S
BALSAMIC CORDIAL.
FOR THE SPEEDY CURE OF

Coughs, colds, influenza, croup, Hoarseness, Bronchitis, Pneumonia, Diseases of the Bowels arising from cold, Incipient consumption, and for the relief and (if at all possible) cure of Patients in advanced stages of the latter Disease.

This celebrated preparation, like the Bitters, may be confidentially relied on. It is designed for a class of diseases more general and more fatal than any other to which the people of this country are subject—those springing from a "STUBBORN COLD." That eminent authority, Dr. Bell, says: "I will not say that colds are to our inhabitants what the Plague and Yellow Fever are to those of other countries; but, I can aver confidently that they usher in disease of greater complicity and mortality than these latter."

A further proof of the terrible fatality of diseases resulting from a "common cold" may be seen by a glance at the following statistics, taken from the records of the Board of Health of Philadelphia, confessedly one of the most healthy localities in the Union:—

1852. total deaths in Philadelphia.		10,261
Died of Consumption,	1,812	
" " all other diseases (259 in number),	8,349	
1853. total deaths,		9,779
Died of Consumption,	1,595	
" " all other diseases	8,184	
1854. total deaths,		11,81
Died of Consumption,	2,178	
" " all other diseases,	9,636	
		11,813

From these figures, it will be seen that nearly one fourth of the total deaths in the country are caused consumption, to say nothing of the numerous other diseases springing from a "slight cold."

Do not trifle with your health; but, if suffering from a cough, or a cold on the lungs, buy a bottle of HOOFLAND'S BALSAMIC CORDIAL, and you may safely count on a cure. Thousands have done so, and have certified to its wonderful effects.

Coughs sometimes proceed from a disordered or dyspeptic state of the stomach, in which case the German Bitters should be used. In cases of weakness, or general debility of the system, resulting from a protracted cough, the German Bitters will be found of a great benefit.

Prepared only by Dr. C. M. Jackson, 418 Arch Street, Philadelphia, and for sale by Druggists and Storekeepers throughout the United States and Canada. Price 75 cents per bottle.

Sold by M. W. Haile, Brookville, John H. Fiers, Oldenburgh, C. Van Camp, Metamora.

BROOKVILLE COLLEGE

The first term of the collegiate year 1858-9 will commence on Monday, August 30, 1858. During the past year, the institution has enjoyed a high degree of prosperity. Apartments can be arranged in the College, where young ladies may enjoy advantages for self-boarding, under the special care of the President and his lady. Further information respecting this feature of the school, will be cheerfully imparted by the President, if addressed by mail. Young men can find rooms for the same purpose in town.—Good board in excellent families can be obtained at a price not exceeding $2,50 per week, fuel and lights included. Tuition in the Preparatory Department is $3 per term. Academic $4,50, Collegiate $7,50 Janitor's fee 50. Music—Instrumental $10. Use of Instrument $2. French or German $5. Painting and drawing $5. No student will be received, except by special arrangement made at the time of entering, for less than one term; and no deduction will be made on the tuition bills of those who enter within two weeks from the commencement of the term, as extra labor must be bestowed upon such to fit them for their classes. The Board of Instruction will insure the progress of the pupil, if the requisitions of the College be complied with.

No pupils will be admitted to the Preparatory Department, who are unable to read in the Electic Third Reader.

As soon as they are qualified to read as above they will be admitted and will receive instruction from male teachers and be under their discipline.—For catalogues or any information address
