THE contest between Greeley and Grant for the electoral vote of Kentucky is considered close, but it is thought that Greeley will carry the State by about 5,000.

IT has been impossible to get any definite returns from the different States. We know that nearly all the States, north and south, have cast their votes for Grant, but by what majorities is uncertain. By our next issue we immagine the matter will be definitely settled.

WE hear some say that the Democratic party killed Greeldy by endorsing him at Baltimore. Is it not the wiser conclusion that they killed him by *not* endorsing him the fifth of November?

WOODHULL & CLAFLIN now admit that their last Beecher-Tilton scandal was false. On condition that they are released from prison they propose to abandon New York and return to Cincinnati, where they originated.

IT turns out that Greeley has played his game badly, but who ever had so dirty a *pack* to play with. Another *deal* is now necessary, with a new *label*—or departure—a friend suggests a new platform of "*free* trade, *free* labor, *free* whisky and *free* love."

"What do you thiuk of Horace Greeley now?" is a question that has been propounded to us since the election, at least four hundred times, says the Cairo *Gazette*. To relieve our friends of the necessity of making further inquiry in that direction we will say here that we regard Horace Greeley as a "cussed old Abolitionist who dout run worth a cent!" He brought upon the Democracy a terrible drubbing; and now, contemplating our lacerated feelings, calmly remarks that, "being in sympathy with neither of the great political parties that divided the country," he'll devote his attention to agriculture and science! The old ingrate!

Homicide Near Yorkville Tenn.

A Negro man known as Lun Dozier cut the throat of Mr. W. A. Underwood, almost sever the head from the body, on last Tuesday. We understand the parties were all drunk, and that the negro was cursing white men generally, when Mr. Underwood shot him in the arm. The negro, Lun Dozier, then drew his knife and cut his assailant, from the effects of which he died.

Cold Blooded Murder.

We hear of a cold blooded murder recently committed near Moscow—the names of the parties we did not learn. A man who had been at work for Mr. Jordau was paid off and had $65 in money. He got about half drunk and a companion induced him to take a walk out into the woods. When they arrived in the woods, the companion said he saw a squirrel, and wanted the others pistol to shoot it. He handed him the pistol, remarking "you go and shoot the squirrel and I'll lie down behind this tree and sleep a while." He had barely time to go to sleep when his companion slipped up on him and shot him, killing him almost instantly. The murderer is now in jail at Clinton and will be tried at the next term of the Hickman Circuit Court.—*Tobacco Plant.*

A Devil Worshipper.

New Salem, Ind, has a devil worshipper and is proud of him. Black Bill is his name and cobbing is his trade. He lives the life of a hermit, and never washes, shaves, or cuts his hair, which is very black. He is not handsome, but what he lacks in beauty he makes up in piety. He is tremendously pious, but believes the religious basis of the whole world is wrong. He holds that men worship the wrong being, and that man would be happier and more successful if he were to offer up his devotions to and ask the aid of his Satanic majesty, instead of appealing to the Throne of Light. He pretends to believe that Satan is the true God of the world and ought to have due respect paid to him as such. Black Bill lately tried to get up a young men's devil's association and start a prayer meeting after his own creed, but the enterprise failed, and he is as yet the only acknowledged member of the sect of Devil worshippers.

A New Party.

The Cincinnati papers of Friday contained a call for a meeting to be held on Saturday "for the purpose of taking initiatory steps for the formation of a new Liberal party." The invitation was extended "to all who were in favor or the Missouri call, by which the blank which the Cincinnati platform leaves as to the tariff question is to be supplemented." Special invitations, we are told, "were extended to such Liberal Republicans as seceded from the organization after the nomination of Horace Greeley."

The present would seem to be a rather unpropitious time for the formation of a new Liberal party; but there is no telling what the Cincinnati folks may do.

Facts—and the Reverse.

The rates charged by the Southern Mutual are identical with those charged by all the leading Mutual Companies of this country; ergo, the assertion that any other good life company is "cheaper" than the Southern Mutual is *not true.*

By act of the Legislature, approved March 4, 1869, amending the charter of the Southern Mutual, *all the surplus* is distributed to policy holders; ergo, the assertion that "stockholders get all the profits is *not true.*

Twenty Life Companies have failed, or had to consolidate, in the Eastern States, where one has consolidated in Kehtucky; ergo, the assertion that "*all* Kentucky Life Companies fail—it is only a question of time" is a *base slander* upon the business talent of the State, and without foundation in *truth* or *honesty.*

One sided representations of General Smith's last report, without showing *all he says*, is a proceeding devoid of *honesty* or *fair-dealing.*

Bottles Full of Beauty.—Ladies, if you would have beauty by the bottle full, all you have to do is to purchase HAGAN'S MAGNOLIA BALM. That peerless beautifier of the complexion not only heightens natural charms, but renders even the plainest countenance exceedingly attractive. It recalls to the pallid cheek the rosy tinge of health, removes pimples, blotches, roughness, sallowness and other blemishes, and imparts to the skin a most delicate fairness and softness. It smooths the furrows caused by time or care, and gives face, neck and arms the plump and engaging appearance of youthful beauty. All this is accomplished by the most natural means, viz: by gently and naturally stimulating the circulation in the capillary blood vessels. Besides being the most effectual aid to beauty known to modern science.

Pimples, Eruptions, Rough Skin.

The system being put under the influence of Dr. Pierce's Golden Medical Discovery for a few weeks, the skin becomes smooth, clear, soft and velvety, and being illuminated with the glow of perfect health from within, true beauty stands forth in all its glory. Nothing ever presented to the public as a beautifier of the complexion ever gave such satisfaction for this purpose as this Discovery. The effects of all medicines which operate upon the system through the medium of the blood are necessarily somewhat slow, no matter how good the remedy employed. While one to three bottles clear the skin of pimples, blotches, eruptions, yellow spots, comedones or "grubs," a dozen may possibly be required to cure some cases where the system is rotten with scrofulous or virulent blood poisons. The cure of all these diseases, however, from the common pimple to the worst scrofula, is with the use of this most potent agent, only a matter of time. Sold by all druggists.

The Great Blunder.

There are those who say that the Democratic party *killed* the Greeley movement by its *endorsement*; that it is impossible to relieve the Northern mind of the conviction that the Democratic party is the old anti-war secesion party, and once in power would undo the entire results of the war." This may be so; but the vote proves there were so few Greeleyites outside the Democratic party, it don't make much difference who did kill them. So let the matter rest. In our opinion the great blunder was, that the Cincinnati and Baltimore conventions didn't consult two or three fellows about Hickman we know of.

The Great Drawing.

Governor Bramlette has issued the most positive instructions to agents to close their accounts November 25th—a day rapidly nearing—and return him any tickets they may have unsold on that day. The drawing will most unquestionably take place December 7th, until which time the home office will fill all orders that come to it. The $500,000 is all ready in bank for the fortunate person to whom its ownership will be transferred on the day of the drawing. Some man will be happy then if Grant is elected President.

The Next Congress.

The politicians are busy speculating on the next Congress. The opposition to Grant in the Senate will contain eighteen Democrats, besides the chances of filling the vacancies in Missouri, Florida, Alabama and Louisiana. There are also the following Liberal and independent Republicans, namely: Schurz, Ferry, Sprague, Fenton, Sumner, Hamilton, of Texas, Robertson, Alcorn and Tipton. The Republicans will have a two-third majority in the House.

Call Early.

Those wishing to secure any of the White Linsey Shirts at 50 cents, and Gray Flannel Shirts at 75 cents, and Blankets and Government Clothing at extremely low prices, will do well to call at once, as we have but a limited supply left, and no more in the market to replenish our stock.

Our Horses.

Our stalwart helper, the horse, is succumbing to the sudden infliction of influenza. There was a perceptible thinning out of teams on the street yesterday, and our fears expressed yesterday are fully realized. The disease has assumed its worst epizootic form, and the weather, we regret to say, was depressingly favorable for the spread of the disease. During ye-terday it spread with astonishing rapidity, and competent judges estimated that there were last night between four and five hundred horses afflicted in the city.—*Louisville Commercial.*

EDITORIAL COMMITTEE:
A. D. KINGMAN, C. L. RANDLE, AND JOS. H. ROULHAC.

THE Good Templars of Ky., are all for prohibition—for prohibiting politics from invading its circle—for prohibiting a man becoming a beast—for prohibiting vice and crime from overcoming morality and virtue.

IT has been quietly hinted that a delegation of "strong minded" would wait on our "city fathers," and urge the passage of an ordinance, to muzzle the tobacco chewers while on the streets. If this is done, it is urged that the sidwalks will be kept clean at private expense Let the reform move forward.

A Practicable Fact.

At the last Aug. Term of our Circuit Court, Page was convicted of a breach of the Peace and sentenced to confinement in or County Jail for one year, and he is now undergoing the punishment fixed by the Law. His confinement in jail for this period, will cost the tax payers of Fulton County $273.75 which must be levied and collected off our citizens next year. No one who heard the evidence on the trial of this man, can doubt for a moment, that intoxicating drink was the whole cause of this offense, and had it not been for whisky, there would have been no violation of the law. The man is punished, for suffering whiskey to get the control of him, and therefore the law is satisfied. But what is Fulton county punished for? Why is she mulcted in the sum of $273, 75? The only rational answer that can be given, is, that while she recognizes the right to get drunk, and licenses houses to make drunkards, she should submit to all losses or expenses incurred thereby, or she should impose it as a condition one the licensed dealer. The point we desire to make is that Fulton county has to pay near $200, for *our* whisky bill, and we wish her good citizens to make a note of it.

County Convention.

The Good Templars representing the Washington Association met at Ebenezer Church, near Cayce's Station, on the 1st inst. All the Lodges belonging to the Association were represented, except Tyler.

The Convention was called to order by the W. P. and Bro. L. J. Burton, was elected Secretary, *pro tem.*

The following committees were appointed:

On credentials.—Bro. T. E. Gleeson, and Sisters C. M. Reeves and Haldah Brown.

On Good of the Order.—Bros. W. B. Gore, S. N. White and Claudius Herring.

On Resolutions.—Bros. L. J. Burton, C. E. Reeves and Sister Fannie Pewett.

Moved and adopted that we adjourn for an hour to partake of dinner.

Re-assembled at 1 o'clock with Bro. W. B. Gore in the chair.

Bro. Burton offered a resolution that the chair appoint a committee of three on the order of business, to report at the next meeting—adopted, and the chair appointed as said committee Bros. Gleeson, Kingman and Burton.

Bro. Kingman offered the following resolution which was adopted:

Resolved, That this Association put a lecturer in the field until its next meeting, and that said lecturer be requested to visit the various Lodges composing this Association, and lecture at such times and places within our limits, as will most successfully advance our cause, and that he report to our next meeting.

Bro. Burton was elected by the Convention as lecturer under the foregoing resolution.

On motion, the election of officers for the next quarter was adopted which resulted as follows:

W. B. Gore, W. President.
Mrs. C. M. Reeves, W. V. President.
L. J. Burton, W. Chaplain.
T. E. Gleeson, W. Secretary.
Charlie Reeves, W. Marshal.

On motion the election of the other officers was dispensed with, and the W. P. authorized to fill the same at the sitting of the next session.

The time and place of the next Convention was fixed at Hickman on the last Wednesday in April next.

Moved and adopted that Hickman Lodge No. 36 have the control and order of the exercises at the next convention.

The convention then adjourned till 7 o'clock, p. m., at Picasant Hill School House.

Pursuant to adjournment, convened at 7 o'clock.

The Committee on credentials reported, that they were unable to make a satisfactory report owing to the want of proper credentials by some of the delegates, and lest injustice might be done to some, they asked to be discharged; which was granted.

The Committee on Resolutions reported the following which was adopted:

Resolved, That we earnestly recommend to the various Lodges composing this Association that they pay especial attention to the meetings of this convention, and fail not to send full delegations to every session.

Whereas, There appears to be a delinquency on the part of many members of some Lodges in attention to their duty as members, and whereas, changes from the ordinary routine of business are necessary to the general interest therefore,

Resolved, That we recommend to the various Lodges that they appoint at each meeting one or more members to write or speak at their next succeeding meeting.

L. J. Burton, Chr'm.

On motion the Convention adjourned to meet at Hickman on the last Wednesday in April next at 10 o'clock, a. m.

A Census Every five Years.

General Walker, Superintendent of the Census Bureau, in a report lately made to the Interior Department, advises that here after the census be taken every five years. This is a good suggestion. No industrial statistics were collected by a law of Congress before the census of 1840; and public opinion has been slow to appreciate the value of information of this kind. If an annual census were taken, and the expense substracted from the sum appropriated to support the army and navy, it would hardly be missed. Statistics relating to agriculture, mining, manufactures, inland and foreign commerce, supplies that kind of knowledge which is the nation's greatest power.

SPECIAL NOTICES.

HAIR VIGOR.—In common with many others we have felt a lively interest in the investigations which Dr. Ayer has been making to discover the causes of failure of the hair, and to provide a remedy. His researches are said to have been much more thorough and exhaustive than any ever made before. The result is now before us under the name of AYER'S HAIR VIGOR. We have given it a trial, and with full satisfaction. It equals our most favorable anticipations. Our gray hairs have disappeared, or resumed their original color; and a visible crop of soft, silken hair has started on a part of the scalp which was entirely bald.—[Democrat, Abingdon, Va.

Extra Special Notice.

Beware of Counterfeits! Smith's Tonic Syrup has been counterfeited, and the counterfeiter brought to grief.

SMITH'S TONIC SYRUP.

The genuine article must have Dr. John Bull's private stamp on each bottle. Dr. John Bull only has the right to manufacture and sell the original John Smith's Tonic Syrup of Louisville, Ky. Examine well the label on each bottle. If my private stamp is not on the bottle, do not purchase, or you will be deceived. See my column advertisement, and say how cord. I will prosecute any one infringing on my right. The genuine Smith's Tonic Syrup can only be prepared by myself.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs
