SHARP BREAK IN RAILROAD ISSUES

Postponement of the Rate Decision Causes Keen Disappointment.

Rails broke sharply in the stock trading today. St. Paul scored nearly 5 points loss; Great Northern, preferred, 4; Northern Pacific, 2; Reading, 2, and Union Pacific, 1½. The break was due to disappointment over postponement of the rate decision by the interstate commerce commission. United States Steel closed nearly 2 points below the opening. Crucible, Baldwin Locomotive, Republic, Bethlehem Steel and Car Foundry tried vainly for new high records, but the weakness in rails caused them to lose their early gains. Coppers eased off in sympathy with the remainder of the list.

Anaconda opened today at 81, was high at that figure, low at 80¼ and closed at 80⅝. Butte and Superior opened at 40½, was high at 40¾ and low at the close, 40. North Butte was quoted at 17½. East Butte at 12½, Davis Daly at 6⅝ and Tuolumne at 1¼.

Stock opinions received today over wires of the Heilbronner company say in part:

F. W. Wagner & Co.—"Treating the railroads of the country as a whole the interstate commerce commission shows a most encouraging change in its attitude toward the railroad industry."

Clark, Childs & Co.—"A Pennsylvania-Missouri Pacific alliance would be in the southwest as strong as the Venderbilt-New York Central alliance in the northwest. Missouri Pacific affairs are steadily rounding into shape."

Logan & Bryan says in advices received over wires of the Lauzier-Wolcott company: "Local interests who recently have been conspicuous on the buying side of steel were rather free sellers this morning. The rails are being subjected to scattering liquidation and the heaviness in this department is imparting an easier tone to the general market. The senate finance committee's action relative to excess profits tax is construed by many as averaging a lower impost than that anticipated recently. This and the more favorable turn of Russian events over Sunday may encourage more constructive sentiment and probably be reflected in some further betterment of prices."

NOTICE.

The city council of the city of Butte, Montana, hereby gives notice of the passage and approval of council resolution No. 1428, declaring its intention to create special improvement district No. 238, describing the boundaries thereof, stating the general character of improvements which are to be made and estimating the approximate cost thereof.

For a description of the boundaries of said special improvement district No. 238, reference is hereby made to said council resolution No. 1428, now on file in the office of the city clerk of the city of Butte, Montana.

A description of the general character of improvements proposed to be made in said special improvement district No. 238 is as follows: The construction of either asphaltic concrete paving or bitulithic paving or creosoted wood block paving or vitrified brick paving, to be determined by later proceedings of the city council after the bids or proposals therefor shall have been received, opened, examined and declared, and prior to the awarding of the contract for said paving on Montana street within said special improvement district, excepting that that portion of Montana street within said district in which car tracks have been constructed or may be constructed shall be paved between the rails of said car tracks and one foot on each side of said rails and between all double tracks, switches and turnouts with granite blocks, which said blocks shall be grouted in with cement and sand; the construction of concrete gutters on both sides of Montana street within said special improvement district, and the construction of a sewer for drainage purposes, in Montana street within said district, together with catch-basins and man-holes connecting with said sewer.

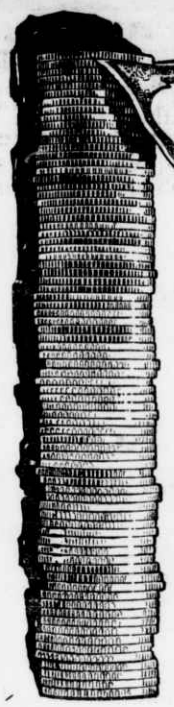
The total estimated cost of paving said street, within said district, if the type of paving to be selected is asphaltic concrete, is $60,089.05, which cost will approximate $0.136 per square foot of assessable property within said district; and the total estimated cost of paving said street within said district, if the type of paving to be selected is bitulithic, is $68,455.88, which cost will approximate $0.154 per square foot of assessable property within said district; and the total estimated cost of paving said street within said district, if the type of paving to be selected is creosoted wood blocks, is $91,525.05, which cost will approximate $0.206 per square foot of assessable property within said district; and the total estimated cost of paving said street within said district, if the type of paving to be selected is vitrified brick, is $107,754.63, which cost will approximate $0.243 per square foot of assessable property within said district; and the total estimated cost of paving said street within said district, where car tracks have been constructed, with granite blocks, as hereinbefore described, is $14,927.00, which said cost is to be paid by the owners of said tracks, the said cost approximating $3.32 per linear foot of said car tracks; and the total estimated cost of constructing said gutters, as hereinbefore outlined and described, is $3,510.50, which cost will approximate $0.50 per linear foot of assessable property within said district; and the total estimated cost of constructing the sewer, man-holes and catch basins, as hereinbefore outlined and described, in Montana street within said district, is $5,236.75, which cost will approximate $0.0118 per square foot of assessable property within said district. The said costs and expenses of making said improvements are to be paid for by special improvement district bonds, and for the payment of said bonds special assessments are to be hereafter levied extending over a period of ten years.

The city council of the city of Butte will hear and pass upon all protests that may be made against the creation of said special improvement district No. 238, and the making of said improvements, at the council chamber in the city hall in the city of Butte, Montana, on Wednesday, the 18th day of July, 1917, at the hour of 8 o'clock p. m.

At any time within fifteen days after the date of the first publication of the notice of the passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the proposed work or against the extent or creation of the district to be assessed or both.

C. H. TREACY,
City Clerk of the City of Butte and Clerk of the City Council.

Dated this 2nd day of July, 1917.



CURRENCY for PAYROLLS

Our Federal Reserve bank always keeps on hand an immense supply of currency and we can always get what we need for our depositors by turning over to it, if necessary, the notes on which our merchants, farmers and business customers have borrowed money from us.

Every business man with payrolls to meet will understand what this means.

You can assure yourself of this important safeguard by becoming one of our depositors.

T. J. HARRINGTON,
Administrator of the estate of Salle Sullemi, deceased.

Dated Butte, Montana, this 30th day of June, 1917.

4%

MOTHERS

Don't depend upon your children's teachers or employers to instill the thrift habit in them. The place to teach thrift is in the home.

And the best method is by example. Let "mother" have a savings account at the Yegen Bros., bankers, and the children will want one, too.

A little friendly rivalry in the family in the matter of saving will do much to determine the future success and happiness of its members.

4 Per Cent Paid on Savings Accounts.
