A Good Finish

A good finish to any week's work is the putting away in a Yegen Bros., bankers, savings account just a little of the week's pay.

In doing this the week's work gives on year after year, in producing income.

Not much in itself, perhaps, but combined with the savings of other weeks may reach a point where it will enable you to look misfortune or opportunity in the eye.

THE GRAIN MARKET.

Chicago, July 26.—Misgivings over the adverse influence of excessively dry weather in the southwest led to a decided upturn today in the value of corn. An increase of rural offerings to arrive here, however, checked the advance. Selling on a bulge was led by big houses. Opening quotations, which ranged from ½c decline to ¼c advance with September at $1.62½@1.62¾, and December at $1.14½ to 1.14¾, were followed by gains which carried deferred futures to a considerably higher level before a reaction set in. Improved prospects in Canada for wheat served to offset by crop damage reports from North Dakota and Montana. After opening 1¼@1½ lower to 2c advance, at $2.45 July and $2.17½ September, the market rallied at about the same as yesterday's finish to slightly above.

Oats went upgrade with corn.

STEELS LEAD ALL IN DAY'S SELLING

Talk That the Government Has Agreed on Price Denied by Officials.

Heavy buying and selling in steels marked an otherwise quiet day on the stock market. U. S. Steel opened at 121½, was high at 122 and closed at 121¾ with transfers of many large blocks of stock. The action in steel followed gossip that the government had reached an agreement with the steel companies for a definite price. The rumor is denied by government officials.

Coppers were firm for the day and showed a tendency to gain. Anaconda opened at 76½, was high at 76⅞ and closed at 76⅝. Tuolumne was stationary at 1¼ and North Butte at 17½. A trend of buying in established coppers was shown in the latter part of the day's transactions.

"A good inquiry for copper metal and some good sales by the smaller dealers have resulted in a much firmer tone and a sharp advance in prices," reads a wire to the Heilbronner company from New York. "The market is almost entirely in the room for many stocks. It seems useless to expect any great movement now until something definite comes from Washington. Government bonds are unchanged; others are steady."

RAILS IGNORED METALS STEADY

Smallest Turnover in a Day During the Summer Reported.

New York, July 26.—On the smallest turnover of the summer today's market repeated its uncertain course of recent weeks. Steels and coppers were comparatively steady; specialties heavy and rails ignored. Sales approximated 325,000 shares.

War stocks and specialties including sugars led the list to higher levels at today's first opening. Sentiment among the traders was more cheerful in expectation of an early solution of important problems now pending at Washington. Equipments advanced from large fractions to 1¼ for Baldwin Locomotive and Beet Sugar gained 2 points. United States Steel rose almost a point with Bethlehem and Crucible Steel. Anaconda Copper recorded an equal gain. Gains of fractions to a point were confined to shippings, the motors, Lackawanna Steel, Sinclair Oil and St. Paul.

Selling of shippings and motors at declines of 1 to 2 points provoked more moderate recessions in some of the standard stocks before 11 o'clock, but the advance was resumed later on a broader inquiry for steels, tobaccos and minor specialties. Low priced industrials also denoted the activity of pools. St. Paul, on which dividend action is to be taken later in the day, hardened slightly, but rails in general were neglected. The bond market was irregular though mostly higher. Liberty 3½'s moved in the narrow range of 99.45 to 99.47.
