TO FIND COST OF PRODUCING WHEAT

Consumers and Producers' Convention Discusses Questions.

St. Paul, Sept. 19.—The cost of producing wheat as compared with the cost of producing steel, copper and other products now urgently needed by the government, and the price paid for wheat, as fixed by the government as against the price paid for other materials is being considered at the second day's session of the consumers and producers' convention here under the auspices of the National Non-Partisan league.

J. P. Coughlin, president of the Central Labor union of Brooklyn, N. Y., in a paper read by Benjamin March, chairman of the program committee, and Congressman George M. Young of North Dakota, predicted the end of political and industrial control by middlemen because of the awakening of those interested in the real work of producing.

"This conference is epoch-making," Mr. Coughlin declared in his paper, "because it has plans to abolish the middleman. Understanding the conditions, farm and city labor will join hands. We do not wonder why farmers need $1.75 to $2.50 per bushel for wheat when we see what you have to pay for what you buy and what we make.

"This war is bringing us together—you on the farm and we of the city—and nothing is going to be able to part us in our fight for democracy."

UNABLE TO FILL MILLERS' DEMAND

Food Administrator is Not Receiving Sufficient Wheat for the Mills.

Chicago, Sept. 19. — Notwithstanding that frost which had been looked for failed to appear, the corn market today rallied soon from depression. Opening prices, which ranged from ¼ to ⅜c lower at $1.18 to $1.18⅜ December, and $1.15 to $1.15⅝ May, were followed by a sharp upturn to well above yesterday's finish and then took a fresh sag.

Subsequently, official announcement was made that no further frosts were in immediate prospect except light visitations in North Dakota and the Red River valley. Prices weakened, but the effect failed to last. The close was unsettled ⅛ to ⅛c net higher at $1.19 to $1.19⅛ December, and $1.15⅝ to $1.16 May.

Oats took the same path as corn.

Wheat receipts in Chicago showed no material enlargement. Incoming supplies at Minneapolis and Duluth, though, nearly equalled in volume the totals at the corresponding time last year.

Requisitions for wheat to be furnished to mills continued to be much beyond what the food administrator's office here could fill.

Higher quotations on hogs tended to strengthen provisions.

SUMMONS.

In the District Court of the Second Judicial District of the State of Montana, in and for the County of Silver Bow.

Elizabeth McGillick, plaintiff, vs. Edward Carroll, and all other persons unknown, claiming, or who might claim, any right, title, estate or interest in, or lien or incumbrance upon the real property described in the complaint, or any thereof, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, whether such claim, or possible claim, be present or contingent, including any claim or possible claim of dower, inchoate or accrued, defendants.

To Edward Carroll, and all other persons unknown, claiming or who might claim, any right, title, estate or interest in, or lien or incumbrance upon the real property described in the complaint, or any thereof, adverse to plaintiff's title thereto, or ownership, or any cloud upon plaintiff's title thereto, whether such claim, or possible claim, be present or contingent, including any claim or possible claim of dower, inchoate or accrued, defendants.

Greeting: You are hereby summoned to answer the complaint in this action, which is brought and filed in the office of the clerk of this court, copy of which is herewith served upon you, and to file your answer, and serve a copy thereof upon the plaintiff's attorney within twenty (20) days after service of this summons, exclusive of the day of service, and in case of your failure to appear or answer, judgment will be taken against you by default for the relief demanded in the complaint.

This action involves the title to the following described land, to-wit: Lot nineteen (19), in block nineteen (19), of the Noyes and Upton Railroad addition to the city of Butte, according to the official plat and survey thereof now on file in the office of the clerk and recorder of Silver Bow county, Montana.
