U. S. DEFINES WHEN "TIP" IS NOT A "TIP"

Washington, Dec. 5.—Payments of money by government employes in return for carrying packages are not the "acceptance of the gratuity prohibited today in the case of a department of agriculture agent who sought reinstatement for 20 cents paid porters in Arkansas and Tennessee, where there are state anti-tipping laws. The complainant held that the money was given for services rendered, and that commonwealth state laws were not violated.

EIGHT GERMAN AIR PLANES SHOT DOWN

Paris, Dec. 5.—Eight German airplanes were brought down on Monday by French aviators, the war office announces. Active artillery fighting is in progress on the Verdun front east of the Meuse. The statement follows:

"Enemy raids in the sector of Pannes and north of Reginiere were without result. We penetrated a German trench east of Bezonvaux and brought back prisoners. The artillery was unusual in rather spirited actions on the right bank of the Meuse. Elsewhere the night was calm.

"Enemy aviators last night bombarded the region north of Nancy. Three persons were wounded. On Monday two German airplanes were brought down by our pilots and six others were compelled to land within the enemy lines."

ALLIES SEND BIG AIR CONTINGENT TO THE ITALIAN FRONT

With the French Army in Italy, Dec. 4.—(By associated press.)—Among the troops and units that have arrived in Italy with the British and French armies is a large group of aviators who are impatiently waiting to get in action. The British have sent a large contingent of fliers, half of whom are young Canadians and Americans who have been doing scout work in Flanders and northern France.

The squadron, which expects to be given work at the front very soon, is proving quite an attraction for the Italians. While awaiting orders the fliers are keeping themselves in trim.

TO INTERN SIGNATORIES TO RECENT MANIFESTO

London, Dec. 5.—The military revolutionary committee in Petrograd, according to a Reuter dispatch from the Russian capital, has ordered the internment in Kolomarsk of all those who signed the manifesto issued Sunday by the chief of the provisional government. The signers, however, all have left Petrograd.

UNIQUE SITUATION IN RUSSIA PUZZLES ALLIES

London, Dec. 5.—"The situation in Russia is unique in history, according to the Petrograd correspondent of the Morning Post, writing Saturday, but it is not yet advisable to attempt to raise the curtain upon the 'mysteries of the Smolny-Institute drama.' The correspondent insists that 'Russia will right herself if unanimously allowed the necessary latitude by the jealous allies and next spring it will put new armies in the field to fight the invader with the success that marked the Russian efforts earlier in the war.'

"In the meantime," he adds, "the situation is extremely serious. Some force, which is above or beyond all the contending parties, is pulling the spokes into the wheels of all of them."

The correspondent instances the various interferences with the administration, without, however, distributing the responsibility.
