THE PEOPLE'S PAPER.

—THE—

HERALD.

SALT LAKE DAILY HERALD.

The remarkable success of the paper in the past, as manifested by its large and steadily growing subscription list, its increasing advertising patronage and the expressions of goodwill towards the journal which greet us from all quarters, convinces the publishers that they are doing what they set out to do—namely, furnish a newspaper that the people would like, and therefore support. The HERALD, as in the past, will be the people's paper. Independent in a political sense, it will always be found on the side of the people, outspoken on questions affecting the rights of the masses; battling for local self-government and the largest liberty to individuals consistent with public good; laboring for a pure, honest and economic administration of government; treating public matters dispassionately and employing language calculated to enlighten the reason of men rather than influence their passions, and working for peace and the development of the resources of the territory, instead of trying to create strife and retard progress. With our increased facilities for gathering news, both by telegraph and mail, the employment of a larger number of correspondents in different sections of the country, and the better arrangement of all the many details of the establishment, we confidently promise to make the SALT LAKE DAILY HERALD a better paper than ever.

SALT LAKE SEMI-WEEKLY HERALD

This valuable and popular edition of the HERALD will continue to make its appearance twice a week during the year, and the same degree of progress and improvement that marks the Daily will be seen in its columns. No better newspaper can be found in the west for those people who are not blessed with daily mail facilities, than the SEMI-WEEKLY HERALD. It contains all the news, domestic and foreign, in a condensed and readable form. The design has been to make it combine the distinguishing characteristics of a commercial and home journal, and we believe that this has been successfully carried out. The SEMI-WEEKLY has certainly met with unexpectedly high favor at the hands of the people.

SALT LAKE WEEKLY HERALD.

The demand for a WEEKLY HERALD has been very pressing during the past two or three years. The aim of the publishers will be to furnish a paper for those people who live off the main lines of travel and who are not accommodated with mail service oftener than once a week; to provide a newspaper for those who have only one day a week of leisure to devote to the pleasant and profitable employment of reading; to supply a suitable edition of the HERALD for sending abroad—a paper that shall faithfully and honestly represent this great and growing territory, with its many and important industries and its thrifty, enterprising people; to make a paper for the home circle and family fireside, one that shall contain the news, and at the same time combine the essential elements of a literary, educational and industrial journal. In fact, our aim will be to make the WEEKLY HERALD a welcome visitor to the home, where it will be found a constant fund of instruction, entertainment and profit, to all members of the family. Besides the leading characteristics of the Daily, the Weekly will contain matter specially for the agriculturist, the gardener, the stock-raiser, the mechanic, the kitchen and the household generally, and an important feature of its columns will be the well-chosen, entertaining and moral literature, also reports of the Tabernacle discourses. Nothing will be admitted to its columns that has not first been carefully prepared and revised.

MINOR ELECTIONS.

Slight Republicans Generally Noted.

Hartford, 5.—Republicans elected the mayor.

Cincinnati, 5.—A good full vote to-day. Returns seem to indicate republican gains in the city.

Chicago, 5.—Reports from municipal and town elections in this and neighboring states, where at all significant, generally show republican gains.

Indianapolis, Ind., 5.—The election in Indiana for township officers and on the constitutional amendments, to-day, brought out about two-thirds of the voters of the state. The indications are that the republicans make large gains in the township elections and carry the constitutional amendments by a very decided majority. Republicans all voted for the ratification of the amendments; and, so far as reports have been received, they indicate that from 10 to 20 per cent. of the democratic vote was in favor of the ratification. The Germans voted about solid for the amendments. The ratification of the amendments dispenses with an October election, placing the state election on the day of the presidential election.

Chicago, 6.—Election day was pleasant and cool, a moderate vote being polled for city council and town officers.

Toledo, 6.—Democrats elect the street commissioner by 200 plurality. Republicans elect the clerk of the police court, cemetery trustees, half of the board of the board of education, and divide the other offices with the democrats and nationals.

Columbus, 6.—Complete returns: Graham, republican, is elected city engineer by 6, majority; Dent, republican, police commissioner, 84 majority; Pansch, democrat, elected police commissioner and Olnhausen, democrat, elected justice of the peace. Republicans have 19 members of the city council; democrats 9; board of education, a tie. Specials from outside towns show large republican gains.

The Belt Contest.

New York, 6.—The contest for the O'Leary belt is attracting greater interest that any preceding pedestrian match. At the early stage of the struggle, when Dobler passed Hart, thus securing the lead, there was great cheering for Chicago, O'Leary and Dobler.

8 o'clock score: Dobler, 160; Hart, 157; Faber, 153; McIntyre, 145; Allen, 143; Pegram, 139; Merritt, 135; Howard, 128; Williams, 123; Wood, 118; Hanamaker, 113; Krohne, 109.

Dobler has the best 86 hours' record, 177¼ miles. Blower Brown, in England, in February last, scored just 177 in 86 hours. Dobler's right foot pained him last night, but O'Leary put a porous plaster to it, relaxed the muscles, and he is all that the most sanguine backer could desire. Hart, the next in the race, looks fresh and moves with an elastic step.

Dashes.

Washington, 5.—The supreme court adjourns on May 10th.

New York, 5.—The last of the striking piano makers will return to work tomorrow at an increase of 10 per cent.

Chicago, 5.—The stockholders' meeting of the Chicago and Alton and proprietary roads was held to-day and the old officers were re-elected; 72,000 shares were voted.

Albany, 6.—The senate and assembly elected Neil Gilmer state superintendent of public instruction.

St. Louis, 6.—The Patti-*Post-Dispatch* libel suit was dismissed to-day.

San Francisco, 6.—Raymond and Ely levies an assessment of 25c.

Afghanistan.

Cabul, 5—All the principal Maiden chiefs are willing to discuss the future government of the country.

Candahar, 6.—The British commissioner has brought a letter from the Viceroy of India to Sirdar Shere Ali informing him that the Queen confers upon him the sovereignty of the province of Candahar, with the title of Wali. The limits of the province are to be fixed hereafter. Shere Ali is also informed of the proposed construction of a railway to Candahar, where a British force and political agent will be permanently stationed.

Yazooism in Hoosierdom.

Chicago, 5.—The *Times'* Shelbyville, Ind., says: A negro offering to vote was told that no d—d nigger could cast a ballot, and he was run off the square. Leo Amsden, county treasurer, commenced to club another negro and was himself clubbed by a white republican, tearing his scalp open five inches. Amsden led the mob which attacked a negro emigrant train in December. The excitement is intense over the introduction of the "Yazoo idea."

Fires.

New York, 5.—The machine shop of the Bridgewater Iron Company with all the contents, consisting of valuable patterns and costly machinery burned to-night. The fire originated in the attic where the patterns were stored, and the origin is a mystery. Loss, $77,000; insurance $35,000.

Minneapolis, 6.—Brackett's block burned this morning. Loss, $166,000; insurance $82 000. Nothing saved, spontaneous combustion.

Death's Doings.

Lancaster, Pa., 5.—General James L. Reinolds, a well-known soldier, lawyer and politician, died yesterday, in his fifty-eighth year.

New York, 6.—Mrs. Deutsch, sister of T. B. VanBuren, formerly of California, and now consul general to Japan, died yesterday from opium eating, hastened by an overdose of laudanum.

Spain's Straits.

Madrid, 6.—In Congress, to-day, during the discussion of the Cuban budget and loan, Lalglesia, speaking in the name of the budget committee, said it was imperatively necessary to borrow enough money to pay off 50,000,000 piastres due the army, and 7,000,000 due military contractors.

Chasing Sioux.

Bismarck, 5.—Captain Huggins, with Companies E and C, Second Cavalry, overtook a band of Sioux, on Sunday, near Terry Point, charged their camp, and captured forty-eight ponies. Sergeant Johnson was killed and two privates wounded. The Indians escaped. Gen. Miles is at Fallen Creek, awaiting the arrival from Fort Keogh of Lieutenant Clark, of Chief Joseph fame, when he will come in.

Victory for the Railroads.

Washington, 5.—Congressman Chalmers, of the committee on railroads, has written an elaborate report justifying the legality of the contract between the Pacific railroads and the Pacific Mail Steamship Company, but has not yet submitted the documents to the committee. Chalmers is chairman of the sub committee which has the subject in charge

The Invading Chinese.

Berlin, 5.—News is received from St. Petersburg that the Chinese charge d' affairs is making preparations for returning home with his entire staff.

St. Petersburg, 6.—The number of Chinese who crossed the Amour River is nearer 2,000 than 20,000.

Another Tilden Retirement.

New York, 6.—The *Star* has a Washington dispatch announcing that Tilden has consented to withdraw as a candidate for the presidency.

Poor Mexico.

City of Mexico, March 30.—General Trevino has obtained four months furlough to visit the United States. Governor Terrazas, of Chihuahua, is co-operating with the American forces in pursuing the Apache Indians. According to reports a special commissioner of the federal government has been appointed to investigate the importance of the Sierra Mojada mines. President Diaz has abregated the order which declared the Sierra Mojada a federal territory. The mines are reported to be insignificant in value in the present state.

The *Monitor*, republican newspaper, warns Mexico of danger from the United States in event of another revolution and says the late revolution of 1876, produced the celebrated order of June 1st, besides many difficulties in the way of the recognition of government by the United States.

The dictatorial powers Gen. Gonzales retains in the eastern states, where he heads a considerable force, even after peace is restored, causes uneasiness.

An oscillatory earthquake was felt at the capital on the 19th ult., and also in other places.

'Rah for Samivel.

New York, 6.—Clinton County democrats elected their delegates to the state convention to-day. They are headed by the well known Smith M. Weed, and of course are solid for Tilden.

San Francisco, 6.—Overman levies an assessment of 50c.

The board of election commissioners, to-day, in the matter of the workingmen's protest, decided that they had no power to go behind the returns, and declared the citizens freeholders.

The republican joint senator is elected.

P. Mish & Co., wholesale dealers in straw goods, of this city, whose failure is mentioned to-day in New York telegrams, admit that the house is embarrassed, but decline to make any further statement, except that the report from New York is exaggerated. The store was opened to-day as usual. The reference to the mortgage for $54,000 is confirmed by the local records. It bears the date of December 17th, 1879, and was recorded March 30th.

The Sioux—A Fight.

Deadwood, D. T. 6.—A *Times* special from Ferry Point, Montana, under date of the 3rd says: "Captain Huggins, with three companies of the Second Cavalry, who started out after the hostile Sioux on the 25th, overtook them yesterday, Friday, thirty-five miles south of here. The troops charged the camp and captured forty-six ponies, but Indians got into the ravine and could not be got out. Sergeant Johnson, company C, Second Cavalry, was killed during the charge. General Miles, who was on the way east, hearing of the fight, stopped at Fallon Creek; where he now awaits arrivals of the reinforcements which left Fort Keogh on Friday night under Lieutenant Clarke. A later dispatch says two Indians were captured, and the remainder got away on foot.

Rough Hazing.

Poughkeepsie, N. Y., 6.—At 6 o'clock this morning Johnson E. Whittaker Cole, colored cadet at West Point, in the class of 1876 was found, bound hand and foot, in his room at the barracks, with a piece of one ear cut off; the other ear was slit and his head bruised. He stated that three masked men attacked him while he was in bed, some time after midnight, and committed the outrage. General Schofield and commandant Huzzelle are investigating the affair. It is believed the outrage was committed by cadets.

Another Prop for Grant.

Chicago, 5.—The *Inter-Ocean's* Washington has a long account of the circumstances attending President Grant's veto of the bill to equalize bounties, in which it is claimed that Bristow secured the veto by representing to Grant on the last night of the session of Congress when the bill was presented for his signature that it would take $400,000,000 from the treasury, and as this was at the time of the deepest financial depression, the argument was potent with Grant.

Kalloch to Be Impeached.

San Francisco, 5.—The board of supervisors, to-night, adopted a resolution that the peace of the city had been seriously imperilled by Mayor Kalloch, and authorized the judiciary committee to investigate the matter and report. It is said this is the first step toward impeaching the mayor.

Preparing to Resign.

London, 5.—The *Times* says: As the Queen returns to England, the ministers will doubtless place their resignations in her hands, and she will commission the leader of the liberals to form a cabinet.
