IT IS TRULY WONDERFUL

to see what improvements now exist in comparison with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known CHICAGO & NORTH-WESTERN RAILWAY. Trains are landed by the Union Pacific railroad in the Union Depot at Council Bluffs, where stands the C. & N.-W. Palace Train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, Elegant Day Coaches, Smoking, Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one readily discovers the high rate of speed which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North-Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this Road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the Best Traveling Accommodations, you will buy your Tickets by this Route, AND WILL TAKE NO OTHER.

What an Englishman Thinks of the American People.

He says 'they hurry, they carve, they gulp, they belch, they have stomach ache, headache, liver troubles and bowel complaint; they eat too much and too fast, they get cross at nothing and without cause; they look sallow and hollow-eyed; they look hungry and can't eat; they spit up food; they have wakeful nights. They die early because they disregard the simple principles to correct."

These troubles and many others all arise out and from a torpid liver, and indigestion or indigestion. They can be cured and have been cured, and in every case with a guaranty that they will be cured by the use of Dr. Mintie's English Dandelion Pills. Sold by all druggists. Price 50c. per bottle.

Health, strength and vigor of the Kidneys and Bladder always follow the use of the great Buchu compound, Dr. Mintie's Nephreticum. Bright's Disease, Diabetes, Inflammation, Smarting or Private Diseases are quickly cured by it. For Leucorrhœa it has no equal. Don't be persuaded to take any other preparation. Everyone who has tried it recommends it. For sale by all druggists

SIR ASTLEY COOPER'S VITAL RESTORATIVE.—The great English remedy has made more cures of Nervous Debility, Seminal Weakness, Lost Manhood, nocturnal emissions, lassitude, despondency and inability for mental labor, despondency and such diseases as are induced by youthful follies and excesses, than all other medicines combined. It is not stimulant nor narcotic, is perfectly safe to take, is not a quack nostrum, and produces results that are wonderful. Price $3 per bottle. Four times the quantity, $10. It will not disappoint you. Try it once.

To be had at the Z. C. M. I. drug department, Messrs. Moore, Allen & Co., and Dr. Mintie & Co., 11 Kearny street, San Francisco. d18

The Celebration.

The committee on finance on the celebration of the Fourth of July, on Tuesday, visited all those who had contributed $10 and upwards on the first subscription list towards working up the celebration, and every person said he was willing the amount set down by him previously should remain on the new list. This, it is said, guarantees the committee at least $1,300 while the strong probabilities are that the original sum of $1,500 will be collected without much difficulty. The committee on procession have obtained the promises of twenty-seven business men that they will enter the procession and make a display of their several businesses. General Smith, of Fort Douglas, it is said, will do all he can, while conference rates to this city have been obtained from Nephi and Ogden from the 3d to 7th inclusive, and further south than Nephi half rates will be allowed. So the indications are very favorable. The following is from the committee on procession:

TO THE GENERAL PUBLIC.

We have been appointed "Committee on Procession," in pursuance of the action by a mass meeting of many citizens who sincerely desire a patriotic celebration of the Fourth of July, and said meeting having subscribed quite liberally, insures a celebration of that national festival day. It is the only festival day of the nation that can be enthusiastically entered into with success, and should, in its honor, have the hearty support of every American citizen, with those who propose to become such, laying aside every unworthy prejudice, thus doing honor to the sentiments embodied in the Declaration of Independence, and to the signers thereof. As a grand part of the celebration, we invite the co-operation of the various officials of the people, the fire department, the various secret societies, different associations, trades, etc., in fact any and all who will be willing to take a part in said procession, to address us per postoffice, so that we can mutually arrange the plans for carrying out the objects intended. We would like organizations to be called together to take action on this invitation as early as convenient, so that we may report such action to the committee of arrangements.

JOHN WM. SNELL,
J. T. LYNCH,
Committee on Procession.

City papers please copy.

WE ARE closing out our Summer Silks (this season's importation), at 65c. reduced from 85c., at 75c. reduced from $1. All handsome styles. je9 COHN BROS.

Auction Sale of Buggies.

We will sell at Public Auction, on the vacant lot west of Walker Bros' store, on Saturday, June 12th, at 11 a.m., a lot of Elegant Pratons, Side Bar, End Spring and Concord Buggies, open and top. They are positively the most durable and best finished Buggies ever offered in this market, manufactured by Haydock Bros., of St. Louis, expressly for this climate. Terms of sale: Three months with note drawing 1 per cent. per month, and approved security, or 5 per cent. discount for cash.

MOORE, ALLENSWORTH & Co.
H. A. Reed, Auctioneer. je9

WANTED—A Girl to do general housework. Liberal wages given. Apply to D. J. Taylor, Carpet Department, Z. C. M. I. je9

Utah Eastern.

Major Wilkes came in town on Monday evening and goes out again this evening. There are now thirty-eight scrapers and nearly 100 men at work on the grade between Coalville and Kimball's, and the indications at present are that the grading will have been completed to the latter point by the 15th of July. The Major is steadily cross-sectioning, and the present outlook is that it will be necessary to let grading contracts for portions of the road this side of Kimball's in a few days. Meantime the stock of the road is being taken up steadily, and everything looks favorable to its speedy completion.

CHOICE Sugar-Cured Hams and Bacon, at G. F. Brooks'. je9

MOORE, ALLENSWORTH & Co. have sold over one hundred of the St. Louis Haydock Buggies during the past eight months, and though warranted for one year, no repairs have been required. Auction Sale on Saturday next, at 11 a.m., west of Walker Brothers' store. je9

FISHERMEN should call at the LITTLE CHURCH ROUND the CORNER. my7

Township Surveys.

The plats of the following named townships, surveyed by Adolphe Jessen, United States deputy surveyor, were filed June 5th, in the local land office, embracing the late Corn Creek Indian Reservation:

N. B.—The highest price paid for Human Hair, in Cash.

128 East Temple street,
a25 Salt Lake City.

CITY COUNCIL.

The City Council convened in regular session on Tuesday evening, June 8th, 1880, Mayor Little presiding:

Alexander Kershaw and five others petitioned for a pond on the west side of block 15, Fourth Ward, to be filled up, as it was a nuisance to the inhabitants in the vicinity. Referred to the street supervisor with instructions to have the ashes and other debris of the city deposited in said pond until it shall be filled up.

A petition from Richard Britton, asking that he be supplied with a ditch to his lot, corner of Fourth South and Fourth West streets, was received and referred to the watermaster.

A petition from Jerrie Gibson, asking the privilege of getting out sand for building purposes from a piece of land situated on Arsenal Hill, between the old city wall and the location of the old powder magazines, was laid on the table.

A petition from Eric Lundell, asking to be allowed to place a water tank in the highest part of West Temple street, between First and Second North streets, was referred to the committee on streets and alleys.

A petition from Nicholas Groesbeck, asking the use of a portion of the street and sidewalk on East Temple street, south of the Wasatch Hotel, upon which to place building material for a period of sixty days, was granted under the usual restrictions.

The subject of placing some quarantine restrictions upon the disease, diphtheria, was referred to the committee on quarantine.

The committee on construction of the Jordan and Salt Lake City Canal, rendered their report for the month of May. Forty-four contractors had finished their jobs and received final estimates, and the work was steadily progressing. The sum of $20,276 21 had been paid out on canal work during the month. Referred to the committee on finance.

A report was submitted from the city attorney, showing the status of the city business in his hands for the quarter ending May 31st, 1880, which was received and ordered to be placed on file.

The committee on public grounds, to whom was referred the petition of John W. Snell and Geo. F. Adkins, asking the privilege of leasing or purchasing one and a quarter acres of land in the vicinity of the old powder magazines, for the purpose of digging sand therefrom, reported unfavorably to the petition, the committee being of the opinion that instead of leasing or selling said land to individuals, who might thus monopolize it, the city should allow it to remain open for the benefit of the public. Adopted.

The same committee reported on the petition of James Barnes, who asked the exclusive grant to a parcel of land on the Nineteenth Ward bench, for the purpose of taking out sand for building uses, that it was their opinion that it would be to the interest of the people at large to grant no monopoly of the land in that locality to any individual, but leave the same open for the benefit of the public. Adopted.

The supervisor of streets reported that in pursuance of instructions from the Council, he had made an estimate of the cost of excavation necessary to bring to the established grade the two sidewalks upon First South street from East Temple to First East streets, as follows: Amount of earth to be removed—north side, 421¾ cubic yards, at 40c., $168 66⅔; south side, 542 2-9 cubic yards, at 40c., $136.-88 8 9. The cost of asphaltum would be 72c. per square yard; the cost of gravel, about 12½c. per square yard. The report was accepted, and the sidewalk commissioners instructed to levy an assessment upon the property owners along said street sufficient to accomplish the improvement in accordance with the estimate made by the supervisor.

The committee on municipal laws reported back the document referred to them at the last meeting of the Council, which was designed to secure the city in the payment of the money awarded by a committee of arbitration to A. M. Cannon, Esq., in settlement of his claim for right of way, etc., for the city canal through lands entered by him, but to which he had not yet acquired a title. The committee had made certain amendments and additions to the instrument and desired to submit it to the consideration of the Council. After a few remarks the tenor of which seemed to indicate that the document was unsatisfactory, it was moved and carried that the matter be referred to the city attorney with instructions to prepare papers more fully protecting the interests of both the parties to said action.

The committee on streets and alleys, to whom was referred the petition of Brigham Young in relation to curtailing the width of Garden street, submitted a report with certain recommendations, which, after deliberation, was referred back to the committee with instructions to have the city surveyor make a survey of the street in question and establish the north and south lines thereof, and that said committee then report its findings to the Council.

Bill of the city jailor for boarding prisoners for the month of May, $149 60, was allowed.

Bills of Z. C. M. I., omitted in the Marshal's monthly report, for various supplies to city prison and sundry articles of stationery etc., for City Hall, amounting in all to $34.58, were allowed.

Bill of Morris & Evans for laying asphaltum walk at the Market square, $24.32, was also allowed.

The sum of $20,000 was appropriated to the Jordan and Salt Lake City Canal account, to apply on the work of construction.

It was moved and carried that 100 bonds, series B, of $500 each, be placed upon the market and sold pursuant to the provisions of the resolution in relation to bonds, adopted May 21st, 1880, for the purposes therein specified.

On motion, it was declared to be the sense of the Council that during the season while water is plentiful the watermaster turn into the ditches all the water they are able to carry, and that the property owners be required to clean out the ditches in front of their premises, and where this is not done immediately the watermaster shall cause the same to be done at the expense of such owners.

Adjourned to next Tuesday evening at the usual hour.

PURE MOUNTAIN ICE delivered to any part of the city. Office, rear of Crane's Second-Hand store. Leave orders.

j4 COHN BROS.

ASYLUM QUERIES.

SALT LAKE CITY, June 8, '80.

Editor Herald:

Did not the law require the seven directors for the asylum to decide upon the site therefor on the following five considerations, and no other: 1, location in either Salt Lake, Utah, Davis, or Weber County; 2, healthfulness; 3, adaptability; 4, cost of material for construction; 5, convenience of access from different portions of the territory, which means all parts of the territory?

Was the site at the mouth of Shepherd's Cañon, in Davis County, chosen as the site preëminent on those five considerations, or on the most of them, and on the most important of them?

If not, why was that site chosen?

Will not every person traveling by rail from north of Davis County to the asylum have to be transferred as often as if the asylum were near this city?

Will not every person traveling by rail from south of Davis County to the asylum have to be transferred once more than if the asylum were near this city?

Were the directors appointed and paid $4 per day, besides a 10c. mileage, by all the taxpayers of the territory, on purpose to assemble together to vote for their respective counties merely, or for any other county, or against any other county?

Does not the seventh section of the asylum act expressly prohibit the directors from having any interest, direct or indirect, in any contract for labor, material or supplies for the asylum?

If the directors persistently voted for their own counties respectively, does not that fact imply a possible indirect interest in the furnishing of labor, material, or supplies for the institution?

Is it not due to the public that the directors make a statement of the reasons that determined their choice of the Shepherd's Cañon site, in preference to any other?

One more query—the Governor is an ex-officio director, leaving six elective directors. The law requires that three of the elective directors be citizens of the county in which the asylum is situated. So that Davis County, having the smallest population of either of the four counties named, and being also one of the smallest counties in the territory as to population, will furnish as many directors as all the rest of the territory put together. Is this just right?

Charged with Attempted Rape.

On Monday a fellow named McCarthy was arrested on charges of the larceny of a pocket book and of rape. On Tuesday he had an examination before Judge Pyper, and the evidence being sufficient, he was bound over in $500 to await the action of the grand jury. He met a 10-year old girl in the Eleventh Ward, on Monday, and enticed her into a cellar, where he took away a pocket book she had, containing some orders, and attempted to outrage her. He was discharged from serving a term in the Penitentiary only a short time since.

"HELLO! JAKE, What you got there?" "Oh I got some meat." "What did that "bit" cost you?" "Half a dollar." "Why, look here, I got as much as you got there for THIRTY CENTS at George Thurgood's, Globe Market, opposite the Co-op. The cheapest place to buy your meat, and 'Don't you forget it.'" j4

The High Council will meet in the Council House this morning at 10 o'clock.

Twenty thousand dollars more have been appropriated to the Jordan and Salt Lake City Canal.

The recent snowstorms in American Fork Cañon will delay the shipment of ore from that quarter.

G. B. Moulton, Esq., enjoyed a run down to the metropolis. He has been peregrinating between Leadville and Idaho.

Garrison, arrested a few days ago on a charge of stealing a harness and a couple of ropes, was discharged on Tuesday.

The Council, last night, authorized the sale of 100 of the $500 bonds, named series B, which will be placed upon the market.

The Third District Court was open on Tuesday for the transaction of business but none came up and an adjournment was taken until Saturday.

The City Council, last evening, referred the question of the expediency of placing quarantine restrictions on diphtheria to the committee on quarantine.

Bad little boys and good little girls spend the greater part of their time in breaking down the locust trees and robbing them of their fragrant blossoms.

The wind and dust were appreciated on Tuesday; had it rained without being preceded by these occurrences no one would have survived the disappointment.

The road to Park City is in good condition, but a man is needed constantly to keep the stones out of the road, rolled down by cattle and sheep, as well as to prevent washouts.

Some of the enumerators seem at a loss under what head to put persons engaged in certain businesses, which argues that they have not carefully read their instructions.

Considerable money and many articles of clothing were lost and won on the result of the balloting for a presidential nominee by the republican convention at Chicago on Tuesday.

On Monday night the slaughter house of White & Sons, in the Sixteenth Ward was broken into and besides turning loose a number of animals, some tenderloins and other meat were carried off.

Already a number of cows have been driven to the estray pound under the ordinance and agreeable to the warning of the city marshal. In a short time persons will find that it is profitable to take care of their own cattle, and not compel others to do it.

The board of asylum commissioners meets to-day, and will take action on the report of the special committee sent to examine the Davis County location. To-day is likely to see the location of the institution settled beyond any further possibility of question.

On Tuesday morning, the aged gentleman, named John Smith, who fell from a street car a couple of weeks ago, a note of which was published at the time, died from the injuries then received. The coroner's jury, after an inquest, returned a verdict of accidental death.

One of the most thoughtful acts recorded of late was that of a gentleman, who, writing to parties of the death of a child from diphtheria, sprinkled the letter with a mild solution of carbolic acid. If similar thoughtfulness were exercised by all persons in such matters there would be much fewer deaths to record from such malignant diseases.

One would never have believed the number of profound politicians this city contains who had never heard the average foreigner discussing the good points of the several candidates and different parties before a bulletin board. It is simply overpowering, and makes one feel that if he had been born in China he might have known something about Americans

He told his wife that since she went,
A visiting her ma,
He'd had the dreariest old time
That mortal ever saw!
But when she went to cleaning up
Around the house that day,
The champagne corks were scattered 'round,
Just gave him dead away
