EFFECTS OF THE PROCLAMATION.

SUGAR SHOWS A GAIN OF TWO AND FIVE EIGHTHS.

Pullman Gains 2—Final Dealings on Wall Street Were Strong in Tone, With Some Few Exceptions—But Little Life in the Live Stock Markets—Silver and Lead Quiet and Slow—Liverpool Markets.

New York, July 9.—The early dealings on the stock exchange were weak in tone under the influence of a heavy market for American securities in London, coupled with sales for the foreign account.

The depression in our securities abroad was due to an impression that gained ground there due to the president's proclamation that the strike had reached proportions which threatened the peace of the country.

The bears took advantage of the situation to make a general attack on the market, which was especially pronounced in Chicago Gas. This property was particularly sensitive in view of the disturbed state of affairs in Chicago, and there was talk to the effect that investments in that company were tinged with an element of insecurity by reason of the turbulent character of its laboring classes. Chicago Gas, under free selling broke 2⅝. Pullman, 3; Denver & Rio Grande preferred, 1¾ and St. Paul & Omaha, 1½; Rock Island and Baltimore & Ohio, 1.

After midday, the beneficial effect of the president's proclamation became apparent in the advices from Chicago, which recorded the absence of rioting and increased movements of trains. This checked the decline, causing the shorts to cover, and induced the buying back of stocks parted with during the morning. Confidence was being restored in the resources of the government and with it came a quick recovery in speculative values. During the afternoon prices rallied steadily, with an occasional reaction, due to the efforts of the bears to stem the tide which had set in strongly.

Chicago Gas made the greatest recovery, sailing up 2⅝ and Rock Island 1.

Sugar was quotably strong and advanced 3⅛, with a final reaction of ⅝, making a gain of 2⅜ on the day.

St. Paul moved up 1 per cent.; Burlington, which had lost ¾, advanced ⅞; Missouri Pacific, in which the decline was ⅝, moved up to ⅞, with a final loss of ¼. Pullman was bid up to 154 at the close, a gain of 2 per cent. from the low point of the morning.

The final dealings were quite strong in tone, and with some very few exceptions, in which fractional reactions were made, the market closed with an upward tendency to prices in many cases at an advance of Saturday's close.

In a majority of cases, however, the early losses were not fully recovered, and the list of decline is larger, the losses ranging from ¼@4½ per cent.

The bond market was generally weak all day.

Money on call easy at 1 per cent., last loan 1, closed 1 per cent.

Prime mercantile paper, 3@5 per cent.

Sterling exchange steady with actual business in bankers bills at 4.88¼ for demand and 4.87¼ for sixty days; posted rates, 4.88@4.89; commercial bills, 4.86; silver certificates, 64@65.

The total sales today were 177,073 shares including: American Sugar, 10,600; Burlington 18,500; Chicago Gas, 7,100; Delaware Hudson, 3,300; Distilling, 3,500; Missouri Pacific, 6,000; Reading, 5,100; Rock Island, 5,100; St. Paul, 17,100.

FOREIGN FINANCES.

New York, July 9.—The Evening Post's London cablegram: All the stock markets were dull today on Chicago news. Americans opened dull. Northern Pacific leading in the decline, but it rallied slowly at the close on the proclamation of President Cleveland.

Failures are expected at the settlement tomorrow. The continental demand for gold is increasing.

WOOL AT SODA SPRINGS.

A. T. Sorenson, one of Manti's busy young men, has just returned from the Soda Springs shearing camps. He informed a Bugler representative that the shearing is all done, the camps in that quarter are broken up and the boys have returned home. There were fifteen Mantua boys at Soda. During the month they sheared some 24,000 sheep. Stormy weather prevented their increasing that number. There were three other shearing camps in the vicinity, with about twenty-nine, thirty and thirty-five men in the camps. Altogether the shearers must have handled something like 150,000 sheep. Averaging six pounds of wool to the head, they clipped 900,000 pounds. At 8 cents a pound the total value of the clip is $72,000. The sheep from which this big clip was made are worth half a million dollars.—Bugler.

CHICAGO LIVE STOCK.

Chicago, July 9.—Not far from 6,000 sheep reached the stock yards yesterday and today, none of them, however, by rail. About 1,000 head came in on the canal.

CHICAGO GENERAL MARKETS.

Chicago, July 9.—General bulletin news firmed wheat up today and September closed ½c. higher. Corn closed ¼c. higher.

Oats unchanged and provisions higher all around.

Wheat opened ¼@¾ advance, after selling down ¼ advanced ⅝, eased back ½@⅝, rallied again, changed some and closed steady. The decrease for the ocean passage of 968,000 bushels, the firmer cables and unsettled weather in England, all acted as bullish influences. The liberal short interest here and the withdrawals from stores also had the same tendency.

Corn was generally firm within ⅜c. range. The action of wheat and the reduction of the visible caused the strength.

Oats were firm early with wheat and corn weakening later on sales, the range for September being ⅜c.

Provisions were dull but firm on the firmness in wheat and buying by packers. Compared with Saturday night September pork is 17½ higher; September lard 5c. higher and September ribs, 7½c. higher.
