SCARED BY BOISE'S RED TOGS

WHITE WINGS THOUGHT THEY LOOKED LIKE LOBSTERS.

Salt Lakers Permitted Idaho Boys to Defeat Them by a Score of 13 to 4.

"The same old story, nothing new," was the refrain sung by the Salt Lake wind-wafpers at the ball park yesterday afternoon. Whenever the local bunch gets a sight of a red uniform that looks like the insignia of the Gimlin cohorts from up Weber county way they go up in the air and give the finest exhibition of round and lofty tumbling that was ever seen inside or out of the white tents. The new aggregation of ball tossers dragged together by Manager Stone of Boise was the proposition that stacked against Captain Webster's artists, and when the fireworks were called off had a lead of 13 runs to 4. The gentlemen from Idaho have got what is known as the base-hit habit firmly established in their make-up, and the way they went after the Hon. Mr. Taylor and afterward, "Doctor" Webster, made the 200 fans who had the temerity to journey down to the Walker inclosure wish for home and mother a thousand times during the performance. Outside of one player the visitors gave a fast exhibition, and will make any of the Utah clubs go some to head them at the finish. Hallowell had the White Wings beating all the air out of the park, and backed by the heavy stick work of Bradbury, Mitchell, Castner, Berkeley and Lally, had the easiest kind of a proposition in pulling off his game. The fielding honors were carried off by Brookler, Bradbury, Mitchell and Edwards. For Salt Lake Hanley played a magnificent game, and Cope accepted two hard chances. In regard to the rest the least said the better.

Boise was the first team to get a run across the plate, Brookler conning Taylor for a base on balls, stealing second and scoring on Bradbury's timely single to left. The Wings tied the score in the second inning on singles by Webster and Cope and at one out at first, but Boise again took the lead by running up two tallies on hits by Berkeley, Bradbury and Mitchell, and a wild throw to catch a runner at second by Taylor. For the home team McCausland skipped over the pan by making a hit, stealing second and coming in on Berkeley's low throw to third. Neither side scored again until the fifth, when Meredith's muff of Brookler's fly, followed by singles of Bradbury and Lally and Mitchell's bang for two sacks, resulted in three Boise runs, Salt Lake getting one by base on balls to McCausland, Taylor and Hanley, and the Mac's great base-running when he stole second and third and came home on Berkeley's second wild throw. Berkeley's two-bagger, together with a wild pitch by Webster, who had taken Taylor's place on the slab, and Hickey's muff, let in another run in the sixth, and Williams' wide throw to first, a two-cushion shot by Castner, Hallowell's single and another two-bag crack by Berkeley were responsible for another Boise quartette of runs. A wild throw by McCausland and three singles in the eighth gave the Idaho boys a couple of "extras," while, in the ninth, the best Salt Lake could scrape up was a solitary tally, McCausland reaching the first corner on Egan's error, Taylor sending him across with a slashing drive to left center for three bases.

OGDEN-SALT LAKE SERIES.

Clubs Will Fight for $1,000 Prize With Strengthened Teams.

Negotiations are pending between the Salt Lake and Ogden managements to inaugurate a series of twenty games between the two clubs, to start immediately after the close of the present three-club season on Sept. 8.

The series will be for a purse of $1,000 and probably a large side bet. Steps have already been taken to strengthen the White Wings by the addition of "Buck" Weaver and Bradley of the Lagoons, to play left and center fields respectively. Harry Newmeyer was also approached yesterday in regard to joining the pitching staff of the locals for the games, and expressed his willingness to accept the proposition. With the addition of these men Salt Lake would have one of the strongest teams in the business, and the "fans" would have the unalloyed enjoyment of seeing the home team win a few games from the Lobster bunch. Special games will be arranged during the Elks' carnival. Hollingsworth will be back in time to play with the Ogden team, as the Western league season closes Sept. 15.

TERRIBLE SWEDE COLLIDES WITH FAMOUS MAXWELL MOTOR

JOHN LAWSON ON THE MAXWELL MOTOR.—(Photo by Fries

THE ABOVE PICTURE is a reproduction of the famous Maxwell single motor that has created such havoc with the saucer track records since its first appearance two weeks ago.

The rider is none other than John Lawson, the present owner of the machine and well known from coast to coast as "The Terrible Swede." Lawson had a serious accident on the track yesterday while following the machine at a 1:30 clip, and it was thought for a few seconds that his obituary notice would appear in the papers this morning. Oscar Julius, another member of the Swede wheel colony, was riding the machine, pulling Lawson out in preparation for the twenty-four-hour race on Labor day. While traveling at a terrific speed the belt attached to the motor slipped, causing the machine to slow up for an instant. Lawson, who was following but a few inches behind, dashed into the pacemaker and was thrown heavily upon the track. The unfortunate Swede slid upon his neck and shoulder for a distance of twenty feet and then rolled down into the oat field in the center of the track. When Lawson was picked up it was thought he was seriously injured, and it took some time for him to become convinced that his shoulder was not broken.

Lawson stated to a Herald reporter last evening that it was impossible to kill a Swede, especially one who follows cycle riding for a living, and says he will be all right for the races this evening.

DIAMOND DUST.

Lagoon and Ogden will play an exhibition game at the Lagoon today, commencing at 3:30. Hamsford will pitch for the Lobsters and Captain Joey Kostal for the Lagoons.

The Boise team felt extremely satisfied over the outcome of yesterday's game, and has already started a deal to enter the league next season with all kinds of good backing.

Manager Critchlow of the Lagoon team informed President Beardsley yesterday that he had suspended Shortstop Hollingsworth indefinitely. Holly jumped to Colorado Springs the day before the big game with Salt Lake last Friday and put the team in a bad hole which, however, was luckily overcome by the impressment of George Bates.

Harry Newmeyer received a letter from Billy Hulen, manager of the Colorado Springs team, yesterday, offering the big pitcher $175 a month to finish out the season in that town, but "Zeke" says he prefers the wilds of Farmington to a berth with the Millionaires.

The Boise team leaves for Logan tonight, where they will play tomorrow. Sunday they jump back for a tussle with Ogden and expect to arrange a game with the Lagoons for Labor day morning.

Salt Lake will endeavor to win back its lost laurels from Boise at the Park this afternoon, the game to commence at 4 o'clock. The local players were hot over their defeat in the first game and propose to put up a purse of $100 that they will beat the Idaho band today. The management of the latter team is willing to cover this amount and the deal will probably be closed this morning. Meredith will pitch for the White Wings and Ripley for Boise.

Hallowell, the Boise twirler, was a member of the Sanden Electrics of Denver about six or seven years ago.

The Salt Lake and Ogden game which was scheduled to be played at Walker's field on the afternoon of Labor day will take place at the Lagoon instead and will be called at 4:30 o'clock.

Strenuous "knocking" resulted in a short but warm controversy between Manager Griffin and Dan Taylor, the clever right fielder, on West Second South street last evening. Daniel was sore over a few remarks in regard to his "booting the ball" made from the grand stand by the manager in yesterday's game and this, together with a "hot air" story about fining players, aroused his ire. When he met Griffin on West Second South there were some very warm words, but the pair adjourned to the manager's office, where matters were satisfactorily adjusted.

Cycling.

RACES AT SAUCER.

Programme of Sprint Events Arranged for Tonight.

The entries for the bicycle races tonight closed yesterday and include one of the largest fields of starters of the year. The events are all sprint races and those who like to see the men ride for all there is in them without the aid of the motor cycles will have an excellent opportunity to do so. The two-mile tandem professional handicap will have six teams as follows: Gibson and Chapman, Neidherhoffer and Staver, Clem and Charlie Turville, Vaughn and Gus Lawson, Julius and John Lawson, and Samuelson and King.

In the half-mile professional handicap those who will ride are Waine, Ben Green, John and Gussie Lawson, Julius, Chapman, Gibson, Clem and Charlie Turville, Neiderhoffer, Staver, King, Vaughn and Samuelson.

On account of the large list of entries in the five-mile amateur lap race, half-mile heats for qualification will have to be run. Those who have signified their intention to ride are Hermans, Hume, Mossburg, Fallentine, Munsin, Bowers, Kelley, R. W. Smith, Eddie Smith, Jimmie Smith, J. E. Smith, Angell, Hopper, Leyland, Burgess, Grames, Heagren.

WHEEL NOTES.

Sheelor of Omaha, now riding at the saucer track, received a letter from Johnnie Dye of Kansas City yesterday, in which the latter expressed a desire to come to Salt Lake and finish the season. Dye is considered one of the best amateurs in the Sunflower state. Sheelor wrote the eastern man giving him a glowing account of the racing game in this city and thinks Dye may float out this way before many days.

The management of the saucer decided last evening to give John Lawson a trial behind the Maxwell motor for the world's record of 1:31 2-5. The motor will be fitted up with wind shields and it is expected the Terrible Swede will be able to ride under this mark. This will be the first opportunity the public have ever had to witness a rider behind this latest invention to annihilate space.

Charlie Turville worked out twenty miles yesterday behind his motor, doing about a 1:46 clip for the distance.

Billy King worked out a fast ten miles behind his fast motor, and then one of the batteries went wrong. After repairing the machine he will take it out for a trial spin, probably this morning and expects to get on a match against the time record.

The Turf.

TRACK TALK.

The local horsemen are having a busy time down at the Calder's park track these days, getting in readiness for the Labor day meet. Julia A was worked out four heats yesterday in 2:26, 2:25, 2:24 and 2:24½, and her owner, George Robinson, claims she is going fast enough to get inside the money.

May R also went a mile in 2:31½, which is remarkably fast time for the mare.

Berlina, the fast Ogden mare, will leave for this city Friday, arriving at the track the following afternoon.

Lindsay Rogers' new team of bays will be exhibited between heats at the race track Labor day, arrangements to that effect having been made between Mr. Rogers and the Calder's park management yesterday.

As there is still some doubt in regard to where the auction pools are to be sold Saturday evening, the management wishes to announce that I. B. Jones will sell them as usual at Bennett & Engler's saloon, the Pabst, on West Second South street, opposite the Walker building, from 8:30 to 9 p. m.

The speedway on Main street had a rather deserted look last evening, as but few of the fast road-workers were out. The only dash of any consequence was a friendly "go" between Tom McCoy's green pacer, The Kangaroo, and Mr. Cosgriff's fast mare, Mary Magdalene. She is an importation from Denver and has a track mark of 2:27.

Dr. Keysor is not satisfied with the result of Jupiter's showing in the race with Tom McCoy the other evening and wants to put up money for a match race to be held at Calder's in the near future.

C. J. Crabtree's Sailor Boy is suffering from a lame leg and consequently the "regulars" on the speedway are losing their usual evening's excitement.

Wagon Record Broken.

Chicago, Aug. 29.—The world's wagon record with an amateur driver was broken at Washington park today by F. G. Jones, who drove the 8-year-old pacing gelding, Little Boy, a mile in 2:08 3-5, the last half of which was made in :58 2-5. This displaces the former figure of 2:08¼, which C. K. G. Billings held with Free Bond.

Jockey and Horse Killed.

Carbondale, Ill., Aug. 29.—At the Anna races Charles Hodges, a jockey from Vienna, riding the horse Mino, owned by Jack West of Poplar Bluff, Mo., was killed together with the horse. The race was a half-mile dash, and the bunch of five horses were within a few feet of the wire, when the horse suddenly fell, breaking its neck and throwing the rider headlong fully thirty feet. Hodges was found alive and carried to a house, where he died later.

Miscellaneous.

Football on the Coast.

San Francisco, Aug. 29.—Preparations for the football season, which will soon open on this coast, are in active progress. The Reliance team has engaged the Collins brothers of Denver and will also be strengthened by the addition of McPherson, the great end man of the Butte team in '95 and '96. The University of California eleven will gather on the campus next Monday and the Stanford boys will assemble for practice a few days later.

Protection for Minor Leagues.

St. Joseph, Mo., Aug. 29.—President Hickey of the Western league tonight issued a call for a meeting of the minor league clubs to be held in Chicago, beginning Sept. 25. Better protection to minor leagues is desired, according to the statement of Mr. Hickey, who has been in conference with those organizations for some time.

Ogden, Aug. 30.

PREACHER'S WILD RIDE.

Rev. Mr. Goshen Stops a Runaway in Thrilling Style.

Rev. E. I. Goshen was the central figure in an exciting incident yesterday forenoon happening in the business district. The reverend gentleman was riding up Twenty-fifth street on his fine bay saddle horse, when he met a horse belonging to the Pacific Express company racing down the hill attached to a delivery wagon. The wagon was filled with a lot of enlarged pictures, which the company was delivering to some eastern concern. Goshen headed the runaway north onto Washington avenue and gave chase. The pictures kept spilling from the wagon along the street as the runaway dashed up Washington and Twenty-fourth. The preacher spurred his animal ahead of the runaway and, just opposite the postoffice, caught the bits, bringing the runaway to a stop. The wagon was but little damaged. Several of the pictures were ruined.

Who is Nels?

Mrs. Lindsay, well known to the Ogden police, and an old man, who gave the name of Nels Christensen, were arrested late last night at the Last Chance saloon, Five Points, by Officer Burke. The couple were found in the back room together, and Burke, who discovered them, will be an important witness.

Christensen is not the man's real name. The proprietor of the saloon, Mr. Robinson, protested against the arrest, and Burke says he will prefer a charge of resisting an officer against him.

Meyers-Brookie.

Miss Gertie Meyers of Ogden and Mr. F. M. Brookie of San Francisco were married last evening at the home of the bride's mother on Madison avenue by the Rev. J. E. Carver. A large number of friends witnessed the ceremony.

Seven "vags" were run in yesterday morning by the police department and were later given sentences of ten days each. The men were all found sleeping in Middleton's barn. Two other "vags" were given five days each and one drunk paid a fine of $5.

The negro, Lewis, who was recently sentenced by Justice Hall to pay a fine of $100 and to serve ninety days in jail for enticing a white girl from her home at Weston, Ida., was released on his paying the fine, the jail sentence being suspended.

Buffalo, N. Y., Aug. 29.—At today's session of the United Typothetae of America, the committee directed that a committee of three be appointed by the chair to make a study on behalf of the Typothetae and other trades of the proposition that all trades be compelled to use the union label.
