$10,000 MATCH CALLED OFF

The Abbott Goes Lame, Failing to Race Lord Derby.

DIRECT HAL AGAIN WINS

ALTHOUGH FOULED HE EASILY TAKES $5,000 STAKE.

NEW YORK, Aug. 12.—The second day of the grand circuit meeting at the Brighton Beach track had an excellent card. The weather was bright and cool, but a high wind prevented fast time. The management announced that owing to the Abbott being lame, the $10,000 match between the ex-champion and Lord Derby was declared off. In its place on Thursday Prince Alert, 2:00¾, and Anaconda, 2:01¾, will compete for a purse of $5,000 to beat the world's pacing record, and Dan Patch, 2:00¾, will go a mile against time to beat the world's record, held by Star Pointer, of 1:59¼. With favorable weather it looks as if both records are in danger, as the track is fast, and the horses are in first-class condition. Dat Patch was booked for Saturday.

The Metropolitan $5,000 for the 2:20 pace also had a hot favorite in the bay stallion Direct Hal, who has won every race he has started in this season. The field was a strong one, and the betting was wild, heavy and sensational in the extreme, one plunger laying $30,000 to $22,500 in the pools on the favorite, whose price was steady at $100 to $75.

Miss Willamont drew the pole, but as soon as the word was given Greenline, with a splendid burst of speed, took the lead and got the pole, with Elderone second and the favorite, who got the worst of the start, third. In the back stretch Direct Hal tried to get to the front, but was interfered with by Elderone, and a foul occurred. Greenline led into the stretch, when Geers came with one of his well known finishes and won by half a length. Elderone was distanced for the foul.

In the second heat the battle was again between Greenline and the favorite, from start to finish; in the third the favorite won easily by three lengths from Tertimin, Greenline breaking so badly on the top turn that he was distanced.

The Summary.

2:24 class trotting, purse $1,500—Tiverton won three straight heats in 2:12¾, 2:13¼, 2:14. William Tell, The Questor, Narciate, Mary Joe, Anna Held, Marie Studholme, Roan Wilkes, Little Helen Poteen and Trilby Simmons also started.

2:20 class, pacing (the Metropolitan), purse $5,000—Direct Hal won three heats in 2:06½, 2:07, 2:07. Tertimin, Cubanola, Gold Brick, King Charles and Greenline, Miss Willamont, Grasshopper, Elastic Pointer and Elderone also started.

2:18 class, pacing, Novelty race, each heat a race, horse making fastest time winning first money—Allie Wood won the first heat in 2:12¼; Prince of Orange won the second heat in 2:12¾; Alvander won the third heat in 2:14½. Wilton, Silver Hair, Bemay, Minka, Sunday Morning, Brigham Bell, Mary C. and Charles D. Jacob also started.

Three-year-old (Horse Review stake), purse $1,000—Ecstatic won in 2:28¼.

Seventh race, purse, three furlongs—Tommy Tucker won, Gypsy D. second, John H. Carr third. Time—36 seconds.

Running Race For Saturday.

Tom McCoy, who has consented to manage the horse meeting at Calder's on Saturday, said last evening that they had decided to make the running event five-eighths of a mile. He also said the indications were that the meeting would be a successful one on account of the attractions scheduled. The four-cornered match between Vesta C, Sarah Green, Hal Corbett and Julia A is considered one of the best cards that could have been arranged, and horsemen who are interested in the game say it will make a great race, with at least seven heats to decide the winner.

Want Judicial Decision.

Baltimore, Md., Aug. 12.—At a meeting of the stockholders of the Baltimore Baseball club today, it was resolved to use every effort in securing a judicial decision as to the status of the club in relation to its interest in the American League grounds in this city and in the earnings of the club. To that end the attorneys for the majority stockholders will press to a speedy trial the pending case in which a receiver is asked for by the minority shareholders. There was a manifest determination at today's meeting that whatever may transpire, Baltimore shall be represented in the American League until the end of the present season.

HARD DAY'S TRAINING

Root Working Overtime to Get Into Condition—Tickets on Sale Yesterday.

Jack Root put in his hardest day's training yesterday since he began and will add more work today, when he will begin to taper down until the day of the contest. His work consisted of an eleven and one-half-mile run in the morning at Liberty park, when he returned to his training quarters for a rub down and rest. In the afternoon he boxed four rounds each with Donnelson and Steiner, which was followed by a half-hour's work with McLaughlin on the mat. Ten three-minute run rounds were spent punching the bag, which, together with rope jumping, dumbbells, clubs and footwork, wound up the work for the day.

After all this, Root said he felt fine and could continue for several hours if necessary. Houseman said last evening that Root had reached the cranky stage in his training, which signifies that a man is in the best condition possible. All the best boxers in the business today get this way several days before the contest, and according to Houseman it is a sure sign that they are in good physical condition.

The sale of seats began yesterday, and while the amount of the sale was not made known last night, yet it is said it was far better than expected. The mail orders were especially large, which would indicate that a good many may be expected from the outside. Among those who bought tickets yesterday were a number of visitors who had intended to leave the city after the convention, but decided to wait until after the contest. Mr. Mulvey said last evening that from the present indications the seating capacity of the track would be taxed on the night of the contest.

Miscellaneous.

Tennis at First South Court.

All but two of the matches in the invitation tournament on the First South court have been finished, W. Salisbury beating Blackburn, Griffin beating Hutchins, Kimberly putting out Oglesby, and Boyd taking Thompson into camp. This latter match was replete with brilliant plays, which the score, 6-3, 6-3, does not adequately show.

Considerable interest centered in this match, as Thompson recently won the title of champion at the Country club, and Boyd had the distinction of vanquishing all comers in the tournament held last September. The latter in many of his strokes displayed the form once shown by the famous Landsdown, while his lobbing was superb. The two remaining matches will be played today and the second round started Thursday.

LARGE CROWDS WITNESS RACES

Oldfield Wins Five-mile Motor Race.

FOUR TANDEMS COMPETE

REDMON TAKES UNPACED QUARTER IN :26 1-5.

ONE OF THE largest crowds of the season gathered at the saucer track last evening to witness the races. It was strictly a crowd of visitors, many of them having never seen the same style of races before. The principal event was the five-mile open motor race, with four teams on the track. Turville was unable to get his machine to working right from the very start, and was ordered off the track by Referee Sharp, after being lapped seven times in the first mile and a half.

Samuelson and Furman, who had second place in the start, were passed by Chapman and Smith in the first mile and remained in this position until the end. Oldfield and Hausman took the lead at the crack of the gun and were never headed, although Chapman and Smith several times rode the bank in an effort to get around.

Several of the riders entered in the mile professional handicap did not start in the heats, and in the final Hofman was left at the tape on account of not being ready at the crack of the gun, and Hausman's chain broke on the first lap and he was also out of it. Gibson and Oldfield fought for first place at the finish, the Cincinnati boy winning by inches.

About two dozen amateurs made a trial for the world's unpaced record for a quarter-mile of 25 1-5 seconds, in which Redmon made the best time, going the distance in 26 1-5. Heagren and Herman tied for second place in 26 4-5, and in the run over Heagren got second place in 27 flat, Herman doing 27 2-5. Hopper, the only man on the track who can break the record, was not allowed to make the trial on account of being too fast, although the crowd repeatedly called for his appearance.

The Summary.

Quarter-mile record trial—Redmon, 26 1-5; Heagren, 26 4-5; Herman, 26 4-5. Several others also ran.

Final mile professional handicap—Gibson (45 yards), Oldfield (40 yards), Furman (40 yards), Smith (80 yards.) Time—1:59 4-5. Emery also ran.

Five-mile open motor race—Oldfield and Hausman, Chapman and Smith, Samuelson and Furman, Clem Turville and Stinton. Time—7:33 3-5.

BURIED VICTIM ALIVE

Officers Investigating Killing of Teachers—Dogs Ate Flesh From Bodies.

Manila, Aug. 12.—An investigation made by the constabulary to clear up the facts in the killing of a Cebu coaching party of four school teachers shows that the party was ambushed twelve miles from Cebu.

Two teachers were shot and killed at the first volley; a third, who ran, was shot in the back, and a fourth, who was captured, was shot in the chest while he was praying for mercy.

It is suspected that the fourth man was buried alive, as his wound was slight and probably would not have caused death. Dogs dug up two of the bodies and devoured the flesh.

It is believed that sufficient evidence has been secured to convict all the parties connected with the crime.

The bodies of these teachers were found on July 24, after the teachers had been missing since June 10.

The police killed the leader of the band of murderers and captured eight other alleged participants in the crime. One man escaped.

MUST BE NOW OR NEVER

Cuban Says That If United States Wants to Annex Island They Must Hurry.

Louisville, Aug. 12.—"Unless Cuba is annexed to the United States within a year, it never will be," said Mr. G. Castellanos of Havana, who was here last night. "If the United States wants the island, now is the time for them to get it.

"The people are poor, and there is no demand for the sugar and tobacco, the principal products.

"The failure of congress to adopt the reciprocity resolution was a great blow to the island, but we think we shall find a demand for our sugar in Europe.

"When this is done our people will become prosperous, and all will oppose annexation.

"But now, with hard times staring them in the face, a great many Cubans favor annexation. This is especially true with the wealthy classes.

"They want to sell their products, and realize the benefits they would derive personally by having an open market.

"It will take several years to bring order out of chaos and establish prosperity. But when this is done the people will be satisfied, and will oppose any effort toward annexation."

HACK DRIVERS ARRESTED.

As a result of the complaints made to the police by the Elks that the hack drivers of the city were violating the law in regard to price lists, two hackmen were arrested and appeared before the city court yesterday. The offenders were Emil Levin and Percy Peterson. They were charged with removing the price lists prescribed by law from their rigs, but on motion of the city's attorney they were discharged without prosecution. The hackmen have been notified by the police that they must place their price lists in full view or pay the penalty under the law. An investigation yesterday showed that the orders had been observed, and no more complaints from that source have been received.

Three Children Are Hurt in a Runaway.

Mrs. Herman Voss, two children and a nephew, with the hired man, were thrown out of a buggy at the corner of Twenty-fourth street and Lincoln avenue yesterday afternoon, the three children being somewhat cut and bruised. Otherwise no damage was done. The rig was an open, single seat buggy, and the man was driving the party in from their home near Wilson, when the animal became frightened at the cars and bolted, tipping the vehicle so that all were thrown to the ground. The horse was stopped at the corner of Twenty-fifth street and Grand avenue and the children were carried, one into the house of N. Tanner and the two others into a house on Twenty-fourth street. Drs. Rich and Forbes were summoned, but it was found that no especial damage was done.

Shall City or County Care For Indigent Sick?

The board of county commissioners yesterday received a report from the superintendent of the poor farm that a man too sick to walk had been brought out to the farm by a hackman and there left on the premises. The hackman said he was employed by Mayor Glasmann. The county attorney was instructed to investigate the matter and see what redress the county may have.

Meanwhile it looks a little to the taxpayer who foots the bills as though the dispute was whether the money shall be taken out of his left pocket or out of his right.

TO LISTEN TO MUSIC.

Buffalo Bill's Riders Will Be Entertained at Tabernacle.

One of the features of the last day of the convention will be an organ recital in honor of Colonel Cody and 300 of his riders, which will be given in the tabernacle by Mr. McClellan, Thursday morning at 11 o'clock.

Some weeks ago the first presidency of the church addressed a letter of invitation to the great scout and forwarded it through Junius F. Wells, a personal acquaintance of Buffalo Bill's, who some years ago accompanied him on a six week's hunting trip through the wilds of Colorado.

No answer was received till yesterday when, through his representative, Colonel Dexter W. Fellows, the scout sent word that he will be only too glad to accept the invitation.

DRUNKEN MAN ON STREET CAR.

A row on a Third street car near the intersection of First and E streets yesterday afternoon resulted in rather severe injury to a man named Mealey, who was thrown off the car by the conductor, the latter acting in self defense. Mealey was intoxicated and when asked for his fare claimed to have paid it. The conductor disputed his word and the stranger followed him out onto the rear platform and attempted an assault. The conductor was too quick and sent the drunken man sprawling out into the street. His head struck the ground rather forcibly and he did not regain consciousness, between the liquor and the blow, for some time, during which a doctor and the police were sent for. Mealey finally came to and went on his way. The incident created great excitement, the women passengers becoming almost frantic over the occurrence.

BARTHOLIN IS STILL AT LARGE

Reported as Being Seen at Five Different Cities.

THOUGHT TO BE IN CHICAGO

HUNTER SAYS HE HEARD NO UNUSUAL NOISES IN HOUSE.

CHICAGO, Aug. 12.—The idea that Bartholin, the supposed murderer of his mother and his sweetheart is being aided by a fraternal society in his escape, was shattered tonight.

Bartholin had been a member of the Mutual Protection association, but was expelled July 1.

The officers of the organization emphatically deny that they had had anything to do with Bartholin, and declared they would not protect him under any circumstances were he still a member.

Thompson, the boarder at the Bartholin house, was again put through the "sweating" process today, but nothing additional was learned from him.

He maintains that the story told by him when first arrested was the truth and that he knew nothing about the crime. The police do not credit Thompson's tale, and he is still under arrest.

At midnight the police declared that they had not a single reliable clue to the whereabouts of William Bartholin, whois wanted for the killing of his mother and Minnie Mitchell.

During the day Bartholin was reported from the following places, and in nearly every instance the identification was positive:

St. Joseph, Mich.; Kenosha, Wis.; Elkhart, Ind.; Doris, Ia.; Guthrie, Okla. The police are of the opinion that Bartholin is still in Chicago, and that if he has left he has gone to Indian territory, where he has friends.

SAID SHE WAS IN MICHIGAN.

E. O. Hunter Located in Toledo, O.—Tells His Story.

Toledo, O., Aug. 12.—E. O. Hunter, said to be much desired by the Chicago police as a witness in the now famous Bartholin murder case, has received no summons or request to go to Chicago. He is in delicate health and is the guest of his brother, ex-County Treasurer Samuel Hunter.

When seen tonight by a representative of the Associated Press he stated that he was ready and willing to go to Chicago whenever the police of that city wanted him.

He has been here for over a week, and as soon as he learned of the terrible affair made it known that he had roomed with the Bartholin family. Regarding the tragedy, Mr. Hunter said:

"I saw Mrs. Bartholin the last time on July 4. I paid my room rent. A week later I asked her son Will where his mother was, as the bed in my room had not been made.

He replied that she was in Michigan. After that my bed was properly taken care of. The next time I saw Will was July 28.

At that time he said he had heard nothing from the old lady and borrowed some money with which to pay the gas bill. Thursday, July 31, Oscar Thompson told me he would have to close the house, as Will Bartholin had gone away to get married, so I left, ignorant of the fact that I was living in the shadow of an awful crime.

"I heard no unusual noises about the house on the night of July 28, when the murder is supposed to have been committed, and the relations between Will Bartholin and his mother were very pleasant. I noticed nothing unusual about Bartholin's conduct between July 8 and the time I left. I never heard Will Bartholin speak of Minnie Mitchell."

REGARDS FOOTBALL PART OF NECESSARY EDUCATION.

Chicago, Aug. 12.—Benjamin Andrews, chancellor of the University of Nebraska and ex-superintendent of Chicago schools, thoroughly believes in football as part of the necessary education of young men. "If I had 100 or 1,000 children I would want every one of them to play football, if they were strong enough, and to play it hard and strenuously," said Chancellor Andrews in a lecture at the University of Chicago.

"Boys ought to be trained in strenuousness," he said. "That is the great value of football; it is a school in which courage and resolution are taught. I thoroughly believe in the game."
