CABBAGES OUT OF MARKET

California Variety Ceases, With Few Utahs Ripe.

BERRIES MOVING FREELY

APRICOTS NOW ON SALE AND PLUMS ARE COMING.

There is practically no cabbage on the market at present, and at the same time there is a great demand for the vegetable. The California variety has ceased coming to Salt Lake and the home-grown product is not quite ripe as yet. A carload is expected from Ogden Monday ,however, pected from Ogden Monday, however, grocers now have a few heads grown near Salt Lake.

Strawberries have been the ruling feature of the market during the week. The price has been low and the stock has moved freely. Lemons were also sold in great abundance.

Texas tomatoes and watermelons, the first of the season, are expected next week.

New Utah potatoes are soon to take the place of California new potatoes. The last carload of the coast variety is now on the market.

California apricots are now on the market. Peaches have been on sale for some time and plums are expected daily.

Green peas have gone up since yesterday.

Texas cantaloupes are new in the market, and can be had much cheaper than the California variety.

Yesterday's retail quotations:

THE SAN PEDRO LINE

Has been chosen as the official line for the ELKS during CARNIVAL WEEK at Provo.

Blanks for assessments and delinquent notices intended for publication in The Herald will be furnished free upon application to this office.

MANY GUNS STOLEN.

James Sloan Held at Fort on Charge of Larceny.

James Sloan, whose enlistment in the Twenty-ninth infantry covers a period of but a week, is now a United States army prisoner at Fort Douglas. Sloan is charged with having stolen from the post eighteen revolvers of the regulation .38 calibre type. After getting the guns Sloan is alleged to have buried them in the vicinity of the Salt Lake brewery, Fifth South and Tenth East streets.

The hiding place was a ditch and running water washed away enough dirt to disclose the weapons to plain view. They were discovered by Fred Reiden of 1138 East Fifth South early yesterday morning. Reiden also found with the equipment a letter addressed to Sloan which led to the latter's imprisonment.

WILL STAND TRIAL.

"Dr." Hahn Brooks, "Healer," Enters Plea of Not Guilty.

"Dr." Hahn Brooks, the long-haired man who, guised as the Savior, has been preaching and peddling on Second South and Main streets daily and nightly, entered a plea of not guilty yesterday afternoon in Judge Diehl's court to a charge of peddling books without a license.

"Dr." Brooks, who was represented by counsel, expressed himself as ready for immediate trial, but on motion of Assistant City Attorney Willey a continuance was taken until 2 p. m. today, when the city will present its case. The "healer" is now out on his own recognizance, the $50 check furnished by a friend last night being released.

"Dr." Brooks is, according to his card, a "healer" of loathsome diseases.

CARNIVAL MAY OPEN SAN PEDRO

Salt Lake and Los Angeles Meet Half Way.

FIESTA FOR LOS ANGELES

EXCURSION TO BRIGHAM CITY —S. P. STOCK BULLETIN.

Great festivities are under consideration for the day on which the last spike is driven on the San Pedro, Los Angeles & Salt Lake City railroad. The present plans are that Los Angeles and Salt Lake City will meet at the point, indulge in congratulations, and hold a carnival of sports and pleasure.

Nothing definite has yet been arranged for, although Los Angeles residents are beginning to talk of a grand jubilee for the occasion. Addresses, music and various athletic sports are talked of for the day. At the point where the finishing touches are made, it is expected that California's and Utah's leading men will meet to address the gathering.

At Los Angeles the members of the Merchants' and Manufacturers' association have agreed to hold a Fiesta as soon as the road opens, provided the business men of the city and others interested will guarantee the expense, about $25,000. This they expect to hold at a time when the residents of Salt Lake City may be present.

Present plans also include a visit by the business community to Salt Lake City. After this they will expect a visit from the people of Utah.

The programme for the Fiesta at Los Angeles will probably include a flower festival and an electric parade. A number of other features will also be planned for the occasion. Next year no gathering of a national character will be held in San Francisco or Los Angeles, making it easier for the business community to stand the tax necessitated for the Fiesta.

BERRY FESTIVAL TODAY.

Hundreds Going to Celebration at Brigham City.

Several hundred persons will start this morning for the strawberry festival and stake carnival at Brigham City. Arrangements have been made with the Oregon Short Line to run special trains on both days of the festivities, which will be held today and tomorrow.

Berries in every conceivable way will be served to the callers at Box Elder county. Short cake, strawberries and cream, strawberries and ice cream, strawberry ices and plain strawberries will be on the menu cards for the persons attending the carnival. There will be dancing at the pavilion at the Academy of Music and a ball game on each day.

The train will leave at 8 o'clock this morning, and will return about 11:45 o'clock this evening, in time to enable the excursionists to catch the street cars.

The same service will be continued tomorrow. The excursions promise to be the largest that have ever been sent to Brigham City.

OFFERS PREFERRED STOCK.

Southern Pacific Issues Formal Statement For Sale.

New York, June 16.—The Southern Pacific company has issued a formal statement regarding the proposed preferred stock. Forty million dollars of Southern Pacific preferred stock will be offered to the stockholders at par, redeemable at 115 between July, 1905, and July, 1910; and will be convertible into common stock. This will provide for all floating debts and expenditures authorized or contemplated during the next year, and will leave, according to the official statement, upward of $30,000,000 of free negotiable securities in the treasury. The statement adds that this will enhance the credit of the company and enable it to refund to advantage its bonding obligations falling due during the next three years.

The text of the statement as given out, follows:

"Issue $100,000,000 7 per cent preferred stock, $40,000,000 to be offered to stockholders at part; convertible into common stock share for share at the option of the holder, redeemable at 115 between July, 1905, and July, 1910.

"Will provide for all floating debt, expenditures authorized or contemplated during next year.

"Leaves upward of $30,000,000 of free and negotiable securities in treasury; will enhance credit of company and enable it to refund its bonded obligations falling due during the next three years to advantage."

New Time Table Out.

The new time table that will go into effect next Sunday on the Oregon Short Line has been received from the printer by General Superintendent E. Buckingham. The principal change is that mountain time will be used between Ogden and Reno instead of Pacific time.

Heavy Livestock Year.

Prospects are that the livestock traffic this year will be heavier than in some time, according to railroad officials who have been investigating conditions in the Nevada cattle country. Conditions are improving daily, it is said. The heavy rains this season have placed the pastures in good shape. Farming products to the west of Utah are also plentiful.

Railroad Notes.

Livestock Agent C. Ira Tuttle of the Oregon Short Line has returned from a trip through western Utah and Nevada.

H. L. Barlow has been appointed general foreman of bridges and buildings on the Montana division of the Oregon Short Line.

E. W. Childs, son-in-law of Vice President Bird of the Gould lines, arrived in Salt Lake yesterday with a party of friends. They occupied the vice president's car and will spend several days in taking in the sights of Salt Lake City.

Chief Draughtsman A. F. Bouillon, under Chief Engineer William Ashton of the Short Line, will be transferred to the San Pedro in a similar capacity. This is due to the change that has been made by the resignation of Assistant Chief Engineer H. M. McCartney.

Don't Wear Imitations

When you can get a real Panama at any price from $5 to $25. Durable, comfortable, stylish.
BROWN, TERRY & WOODRUFF CO., 166 Main Street.

Royal Bread won its popularity on merit. All grocers sell it. None genuine without our label with the crown.

FISHING EXCURSIONS

To the Provo River.

Via D. & R. G. Leave Salt Lake 5 p. m. Saturday, and returning, leave Upper Falls 9 o'clock Sunday night. Over twenty-four hours in the canyon. Best fishing in this part of the state.

Rannier brothers, aerial specialists, Saltair, today.

DOCTORS DISCUSS WHOOPING COUGH

Declare the Public Ignorant of Its Seriousness.

NEGLECT AMONG MOTHERS

LACK OF INTELLIGENT CARE CAUSES MANY DEATHS.

Failure to comprehend the serious nature of the disease, complications with other diseases, neighborhood treatment, the large number of infantile cases and lack of medical aid were among the reasons given by the doctors of the city yesterday for the high percentage of mortality in cases of whooping cough during the month of May.

Dr. H. S. Scott said that it was a mistaken idea among the laity that whooping cough was a harmless and trifling disease. As a matter of fact, among children under 4 years of age it is a dangerous disease, and demanded the most skillful medical treatment. Older children, naturally strong and healthy were able to combat the disease successfully, but even these were weakened and were liable to lung and bronchial trouble as an afterclap.

Dr. Scott quoted from a recent work by Dr. Holt, professor of children's diseases at Columbia university, and a recognized authority, in which he says that the average percentage of mortality from this disease among children under 1 year of age was 25 per cent, and in the foundling asylums it was ranked among the most fatal diseases, the rate of mortality reaching as high as 50 per cent.

Too Much Quackery.

Dr. A. C. Ewing said he believed that in many cases there had been a complication with influenza and that the cause of death was not entirely due to whooping cough. Neighborhood quackery, old grandmother concoctions and almost criminal ignorance caused many a death, when good intelligent nursing, with proper medical attendance, would have saved the child.

Dr. E. V. Silver said he thought many of the cases had, through neglect, developed into pneumonia, which was the true cause of death.

Others expressed themselves similarly and all emphasized the fact that the disease was not one that could be trifled with and should be guarded against as much as scarlet fever or any similar disease.

G. A. R. EXCURSION

To Park City, June 21.

Fare, $1.50 for the round trip. Special train leaves Salt Lake 8:30 a. m. Returning, leaves Park City 9:30 p. m. Everybody invited. A good chance to visit the mines and take an outing with the veterans.

KESSLER THOUGHT LIKELY TO BEAT NASH IN RACE FOR ASSISTANT POSTMASTERSHIP

There is a lively contest in progress for the assistant postmastership of Salt Lake between former Representative A. H. Nash and Alonzo P. Kessler, who was clerk of the water department under the Thomas administration, and who will in all probability win the appointment. Several other appliteations have been made for the place, but the real fight, it is stated, is between Nash, who was once postmaster here, and Kessler. Mr. Nash, it is said, relies more on outside assistance than on the personal favor of Postmaster Arthur Thomas, who is believed to be inclined to Mr. Kessler. The appointment is to be made by Mr. Thomas and must be approved by the first assistant postmaster general.

Colonel Henry Page was named for the position some time ago and his appointment undoubtedly would have been approved had he not accepted a place in the general land office as special agent with headquarters at Spokane, Wash. Colonel Page is one of the fifty-five officers of the provisional government of Cuba who, by order of the president, were made eligible for any appointment in the civil service. He has already entered upon his duties as special agent, which insures him a life position at $200 a month. This he regards as preferable to the $1,500 annual salary that the assistant postmastership pays, while, besides, the latter place is political and subject to change with a change of postmasters.

As the new assistant postmaster will enter upon his duties July 1, it is believed the appointment will be made soon. Postmaster Thomas said yesterday that the appointment would be made in ample time for the new man to qualify, and be ready for duty on the first of the month. He declined to say who would be named by him.

W. S. Walker, who has been assistant postmaster, will be made cashier at an annual salary of $2,000.

DYSPEPSIA OF WOMEN

Requires Treatment Which Acts in Harmony with the Female System.

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary medical treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by derangement of the female organism, and which while it causes disturbance similar to ordinary indigestion cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar utero-tonic effects as well; in other words, a derangement of the female organs may have such a disturbing effect upon a woman's whole system as to cause serious indigestion and dyspepsia, and it cannot be relieved without curing the original cause of the trouble, which seems to find its source in the pelvic organs. As proof of this theory, we call attention to the letters from Mrs. Maggie Wright and Mrs. Emma Sawyer, who were completely cured by the use of

Lydia E. Pinkham's Vegetable Compound

"DEAR MRS. PINKHAM:—For two years I suffered more or less with dyspepsia which so degenerated my entire system that I was unfit to properly attend to my daily duties. I felt weak and nervous, and nothing I ate tasted good or felt comfortable in my stomach. I tried several dyspepsia cures, but nothing seemed to help me permanently. I decided to give **Lydia E. Pinkham's Vegetable Compound** a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a different woman. Seven bottles completely cured me, and a dozen or more of my friends have used it since."—MRS. MAGGIE WRIGHT, 12 Van Voorhis St., Brooklyn, N.Y.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

"DEAR MRS. PINKHAM;—I will write and let you know how much good **Lydia E. Pinkham's Vegetable Compound** has done me. I cannot express the terrible suffering I have had to endure. I was taken last May with nervous prostration, also had female trouble, liver, stomach, kidney and bladder trouble. I was in a terrible condition.

"The doctor attended me for a year, but I kept getting worse. I got so I was not able to do any work. Was confined to my bed most of the time, and thought I would never be able to do anything. People thought I would not live. I decided to try your medicine. I have taken twelve bottles of Vegetable Compound and cannot praise it too highly, for I know it will do all and even more than it is recommended to do.

"I will tell every suffering woman about your medicine and urge them to try it."—MRS. EMMA SAWYER, Conyers, Ga.

Many women whose letters we print were utterly discouraged, and life lacked all joy to them when they wrote Mrs. Pinkham, Lynn, Mass., without charge of any kind. They received advice which made them strong, useful women again.
