OLDEST ELK IN WORLD IN PARTY

Visits Zion En Route to National Convention at Buffalo, July 11-13.

ENTERTAIN CALIFORNIANS

GUESTS DURING SHORT STAY OF SALT LAKE LODGE.

One of the honored members of the party of southern California Elks which passed through Salt Lake yesterday en route to the annual convention at Buffalo was Charles Clusker, beyond dispute the oldest Elk in the world. Mr. Clusker owns this title, not because of the number of years which has seen him associated with the B. P. O. E., but simply from an age standpoint. He was 95 years old March 27 last, although he is as erect and well preserved as most men at 65.

Mr. Clusker joined the San Bernardino lodge of Elks four years ago. He is one of the pioneer residents of southern California, and has many interesting reminiscences of his trip across the plains years ago. He, with several companions, gave Phoenix, Ariz., her name. Mr. Clusker had camped on the site of the present metropolis of Arizona and was impressed with the spectacle of what appeared to be the ruins of some buildings or walls destroyed by fire. When one of his companions jokingly suggested that the camp should be named, he offered "Phoenix," as significant of the place and its surroundings. Phoenix it has been to this day.

Entertained by Local Elks.

Upon their arrival yesterday morning the California contingent was met by Salt Lake Elks, who provided entertainment for the afternoon. At 2 p. m. a trip to the lake was taken and return made in time to allow the visitors to catch the Oregon Short Line train for the east. During their brief stay the Kenyon hotel was made headquarters.

The personnel of the party follows: C. R. Gage, Prescott, Ariz.; Harry Stewart, Redlands, Cal.; E. St. Clair and sister, Bakersfield; J. T. Johnson, H. Bliss, Santa Barbara; R. S. Allen, M. B. McDowell, F. McDowell, F. S. Allen, H. F. Gentry, S. S. Hall, Spencer K. Sewall, Carl Ferris, H. A. Parker, E. R. Braley, Dr. S. F. Willis, H. A. Dorman, J. Ed Nelss, Pasadena; C. H. Olney, Dr. Ralph Hagen, Harry Harrison, Patrick Doyle, Los Angeles; E. S. Banks, J. Fleming, wife and daughter, Charles Clusker, San Bernardino.

The party is in charge of J. H. Pearman, assistant passenger agent for the Union Pacific at Los Angeles. The convention at Buffalo is from July 11 to 13, inclusive.

COMPLAINANT ABSENT

Mrs Lida Beach Does Not Appear in Court When Her Divorce Case is Called.

The divorce suit of Lida Beach against D. E. Beach was set for trial yesterday afternoon in one of the divisions of the district court, and at the appointed hour Attorney Harry S. Harper, representing the complainant, was on hand prepared to show that the defendant was solely to blame for the troubles that have driven the once loving couple apart and caused the wife to want to get through the divorce mill.

But time passed and Mrs. Beach came not. At the suggestion of Attorney Harper the case was passed temporarily until he could locate his client. This he endeavored to do by telephone. From a near relative of the young woman he learned that her mother had been looking for her to send her to court, but could not find trace of her. "Her mother thinks that she has gone out of town to get married," was the last information Attorney Harper received concerning Mrs. Beach.

Mrs. Beach is a daughter of Olof Olsen and lives at 1121 Maple avenue. Attorney Harper is of the opinion that she concluded that all that would be necessary for her to secure a divorce was to file her application, and that he would do the rest.

Will Divide James Estate.

In a suit brought by Arthur W. James against Elizabeth James, V. H. Tichenor, guardian of Gwendlyn James, minor heir of David C. James, deceased, and others, to partition the estate left by said David C. James, Judge Ritchie yesterday ordered that there be a partition. He appointed A. B. Sawyer, jr., as referee to make a sale of the property July 29, 1905. The purchaser must pay $3,000 and the taxes.

Boy Asks For Damages.

William Byrne, aged 19 years, but an infant in law, through Albert R. Barnes, his guardian ad litem, brought suit in the district court yesterday against the Union Pacific Railway company, in which he asks for $2,500 damages for personal injuries. It is alleged that he was crushed between cars while in the employ of the defendant company at Green River, Wyo., April 8, 1905. He was working as a car repairer and while between a couple of cars an engine and some others cars backed down on him.

Court Notes.

Judge Ritchie yesterday ordered the dissolution of the Continental Market company as a corporation, upon petition of its stockholders.

Jennie Gordon was divorced from John Gordon by Judge Morse, and Janett Hay was divorced from James Hay by Judge Armstrong in the district court yesterday.

Marie Tail has petitioned the district court to divorce her from James T. Tail, to whom she was married at Salt Lake Nov. 16, 1904. She alleges in her bill of complaint that he has abused her and assaulted her, inflicting injuries that caused her grief and pain. She wants the court to restore to her her maiden name, Marie Jensen.

READY FOR MORE WALKS.

Acting Mayor Hewlett in Line For Public Improvements.

Several public improvement ordinances passed by the council at its last meeting were signed by Acting Mayor F. J. Hewlett yesterday. One of these ordinances provides for levying an assessment for sidewalk purposes on the property on the east side of State street from Hillside avenue to Second North street, in sidewalk district No. 19.

Another of the signed ordinances provides for levying an assessment on the property on the west side of Center street from Vine street to Pear street, in sidewalk district No. 27.

The ordinances creating sidewalk districts Nos. 39, 40 and 41, in the northeastern part of the city, were also signed.

TOMATO BLIGHT AFFECTS CROP

Supply is Cut Down—Product Now Coming From Texas.

PEAS ARRIVE IN PLENTY

HOT WEATHER CAUSES RUN ON LEMONS.

The tomato blight, which has destroyed at least half of the Utah crop, has caused the local dealers to look out for their supply. The canning factories have been buying up the tomato patches in the northern part of the state, and from the present outlook the Salt Lake market will go short. The commission house dealers are handling Texas tomatoes, but were in hopes of supplying the market later on with the Utah product. The crop had just commenced to ripen when the blight commenced its ravages. From present indications the supply will be light and the prices much higher than last year.

The second crop of peas is being brought on the market and is selling for 20 cents a peck. Young onions, carrots, beets and turnips are also on the market in quantities. The sale of raspberries, blackberries and currants is steady, and the dealers have been able to handle all they could buy. The demand for lemons on account of the hot weather is heavy and carload lots arrive in the city daily.

The fish and poultry market was steady yesterday and the dealers have a full assortment of all the seasonable fish in stock. The prevailing prices remain unchanged.

EDITORS TO VISIT ZION

Southern California Newspaper Men Will be Entertained During Stay by Press Club.

At 6:30 o'clock this morning the Southern California Press association, in a special car, arrives over the Salt Lake route. They will spend three days in Salt Lake City. Some will continue on to the Lewis and Clark exposition in Portland. During their stay here they will be shown the city and entertained by the Press club.

In this party of Calofirnia newspaper men are some who are widely known. All are men of influence in their communities and all are anxious to see what Salt Lake City actually is and has. J. L. Moore, district freight and passenger agent of the Salt Lake route, met the party last night at Las Vegas. He will bring them through and when he left he announced that he would endeavor to do this in a fit and proper manner. This is the annual outing of the association, which has been organized for a long time and is very strong in its section.

The programme of entertainment for today includes a trip to the lake at 2 p. m. The editors will take a several hours' float and will spend the evening at the resort, returning at their pleasure. Sunday they will be shown various points of interest about the city and will be the guests at an organ recital, also at a lunch in the Commercial club.

The majority of the party, which numbers about forty, and which is under the direction of President Edgar Johnson, will return to Los Angeles Monday night. Others will go to Portland to visit the fair and still others will go east.

LOOKS VERY TEMPTING

Opportunity Offered Easterners to Get Rich on Uintah Deal.

Like all prospective rushes to new wealth producing districts the Uintah reservation is making itself felt in the east by more than so-called "business opportunity." Chances to get in "on the ground floor" are as usual being offered through the want columns of various daily papers in the big cities.

A sample of these occurs in the following want ad from a Chicago exchange:

PARTY from Uintah reservation, Utah, has valuable high carbon and copper claims; needs some assistance in developing same; will let right party in on ground floor; a rare chance to make big money on small investment; personal interview. Address R 32, Great Northern hotel.

To the easterner this might look alluring. The average westerner would go to it with some trepidation. For several strangs things appear in the ad. Copper is not known to exist, at least not in any great quantities, on the reservation. Again, private individuals aren't allowed in the district as prospectors. Aside from some corporations which have secured government concessions none has now a chance at mineral lands. But nevertheless the ad in question, like others of its kind, reads well, and doubtless the "party at R 32 Great Northern hotel" when met can give a good talk.

FUNERAL OF GEORGE EDGAR

Rio Grande Fireman Who Lost His Life Buried Tomorrow.

The funeral of George Edgar, the Rio Grande fireman who was killed in Wednesday's wreck at Park City, will be held Sunday afternoon at 1 o'clock from the Fifth ward assembly hall. The body is now at the undertaking parlors of Joseph E. Taylor. Mr. Edgar had lived many years in Salt Lake City and had many friends. A widow and six children survive him.

AUTOS MUST KEEP OUT.

Ordinance to Keep City Creek Canyon Safe Now in Force.

Acting Mayor Frank J. Hewlett yesterday signed the ordinance making it a misdemeanor to operate automobiles in City Creek canyon. The punishment for a misdemeanor may be six months in jail or a fine of $300, or both, in the discretion of the court.

It is proposed to enforce this ordinance strictly, and the automobilist who thinks it won't be enforced can, it is said by the officers of the law, soon convince himself that he is in error by running an auto through the canyon.

The ordinance was passed because of runaways of teams in the canyon, in which persons were injured or narrowly escaped death, caused by the speeding of autos through the canyon and the tooting of auto horns.

WILL MEET TO PROTEST

Woman's Auxiliary of the American Party Get Ready For Action.

A meeting of the Woman's Auxiliary of the American party will be held this afternoon at 3 o'clock, at the First Presbyterian church, corner Second South and Second East streets. The object of the meeting is the discussion and action upon certain phases of the Uintah reservation opening. The claim that the Wasatch stake of the Mormon church is seeking to colonize the reservation lands with members of that faith, and to do so unfairly, is the thing that will get the most of the attention.

BOYS ORGANIZE A CAMP.

Youngsters From Salt Lake and Ogden Get Settled.

The boys who went out on the "hike" from Salt Lake to Ogden and are to camp in the vicinity of Huntsville for a few days have reached their destination and have organized their government for the control of their society during the outing.

The Salt Lake boys went up yesterday morning aboard wagons, excepting only seven who early in the day started out from Glenwood with Judge Willis Brown and walked to the camping place. The Ogden boys had preceded the others the day before and had a good camp in readiness.

It was the intention of the Salt Lake crowd to reach the place Thursday night, but the boys were too weary and footsore to continue the tramp and hence they remained at Glenwood park over night. All but seven waited for the wagon, but the seven with Judge Brown walked to the camping place.

Judge Brown went up to help organize the local government for the boys.

DOCTORS GOING NORTH

Utah and Idaho Physicians Will Attend a National Convention in Portland.

Twenty Salt Lake doctors leave in a special car for the national convention of physicians and surgeons to be held next week in Portland. At Pocatello a large party of Idaho medicos will join them. The Oregon Short Line will carry the parties through.

The Utah and Idaho delegations will spend all of next week in the exposition city. Dr. S. C. Baldwin has been making the arrangements for the trip.

Among the Salt Lake physicians who have secured reservations for the trip are: Dr. S. C. Ewing and wife, Dr. C. S. Baldwin, Dr. E. S. Wright, Dr. Harry Niles, wife and daughter, Dr. E. F. Roos, Drs. E. W. Whitney, Powers, La Mott, Raley, Stauffer, Stockey, Stewart, Beatty and Hosmer.

In the Idaho party will be Drs. George Collister, J. S. Stewart, C. L. Sweet, E. E. Maxey of Boise, O. W. Hall of Starr, J. C. Woodward of Payette, R. L. Nourse of Hailey, C. J. Hamilton of Caldwell, J. R. Numbers of Weiser, W. F. Loder of Dannet, H. A. Castle of Pocatello and Dr. Young of Pearl.

ELECTRICITY IS CHEAPER.

Light Company Announces Its Promised Reduction.

You can buy your electricity now at reduced rates. The Utah Light & Railway company has just issued a circular stating these reductions. From July 1 they take effect. According to their terms, electric lighting has now a basic rate of 11 cents per 1,000 watt hours, with a 10 per cent discount if the bills are paid within seven days of presentation.

In other words, explains the circular, the rate when bills are promptly paid is a little less than 10 cents per 1,000 watt hours. That means it costs 3-5 of 1 cent to burn a standard sixteen-power lamp one hour. This new rate applies as well to electric fans, flatirons, sewing machines and washing machines.

Some months ago the board of directors of the company decided to reduce the rate from 15 cents to 12 cents. Recently they reconsidered this and made the additional reduction which is now in effect.

FOR CHEAPER SUGAR.

Invention to Lower the Cost of Manufacturing From Beets.

Utah sugar men are interested in a sugar finishing machine recently patented by Otto Barth of Loveland, Colorado, which promises to cheapen the manufacture of beet sugar considerably. The machine takes the syrup as it is prepared for the centrifugals, the apparatus now used in finishing. Mr. Barth says one of his machines will do the work of six centrifugals.

Experiments have been made by experts at the Loveland and Fort Collins sugar factories with the invention with satisfactory results, and it is probable that it will be introduced into a number of factories in Utah in the near future.

An Ordinance.

AN ORDINANCE CONFIRMING THE assessment upon the property on both sides of Market street, between East Temple and West Temple street, in sidewalk district No. 20, for the construction of a cement sidewalk.

Be it ordained by the city council of Salt Lake City, Utah:

Section 1. That the assessment list made by the city treasurer, as corrected, approved and completed by the board of equalization and review, heretofore duly appointed by the city council for that purpose, of the property abutting on both sides of Market street, between East Temple and West Temple streets, in sidewalk district No. 20, of Salt Lake City, for the purpose of constructing a cement sidewalk upon said portion of said street, is hereby confirmed, and the assessments made and returned in said completed lists are hereby confirmed.

Sec. 2. This ordinance shall take effect upon approval.
