# FRISCO RISING DESPITE DRAGS

## New and Greater City Simply a Question of Supplying Materials and Men.

## MUNICIPAL HOUSECLEANING

### CORRUPT ADMINISTRATION TO SHARE FATE OF CHINATOWN.

C. H. Overington of the Santa Rosa Tanning company arrived at the Wilson yesterday from San Francisco, and voiced some interesting comments on the situation in that city.

"In spite of difficulties, which must be seen and felt to be appreciated, the new and greater 'Frisco is rising steadily from the ruins of the old metropolis," said Mr. Overington. "The spirit of '49 is again in evidence, and the municipal housecleaning now in progress will ultimately aid in the reconstruction.

"There is no doubt that 'Frisco has been the worst governed city in the United States, and it is altogether proper that the dirty and corrupt administration should be cleaned out along with Chinatown and other obnoxious features of the old regime.

**Fat Is in the Fire.**

"Heney is the man of the hour in San Francisco. He has the backbone of President Roosevelt, and the rascals realize that the fat is in the fire. Mayor Schmitz puts up a very bold front, but he will have a lot of things to explain before Heney gets through with him. Abe Ruef, who is the brains of the whole outfit, has probably been shrewd enough to keep his own skirts within the pale of the law.

"As far as the rebuilding of the city is concerned, it is simply a question of materials and men. Every siding within fifty miles of 'Frisco is filled with loaded cars, and the railroads are utterly unable to handle the traffic. Contracts for structural iron and steel have been placed with nearly every mill in the United States.

**Labor Problem to Be Solved.**

"I am not in a position to discuss the labor problem in San Francisco, but I can say this, the question is going to be solved.

"Market street, from the Ferry to Van Ness avenue, is alive with teams and men. About twenty-five building permits are being issued every day, and some men who haven't received a dollar of insurance are preparing to erect better buildings than they had before. The temporary buildings along Van Ness avenue show the determination of the merchants to continue doing business. I believe the permanent retail district will be restored where it was before.

"Work is in progress now on all the buildings that were under way before the fire, and on all the damaged structures that are open to reconstruction. This includes many big structures that were reported destroyed. The beginning of work on new buildings will be pushed just as fast as the country can furnish workmen and building materials. I understand there are more people in 'Frisco now than there were before the fire, and every man who is able and willing to work at any trade can get a job at high wages.

**Must Lick the Japs.**

"Louis Sarony is one of the foremost hustlers in the city. He never quit doing business for a minute, and is now in temporary quarters on Stewart street pending the erection of his new building.

"The grade of Market street is to be raised four feet from the Ferry back to the hill. It has been suggested that the site of the old Chinatown be turned into a fine residence district. It is certain that the Chinese will not be permitted to rebuild there.

"Don't ask me to express my views on the Japanese school question in San Francisco if you want me to keep within the bounds of temperate language. But just put this down: We have got to lick the Japs, and lick 'em to a finish, before we get through with them. The administration at Washington recognizes this fact, and right now is preparing for the coming struggle."

### COTTON EXCHANGE OPENED.

Liverpool, Nov. 30.—The Prince of Wales, who was accompanied by the princess, today opened the new cotton exchange here, a handsome building which has just been completed at a cost of $1,750,000. In his speech the prince referred to the efforts being made to develop the cultivation of British grown cotton with the object in view of making the British cotton spinners partially independent of foreign supplies, and said he had followed the developments with great interest and hoped the movement ultimately would be successful.

### WEATHER WAS NASTY.

New York, Nov. 30.—A wireless message from the steamer St. Paul says the vessel has encountered severe weather during the voyage from Europe. She will be about 24 hours late in reaching her dock here.

**Passed Examination Successfully.**

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. F. J. Hill Drug Co., "the never substitutors."

# TEST CASE TO BE STARTED

## Right of Alfred Budge to Hold Office in Idaho Is Challenged by Democrats.

(Special to The Herald.)

Boise, Ida., Nov. 30.—H. W. Lockhart, chairman of the Democratic state committee, who was in the city today, formally announced the determination of the executive committee to bring a case to test the eligibility of Judge Alfred Budge to hold office under the Idaho constitution. Judge Budge is a Mormon. He is judge of the Fifth district court, comprising the counties of Oneida, Bannock and Bear Lake, and has just been re-elected to that position without opposition. It has been understood for some time that the Democratic committee intended to test his right to hold office, and the purpose now has been officially announced. Mr. Lockhart admits Judge Budge is not a polygamist. He does not state the exact ground upon which his eligibility will be challenged, but it is generally known what the general trend of the reasoning is upon which the case will rest. The constitution of the state provides that no polygamist shall vote, the inhibition extending to any person who belongs to a church that teaches polygamy or encourages a person to enter into that state.

When the Mormon church, through the manifesto of 1890 renounced polygamy, it announced that it would be no longer sanctioned by the church, and it was held that would admit all Idaho Mormons to the ballot. For two years the state, under another clause of the constitution, kept them out by legislative action, and then restored them to the franchise. The point now made is that testimony given by leading Mormons, especially President Smith, shows the church is teaching polygamy by practice, and that, therefore, the Mormon people as a whole stand disfranchised under the constitution, and cannot vote or hold office. The case against Budge will take the form of an injunction to restrain him from taking office. It will test the status of all Mormons in Idaho as voters.

### MAIL BOXES ROBBED.

Los Angeles, Nov. 30.—Mail box robbers have appeared in Los Angeles. Last night before 11 o'clock six boxes in the residence section were broken and robbed of their contents. Letters were torn open and scattered in all directions about the boxes. Many checks were found among the remnants, but the amount of money taken is not known.

**A Western Wonder.**

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by Z. C. M. I. drug department. 50c and $1.00. Trial bottles free.

You ought to get some MOUNT'S Pickles for Sunday dinner.

# BOTHA MUST WAIT LONGER

## His Application to Board of Pardons Is Passed to December 15.

A special meeting of the board of pardons was held yesterday for the purpose of considering the application for a pardon of Charles Botha.

Botha was convicted of murder in the first degree for having murdered his wife and a man in the fall of 1902. The sentence was commuted to imprisonment for life, November 17, 1902.

Botha claims that he was justified in killing the man, but says the killing of his wife was accidental.

Subpoenas for witnesses in the case have been ordered, and the matter will be taken up at the next meeting of the board, December 15.

### MURDERER ALSO A THIEF.

Spokane, Wash., Nov. 30.—The chief point brought out this morning in the trial of Sidney Sloane for the murder of his father was the testimony of Charles Coleman that the defendant was a petty thief who tapped their cash register and robbed the slot machine in his father's store. The defense is trying to prove mental irresponsibility.

### ACADEMY BURNED.

Jefferson, S. D., Nov. 30.—Fire which started in St. Catherine's Young Women's academy destroyed one of the main halls and threatened to destroy the main building. One hundred pupils in the main building escaped without injury. The financial loss will not exceed $25,000.

### KING MENELIK ILL.

Rome, Nov. 30.—According to news received here today from Adie-Abeba, the capital of Abyssinnia, King Menelik is seriously ill, and it is feared here that grave disturbances are likely to occur in the struggle for the succession.

**Long Tennessee Fight.**

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence, 25c at Z. C. M. I. drug department.

### HANGED FOR FOUL CRIME.

Salem, Ore., Nov. 30.—Fred A. Shepperd was hanged at the penitentiary today for the murder of Benjamin F. Seell in Crook county, Sept. 24. On the scaffold Shepperd confessed the murder and said some one was guilty with him, but he did not give the name. Sept. 24 in the early morning Shepperd shot Benjamin F. Seell, his employer, at his ranch, and then ravished his wife.

### STEAMER TURNED TURTLE.

Antioch, Cal., Nov. 30.—The river steamer Trilby, Captain J. Hyatt, capsized here at 12:40 p. m. today, by the strong north wind which got under her canvas. The crew of nine men were thrown into the water, but all were rescued by Frank Sampson, who went to their rescue in a launch. The steamer which is of 125 tons burden, soon sank. She is owned by Henry L. Rideout.

### KILLED HIS WIFE.

Tucson, Ariz., Nov. 30.—H. J. Groce, a negro, shot and instantly killed a negro woman, said to be his wife, at the Southern Pacific depot here this morning. When taken into custody Groce claimed that the woman had deserted him for another man. The couple came from Dallas, Tex.

**A CONSTANT ANNOYANCE.**

Half the nervousness, half the irritability that is so common in everyday life, is really sickness, and in most cases a condition that accompanies kidney trouble.

It is the work of the kidneys to keep the blood free from uric acid and other poisons, but when the kidneys are sick, and not doing their duty, the uric acid poison permeates the body, and attacks body, brain and nerves. The irritation causes nervousness, irritability, headache, dizzy spells; makes you languid, unfit for work, and inclined to worry over trifles. Besides, there is nothing more annoying than a bad back, and backache is the most common sign of kidney trouble. You feel lame and tired in the morning, suffer day and night with a dull aching in the back, and it hurts to stoop or bend or lift.

Keep your temper cool, and get the kidneys well. No person can feel cheerful and healthy if the kidneys are the least bit affected. A few doses of Doan's Kidney Pills, taken in the beginning, will set the kidneys right.

Continued treatment cures cases of long standing.

Doan's Kidney Pills are for the kidneys only, and contain no poisonous nor habit-forming drugs. They relieve [illegible] and inflammation of the kidneys or bladder, heal and cure the kidney tissues, drive off dangerous uric poisons, dissolve and remove gravel, and rid the body of all watery waste.

Thousands of cures prove the merit of Doan's Kidney Pills. Here is a case at home:

**A SALT LAKE CITY CASE.**

J. M. Swem, dealer in mining and milling machinery of 36 South Third West street, Salt Lake City, Utah, postoffice box No. 159, says: "I think Doan's Kidney Pills are unequalled for the treatment of kidney ailments and for this reason am glad to recommend them. For three years I was suffering all the time with such troubles, and got worse and worse until I was told I had an advanced case of diabetes. I was advised to use Doan's Kidney Pills and got a box at the F. J. Hill Drug Co.'s store. I felt relieved before I had finished one box and kept on until I had taken four boxes. I consider myself cured, and hope that my testimony will be the means of bringing relief to some other sufferer."
