OFFICIAL GUIDE IS NOW READY

Spaulding's Baseball Rules Issued Through Herald This Season.

Spaulding's official guide is out. Baseball players, managers, magnates, league presidents and fans who want the official rules and standings of every player in organized baseball must have one of these little books. The place to get them is at the office of The Herald. The publishers of the guide have become convinced that the best way and proper way to have them distributed is through the ledaing sporting paper of every baseball center in the country. Salt Lake is as a matter of course the center of baseball in the intermountain country, and The Herald is the recognized sporting authority of the same part of the country. Nothing is more natural, therefore, than that the publishers of the Spaulding guide should select The Herald to distribute the book in the section.

A thousand copies were received yesterday and can be had at the business office of The Herald at the regular price of 10 cents per copy. The guide this season is far superior to any ever published before, and nearly twice the size. In addition to a short history of every baseball league in the United States, a special section is devoted to the history of the sport in Utah. All the leading teams of the state have a photograph published in the book and a review of the sport, written by W. D. Rishel, is found.

These are the first guides received in the city, and players and managers who have been anxiously awaiting for the 1907 copy of the rules can get them now for the first time.

MANAGER SANTSCHI QUITS

Harold Horlick Takes His Place to Look After High Schol Team.

Harold Horlick was elected manager of the High school baseball team yesterday at a meeting held by members of the team, in the place of Harry Santschi, who has withdrawn from the High school on account of sickness. Manager Santschi was elected some two months ago and has succeeded in arranging one of the best schedules that the team has ever had. He succeeded in reorganizing the old inter-scholastic league and helped to make a schedule concerning which no complaint has been registered. His resignation was received with the greatest regret by the Athletic association, and, indeed, by the whole team, as he gained for the latter many priviliges which have never before come to them and did much for the general success of the team, which now is being whipped into first class shape.

Harold Horlick, the new manager, is experienced in this line of athletics and is the manager of the football team for the coming year.

SCHRECK PASSES THROUGH

Billy Hogan Says the Public Will Soon Know Who Is Champion.

Mike Schreck and Billy Hogan, like Jack Curley and John Wille, passed Salt Lake up on their way west to prepare for the fight at Tonopah. Schreck and Hogan passed through Ogden yesterday, but found time to drop a note to The Herald to let the public know they had at least been within hailing distance of Zion. Hogan, who is the secretary of war for Schreck, says one would hardly know the Cincinnati Dutchman. He is one and a half inches taller now than when he fought Wille in this city nearly two years ago. Schreck weighs close to 190 pounds and will, according to Hogan, enter the ring at 185. Schreck has been training in Chicago for the past three weeks and is in good shape, says Hogan. John Hogan, brother of Billy, is with the party, and will be Schreck's training and sparring partner. Hogan closes by saying:

"When this fight is over we will know who the real champion is, as either Wille or Schreck can defeat both Burns and O'Brien."

CIRCUIT CHANGED AGAIN

Latest From Northwest Turns Bellingham Down for Tacoma.

Spokane, April 3.—The directors of the Northwestern Baseball league, in session here this afternoon, have decided to reconsider the proposition of transferring Tacoma's franchise to Bellingham, and will leave the franchise in Tacoma's possession.

In a telegraphic vote some time ago Bellingham was given the franchise. The directors this afternoon made it clear that they did not blame President Lucas, saying that they themselves had been too hasty in the telegraphic vote.

Those present were D. E. Dugdale of Seattle, who held a proxy from Aberdeen; George Shreeder of Tacoma, Eddie Quinn of Spokane, Russ Hall of Butte and W. H. Lucas of Spokane.

Vancouver telegraphed a vote in favor of Tacoma.

IMPROVE CUMMINGS FIELD

Gridiron to Be Planted in Grass and Track Will Be Recindered.

Plans are being prepared for the beautification of Cummings field. The athletic council will not be able to carry out its plans as fully as intended, because of lacks of funds, but they will make a start, with hopes of finishing the field in future years. The gridiron will probably be planted in grass. The plans also include the planting of trees around the field and parking it. Walks made of cinders over clinkers have been put in from the street cars to the grand stand. An automobile drive will be made, leading from the big gates to the south end of the field, where a place will be reserved exclusively for autos. The track, which is one of the fastest in the west, is being recindered.

Lexington, Ky., April 3.—The race track here belonging to Captain Harry Brown of Pittsburg will be purchased by Louisville and Lexington turfmen and a running meeting will be held from April 27 to May 4. The price to be paid is $70,000.

A match race of rollers is scheduled for this evening at Bingham Canyon. The competitors are Charley Wilkinson of this city and Ralph Jones of Bingham.

SAMMY DRAWS A CANNON

McClintic and Rawhide Kelly Mix at Recent Hyland-Thompson Bout.

Red Sammy McClintic, whose temper is as hot as his hair is bright, came very near dealing the boxing game a costly blow recently, if the reports of San Francisco pugilistic writers are to be accepted at their face value.

Angered by Hyland's ability to get anything better than a draw with Cyclone Thompson, who was palpably weak at the weight, McClintic started a wordy war with Rawhide Kelly, manager of Thompson, during the process of counting up the receipts of the recent twenty-round bout in the Dreamland pavilion, San Francisco.

The argument arose when McClintic called Kelly a "cheap guy" for getting Eddie Graney to post Thompson's $500 weight forfeit. The pair quickly mixed, and according to the stories McClintic tried to draw his shooting iron, but was prevented by quick action on the part of Morris Levy and others who were present at the time. McClintic was ousted from the room where the counting was going on, and this exile from the gleaming cash tended to increase the wrath of Hyland's little manager, who is said to have substituted an empty pop bottle for ammunition instead of his gun, of which he was deprived, and was about to make an assault upon the box office, when Kelly quietly withdrew to avoid further trouble.

OLD HORSE IN RIGHT.

Bill Hausen Doesn't Have to Work Out.

(Special to The Herald.)

Ogden, April 3.—It is evident that Malarky, the manager of the Montgomery, Ala., team of the Southern league, thinks a whole lot of "Bill" Hausen, the big Ogden player who was connected with that team last season and is again slated with the same team this year. A Montgomery paper, in commenting on the various men of the team, has this to say about Hausen:

"'Bill' Hausen is so well known that Malarky does not think there is any use in working him in these ante-season games. His work speaks for itself as the peer of any backstop in the Southland."

DRAW AS USUAL.

Attell and Robson Box Regular Philadelphia Bout.

Philadelphia, April 3.—Spike Robson of England and Abe Attell foung a six-round draw at the National Athletic club tonight. At the close of the sixth round there was not advantage enough to have given either man a verdict. The bout was fast from start to finish and of the scores of blows landed none was hard enough to do any damage. Aside from a bloody nose, which Attell received in the closing round, neither man bore a mark of the encounter.

GREGG GETS DECISION.

Indianapolis, April 3.—Indian Joe Gregg of Spokane, Wash., got the decision over Joe Dougherty of Milwaukee at the end of a ten-round fight here tonight. Gregg seemed to have the advantage over his opponent in all but the last round, when Dougherty forced the fighting.

LIPPY WINS EXTRA HOLE.

Pinehurst, N. C., April 3.—In the golf tournament today T. S. Lippy of Seattle won on an extra hole play from Young Dwight Partridge of Bedford, N. Y.

TWO-STEP CONTEST.

The following couples qualified last night in the two-step contest at the Auditorium rink, the final to be held Saturday evening: Mr. Hanauer and Miss Georgia Brake, George Seelander and Miss Eva Larson.

MARSHAL HAS BEEN CAUGHT

Together With His Brother Had Appropriated Monticello Horses.

Huntington, April 2.—Hans Sorensen, late marshal of Huntington, has been heard from. It appears that Hans and his brother, Hans Nielsen, hired a couple of horses in Moab, and by the time they got on Monticello they thought the horses were theirs and traded them off. Hammond & Sons, the owners of the horses, had the brothers traced up with the result that they were arrested in Flagstaff, Ariz., and will be brought back to Moab for trial. Both of these men left families in Huntington in very poor circumstances. Nielsen wrote to his wife from Arizona, saying he would send for her soon, but it now looks as though he himself will come instead of writing. These parties were residents of Cleveland until last fall, when they moved to Huntington.

The farmers are now busy putting in their crops and spraying their trees. The mountains are covered with snow and the reservoirs are full of wate, and all things point to a prosperous year.

MOTOR RACING ON SALT LAKE

Local Enthusiasts Buying Boats to Boost the Sport This Summer.

Motor boat racing on the Great Salt lake is very liable to become one of the popular sports of Utah this summer. The waters of this lake are conceded to be the fastest in the world and it is to be wondered at that the sport of racing fast motor boats has not been taken up before this time. The prospects for such racing are extremely bright, according to Manager J. E. Langford of the Saltair resort, who says the company has been considering the matter for some time.

Joseph and William Selley of this city are among the pioneers to take up with the sport and are now busily engaged in building a fast boat which they will have ready for trial in the near future. Mr. Selley said yesterday that he knows of several persons in Salt Lake who are looking up motor boats with a view of buying. As soon as a few are brought to the city Mr. Selley says a motor boat club will be formed and races on the Great Salt lake will be a part of the pleasures of the club.

Mr. Selley says they have been given every encouragement by the management of the Saltair company, which has promised to build them a boat house should a club of enough members to warrant such an expense be organized.

In speaking of the matter yesterday Mr. Langford said that should the present rise in the water continue, and all indications point that way, the company will erect a pier from the main pavilion for the use of private boats of all kinds. A club house will also be erected for the use of those who wish to keep boats on the lake. Mr. Langford said the resort had not taken an active interest in boat racing of late years because the water had been so low, but with the rise of the past two years it will be possible in a short time to hold races which can easily be viewed from in front of the pavilion.

The question of holding rowing races was also discussed, and Mr. Langford said the resort would go more than half way in helping to promote such contests this summer.

DIED FROM HEART TROUBLE.

Sheriff Whitehead of Juab County Expires Suddenly at Eureka —A Splendid Officer.

Eureka, April 3.—James B. Whitehead, sheriff of Juab county, died very suddenly at his residence yesterday afternoon at 2:35 o'clock. Mr. Whitehead, who returned last Friday night from an official trip to the capital, was taken ill very suddenly while on his way home from the depot. Sunday last he was reported as recovering and on the morning of the day of his death he stated that he felt almost well enough to attend to his duties. At 2:30 o'clock, while he was conversing with his father, he suddenly placed his hand over his heart as if in great pain, and passed away before medical aid could reach him His family physician, Dr J. A. Hensel, states that his illness was due to the fact that before he was elected to the office of sheriff he had been badly leaded while working in the Uncle Sam mine, and that, coupled with a slight attack of gallstones, so weakened his heart that he was unable to withstand his last attack.

Mr. Whitehead was serving his second term as sheriff of Juab county and had made a very capable officer. He leaves a wife and six children to mourn his loss, besides a large number of relatives in other parts of the state. He was born at Peterson, Morgan county, in 1866, and was for some time engaged in the woollen business in Springville. He came to Tintic in 1898 and immediately identified himself with politics, being a stanch Republican and was at one time chairman of the Eureka precinct committee. His death is mourned in Tintic by everybody, as he was an exceedingly upright and conscientious man, as well as being a good officer. Arrangements for his funeral have not as yet been completed, but it is thought that his remains will be laid at rest either next Friday or Saturday in Springville. Deceased was a member of the B. P. O. Elks, of the Odd Fellows and of the Woodmen of the World, and nearly every member of the organizations named will be in attendance at his funeral.

TWO STEPPING CONTEST.

The following couples qualified last night at the Auditorium rink to enter the final contest Saturday evening: Stephen H. McMurrin and Miss Edna Petty, Mr. Hoperaft and Miss Ruth Sindars.

On Saturday evening three couples will be chosen to represent Salt Lake against three couples from Ogden, the grand final to be held at Salt Lake Auditorium Tuesday evening, April 9.

MEALS MIGHT BE BETTER

Congressman Otjen Makes Admission Regarding Canal Zone Affairs.

Milwaukee, April 3.—"I am willing to admit that the meals might be better in the canal zone, but I do not think there is graft or any great degree of mismanagement on the isthmus," said Congressman Otjen today, when questioned regarding the charges made by Congressman H. T. Rainey, of Illinios, against the canal commission.

"All the members of our party noted that the food was not quite so good as the food we get in the states, but that was to be expected. The butter and the eggs were slightly inferior and the meat was none too good, but I do not think that the inferiority of these foodstuffs was the result of graft. Improvements are being made right along in the canal zone, and I have not a doubt that in a short time the meals will be better.

"Mr. Rainey probably is right in saying that there is some trouble regarding the transportation of meats because refrigerator cars are not used, but all this will be done away with in time. Eventually the facilities will be so complete that meats will be kept fresh from the time they are landed at the canal to the time they are placed on the tables."

PROVO NEWS NOTES.

Provo, April 3.—The Utah County Medical society met today in the Commercial club rooms.

A committee on amusements of the U. C. T. convention, to be held here, June 21 and 22, is already at work arranging for the entertainment of the commercial travelers and other visitors. It has been decided to present an opera, now being rehearsed by Professor Boshard and some of Provo's most talented singers, in the opera house, on the 22d, and a concert in the tabernacle on the 21st, and to give a dance in the Mozart pavilion on both these nights.

A burglar entered the residence of Mrs. George M. Brown on First North and Third East street last night about midnight and took about $4 belonging to Mrs. Elizabeth Boren, who rents a part of the house. Mrs. Boren noticed a man in the street when she returned from the theatre and when she some time afterward heard a noise in an adjoining room she suspected burglary. She picked up an old unloaded rifle and entered the room from which the noise proceeded and commanded the intruder to depart, which he did unceremoniously. In going he dropped a watch and chain belonging to Mrs. Boren and knocked over some flowers, and the $4 is all that is now missing. A stranger was arrested today on suspicion, but so far no incriminating evidence has been found against him.

There was a large attendance of relatives and friends at the funeral services held yesterday in the Second ward meeting house over the remains of Fred T. Kimber, the 8-year-old son of Mr. and Mrs. Fred C. Kimber. Among the congregation were a large number of the deceased's schoolmates and members of his Sunday school class. The pallbearers were little boys, playmates of the dead boy. Elders J. M. Jensen, Evan Wride, James Cloye and W. E. Stoker, and Bishop L. L. Nelson, were the speakers. Beautiful vocal selections were rendered by the ward choir.

Mr. and Mrs. Joseph Hatch, jr., who are now living near Fort Bridger, Wyo., are visiting relatives here and in Heber City. They report it dry and dusty in the section of Wyoming where they live.

The young Finlander who was stranded in Springville on his way to Eureka, last week, and brought to Provo, was brought into communication with his Eureka friends yesterday. A ticket was sent him and last night he left for Eureka in good spirits and ready to start in to make a fortune.

The Provo city council committee on electric lights will not enter into a contract with M. F. Pack for his Provo canyon North Fork power site, as they do not consider conditions favorable to the city in doing so.

PARK CITY HAPPENINGS.

Park City, April 2.—The annual grand ball given by the members of the Park City volunteer fire department was given last evening at the Maple hall. The largest crowd of the season was present, and the affair was a big success socially and financially. This dance is given each year by the department for the purpose of securing funds for the department, and the result is that at the meetings there is always a big membership present and the work of the department is bettered.

St. Mary's school opened this morning, after being closed for the Easter holidays, with a good attendance present.

Owing to the absence of the district deputy and the past exalted ruler of the Elks' lodge, no installation of officers occurred last evening. However, it has been arranged to have the necessary officers present by next meeting night and the work will be completed. The committee having the club room project in hand reports that everything is being pushed along so that in a short time the club will be running in full blast.

The regular monthly meeting of the city council will be held tomorrow in the council chamber. Considerable business of interest will be taken up and disposed of.

SANTA FE DIVIDEND.

New York, April 3.—The directors of the Atchison, Topeka and Santa Fe railroad today declared a semi-annual dividend of 3 per cent upon the common stock. This is an increase of half of one per cent semi-annually over the rate paid for several years.

NEW FEDERAL JUDGE.

Washington, April 3.—The president today appointed W. C. Van Fleet, of San Francisco, to be an additional United States district judge for the district of California. This position was created at the last session of congress.

WE CURE MEN.

VARICOCELE.

Varicocele is a relaxation, knotting and twisting of the vital blood vessels. It stagnates the local circulation and interferes with the processes of waste and repair. Neglect brings derangement of functions and injury to the general health. Most physicians resort to surgical operations. We cure it without operation.

Under our treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease vanish completely.

OUR FEE IS $12.50.
NO PAY UNLESS CURED.

NERVOUS DEBILITY.

This is to men who lack courage, whose nerves are shaky, whose eyes have lost the sparkle, whose brains are muddled, ideas confused, sleep restless, confidence gone, spirits low and easily depressed, who are backward, hesitating, unable to venture because they are afraid of failure, who want somebody to decide for them, who are weak, run down and restless. It is to men who have part or all of these symptoms and want new life, new energy. We especially solicit those cases in which many so-called treatments have failed, or where money has been wasted on other methods of treatment. Don't experiment when our direct method offers a certain means of cure. Our method of treating those complicated ailments is painless and without resort to surgery. The affected centers are soon restored to their natural vigor and vitality, and the patient made strong and healthy.
