WARNING TO THE PUBLIC.

At 12 o'clock today the bars will be put up against the receipt of any more spring poems. Twelve o'clock means noon today; there is no grace.

In Sunday's Herald a large number of the poems received since the announcement of the opening of the contest will be published. As soon as possible after noon today, the judges will make their decision in regard to the various classes of spring poetry that have come to The Herald office in recent days.

There are many, many poems that cannot be published in The Sunday Herald, nor could all of them be published in numerous editions of an ordinary newspaper, as they have come without seeming regard to limit.

The main point to be observed by ambitious competitors and those who feel the spirit of the muse, is that the entries for the spring poem contest will close at noon today, positively, emphatically and absolutely.

MEANS REVENUE FOR THE STATE

Supreme Court Decision Allows it to Tax Unpatented Mining Claims.

The state board of land commissioners is investigating the bearing which a recent decision of the supreme court of the United States will have upon the local conditions. This decision in effect says that they have the right to levy a tax on unpatented mining claims and that if the tax is not paid the state may seize the property and sell it.

According to Secretary Callister of the land board this decision is of great importance, as in all cases where taxes have not been paid in the past the state board will have the authority to sell the claims.

It is thought that this will net the state somewhere in the neighborhood of $100,000 if it is found that the decision applies to conditions existing here.

The supreme court decision was in the case of George Elder et al. against T. S. Wood et al. The case came from the Colorado courts. It appears that the original owners of certain valuable claims in the Comstock district had failed to pay taxes. The state sold the claim to Wood, who purchased a tax title, and the owner afterwards gave a quit claim deed to Elder.

The decision of the court was that Wood's title was good and that Elder had no right to the property, as it had passed from the owner's hands by virtue of the sale by the state before he secured his deed.

There are a large number of valuable unpatented claims in Utah on which the state has never received any taxes and on which taxes are due. The state land board believes that these lands will all revert to the state if proper steps are taken to seize them and will place the matter in the hands of its attorney, J. T. Hammond, for investigation.

STATE INSANITY BOARD.

Progress Was Reported on the Many Improvements Being Made at Institution.

Provo, April 10.—The state board of insanity met yesterday in regular monthly session.

Secretary Farrer made the following reports of the several funds of the institution: On hand March 1 in general fund, $928.83.

The following accounts for March were audited and allowed: Salaries, $2,225.65; maintenance, $1,687.42; improvements and repairs, $835.25; new bath building, $1,222.25.

The following shows the movement of patients for March: Patients in hospital Feb. 29: Men, 174; women, 183; total, 357. Admitted: Men, 5; women, 5; total, 10. Under treatment: Men, 179; women, 188; total, 367. Discharged: Women, 5. Died: Men, 3; women, 1; total, 4. Remaining March 31: Men, 176; women, 182; total, 358.

The institution has just completed the installation of steel elevators for carrying food from the kitchen to the several wards in place of the old wooden elevators heretofore in use, and the work on the $10,000 bath room for the woman's department is progressing rapidly.

Medical Superintendent Calder at a recent visit of Provo newspaper men to the institution was earnest in his plea for a separate institution for the feeble-minded, where they can be given such training as they are capable of receiving and become self-supporting in a degree at least. There are several such cases in the hospital at present, sent there because there is no other place for them in the state, and their condition at the hospital is not such that they can in any way be benefited.

The hospital farm and surroundings present a scene of unusual activity at present, while the spring work is being done by the employes and a number of patients.

An inspection of the wards and the internal arrangements discloses the greatest possible neatness and care and confirms the well settled opinion that the institution is a credit to the state and to the management.

Funeral services will be held over the remains of Ralph Peters Sunday at 11:30 o'clock in the Third ward meeting house.

Thomas Stubbs of the First ward is reported to be in a very critical condition in a sanitarium in South Dakota, where he went to receive treatment for cancer.

DEATH OF MRS. EWELS.

Passes Away After a Lingering Illness From Cancer.

Ephraim, April 10.—Mrs. Marguerite Logan Ewels passed away at her home in Salina Thursday morning at 7 o'clock, after an illness of several months, brought on by a cancer. Deceased, together with her husband, was an early settler and passed through many trials of pioneer life in these valleys. She was born in South Tetts, England, Nov. 30, 1830, and emigrated to America while a young woman, living in Manti until the year 1880, when she moved to Salina, where she has made her home ever since. Her life has been devoted to charitable work, and she was always a leader in society and will be greatly missed by the whole community.

The sympathy of the community is extended to the husband and children. Funeral services will be held in the meeting house Friday afternoon.

Tony Arnold Carriage Co. Day and night. Both 'phones. Main 26.

THE DEATH RECORD.

T. C. Peck.

Los Angeles, April 10.—T. C. Peck, father of T. C. Peck, passenger agent of the Salt Lake railroad, died today at the home of his daughter, Mrs. Samuel Baxter. Mr. Peck was born in Philadelphia in 1820, and was for many years a manufacturer of Indianapolis. One of his sons is D. C. Peck, general agent of the Mutual Transit company of Cleveland, and another is H. L. Peck, assistant general agent of the Big Four at Indianapolis.

R. E. Hanson.

Helena, April 10.—R. E. Hanson, a well-known Montana hotel man, was found dead in his apartments in the Hotel Helena today, heart disease being the cause. He was manager of the Helena hotel and had been formerly similarly employed in Butte, Livingston and other Montana cities.

Colonel Andrew R. Blakely.

New Orleans, April 10.—Colonel Andrew R. Blakely, proprietor of the St. Charles hotel, and one of the most prominent hotel men in the country, died here today.

Who cleans carpets perfectly? NATIONAL HOUSE CLEANING CO.

AMERICAN FORK NOTES.

American Fork, April 10.—James Crookston, an old resident of this city and a veteran of the Indian wars, died at his home in the Second ward last night, after a short illness. He was in his sixty-seventh year and had resided here for a great many years and was well known in this vicinity.

Joseph Wild, sr., of this place is seriously ill at his home in the First ward, suffering with dropsy. Fears are entertained for his recovery.

Mrs. J. H. Davis of the First ward, who has been suffering for the past month or so with a complication of stomach troubles, became so bad a few days ago that she was taken to the L. D. S. hospital, where she underwent an operation. It is reported that she is on the improve.

Justice of the Peace Ebenezer Hunter of the Fourth ward is seriously ill at his home, suffering from an affliction of the kidneys.

Jay Green of Oregon, formerly of Canada, is in American Fork for a short visit with relatives and friends. Mr. Green was a resident of American Fork at one time.

NEPHI NEWS NOTES.

Nephi, April 10.—A new barber shop has been erected north of the Nephi National bank. Messrs. W. W. Jenkins and Frank Belliston will occupy same about May 1. This makes three barber shops for the town.

Russell Hawkins is down from Salt Lake looking over the situation with the view of opening up a new hardware store here.

The Nephi Republican city committee has recommended Alma Hague to take the place of Dennis Wood, who resigned to assume the position of postmaster here.

Mr. and Mrs. Wilford Cole have been called on a second mission to the Sandwich islands. John C. Hall leaves the first of June on an European mission.

Abner Bigler has taken charge of the shearing corral west of town and work is now on in dead earnest.

PREMATURE EXPLOSION.

Two Miners Injured by Explosion of Giant Caps at Dean Tunnel.

Park City, April 10.—What came near being a fatal accident occurred at the Deane tunnel last night, when Henry Hoddles and Tom Davis, two miners, were injured by the explosion of giant powder. The cause of the explosion is not known, but it is supposed that a bit of hot candle grease from one of the candles set it off. The two men were taken out of the mine and to the hospital, where it was found that Hoddles was quite painfully injured about the face, his eyes having been filled with bits of copper and dirt, and it is feared by Dr. Bardsley, the attending physician, that his sight can never be saved. He was also shaken up considerably and cut about the body.

Davis was much more fortunate, however, and aside from a bad shaking up and a few small bruises and cuts he was all right and was taken to his home this afternoon.

This morning between the hours of 6 and 7 o'clock Mrs. Kate McDonald died at her home on Main street from natural causes.

Mrs. McDonald was an old and respected resident of Park City, she having lived here for the past twenty-six years, where she was respected and well thought of by all who knew her, and her acquaintances were many.

The lady's death is mourned by a brother, John McLeod, and three children—two girls, Misses Mary and Christina, and one son, James, who are all here.

She was born in Prince Edward islands, Canada, in 1855 and was 53 years of age.

The funeral will be held Sunday afternoon from the Congregational church.

Mary Alexander, the 10-year-old daughter of Mr. and Mrs. R. E. Alexander, died at the home of her parents this morning of measles. The little girl had been ill but a few days and her condition was not thought serious until she was all but gone, when a last attempt to save her life was made, but without effect. Her people are almost heartbroken over the death, as she was an unusually bright child.

AN INSIDIOUS DANGER.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. F. J. Hill Drug Co., "The Never Substitutors."

DEATH OF DR. G. H. HERBERT

Richfield, April 10.—Dr. G. H. Herbert of this city died Wednesday night after a week's illness of pneumonia. This will bring sorrow to many homes in this county, to whom he has ministered in sickness as in health. The doctor was a man of generous impulses, excellent habits, fine moral character and was a man who discriminated between right and wrong in a way which left no doubt as to his views concerning all matters.

George H. Herbert was born at Philadelphia, Pa., Dec. 1, 1834. He came west in 1874 and at once engaged in the practice of medicine in Beaver county. Sixteen years ago he came to Richfield, and ever since that time followed his vocation in this county. He was county physician for ten years and served as city physician for nine years. He joined the Masonic order at Springfield, Ill., in 1864 and was an intimate friend of Stephen A. Douglas, the grand master. Dr. Herbert is survived by a widow and four children—Mrs. Dr. Campbell of Beaver, Lewis Herbert, George Herbert and Miss Ernestine Herbert.

The Vienna Bakery, boss bread makers. Ask your grocer.

PASSED BOGUS CHECKS.

Chicago, April 10.—Mrs. Alice Webb, divorced wife of Brodie L. Duke, the millionaire tobacco manufacturer, was arrested here today on a warrant charging her with having defrauded a Chicago hotel company by means of fraudulent checks. She was held at the Harrison street police station tonight in default of bail bonds. Mrs. Webb is alleged to have passed a check for $25 and one for $50 drawn on a bank in Nacogdoches, Tex. A telegram from the bank to the hotel company informed them of the deception. Mrs. Webb declared that she had no remembrance of having passed the checks.

Vienna Walnut Bread cannot be excelled. Ask your grocer, or 'phone 1931.

If you garden for profit or pleasure, it pays to plant Vogeler's seeds.

DIED.

JOHNSON—Mary L. Johnson, in her 72d year, of diabetes, at the home of her son, Chas. A. Johnson, 266 J street.

Funeral services from the Thirteenth ward meeting house, 143 East Second South, at 2 p. m. Sunday. Friends invited.

PUGMIRE—Mary A. Pugmire died in this city April 8, 1908, aged 40 years.

The remains will be taken to Coalville, Utah, this morning for interment.

RYAN—At 1315 South Fifth East, Donald C. Ryan, infant son of John and Caroline Ryan, aged 10 days.

STARK—In this city April 10, 1908, James W. Stark, aged 35 years.

Deceased was a well known merchant of Moab, Utah. No arrangements have been made for the funeral, awaiting the arrival of his wife.

IMPLEMENT DEAL IS CONSUMMATED

Entry of Six Ogden Men Into Local Concern Points to a Consolidation.

Considerably more than a controlling interest in the Utah Vehicle-Implement company has passed from the eastern owner, J. C. Groenbyke of Chicago, to David Eccles, the big lumberman and banker, and Matt S. Browning, the gun manufacturer, of Ogden. The figures are not given out for publication, but it is understood that the consideration ran into large figures.

By reason of Mr. Browning's prominent connection with the Burton Implement company of Ogden, it is not unlikely that an early consolidation will be effected between the two institutions, and possibly other houses in Utah and Idaho, in which event the new institution will become the second largest of its kind in the western country.

The Utah Vehicle-Implement company will at once be reorganized with these as directors: M. S. Browning, David Eccles, John Q. Critchlow, W. S. McCornick and A. B. Irvine, Messrs. Browning and Eccles succeeding Elmer B. Jones of this city and Mr. Groenbyke of Chicago.

The negotiations have been under way for some time, and the successful termination of the deal was reached yesterday. John Q. Critchlow, who has been connected with the Utah Vehicle-Implement company since its organization, was largely instrumental in consummating the deal, while indications point to George A. Snow of the Utah Gas & Coke company having had a hand in it.

The Utah Vehicle-Implement company is one of the oldest established business firms of the state, and has a trade covering Utah, Idaho, Nevada and Wyoming. It is the assurance of those interested that the new enterprise has plenty of capital behind it.

MEAL PROVES EXPENSIVE.

Jury Finds Park City Lad Guilty, and Judge Fines Him $25—Appeal Is Taken.

Park City, April 9.—Early Sunday morning the following young men were arrested by Officer Kelley charged with partaking of refreshments in the Small restaurant and departing therefrom without paying for the same: Eveland Allen, Sterling Merchant, Bud Shanley, Thomas Eby and Edward Kendall. The complaint was sworn to by Ju Julian, one of the proprietors of the cafe, and the hearing was set for 10 o'clock yesterday morning before Justice Waters. At this time, however, Harry Shields, attorney for the defendants, asked that the trial be by jury, and the request was granted. The time was changed to 1 o'clock p. m., when the following jurors were examined and accepted: Thomas Werry, miner; Thomas J. McDonald, janitor, and George W. O'Niel, miner.

Allen's case was the first one up, and after careful taking of evidence by the opposing attorneys, the case was submitted to the jury without argument. It was 3:40 when these men left the court room, and at 8:30 they reported to the judge that they were hopelessly divided and asked to be discharged, but they were told to go back and try again, which they did, and at 11 o'clock they returned with a verdict of guilty. It was then announced by the judge and the defendant was instructed to appear this morning, when his fine will be imposed.

There has been an unusual amount of interest taken in this case and when the court was called this morning, the room was crowded. Judge Waters told Allen that in the eyes of the law he had been fairly proven guilty and he would have to pay a fine of $25 or be committed to the county jail. A notice of appeal was at once served, and Eveland's bond was fixed at $100, which was furnished. The other boys are also out on $50 bonds each. A change of venue has been asked for and the others will be tried in Judge Sperry's court.

PASSING OF I. K. WRIGHT.

Richfield, April 10.—I. K. Wright, one of Richfield's most prominent citizens, succumbed to paralysis Wednesday evening after a protracted illness of several months. Until he was stricken with the ailment which resulted in his death, he was one of the most active men in this section of the state.

Mr. Wright was born at Springfield, Ohio, on Sept. 29, 1848. He immigrated to Utah with his parents in 1856, and came to Sevier county in 1874. During the same year he was married to Miss Henrietta Wall. He served as probate judge for six years under President Cleveland's administration. He was afterward elected state senator from the Tenth district and served in that capacity for a term of four years.

From 1887 to 1889 he served on a mission for the L. D. S. church in northern New York.

The deceased is survived by a widow, four sons and four daughters, all of whom live in this city; a mother 93 years old, who resides in Salt Lake, and five brothers and two sisters.

The time for the funeral has not been set on account of not being able to locate some of his brothers.

FUNERAL NOTICE.

BIRKENHEAD—Funeral services over the remains of Jabez Birkenhead, who died in this city April 8, 1908, will be held Sunday, April 12, 1908, at 1 p. m., at K. of P. hall, under the auspices of Rocky Mountain Lodge No. 3, K. of P. Interment, City cemetery. K. of P. and friends are invited to attend.

DIED FROM HEART DISEASE.

Sam. A. Moore of Searchlight, Nev., Passes Away Suddenly at Nephi.

Nephi, April 10.—A very sudden death took place here today in the person of Sam A. Moore, recently of Searchlight, Nevada. Mr. Moore had been ill only about a month, and came her in company with his wife to visit their son, Elmo Moore, who holds a prominent position with the Excelsior Mercantile company here. The deceased was only 50 years of age, and the malady that terminated his life so suddenly was heart failure. Mr. Moore had always been prominent in mining affairs, and his death will be regretted by the large number of people who knew him. The deceased leaves a widow and six children to mourn his loss. Besides his children, Elmo, Miriam, Lela and Eleanor, who are here with the family, he has a son, Bliss, who is attending college at Colorado Springs, and a son, Woodville, in business in Salina.

EPHRAIM NEWS NOTES.

Ephraim, April 9.—The funeral services over the remains of Marcella, the little daughter of Mr. anad Mrs. Oliver Christensen, who died of pneumonia Tuesday, were held at the family residence yesterday afternoon at 2 o'clock. Interment took place in the Park cemetery.

One of the saddest events that has visited Gunnison for a long time was the sudden death of Julia A. Childs at her home Wednesday morning at about 10 o'clock. She had been suffering from rheumatism and neuralgia for about three weeks, but her condition was not thought serious until shortly before her death. She was the daughter of Joseph B. Roper, and was married about twenty years ago to Parley Childs of this place. At the time of her death she was 43 years of age. The sympathy of the community is extended to the bereaved husband, as he is left with the care of eight children, the youngest being just one year old. The funeral services will be held at the Relief Society hall Friday afternoon at 2 o'clock.

PROVO'S STRAWBERRY DAY.

Commercial Club Decides That Festival Will Be Held Early in June.

Provo, April 9.—The Provo Commercial club decided last night to have a strawberry day festival in this city sometime early in June. This being the center of a large district in which strawberries are produced in great abundance, the propriety of inviting the public to partake of the luscious fruit has been considered for some time, and last night the club decided to take the matter in hand. The following committee was appointed to act in connection with the advertising committee in making arrangements for the affair: C. F. Decker, William M. Roylance, C. E. Loose, M. C. Newell, R. W. Brereton, C. A. Glazier and W. H. Ray.

The matter of the railroad companies having dispensed with the use of the Bell telephones was brought up by Manager Smoot of the Bell phone and the inconvenience resulting to patrons of his company presented. The question was referred to the committee on railroads and transportation for investigation.

Reports from the committees on the horse fair to be held April 15 were to the effect that everything was in readiness for the biggest and best display of fine horses ever held in Utah. Over 600 are expected to be in line in the parade, including a carriage team from Ogden which took the prize at the Chicago world's fair.

FAVORABLE REPORT.

Washington, April 10.—The senate committee on irrigation today ordered a favorable report on Senator Borah's bill directing that 50 per cent of the moneys derived from the sale of lots in towns on government irrigation projects be devoted to the erection of school houses, construction of water and sewer systems and other municipal improvements. The bill was reported without amendment. In view of the favorable recommendation of the reclamation service, an attempt probably will be made when the bill comes before the senate to increase the amount from 50 to 100 per cent.
