DECORATION DAY ORDER COMPLETE

Grand Army of Republic and Affiliated Societies Will Attend Church Services.

DECORATION OF GRAVES

PARADE WILL BE NOTABLE FEATURE OF OCCASION.

Progress was made last evening at a meeting of the Decoration day committee representing the Grand Army posts, the Woman's Relief Corps, the Indian War Veterans, the Reynolds circle of the G. A. R., and the Spanish War Veterans. It was ordered that the invitation of the Rev. C. E. Perkins of St. Paul's Episcopal church be accepted and that divine services be attended at St. Paul's on Sunday morning, May 24. The various patriotic bodies will assemble at the I. O. O. F. temple and will march to the church, headed by the Ladies of the Grand Army band.

Arrangements have been made for patriotic services in the schools on Friday, May 22. Speakers will be assigned by the various patriotic organizations.

Decoration of Graves.

It was decided that the decoration of graves be taken care of on May 29, in order that the morning of the 30th would be more free of details to be attended to. On the morning of the 30th the ritual services of all the organizations will be held at the cemeteries—the City, Mount Olivet, Calvary and Fort Douglas. This will be prior to the parade.

The parade, which is expected to be the most splendid pageant of the kind in the history of Utah, will begin at 10 o'clock.

Immediately after the parade there will be exercises at the Orpheum theatre, the use of which has been donated for the occasion by the management. The program has not yet been fully arranged, but will soon be announced.

After the exercises at the Orpheum it is expected that nearly every one will accept the invitation to attend the exercises at Sandy, where a special effort will be made appropriately to observe the day. The exercises at the Orpheum will be public, and the hint is here given that if one desires to attend one should go early.

Outing at Lagoon.

On June 2 there will be an outing at Lagoon, the program of which is in charge of Colonel George B. Squires and a committee to be named by him later. The object of the Lagoon outing is to raise funds to cover the expenses of the Grand Army delegates to the grand encampment at Toledo in September, who, as well as being representatives of the organization in this department, are expected to bring the encampment of 1909 to Salt Lake. There is every prospect of this being done.

The next meeting will be held in the office of the secretary of state in the city and county building next Thursday evening, when matters will have further shaped themselves.

WILL WELCOME ADMIRAL

Large Number of Salt Lake People Will Greet Sea Fighter on Way East in Ogden.

Charles S. Tingey, acting governor, and a party of state officials will go to Ogden Monday morning to welcome Admiral Evans, who is expected to arrive from San Francisco over the Southern Pacific on his way east. It is expected that a large number of Salt Lake people will take advantage of the opportunity to see the famous admiral and greet him in the name of the state which had the honor of sending him to the naval academy at Annapolis. The official party will travel on a special train over the Oregon Short Line, leaving Salt Lake at 7 a. m.

Arrangements have been made in Ogden for a committee composed of members of the Weber club, the Press club and the Elks club to meet Admiral Evans on the arrival of his train in the Junction City.

S. D. Evans,

Undertaker and embalmer, removed to new location, 48 South State street.

COMIC OPERA THE ORDER.

Twenty-Second Ward Talent Will Entertain This Week.

Comic opera is now the chief theme of interest in the Twenty-second ward. On next Tuesday, Wednesday, Thursday and Friday evenings the talent of the M. I. A. Opera company will give "Priscilla, or the Courtship of Miles Standish," in the Twenty-second ward, and there is every assurance that the ward stars in the world of song will appear before packed houses.

In the first place, the press agent of the troupe grows eloquent over the catchy, tuneful, smile-coaxing qualities of the comic opera. In the second place, no press agent is necessary to tell the people that the singers of the Twenty-second ward have a well earned reputation for cleverness and a personal popularity which extends beyond the boundaries of the ward. There is to be a chorus of thirty and an orchestra or eight pieces. The cast is as follows: Miles Standish, the dougity captain, Francis Davis; John Alden, E. J. Brain; Governor Bradford, Lawrence Hardy; Hatebad Higgins, agent for the good ship Mayflower, Thomas G. Doxey; Squanto, Walter Widdison; Priscilla, Estella Hardy; Resignation, Ethel Goodyear; Barbara, Clara Holmes; Faith, Nettie Kingdom; Prudence, Jessie Ramsey.

James E. Morgan will be musical director.

"AT HOME" DAY FOR CENTRAL

Bell Telephone Company Entertains Large Crowd of Visitors in New Building.

BUSY SIGN DEMONSTRATED

CHARMING GIRLS ACT AS ESCORTS FOR GUESTS.

The Bell Telephone company was "at home" to 4,500 guests yesterday afternoon and evening. The entire building was thrown open to the company's guests and employes of the various departments explained to the visitors the intricate workings of a great telephone company. The rooms were decorated with cut flowers and an orchestra played while the people were shown through the building.

The most interesting place in the building and the one that attracted most of the visitors was the operating room where the central girls were on duty making connections. Miss Charlotte Trowbridge, who has the honor of being the swiftest telephone operator in the employ of the company, was on duty at the demonstrating board and showed how the connections were made and explained in an interesting manner how she knew when the line was busy.

In the operators' dining room some of the prettiest central girls served punch. This room was not decorated for the occasion. The visitors were shown this room as it is every day when the girls go there for their luncheon. Mrs. Stevens, the matron, showed the visitors the range and the sideboard which are given the girls by the company.

In the front of the building are located the parlors, or rest rooms, for the operators which were tastily decorated. Another interesting room was in the engineering department where are located the large dynamos and the storage batteries. The engineers explained how the wires come into the building in huge cables and branch out to the switchboard. Appliances to suit all emergencies were explained in detail.

The "at home" was the most successful one ever given by the telephone company and H. Vance Lane, the president of the company, said last evening that the reception of the visitors was to him one of the greatest pleasures he had ever enjoyed.

POEMS ARE DELIGHTFUL

Verse Written by Salt Lake Author Bids Fair to Attract Wide Attention.

A book of poems—"Patris"—a neatly-bound, artistically arranged volume, has been received in The Herald office. It is by Florence Ellinwood Allen of this city and is dedicated to Marion Prentiss Stratton. There are half a hundred poems in the work, and all, save the translations, breathe the spirit of the west. It is a collection of gems, in fact, which is well worth perusal from beginning to end.

As a sample of the verse the author writes, and which may be taken as the standard of her style—although there are many that are even better than this—is the poem dedicated to the west. It runs thus:

Oh it's west, and my west I am singing,
With its infinite stretches of sky,
And the yellow light of the morning,
Ablaze in the uplands high:
With the clouds lying low in the valleys
Like folds of soft-billowing white,
And the spruce blue-grey
And the aspen a-sway
On the mesa's brown-shelving height.

And it's west, my west, I am singing,
The mountains all misty-grey,
And the quivering lights on the foothills
Like stars that swing and that sway,
When the flying light from the engine
Flash out on a blur of sand,
And the telegraph wire,
Silver-threaded with fire,
Leads on to the wonderful land!

* * *

Ah, west, my west, keep thee noble!
For the freedom of hills is vain,
And the breath of thy mountain-meadows
May stifle as that of the plain,
If violence sap thy justice,
In the grapple 'twixt passion and greed,
And the limitless might
Of free, inborn right
Decay to unchecked, lawless deed.

FOR CHANGE OF GRADE.

Mrs. Mary E. R. Webber Wants $3,000 Damages From City.

Mrs. Mary E. R. Webber claims that her property at 131 Second avenue has been damaged to the extent of $3,000 by the change of grade on that street and yesterday filed a claim against the city for that amount with the city recorder. Recently Mrs. Webber brought an injunction suit to prevent the proposed change, but was induced to abandon it. Now that the change has been made she wants damages. It is probable that nearly all the property owners on Second avenue between Canyon road and A street will file similar claims and there is little doubt but that under the recent grade decisions by the supreme court that they can recover. The trouble is declared to be the result of the ambition of the city engineer to establish absolute grade in every portion of the city without paying any attention to the typography of the neighborhood.

WITHHOLDS APPROVAL.

Davis Will Let Bransford Pass on First South Water Mains.

A. J. Davis, acting mayor, has decided to wait until Mayor Bransford returns before any action is taken in approving the instructions of the council given last Thursday evening to the superintendent of waterworks to lower and relay the water mains on First South street.

Mr. Davis had a conference with H. J. Dinimny, city attorney, yesterday, and was told by that offiical that the supreme court has declared such procedure illegal. Mr. Dinimny said that the work cannot be classed as emergency work and any property owner can stop it by injunction proceedings if the water department attempts to go ahead.

Because of this condition Mr. Davis has deemed it wise to await the return of the mayor next Monday and allow him to take such course as he may think best.

HAILEY GETS TASTE OF HIGH FINANCE; SALT LAKE MAN GETS ANOTHER BANK

Just why the First National bank in Hailey, Ida., should be closed so that the Hailey National bank can flourish in its place is perplexing a number of persons in the Idaho city. Some of the stockholders in the First National bank, according to reports from Hailey, do not wish to see the bank go into liquidation. They assert that the First National bank has been paying 35 per cent upon its capital and has been a flourishing institution for twenty years.

But, for all of that, the First National is to go out of existence on May 21 and the Hailey National bank is to be its successor.

James E. Cosgriff, president of the Commercial National bank, is held responsible by the Wood River Times for Hailey's taste of high finance and the sight of one prosperous banking establishment dropping out of sight so that another may enter the lucrative field vacated.

Besides his interest in the Commercial National bank of Salt Lake Mr. Cosgriff owns a chain of banks in Wyoming and Idaho, each placed in a location as favorable to banking profits as the Hailey National bank. Associated with Mr. Cosgriff in the Hailey enterprise are John D. C. Kruger of Rexburg and St. Anthony, Ida., the cashier of the First National bank of Hailey; G. D. Snell, jr., of Caldwell, Ida., the president of the First National bank of Hailey; J. C. Fox of Hailey, a director thereof; and H. D. Curtis, the first assistant cashier of the same.

It is asserted by Hailey stockholders in the First National bank that they knew nothing of the impending change until April 18, when a telegram was received from Washington announcing that the comptroller of the currency had approved the application of Mr. Cosgriff and his associates for a charter for the new bank.

The stockholders in the old concern were not pleased, as they were satisfied with the 35 per cent earning power of the First National, and thought that the old bank's charter should have been renewed.

Mr. Cosgriff and his associates bought the controlling interest in the First National bank of Hailey last fall from R. F. Buller and Frank H. Parsons for $85,000, paying at the rate of about $192 a share.

An attempt was made to get Mr. Cosgriff's version of the deal yesterday, but he was out of the city.

RIFLE'S VICTIM IS IDENTIFIED

Man Shot and Killed by Antone Foster James Story, Tallow Manufacturer.

The man shot and killed early yesterday morning by Antone Foster of 1124 West Fourth North street was identified yesterday at O'Donnell's undertaking rooms as James Storey, a tallow maker, who has his factory in Camp's Lane. An inquiry was made into the shooting by Acting Coroner Dana T. Smith yesterday, and the shooting was declared to be justifiable.

Storey had been drinking all day Friday and early yesterday morning started for his home in Camp's Lane. He evidently relied upon his horse to take him to his home, and when it stopped in front of the store of Antone Foster, which the Fosters use as a residence, the rider apparently believed he had reached home. He beat heavily on Foster's door, and, Foster thinking he was a burglar, fired through the glass in the door. Storey was shot dead instantly.

Storey was well known in Salt Lake, having lived here for sixteen years. The greater part of this time he had a tallow factory in the northwestern part of the city. He made considerable money at this business, and it is understood he left a small fortune. Storey had no relatives in Salt Lake, except a nephew, Thomas Hilditch, living in San Francisco, and a sister living in Massachusetts.

The body is at the undertaking rooms of Joseph William Taylor, and James Gibson, partner of Storty, is looking for the relatives of the latter.

The Great Prescription Drug Store

BUSINESS MAN'S SUDDEN COLLAPSE

W. F. Callaway in Hospital Recovering From Overdose of Powerful Drug.

W. F. Callaway, a member of the firm of Callaway, Hoock & Francis for many years, fell in the store office on Main street in a state of utter collapse Friday morning. He showed symptoms of poisoning. He was removed to St. Mark's hospital where, last night, his condition was announced as so greatly improved that no serious complications were expected.

Mr. Callaway has been in ill health for some months. He was a sufferer from a nervous disorder, and a recent reorganization of the business was made in order that Mr. Callaway might have the advantage of rest and a relief from business cares. He went to California in quest of improved health, and returned only a few days ago. Apparently he was improved, but the improvement was not marked.

On Friday morning, while he was in the office of the store, he suddenly collapsed. He was assisted to a carriage and taken to the hospital, where his progress for the better has been steady.

A rumor gained some degree of currency yesterday that Mr. Callaway had attempted suicide in the office of the store. Friends scout the idea of any attempt of the sort. "Mr. Callaway has been ill for some time," said one of the members of the firm, "and has been in the habit of taking the medicine prescribed for him by his physicians. It is possible that he took an overdose of medicine, and that this caused his sudden attack."

It is believed that he might have taken an overdose of a poisonous drug while temporarily deranged.

At any rate Mr. Callaway, who has been in the china business for much more than half a century, is in a fair way to recovery.

BURGLARS STEAL VALUABLE GEMS

Jewelry Worth Several Hundred Dollars Is Taken From Main Street Home.

RESIDENCE IS RANSACKED

ENTRANCE EFFECTED THROUGH REAR DOOR.

The residence occupied by J. H. Owens and H. C. Matthews, at 721 South Main street, was entered by burglars last night and several hundred dollars worth of jewelry stolen.

Mr. Owens and Mr. Matthews, with their wives, were at the theatre when the burglary occurred. On their return to their home they discovered that the place had been thoroughly ransacked and that all of the jewelry that could be found was stolen.

Detective George Chase was sent to the house as soon as the crime was reported to the police. He found that the burglars had entered the house through the kitchen door. A pane of glass in the kitchen window had been broken and the burglars had reached through this and turned the key from the inside.

On entering the house the burglars evidently made a systematic search of the entire dwelling. Only such articles of value as might be easily disposed of were stolen. Drawers were emptied on the floor, wardrobes were ransacked in almost every part of the house by the burglars in their search for loot.

Articles stolen from J. H. Owens included a solitaire diamond ring, a ring with stones set in a grape cluster design, a plain gold band ring, a ring set with two pink opals, a ring with a setting of two opals and several diamond chips, a diamond pin in a fleur de lis design, two ladies' gold watches, one of which contained the inscription "From Johnnie to Jennie," and a safety razor. Among the articles stolen that belonged to Mr. Matthews were a lady's open face gold watch, a sapphire ring, an emerald ring, a pair of pearl opera glasses and a kodak.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32-34 Main street, $3.50 per year and upwards.

Clarence Gillette Is Robbed of $7.05 on His Way Home by Lone Highwayman.

Clarence Gillett, a young man 17 years old, who lives at 30 West Sixth South street, was held up at 11:50 o'clock last night near the corner of West Temple and Fifth South street and robbed of $7.05.

Gillette was walking south on West Temple street on his way home when an armed highwayman stepped from behind a tree which was just in front of Gillette. He leveled his revolver at Gillett and demanded that he throw up his hands. Gillette obeyed with alacrity and the highwayman went through his pockets.

After securing the money the highwayman ordered Gillette to go ahead without looking backward. Out of the tail of his eye Gillette saw the bandit running across the street in the opposite direction. On account of the darkness the victim of the hold-up was unable to see the highwayman clearly and could not give the police a good description of the man.
