ANTI-RACE BILL PASSED ON COAST

Governor's Signature Will Put Stop to Racing at Close of Present Season.

Sacramento, Cal., Feb. 4.—Racing in the state of California received a vital blow when the senate today, by a vote of 33 to 7, passed the Walker-Otis anti-race track gambling bill, which prohibits pool selling, bookmaking or gambling on horse races. The bill having already passed the assembly, it will now go to the governor for his signature, after which it will become a law. Governor Gillett has signified his intention to sign the measure if passed by both houses, but it is believed that he will not take this action until thirty days shall have elapsed. As the bill permits pool dealers and bookmakers sixty days' time in which to close up their affairs, the present season of racing at the Emeryville and Santa Anita courses will not be disturbed.

The Walker-Otis anti-gambling bill is referred to as "the Hughes law of California," in this section, inasmuch as it follows closely the text of the Hughes bill which was passed by the last legislature in the state of New York. Violation of the measure is made a felony, the punishment for which is imprisonment in the state penitentiary and a heavy fine.

The senate galleries were packed this afternoon when Senator Walker, sponsor for the bill, presented the measure for consideration. He explained that it would not prevent horse racing and would not injure the business of the state one iota. It was agreed by the proponents of the bill that there should be no debate on the part of those favorable to its passage, Senator Wolfe, as was expected, made the principal speech in a last effort to turn the tide in favor of the race track owners and supporters. "I am against the bill because it is unfair," he shouted. "You don't stop the handbooks by this measure, and if you pass it and it becomes a law you will stop racing in California. But they will continue to race in Canada, Mexico and every other state where gambling on speed contests is permitted.

"I'll venture to say that many of the senators who will vote against this bill today go to the races every chance they get. At the running of the Burns handicap at Emeryville over 15,000 people witnessed the contest. They did not all bet. They loved to be there—it made their blood run freer—to see that noble contest."

Wolfe closed with an eloquent plea to his fellow senators to vote against the bill's passage on the ground that it would kill the breeding industry of the state and result in a loss of millions of dollars annually.

After several speeches had been made in a similar vein, the bill was presented for action. It was passed by a vote of 33 to 7. Those who declared against the passage of the bill were Senators Hartman, Weed, Wolfe, Finn, Hare, Leavitt and Reilly.

As to when he would sign the bill Governor Gillett was non-committal tonight. Under the law he must sign or veto it within ten days after it is sent to him. He said that he might affix his signature after considering the measure for five minutes or he might take longer. He has not made up his mind. If the governor wishes he may permit the present season at Emeryville and Arcadia to run their regular courses.

TURF RESULTS.

At Oakland.

Oakland, Feb. 4.—Fanatic led all the way in the Sargent handicap at Emeryville today, winning cleverly from Ocean Queen. Bubbling Water, the odds-on favorite, did not have her usual speed in the heavy going that prevailed and finished third. Chitterlings, a 40 to 1 chance, won the second race from Osceola, quoted as high as 100 to 1.

Blameless, the favorite, quit after showing early speed. Mary B. Clark, a 15 to 1 shot, won the mile and a quarter race, never being headed. Results:

First race, three furlongs, purse—Penn, 110, Mentry, 11 to 10, won; San Leandro, 105, Borel, 30 to 1, second; Rivera, 106, Keogh, 18 to 5, third. Time—38 seconds. Fred Stone, Cinamon, George D, Randal, Fairmont, Eddie Duckling and Father Eugene finished as named.

Second race, six furlongs, selling—Chitterlings, 103, Scoville, 4 to 1, won; Osceola, 106, Deverich, 30 to 1, second; Foot Loose, 98, Taplin, 23 to 5, third. Time—1:18 1-5. Lewis Streuber, Blameless, Bill Eaton, Cleopat and Pallas finished as named.

Third race, mile and seventy yards, selling—Ketchemike, 107, Keogh, 9 to 10, won; Nebulosus, 107, Butler, 10 to 1, second; Fulletta, 114, Taplin, 10 to 1, third. Time—1:51 1-5. First Peep, Katie Powers, Import finished as named.

Fourth race, five and one-half furlongs. Sargen handicap—Fanatic, 96, Deverich, 3 to 1, won; Ocean Queen, 100, Gilbert, 20 to 1, second; Warden, 100, Scoville, 3 to 1, third. Time—1:10 1-5. Bubbling Water, Del Cruzador and Rose Queen finished as named.

Fifth race, mile and a quarter, selling—Mary B. Clark, 107, Mentry, 12 to 1, won; Prince of Orange, 109, Gilbert, 5 to 1, second; Orehan, 104, Sullivan, 7 to 1, third. Time—2:17. Apt, Kogo, Adonis, Flavigny, Taos, Colonel Bronston, George Kilborn and Miss May Bowdish finished as named.

Sixth race, futurity course, purse—Tom Shaw, 104, C. Miller, 7 to 5, won; Cloudlight, 107, Keogh, 13 to 5, second; Early Tide, 108, Buxton, 6 to 1, third. Time—1:13. Charlie Doherty, May Amelia, Marian Casey, Marie H. and Pio Pice finished as named.

At Los Angeles.

Los Angeles, Feb. 4.—A very ordinary card was run off at Santa Anita park today. The track was heavy and the winners were hard to locate. Magazine at 2 to 5 scored an easy victory in the fourth event, a seven furlong dash. He took the lead early and won by four lengths. Results:

First race, selling, five furlongs—Succeed, 107, E. Dugan, 9 to 5, won; Velma C., 109, Shriner, 20 to 1, second; Auburndale, 112, Powers, 10 to 1, third. Time—1:02 3-5. Gold Bar, Snap Dragon, Slippery, Calendar, Saucey M., Sirenlo, Columbia Girl, Tendercrest and Margie D. also ran.

Second race, seven furlongs, selling—Josie S., 112, Page, 10 to 1, won; Azo, 92, C. Russell, 5 to 1, second; Otilo, 100, Goldstein, 8 to 1, third. Time—1:23 1-5. Town Topics, Jane Laurel, Chippewa, Lady Kitty and Allen Lee also ran. Joseph K. left at post.

Third race, selling, six and a half furlongs—Sir Edward, 114, Schilling, 9 to 10, won; Galves, 111, Powers, 12 to 1, second; Oriflamb, 103, B. Wilson, 13 to 1, third. Time—1:20 2-5. Ezra, Entre Nous, E. M. Fry, Chalfonte and Avontellus also ran.

Fourth race, seven furlongs—Magazine, 110, McGee, 2 to 5, won; Furnace, 98½, Page, 30 to 1, second; Lasata, 94, Sumter, 5 to 2, third. Time—1:26. Tony Bonero, Elizabeth Harwood also ran.

TIPPETS SECURES MATCH

To Box Frank Mantell at Murray Under Auspices of Baseball Club.

Arrangements have been going on for some time toward securing a match for Jack Tippets, the local boxer, to be held at Murray. Among the boxers who were in view is Frank Mantell, also well known locally and in Murray, where he boxed Martin Judge fifteen rounds about a year ago. A wire was received yesterday from Mantell saying he would meet Tippets here and the bout has been set for Feb. 22.

The contest will be pulled off under the auspices of the Murray baseball club and will be managed by H. Rathner. The Murray club promoted a bout a couple of months ago between Pete Sullivan and Jack Downey and made a little coin for the club. As the baseball season is coming around again, the club will need more money to put a team in the field and believes a contest of this kind will help replenish its treasury. Mantell is now on the coast and will come to Salt Lake within a few days.

CHAMPS MEET CHAMPS.

Y. M. C. A. and B. Y. C. to Fight It Out Saturday.

Followers of basketball are looking forward with much interest to the big game which occurs at the Y. M. C. A. gymnasium next Saturday night between Utah's two champion teams, B. Y. C. of Logan, the state school champions, and the Salt Lake Y. M. C. A. team, state champions. Last season the "Y" team lost to Logan. A third game to settle the superiority was not arranged and for a year there has been a constant speculation and argument as to which institution is represented by the strongest team. Since the fall of 1907 the Y. M. C. A. players have not lost a single game, winning since Jan. 1, 1908, twenty-five straight games. The Logan team has won games almost as consistently since that time and consequently the game Saturday night should be a hard struggle for supremacy between two teams, great rivals and playing in championship form. Another thing which adds interest to this game is the fact that both the B. Y. C. team and the "Y" team recently defeated the Los Angeles team, champions of the Pacific coast, on its trip through the state.

COCK FIGHT RAIDED.

Buffalo, N. Y., Feb. 4.—Sheriff Jergee early today raided a cock fight on the outskirts of the city. Over 100 men were arrested and seventy-five dead and live birds captured. The prisoners include men from Ohio, Pennsylvania, Canada and down-state points.

U. OF U. WINS FIRST GAME

Defeat Aggies in League Game at "U" Gym by Score of 33 to 13.

Standing of Teams.

	Won.	Lost.	P.C.
L. D. S. U.	3	1	.750
B. Y. U.	2	1	.667
B. Y. C.	3	2	.600
U. of U.	1	2	.333
A. C.	0	3	.000

The university basketball team won its first game in the league series by defeating the Agricultural College five in the university gymnasium yesterday afternoon. The score was 33 to 13 and the U men had the best of their opponents throughout the contest. Morgan Adams, the latest addition to the U team, strengthened it considerably, and he played a strong game at forward. Captain Horsfall played his usual star game for the U team. There was a good crowd of university rooters present, who made it extremely enthusiastic.

The Logan team will play the L. D. S. team tonight at the Y. M. C. A. and tomorrow will go to Provo to meet the B. Y. U. The line-up in yesterday's contest:

Utah.		Aggies.
Adams	L. F.	Peterson
Horsfall	R. F.	Cooke, Whitehead
Wilkinson	C.	Dixon, Cooke
Knowlton	R. G.	L. Egbert
Erickson	L. G.	A. Egbert

Hoffer, referee; Pinkney, umpire.

CRACK AMATEUR COMING

Fred McCarthy, the champion amateur of Canada, is the latest eastern bicycle rider who has announced his intention of coming to Salt Lake this season. McCarthy has been in correspondence with Manager Heagren for some time and yesterday said he would come on at once. It is expected McCarthy will train here for the opening of the season. McCarthy was one of the men selected by the N. C. A. last year to represent America at the Olympic games in London, but was unable to go at the last minute. He is yet undecided whether he will ride in the amateur or professional ranks this season.

KANSAS CITY BIKE RACE

Kansas City, Feb. 4.—At the end of the fourth day of the six-day race the eight teams are in the same relative position that they have occupied for the past two days. The race has developed into a steady grind with frequent attempts by different riders to gain laps, but with little success. The field tonight gained one lap on Wilcox and Senhouse, but could hold their advantage but a few minutes, and the lap was soon regained. The distance covered at the close of the racing tonight was:

Fogler and Root, Hill and Demara, Bardgett and Mitten, Moran and Kramer, and Walker and Palmer, all 751 miles, 5 laps; Devonovitch and Mackay, Wiley and Cameron, 751 miles 4 laps and Wilcox and Senhouse, 751 miles 3 laps.

NEW SCHEME IN TEXAS.

Austin, Tex., Feb. 4.—A committee of the lower house of the legislature, after many hearings, has decided favorably to report a bill creating a state racing commission which is to pass upon all racing matters. Race meetings are to be limited to fifteen days under the auspices of any one association and to thirty days within one county. An absolute ban is placed upon pool rooms and on selling information to pool rooms within the state. The commission is to control the betting which must be under the Paris mutual system. The percentage, however, is all to go to the association holding the meeting.

GLEASON DEFEATS RICKS.

(Special to The Herald.)

Rexburg, Feb. 4.—A wrestling match was held in the armory hall on Monday night between Jet Ricky of Rexburg and T. F. Gleason of Salt Lake City. Ricks was defeated by the Salt Lake man. The Ricks academy basketball boys leave for Paris, Ida., on Thursday night to meet the Fielding academy basketball team on Friday night. On their return trip they will play with the A. of I. team at Pocatello on Saturday.

ATHLETES IN TROUBLE.

Missoula, Mont., Feb. 4.—Through failure to bring their studies up to the required standard during the semester just passed, twenty of the most prominent athletes at the University of Montana have either been suspended or declared ineligible for the basketball, baseball and track teams of 1909 and it is probable that all scheduled events in these branches of athletics will be cancelled.

DIED AT HER POST.

Trinidad, Colo., Feb. 4.—The skeleton of Mrs. S. J. Rook, former telephone operator at Folsom, N. M., was found deeply buried sixteen miles below Folsom. During the great flood at Folsom last August Mrs. Rook, who realized the danger, stuck to her post, warning the farmers of the valley by telephone until the telephone station was overwhelmed by the waters. Her action saved hundreds of lives. Mrs. Rook was a cripple and the skeleton was identified by the deformed spine.

N.C.A. HOLDS ITS ANNUAL MEETING

Local Rider Turned Pro—Representative Appointment Is Held Up.

Word was received in the city yesterday that at the annual meeting of the N. C. A. in New York three Salt Lake amateurs, Crebs, Giles and Halstead, had been turned professional and that the appointment of F. L. Gardner for representative had been held up for the time being. It has been rumored for some time that Crebs would be turned professional and it is said that a letter has been received in this city to the effect that Johnnie Chapman would have the frick turned because Crebs refused to ride for him at the Kansas City race. Crebs said yesterday that he did not know whether he would ride this season or not if he had to ride in the professional class, but as the season is still a long way off many things may occur to alter the situation.

The holding up of Gardner's reappointment was a surprise to some and not to others. It is learned that the owners of the Salt Palace track have requested that Gardner be not reaffirmed this year and as the track owners are supposed to be the N. C. A. it is likely this had something to do with it.

Members of the Heath family who own the Salt Palace track have on more than one occasion declared they were discriminated against last year by Gardner in favor of the Saltair track. They point to the fact that Gardner allowed the Saltair to run on dates which for years had belonged to the Salt Palace and also that Gardner allowed, and it is claimed, asked riders to race at Saltair when they were signed up to ride at the Salt Palace. It was said at the time that the Salt Palace people would protest Gardner's appointment this year and it is claimed that letters to this effect have been sent the N. C. A. officials during the winter.

Manager Harry Heagren was seen last evening and said he had no person in view for the appointment this year and hoped the matter would be settled amicably to all concerned so there would be no friction of any kind in the bicycle racing game and that he would work toward that end.

MAC AND JACK BEATEN

Clarke and MacFarland Up Against Hard Game in the Paris Race.

"Jackie" Clarke, the Australian cyclist, and Floyd McFarland, the American, says an exchange, were beaten in their first races in Europe, though both men came through the contest with some honor. The events took place at the Velodrome in Paris, and the interest in the appearance of Clarke and MacFarland served to bring out a crowd of 10,000 people. The French sporting writers were enthusiastic over the riding of Clarke, and predict that when he gets in form he will more than hold his own with the European cracks.

Clarke met Victor Dupre in a special match race and lost in two straight heats, while MacFarland was beaten by Emile Poulain, the former world's champion, in two out of three heats. Chief interest centered in the Clarke-Dupre match. The Frenchman is just now considered the best man in Paris, and he displayed some of his wonderful speed when here for the last six-day race, by defeating Frank Kramer in one heat of their match race in Madison Square Garden.

Dupre took the lead in the first heat against Clarke and held it throughout, though the Australian made a great bid for victory in the home stretch, and was only beaten by inches. It was thought that Clarke made his jump too late, as he was in the lead a wheel's length beyond the tape.

In the second heat Clarke set the pace, but Dupre got the jump on him in the stretch and again beat him out by inches. So great was the enthusiasm that the spectators carried Dupre off the track on their shoulders.

MacFarland lost the first heat to Poulain, a sprint affair, and also the second, which was behind tandem pace, and in which the American punctured his tire. In the third with motors as pacemakers, MacFarland won.

Nat Butler, the American, also got back to his winning stride, and at the same meet he defeated Seres and Parent in a motor-paced race.

At this same meet W. F. Ivy, the American negro cyclist, who rode for several seasons as an amateur at Vailsburgh, won the pro. handicap race. Ivy went to Paris last fall.

CLARKSON DIES.

Was Famous Ball Player and Cost $10,000.

Waltham, Mass., Feb. 4.—John Clarkson, famous as a baseball pitcher in the days when $10,000 release prices began to be paid between National league clubs, died at the McLean hospital here today, following a long illness which began with an attack of pneumonia.

Clarkson's name developed with his work as a pitcher for the Chicago club in the early '80's. His release was purchased for $10,000 by the Boston club in 1887. Clarkson was 48 years old and married.

CHASE TO JOIN CLUB.

Blames Elberfield for Quitting Team Before.

San Jose, Cal., Feb. 4.—Following the receipt of the news of his reinstatement last night, Hal Chase said that he would join the New York Americans for spring training at Macon, Ga., about March 1. He blamed "Kid" Elberfield's policy and ill-health for having caused him to leave last fall and said he had been offered big inducements to remain in the California league, but would lose rather than be known as a contract jumper.

REDS SIGN MORIARITY.

Outlaw Has No Trouble in Being Reinstated.

Cincinnati, O., Feb. 4.—Shortstop William Moriarity, who belonged to the San Francisco club, although recently playing with the outlaw California league at Stockton, was today signed by the Cincinnati National league team. Moriarity had some time ago applied to the national baseball commission for reinstatement. His application was today granted.

TURMOIL IN CONVENTION

United Mine Workers Putting in Their Time Abusing Each Other and Making Accusations.

Indianapolis, Ind., Feb. 4.—All efforts of the conservative element in the convention of the United Mine Workers to expedite business by excluding personal controversy between factional leaders seem futile. Early today a resolution was adopted that all speakers must confine themselves strictly to the subject in hand, but, nevertheless, the day was one of turmoil.

The convention adopted a resolution that the national executive board has exceeded its authority in suspending the officers of the Indiana district for disobeying an order that the miners should return to work in the Hudson mine pending the adjustment of a strike. This practically was a reversal of the convention's actions a few days ago when it approved the course of President Lewis in the matter, and indicates that the delegates will adopt a new interpretation to the sections of the constitution defining the authority of the national officers.

Samuel Gompers' name was brought into the discussion of the convention of the cause of the failure of the Alabama strike and he was charged with opposing the miners in the interest of the state authorities. This was in line with many allegations that the union leaders had "played politics" and that the Lewis' administration was self-seeking.

NEWS AND NEAR NEWS IN RAILROAD CIRCLES

For several weeks Colorado papers have had considerable to say regarding a report that the Colorado Midland railway was making preparations to utilize electric power in hauling trains through its tunnel which penetrates a part of the Continental divide. The rumored project called for a great deal of comment in railway circles. The company has now issued an official denial of any plans of that nature.

F. H. Vincent, representative in this territory of the Erie Railroad company, has received an announcement issued by Vice President H. B. Chamberlain of the resignation of S. P. Shane, freight traffic manager.

Walter L. Ross, general passenger traffic manager of the Clover Leaf system, whose headquarters are in Chicago, is visiting his fruit farm at Riverside, Cal. He has written railway friends here that he will probably return home by way of Salt Lake and will stop off here for a day or two.

J. S. Wilson, representative of Duluth, Raily Lake & Winnipeg railway, whose headquarters are in Minneapolis, is a visitor in Salt Lake.

The last issue of the Railway Record contains a complimentary notice of the appointment of A. W. Randall to the position of traveling freight and passenger agent of the Rock Island lines, with headquarters in Salt Lake City. Mr. Randall has been here now about a month, having come on from Denver.

It is predicted by several of the roads doing business in this state that next month will witness a decided increase in freight transportation east. It is said the freight traffic since Jan. 15 has been very gradually increasing and that next month will begin to see a much more forward movement. This will be caused principally by the orange movement from California. The early orange shipments are made over the southern lines, the roads north getting the bulk of the intermediate and late season transportations.

Passenger traffic east has been decidedly light during the first month of the year, is the report from the big railways, but the traffic west has more than held its own. During January more persons than usual have traveled west on long trip tickets and the passenger men state that this was rather unexpected so early in the season because of the fact that the coming season more than the usual number of rate events in the west are scheduled. It was thought that the holding of the Seattle exposition, which begins in June, would deter a great many persons contemplating trips west from starting early in the year. The Grand Army encampment in Salt Lake, it was thought, would also keep early traffic west down to a great extent.

S. R. Mackay and J. V. Sullivan, railway engineers on the Colorado Southern, were visitors in Salt Lake yesterday. They are on a trip to San Francisco to join their wives, who have been spending most of the winter in California. Mr. Sullivan was formerly in the employ of the Denver & Rio Grande and is acquainted with many of the men now in the operating service of that road in Salt Lake.

EASY FOR ABE ATTELL.

Ed Kelly Failed to Last the Ten Rounds Scheduled.

New Orleans, Feb. 4.—Abe Attell of California found no difficulty in retaining the feather-weight championship when he met Ed. Kelly of New York in a scheduled ten-round bout before the Southern Athletic club here tonight. Kelly's seconds threw up the sponge in the seventh round.

Kelly stood up with his opponent with fairly well divided honors until the sixth round, when Attell made his attack more vigorous and landed a number of lefts to both face and body and gave Kelly plainly the worst of it.

When Kelly came up for the seventh round Attell sent him to the floor four times in quick succession and his seconds, seeing that he could not last longer, gave up the fight.

RECORD IS BROKEN.

James Hardy Makes Fast Time in Skating Race.

The state record for a mile roller skating was broken in the heat race at the Auditorium last evening. The distance was one mile and the time was 3:15 3-5, breaking the record of 3:25 held by Charles Wilkinson and made a year ago. James Hardy was the winner and his time makes him a strong favorite for the finish of the race on Saturday night. His brother Senton, was second and Clyde Schofield finished third. There were nine starters.

PACKEY M'FARLAND TO MEET POWELL

San Francisco, Feb. 4.—"Packey" MacFarland, the Chicago lightweight, and Lew Powell of San Francisco have been matched to box twenty rounds, the contest to take place at Coffroth's Mission street arena in San Mateo on the afternoon of Washington's birthday. The boxers have agreed to make 135 pounds at 10 o'clock on the morning of the same day. They are to receive a percentage of the gate receipts.

WHISKEY FOR COLDS.

The increased use of whiskey for colds is causing considerable discussion among the medical fraternity. It is an almost infallible cure when mixed with certain other ingredients and taken properly. The following formula is wonderfully effective:

Mix two ounces of glycerine with eight ounces of good whiskey and add one-half ounce of Concentrated pine compound. Take a teaspoonful or a tablespoonful every four hours.

Any good druggist can supply these ingredients and will make the mixture, or it can be mixed at home.

Concentrated pine is a special pine product refined for medical use and comes only in half ounce bottles, each enclosed in a tin screw-top case, which is air-tight to retain all the original strength of the fluid, but be sure it is labeled "Concentrated."

SET FREE BY DETECTIVE

Butte, Mont., Feb. 4.—The release of Jean Dubois, convicted of procuring foreign women for immoral purposes and given a jail sentence in the local police court, but who was last night released by City Detective Frank Bates, without a court order or the slightest authority, has given rise to what may develop into the greatest scandal in the history of the Butte police department. United States Commissioner of Immigration Eby of Helena has taken up the case of Dubois, whose offense was particularly heinous, as not only had he engaged in the "white slave" traffic for years, but in one case had beaten his victim until she had lost her hearing and was practically an idiot.

When given his freedom by Detective Bates last night, Dubois disappeared and cannot be found. Commissioner Eby, calling Police Magistrate McGowan upon the telephone this morning, was amazed to learn that the prisoner had been allowed to go. Judge McGowan issued an order and was as astounded as Eby. Bates has made no statement, but Eby will come here tonight to investigate. Meanwhile the Butte police commission, it is expected, will summon Bates for an explanation.

Dubois was wealthy and the head and front of the white slave traffic in this city, and the decent element, headed by Judge McGowan, was particularly anxious to send him to prison.

USE PERFORATED STAMPS TO GUARD AGAINST THEFT

At the Salt Lake office of the Chicago, Rock Island & Pacific railroad there has been received a big supply of postage stamps in sheets from the general office. Each stamp in the sheet is perforated in the center with the initials "R. I." At the office of the Chicago, Milwaukee & St. Paul a supply of perforated stamps showing the initials "C., M. & St. P." has also been received. It is stated that all of the large railway corporations have now adopted the use of perforated stamps, the government having recently extended the privilege to all railway companies and large manufacturing and commercial corporations. Besides the railways thousands of other firms are now perforating their postage stamps and several firms have taken up the business of manufacturing perforated machines for the use of the various firms and companies.

A railroad official representing one of the largest roads having an office here, stated yesterday: "The railroad I represent alone expects to save a great many thousands of dollars within the next few years by perforating all its stamps. It will prevent the stealing of stamps by employes and it is very likely to make the originator of the idea a wealthy man. By the use of the perforated stamps it will be impossible for dishonest employes to dispose of the stamps that bear the initials or trade mark of the company using them. There has never before been found a way to avoid a great loss in postage stamps and the railroads have never been able to determine just how big a loss they have had annually on thefts of stamps. But it is known that on some of the big roads the loss has amounted to thousands of dollars a year. Supplies of stamps in large quantities are to come regularly from the head office of the road and will all be perforated before reaching here."

MARTIN COMPLETES HIS WORK IN SALT LAKE

General Superintendent A. S. Martin of the Denver & Rio Grande, who has been in the city since last Sunday, when he took over the affairs of the office of superintendent of the Utah division of that road upon the resignation from that position of Ernest Stenger, left yesterday in his private car for the east. Before leaving he stated that he had received word that J. C. Dailey, appointed to take the place vacated by Mr. Stenger, would arrive in Denver last night. He said he was going east to meet the new man and if other business did not prevent, would make a trip over Mr. Dailey's division with him. In any event, Mr. Dailey will not hurry to reach Salt Lake. He will carefully inspect the road en route and it was given out that he would not reach this city before Sunday or Mosday.

Mr. Stenger is just now enjoying a very much needed rest. He states that he has not yet decided what work he will take up in the future, but that for the present he is going to do nothing but rest and enjoy himself.

ROSY GLOW LIGHTS UP THE SALT LAKE ROUTE

Just at this time the Salt Lake Route is being patronized by traveling theatrical people, an unusual number of these aggregations seeking the accommodation of that system. The Lorch Dramatic company, which appeared in stock for several weeks at the Grand, left over the Salt Lake Route for Provo yesterday. This company will traverse this system until Feb. 18. The company will then return to Salt Lake City and be transferred to the Oregon Short Line, being routed north with Ogden as the first stop. The Salt Lake Route also has contracts to bring Florence Roberts and company, Florence Gear and company and the Orpheum road show aggregation to Salt Lake from Los Angeles, all within the next few days, and the company that has been presenting "The Red Mill" left last night over that route for Los Angeles.

COAL LAND CASES.

Denver, Feb. 4.—The second suit to recover coal lands in Colorado, alleged to have been fraudulently obtained, was brought today in the federal court against the Utah Fuel company.

It is alleged in the complaint that the company obtained 160 acres of coal lands in Gunnison county through fraudulent entry. The Morgan Trust company of New York is made co-defendant.
