STOCK PRICES MEND A TRIFLE

Recovery Due to Proof That E. H. Harriman Is Not Under the Weather.

FOREIGN MARKETS HEAVY

COPPER LOWER ABROAD AND MARKET DOWN IN NEW YORK.

New York, June 22.—A recovery in prices today resulted from the disproof of rumors circulated yesterday of E. H. Harriman's sudden and fatal illness. There was renewed buying from the large commission houses, from which selling yesterday gave the impression of important liquidation. The buying of United States Steel, the Harriman Pacifics and Reading proved imposing and had a strong influence on the whole market. The assertion was ventured again that something might happen to account for the advance in Wabash stocks. Attention was directed also to a report of the proposed construction of a railroad strip which would connect the Rock Island with the Missouri, Kansas & Texas.

The tone of the foreign markets was heavy and dull, and this deprived the recovery here of encouragement. A heavy fall in prices since the last settlement gives some large differences to be covered. That part of those differences are for account of New York holders of stocks in London was evidenced by the keen demand for cable remittances to London today. Buying of demand sterling bills also continued large to meet July 1 payments in London by mail remittances. Foreign exchange rates were thus held at the advance, which points to a resumption of the export movement of gold.

Copper had another decline in London, and prices of that metal were marked down at the New York Metal exchange. Money rates were perceptibly easier, but on call and time, in spite of the active demand for foreign exchange. The torpid demand for stock was not sufficient to maintain prices at the level to which they advanced and the closing tone was unsettled again.

Bonds were firm. Total sales, par value, $1,120,000.

United States bonds were unchanged on call.

GRAIN AND PROVISIONS.

Chicago, June 22.—The wheat market was strong early and initial quotations showed gains of ⅛@¼ to ⅝@¾ compared with the previous close. The upturn was due to additional rains in Kansas and Missouri and to an advance of ¾ to 1¼d at Liverpool, where prices were bullishly affected by continued light shipments from Russia and by fear of a decrease in the European supply. Demand soon fell to small proportions and toward the end of the first hour prices began to sag. Reports of rain in the harvest belt were found to have been exaggerated and other news of a bearish tenor inspired general selling, particularly of July. The Kansas crop report, which forecasted a yield of about 80,000,000 bushels of wheat, was a factor. This was supplemented by reports of good yields in Oklahoma. The range on July was between 1.13⅝ and 1.14⅞. The market was weak late and closed near the low point, with July at 1.14.

Favorable crop reports and an unexpected increase in local receipts were the chief reasons for weakness in corn. Reports from the corn belt claimed that the new crop was getting a magnificent start. The market closed weak at almost the bottom, ¼ to ½ below the previous close.

Oats slumped sharply on realizing sales based on denials of damage by green bugs to the new crop in southern Illinois. The close was weak, with prices ⅝ to 1⅛ lower.

Provisions were weak. Pork displayed weakness and closed 10 to 50 below yesterday. Lard and ribs were off 2½ to 17½.

American Beauty Beer

During his stay in Salt Lake this summer. We want him to do it for his own sake, because no beer excels it in purity, quality and general excellence. We particularly invite the comrades from Milwaukee and St. Louis to compare the relative merits of American Beauty Beer with that they get at home.

The greatest attention has been given to the hygenic cleanliness of bottles and to the scientific sterlization of the beer, and all this same methodical care being used in every process of manufacture has made the American Beauty Beer the favorite throughout the west.

The fact that the bottling house is equipped with the finest and most up-to-date machinery can be demonstrated on inspection, and a cordial invitation is extended to all to come and see our up-to-date plant

Strictly private and separate. All discharges, weaknesses, blood poison, varicocele and like troubles quickly and cheaply cured.
AN EXCLUSIVE TREATMENT FOR "WEAKNESS"
Drs. Shores long ago discovered that nearly ALL cases of so-called WEAKNESS in men was caused from DISEASED OR ENLARGED PROSTATE GLAND. Drs. Shores are the originators of their treatment for this common, yet little understood, trouble—and their treatment is not given or EVEN KNOWN by any "Quack Doctor" or "Fake Medical Institute" in the world. By their original methods Drs. Shores CURE these so-called cases of WEAKNESS quickly, surely and cheaply.
