The Contest will be Between the Summit Stake Academy Team and the American Fork Boys—Big Game Promises to be One to Interest—Don't Forget the Date.

On Wednesday, March 7, Coalville and ... will have an ... concerning the greatest ... game ever been of fered in ... of Summit county. The game will be a contest between the ... of the American Fork high school of the state of Utah.

The game will be between the Summit Stake Academy and the American Fork high school, and the game promises to be interesting.

The boys have made wonderful progress since organizing their team this season and have entertained large crowds at each game they have played. We look for there being a large crowd in attendance when the game is called, and we hope to see the Academy team come out with a good big crowd behind them.

The game will be called at two o'clock p. m. sharp and will last about an hour and a half. The team will have a motor conveyance to take along to the occasion and give all the boys a chance to get to and back along with the lady fair of the people.

In the evening the boys will give a grand ball in honor of the visiting team.

American Fork boasts of two years called dancing halls, and they will find there are others when they trip the light fantastic on the new dancing floor at the Opera House, which will be specially prepared for the evening.

Liberty will be opened at the Opera House and all are invited to attend and join in the fun that promises.

This is not just how the game will be played, but we have tried to give the people who will have to do so a little of the gist of it.

Many of our people are going from the surrounding towns of Summit and Utah to see the game, and we hope we will have a good crowd from Park City, who will come in force to see the game and cheer the boys.

Come along and cheer, good friends, it matters nothing to us whether you are for the Academy team or from the other team.

The Academy team consists of the following named players: ... Leslie Murphy
