After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nervine, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS,
Seabrook, N. H.

The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nervine

should be taken for some time to thoroughly restore nerve strength.

Dr. Miles' Nervine is sold by all druggists. If the first bottle does not benefit, your druggist will return your money.

MILES MEDICAL CO., Elkhart, Ind.

AND THIS A ROCKEFELLER!

Percy Would Not Let "Hat Pirate" Exchange His Decrepit "Kettle" for New One.

Some folks believe that Percy Rockefeller is the white hope of the Rockefeller family, according to the New York correspondent of the Cincinnati Times-Star. He is credited with being wise and wary. He keeps a thumb on the public pulse, and knows a lot of things about popular sentiment that many sober rich men do not know. The other night he went to a Broadway entertainment with a party of friends. The restaurant is rather a favorite of his, and the immaculate pirate in charge of the hat room had learned to know him. Mr. Rockefeller handed him his mashed and dishevelled old brown hat as he entered. It was a good hat—once. The hat pirate looked on Mr. Rockefeller with joy in his gaze. By and by Mr. Rockefeller's supper ended, and he returned to the coatroom to retrieve his bonnet. Instead of that decrepit old brown hat the boy handed him a new one of the same general form, and bearing the label of America's most expensive maker. It fitted Rockefeller perfectly, but he handed it back. "This isn't my hat," he said.

"Get wise, bo," the hat pirate said. "Nudge by with it while you can. It's worth ten of them old kettles you been wearin'."

Mr. Rockefeller said that was undoubtedly true. That he did not want to rob an unknown of a new hat.

"Say," the hat boy said, in disgust, "I thought I was doin' you a favor, because you been a good feller. But you better go back wherever you come from. You ain't bright enough to do business in New York."

DAIRY CATTLE AND HOG SHOW AND SALE AT OGDEN, UTAH.

One of the new features that will be added to the Four States and International Sheep show, September 22nd to 30th, 1911, is an exhibition and sale of registered dairy cattle. Most of these cattle will be shipped in from California, Oregon, Iowa and Wisconsin. There will be a finest of Jerseys, Holsteins, Guernseys, Aldderneys and all other dairy breeds, the sale to take place on September 30th and will be handled by an auctioneer of national reputation. The Four State fair is assisted in this great movement to improve the dairy flocks of the intermountain country by the railroads and agricultural colleges in the intermountain country.

The International Sheep show bids fair to be even larger than two years ago when they had over 1,000 registered rams on exhibition. Such breeders as George A. McKerrow, Pewaukee, Wis., A. A. Wood & Son, Sarnia, Mich., John Rawlings, Forest, Ont. Can., Butterfield Live Stock Company, Weiser, Idaho, Wood Live Stock Company, Spencer, Idaho, P. S. King & Bros., Laramie, Wyo., and several other prominent breeders of the United States and Canada will have large consignments on exhibition and sale.

The Four State fair has had a very rapid growth. The exhibit more than doubled each year until one year ago when it had climbed to the top as a live stock exhibition, with over 4,000 head of live stock of all kinds on exhibition. The management has added building after building to contain this stock until it is equipped to house about 5,000 head. Ogden will be the central point in the West for purchasing registered cattle or sheep and while buyers are here they will be entertained in a royal manner.

Besides the high-class RACES each day, they have CHAS. F. WALSH, the AVIATOR, and DON PHILIPPINI'S FAMOUS ITALIAN CONCERT BAND and besides numerous other high-grade attractions.

The railroads recognize this fair as one of the great premieres and have granted a one-fare for the round trip within a radius of 400 or 700 miles around Ogden.

Spare for Women.

Kellogg Dunlap says that "Man's Motherhood Pallacy" has been exploded and that it is certain that many women are no more fit to be mothers than the average Wall Street man to be a portrait painter or a poet. The world would be in a very awkward condition, he says, if it were not for the fact that millions of women have seen fit to choose work in other fields than that of motherhood.

An ordinary case of diarrhoea can, as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by John Snyder & Son.

THE
Coalville Times

The Frog That Would Be a Flying Fish—Some fish and flying squirrels exist, it is not surprising to be told that there are also in the world flying frogs. All these animals have instinctively made use of the fundamental principle of locomotion, the production of which is beginning to interest the owner of flying machines. Mr. Boulenger, of the Natural History Museum, and Professor Boulenger of the University of Paris, describe the history of a specimen of a tree-frog, which, while living, with the membranes between its fingers and toes, enable it to glide on the air, are orange yellow. But it changes color like its chameleon. It habitually frees and hunts and is active only at night. Being so "scaly" White discovered it in the dark by acquaintance and touches itself a complete darkness through the eye.—Youth's Companion.

NOTICE TO CREDITORS.

Estate of Leroy Holt, Deceased

Creditors will present claims with vouchers to the undersigned at No. 201 D. F. Walker Building, Salt Lake City, Utah, on or before the 5th day of January, A. D. 1912.

Thomas Alston, Administrator of the estate of Leroy Holt, deceased.

Date of first publication, September, 1911.

EMERY & EVANS, Attorneys, 1022 Boston Building, Salt Lake City, Utah.

Estate of John J. Woods.

The undersigned will sell at Public Auction 74,075 shares of the Capital Stock of the Snake Creek Consolidated Mining Company, a corporation, at 9 o'clock a. m., on the 5th day of September, 1911, at the front door of the County Court House in Coalville, Summit county, Utah. Terms of sale cash, ten per cent of the bid payable at the time of sale, and balance upon confirmation by the court.

PETER CLARK, Administrator.
Dated August 25, 1911.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the Board of Trustees of Coalville School District No. 2, at the office at Coalville, Summit County, Utah, until 3 p. m., Friday, September 8, 1911, for the installation of a heating and ventilating system for school building.

Plans and specifications may be had at the office of the Board of School Trustees, Coalville, Utah, at the office of J. E. Allen, architect, Knight Block, Provo, Utah, by depositing a check of $15.00 for the return of plans, said check to be made payable to the Board of School Trustees.

Proposals will be received for different systems of heating and ventilation but must be a system which will not change the general plans or layout of the building.

Each bid must be accompanied by a certified check for 5 per cent of the amount of proposal, made payable to the Board of School Trustees of Coalville School District No. 2, as a guarantee that the accepted bidder will enter into contract and give an approved bond within one week after said contract is awarded, otherwise the amount to be forfeited to said district.

The Board will meet at their office at the above date and publicly open and read all proposals.

The right is reserved to reject any and all bids.

COALVILLE, UTAH.

Coal...

Weber Coal spells economy. Try a ton. It will do a ton's work. Coal that produces the greatest amount of heat; coal that burns to the last ounce; coal that is all coal, and the ash of which is evidence of its heat energy—that's the kind of coal we sell.
