IF YOU WAKE UP WITH TERRIBLE BACKACHE

Or dull pain in the region of the groin, it is time to give some attention to your kidneys. Backache is caused by clogged kidneys as a result of eating too much meat or other heavy foods, sprains, cold or nervous trouble. Regardless of the cause the safest way to obtain relief is to take a few doses of COOK'S PILLS FOR BACKACHE. These famous pills contain the most effective medicines known to science to flush and stimulate and tone up the overworked kidneys and to neutralize the acids in the urine. If your back aches; if urine is irregular or causes burning sensation; if it is cloudy or offensive, or dark in color; you need COOK'S PILLS FOR BACKACHE, and now is the time to obtain relief. Don't wait until you develop serious Kidney Trouble. Then it will be too late. There is no medicine like COOK'S PILLS to heal and stimulate sick, weak kidneys, and to relieve bladder weakness. Get a 5c bottle today and get well. They are on sale at Wells-Haymaker Co., Angle Inn Pharamacy, Stone and Mercer, or Farrell's Drug Store.—Advertisement.

The railroad connecting Chile and Bolivia, which crosses the Andes 14,105 feet above the sea level, provides oxygen chambers in which passengers can get relief from the rarefied air of the high altitude.

Neuralgia

There is no need to suffer the annoying, excruciating pain of neuralgia; Sloan's Liniment laid on gently will soothe the aching head like magic. Don't delay. Try it at once.

Hear What Others Say

"I have been a sufferer with Neuralgia for several years and have tried different Liniments, but Sloan's Liniment is the best Liniment for Neuralgia on earth. I have tried it successfully; it has never failed."—F. H. Williams, Augusta, Ark.

Mrs. Ruth C. Claypool, Independence, Mo., writes: "A friend of ours told us about your Liniment. We have been using it for 13 years and think there is nothing like it. We use it on everything, sores, cuts, burns, bruises, sore throat, headaches and on everything else. We can't get along without it. We think it is the best Liniment made."

SLOAN'S LINIMENT

is the best remedy for rheumatism, backache, sore throat and sprains.

BIG MONEY FOR THE FLORIDA FARMER

Manatee County, Florida, Produces As High As $500.00 Per Acre

Don't be just an ordinary farmer or wage earner in the North, when such golden opportunities are calling you to the health and contentment paradise of the world—MANATEE COUNTY, FLORIDA.

Ten acres of land in this ideal farming and trucking district will yield more in dollars than 100 acres of the best farming land in any State in the North. This is not merely an idle statement. It is being proved every day by men right from your own district.

When the North is snowbound and unseasonable for planting, Florida is busy growing and shipping oranges, strawberries, grape fruit and vegetables that command the highest prices. Where the North produces one crop each year, Florida produces THREE TO FOUR CROPS—something each month. Every man who takes up farming in Florida stays in Florida. They are all prosperous, healthy and independent.

It is easy to make the start. We are selling land at $50.00 per acre (in ten acre tracts) on payments of $10.00 down and $10.00 monthly—the plan that is making new happy farming homes every day.

CONDEMNED CATTLE NOT TO BE PAID FOR

In Certain Instances, is the Ruling of the Department of Agriculture.

WASHINGTON, D. C., Feb. 11.—The discovery of foot-and-mouth infection in the stockyards of nine cities—Chicago, Pittsburg, Indiapapolis, Louisville, Buffalo, Cincinnati, Columbus, Jersey City and Baltimore—which has resulted in the closing of these stockyards until they have been thoroughly disinfected, is regarded by the federal authorities as undoubtedly a setback in their campaign to eradicate the plague but is considered to be by no means as serious a matter as if the disease had broken out in stock held on the farms. All the cattle affected were destined for immediate slaughter at various points. No stockers or feeders were included among them. The infection therefore has been laid over a trail that runs in straight easily-traced lines from city to city. The stamping out of it is principally a matter of disinfecting all cars used in these shipments and all yards through which they have passed. On the other hand when the disease first broke out last fall it was spread over the country by a large number of shipments of stockers and feeders which were distributed more or less broadcast to the farms in many states. To trace each one of the animals in these shipments to its ultimate destination was a task of much greater magnitude than the authorities now face.

The new outbreak, however, in the opinion of the federal authorities emphasizes the necessity of adhering for some time longer to the quarantine regulations that prohibit the shipment of any stock from the quarantined area for any purpose except immediate slaughter, and also prohibit its shipment at all to points in free area. If feeders and stockers were to be sent out from the quarantined areas there would always be the danger of the disease spreading once more among the farms, and the country being thrown back in the condition that it was in in October.

The government also holds that cattle purchased for slaughter and found to be affected with foot-and-mouth disease shall not be paid for but may be condemned under the federal meat-inspection law like any other diseased stock. Purchasers of cattle for slaughter in territory where there is reason to suspect the existence of the disease, purchase at their own risk, and there is no reason why the government should insure them against the possibility of loss. For the government to do this would be in fact to put a premium upon the reckless buying of suspected animals and make the task of ultimately eradicating the disease much harder. Inspectors have also been warned against the possibility that stock ostensibly intended for immediate slaughter might be diverted for sale as feeders and stockers, and they have been instructed to see that all such stock is slaughtered without delay.

Physician's Prescription For Indigestion

Important for All Those Who Suffer After Eating.

If you suffer from indigestion after eating and find that instead of the one little pepsin or soda pill you used to to take, it now needs two or three to stop it, it's time you called a halt and did some hard thinking.

The plain truth is that there are thousands of men and women in this country whose stomachs are dead or dying from lack of exercise while they themselves still live. They can't go on this way much longer. It's wonderful to think that powerful drugs compressed in a pill will even for a little while do the work of a human stomach. But no pill was ever made that could do it for long.

A dead stomach can't be brought to life but a slowly dying stomach can and must or its owner must soon follow. Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them today. Most stomach remedies work on the food and digest it. Mi-o-na Tablets strengthen the stomach walls, stimulate the stomach muscles and vitalize the stomach machinery into instant and normal action. The stomach starts at once to churn its food and normal, painless digestion follows. Wells-Haymaker Co. and many other leading druggists hereabouts sell Mi-o-na Tablets, agreeing to refund money in any case where it does not do these two things. First, in ten minutes give relief from heartburn, gas, belching, acidity, sour rising, etc. Second, in thirty days completely renovate, cleanse and strengthen the stomach so it can do its own work without aid of any kind. If your own druggist thinks this well of Mi-o-na you surely ought to try it.—Advertisement.

OIL AND GAS

Recently Doddridge county, W. Va., where the gas companies are the most active developers of territory, has been supplying some creditable producers. On Ragen's run, McClelland district, the Carnegie Natural Gas Company has drilled its second test on the W. W. Thomas farm through the Big Injun sand and has a thirty-barrel producer. This location is 600 feet northeast of No. 1 on the same farm. A short time ago the Washington Oil Company completed a twenty-barrel well on the J. R. Roberts farm. There is a little test work starting in the district. The Hope Natural Gas Company has the rig completed for a test on the T. B. Bates farm and the Swisher Oil Company has the rig completed for No. 1 on the Harriett McCormick farm.

In Walker district, Wood county, T. Christie has drilled a test on the Volcanoa tract through the Big Injun sand and has a duster in that and the upper formations. To make the test completed it will be drilled to the Berea grit. On the same tract, Stiles Bros. are starting No. 90 and in the same district, W. A. Mileir has the rig completed for No. 36 on the West Virginia petroleum tract.

On Trace Fork of Duval district, Lincoln county, the Wayland Oil & Gas Company has strated to drill a test on the L. R. Pauley farm. In the same locality, the Hamilton Company is due in the Berea grit at a test on the Samuel Bowman farm. On Birch run, Union district, Clay county, the Davenport Oil & Gas Company's No. 12 on the Frank Cox farm, erroneously reported as completed, has only started to drill. In Duval district, Lincoln county, the Big Creek Development Company is due in the sand at No. 15, Octavo Huger, No. 3 W. S. Keeling and No. 3 Ellen A. Workman. In Sheridan district, the Interval Gas & Oil Company has completed No. 15 on the Lincoln Land Association tract and has a fair gasser in the Big Injun sand.

In the deep sand territory, Hocking county, Ohio, still has considerable work under way, but there is less work in Perry county than at any time in the last five years. The volume of work under way amounts to but six wells drilling and four rigs. In Fairfield, Muskingum and Licking counties there is very little work under way and scarcely any new starting. In Licking county there is likely to be a little new work started in the vicinity of the Columbus Oil & Fuel Company's good producer on the Glen Romaine farm. The northern end of the field, however, has proved spotted and dusters have been of frequent occurence in proximity to a good well.

In the old pool in Yellow creek township, in Columbiana county, Turner & Son have completed a test on the Morgan Wells heirs' farm and have a close call for a duster in the Berea grit. After shot it will not make better than a one-barrel pumper. The location is 3,00 feet northeast of production.

In the Reas run district, Independence township, Washington county, E. W. Thornily has a plugged hole at his No. 4 on the Jane Alexander farm at a depth of 975 feet and is moving the rig. In the same locality, Thornily & Davis have commenced drilling No. 5 on the Isaac Ramsey farm.

In the Marietta district, E. W. Thornily has drilled his test on the H. Smith farm through the salt sand and found it barren. In the same district, Mallory, Ekas & Co. are due in the sand at a test on the R. T. McKibbon farm. Stewart, Douglass & Company are drilling a second test on the A. T. Dye lease No. 4. In Lawrence township, Elmar Wickens is due in the sand at No. 3 on the H. W. Wickens farm.

The Oil Market.

Pennsylvania $1.50, Mercer black $1.07, New Castle $1.07, Corning 93, Cabell $1.10, North Lima 93, South Lima 88, Princeton 89, Wooster $1.15, Indiana 88, Somerset 90, Ragland 70, Illinois 80, Kansas and Oklahoma 55, Corsicana light 55, Corsicana heavy 50, Electra 55, Healton 50, Henrietta 85, Caddo 38 degrees 80, Caddo 35 degrees 75, Caddo 30 degrees 65, Caddo crude 45, Canada $1.32.

Producers and Refiners' Company quotes $1.50 for crude of the Pennsylvania grade.

HOW TO MAKE THE CHEAPEST AND BEST COUGH REMEDY AT HOME

Most persons neglect a cough or cold for the principal reason that they either don't think it serious enough to go to a doctor, or don't know what good medicine to buy at a drug store, with the result that the cough or cold becomes deep-seated through this neglect and hangs on the whole winter—which might have otherwise been speedily cured, had Schiffmann's Concentrated Expectorant been used promptly.

This new remedy is so strongly concentrated that two ounces (50 cents' worth) make a full pint (16 ozs.) of excellent cough medicine, by simply mixing it at home with one pint of granulated sugar and ½ pint of water. It makes a whole family supply, as much as would ordinarily cost from $2.00 to $3.00 for the same quantity of the old, ordinary, ready-made kinds of doubtful merit. It is prepared from strictly harmless plants and is so pleasant that children like to take it and it can be given them with perfect safety as it positively contains no chloroform, opium, morphine, or other narcotics, as do most cough mixtures. It is altogether different from any other cough remedy. No risk whatever is run in buying this remedy as the druggist named below will refund money if it does not give perfect satisfaction or if not found the very best remedy you have ever used for stubborn Coughs, Colds, Bronchitis, Croup, Whooping Cough and Hoarseness. In fact any druggist will sell this new remedy under the same guarantee. If your druggist will not keep it for you, order direct of R. J. Schiffmann, St. Paul, Minn. Guaranteed here by

Wells and Haymaker.

THE CREAM
From
The Sun-Kissed Orchards of California

SUN-KIST Canned Fruits virtually bring into your home the very breath of the orchards in which they are grown. You do not know how delicious California fruits are until you taste the SUN-KIST kind. There are many varieties to choose from and one is just as delicious as the other.

Handled by all Good Grocers

Maurice Costello

Famous Moving Picture Actor, says:

"The great thing about Tuxedo is the fact that it gives full fragrance and flavor together with extreme mildness. I find Tuxedo not only the height of pipe enjoyment but a distinct benefit because it gives just the proper degree of relaxation. Tuxedo is undoubtedly an exceptional tobacco."

Maurice Costello

"As Popular As The Movies"—TUXEDO

Tuxedo answers every smoke desire—every little palate craving, every longing for the one Perfect Pipe and Cigarette tobacco. No matter when or how you smoke Tuxedo it sends right into your heart a glimmer of Gladsome Sunshine. And you can just about hear the honeybees buzz in the far-off gardens.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Sings into your system a song of keen delight. It spreads real happiness and cheer because it's smokable, lovable, all day, all night—no matter how the weather fits. Tuxedo's flavor is so enticingly mild and delicately fragrant it will not irritate the most sensitive throat.

Simply the choicest mild leaves of grand old Kentucky Burley—ripe, rich, fragrant and mellow—made into delicious tobacco that smokes as smooth as cream. That's Tuxedo.
