OIL AND GAS

At the headquarters of oil operators and the places they congregate in Pittsburg there is little aside from the market's advance discussed at this time. It is the concensus of opinion that it will go higher. The demand for crude oil is increasing and the principal cause it is claimed is occasioned by the large consumption of gasoline and the inability to meet the demand. Owing to the scarcity of that product, the price has been advancing for two months. During the week the market price of gasoline has been advanced in all parts of the country. In Denver, Houston and New York the price has been marked up two cents a gallon and Pittsburg distributors are of the opinion that it will go higher.

Light wells are the result of late developments in the eastern fields. South of the old Blue Creek field on Indian Creek, Elk district, Kanawha county, the United Fuel Gas Company has completed and shot its No. 3 on the Numa Block Coal Company's tract and has a light pumper in the Weir sand. This location is 1,500 feet southeast of the Ohio Fuel Oil Company's test on the H. V. Kinsley farm. During the exciting days of the development of the Blue Creek field it was thought that the Squaw sand extended to Indian Creek, but it failed to connect and that part of the field was abandoned. Within the last few months a number of wells were drilled down to the Weir formation and found oil in small quantities. The best producers have a production of fifteen barrels a day.

Lincoln County Completions.

In Duval district, Lincoln county, the South Penn Oil Company has now completed and shot its No. 36 on the Horse Creek tract and has a fifteen-barrel pumper in the Berea grit. In the same district the same company has started to drill No. 37 on the same tract.

On Straight Fork, Duval district, the Big Creek Development Company has drilled No. 10 on the Albert Hill farm through the Berea grit and has an eight-barrel pumper. In Washington district the United Fuel Gas Company has completed No. 4 on the Horse Creek Coal and Land Company's tract and has a ten-barrel pumper in the Berea grit.

Light Pumper in Calhoun County.

In Sheridan district, Calhoun county, W. H. Spear and Company have completed and shot their test on the Maria Woods farm and have a very light pumper in the Salt sand. This location is 1,50 feet southwest of the same company's test on the James Metz farm. In McElroy district, Tyler county, the Manufacturers Light and Heat Company has drilled a second test on the Mary Forrester farm through the Gordon sand and has a fair gasser. The location is 700 feet southeast of No. 1 on the same farm.

On Ann Moore Run, Simpson district, Harrison county, the Pennsylvania and West Virginia Gas Company has started to drill a test on the Edward R. Davis heirs' farm. On Berry Run, Flemington district, Taylor county, J. B. Cather has started to drill a test on his own farm.

On Point Pleasant creek, Magnolia district, Wetzel county, the Carter Oil Company is due in the Keener sand at a test on the William Fucas farm. On Ragans Run, McClellan district, Doddridge county, McIntyre Brothers have drilled a test on the David Roberts farm into the Big Injun sand and have a gas well. On Middle Island Creek, Centerville district, Tyler county, George Barrett and Company are drilling a test on the Sherman Marsh farm.

Southwest Pennsylvania.

Very light wells and dusters are the offering in the Pennsylvania fields. Two miles north of Hookstown, in Green township, Beaver county, New Cumberland parties have drilled a test on the J. M. McCall farm through all sands and have a duster. In the Imperial district, Allegheny county, S. D. Robinson has completed a test on the Robert McCall farm through all sands and have a duster. In the Imperial district, Allegheny county, S. D. Robinson has completed a test on the Robert McKown farm and has a duster and has pulled the casing and plugged the hole.

In Richland township, Allegheny county, located one and one-half miles west of Gibsonia, Keil and Company are drilling in the top of the sand at their test on the Andrew W. Kelley farm.

Dusters at Evans City.

Late developments in the town lot development at Evans City, Butler county, brought nothing but dusters. On the west side of the northwest extension, Petrolia parties have drilled a well on the Boehm lot through the Third sand and has a duster. In the same locality, local parties drilled a test on the Hunter lot through the same formation and had the same kind of luck, except that a fair show of oil was developed in the 100-foot formation. It will be tested from that level and will probably make a five-barrel pumper. These two wells coming in dry negatives a northwest extension to the pool. There was some other work contemplated in that locality that would have been started had they came in producers. There are still six or eight wells drilling on town lots and adjacent farm. The Wildwood Oil Company is drilling in the top of the sand at No. 4 on the Ifft farm.

PRISON MEN IN SESSION AT OAKLAND

American Association Opens Annual Meeting to Continue Several Days.

OAKLAND, Cal., Oct. 9.—Officials of penal and correctional institutions from all parts of the country, and officers of courts, social service workers and educators to the number of several hunder gathered here today for the opening of the annual convention of the American Prison Association. The sessions, several of which are to be held in the evenings, will last through October 14.

Practically every phase of society's problem in dealing with the morally delinquent will be presented to the association by chosen speakers or in the form of reports from standing committees of the organization. The discussions are to embrace the positive or negative influences which, acting through heredity or environment cause the downfall of the girl or boy offender of the first crime of the mature criminal; methods of eradicating these influences, the proper punishment of the persistent offender, how to rescue the recruit criminal, how to maintain discipline in penal institutions and when to parole or pardon the inmates.

In these discussions the wardens or superintendents of state institutions are to play leading roles, the list of speakers including the following officials of state establishments:

T. P. Sale, Raleigh, N. C.; Katherine Hemet Davis, New York; Amos W. Butler, Indianapolis; A. J. G. Wells, Frankfort, Ky.; Guy C. Hanna, Plainfield, Ind.; R. H. Lindley, Chippewa Falls, Wis.; Kenosha Sessions, Indianapolis.

Special reports are to be made by the standing committees o nprison discipline, probation and parole, statistics of crimes and criminal law. Reports are also to be heard from the prison chaplains association, the women's association and the association of governing boards which are subsidiaries of the main organization.

Among the jurists who will take part in the convention are James P. Grogory, judge of the criminal court, Louisville, Ky., and J. E. Frick, a justice of the suprme court of Utah.

Joseph P. Byers, of Philadelphia, is president of the association and will preside over the general sessions.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N.C. 123

Momentous Future In Woman's Mind

The expectant mother revolves in her mind all we understand by destiny. And it is of the utmost importance that her physical comfort be our first thought. There is a most splendid remedy for this purpose, known as "Mother's Friend." It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve all strain on nerves, cords, ligaments and all parts involved. It makes the muscles so pliant that they expand naturally. And at the same time they are invigorated by the absence of harassing pains so apt to distress the mind. Whatever will add to the comfort of the expectant mother is a great and helpful influence since a calm and peaceful period must have a wonderfully beneficial impress upon the coming child. Get a bottle of "Mother's Friend" of any druggist and you will realize why so many women declare it to be the most helpful remedy they know of. Write today to Bradfield Regulator Co., 703 Lamar Bldg., Atlanta, Ga., for a splendid book of great interest and value to every expectant mother.

Among the letters of interest in this book one says, in part, "Seven years ago I suffered from Wednesday to Saturday and had to have instruments. This time I was sick only three hours. I want to tell all that I can not praise 'Mother's Friend' high enough for the good it did me, as I had an easy time and the baby was perfect. I will always speak a good word for it."

When you feel discouraged, confused, nervous, tired, worried or despondent it is a sure sign you need MOTT'S NERVERINE PILLS. They renew the normal vigor and make life worth living. Be sure and ask for Mott's Nerverine Pills Price $1.00 by druggists. WILLIAMS MFG. CO., Props., Cleveland, Ohio. Sold by H. F. Burke, Clarksburg, W. Va.
