BUSINESS CHANCES

A GOOD opportunity offers one or a company of capitalists to furnish the money for the establishment of a pure food, producer to consumer, systematically and scientifically managed intensive farm project, on a share and share alike basis, that will pay for itself the first year and give 100 per cent to 400 per cent profit thereafter. This is no get rich quick swindle; it is the surest business proposition in the hands of a man who is modern and able and not belonging to the rule of thumb, gooseberry ignorant. Disease and vermin is a larger factor than eggs on 90 per cent of the poultry ranches; that is one reason for the prices being so high, not on account of the cost of feed. Address THEO E.
