☞ All communications, whether on subjects for publication, should be addressed to WM. J. MURTAGH, Proprietor NATIONAL REPUBLICAN, Ashington, D. C.

DEPARTMENT OF AGRICULTURE.—General Capron, the Commissioner of Agriculture, yesterday received from the distinguished botanist, Dr. Von Mueller, Curator of the Botanic Garden at Melbourne, Australia, through the care of Mr. Latham, United States Consul General at that place, an assortment of seeds of useful Australian and New Zealand shrubs, and among them are two new plants that will extend the variety of our textile fabrics; also, seeds of the Australian blue gum that often grows four hundred feet high in the richly wooded plains and mountains of those remarkable countries. Many of these may prove to be adapted only to the climate of the Southern States. They are all placed in the care of the Superintendent of the Experimental Gardens for propagation and trial.

The Commissioner has also received, this week, in excellent condition, a shipment of nearly four hundred kinds of hardy trees from Scotland for the arboretum in front of the Department. This remarkably fine collection comprises several evergreen as well as deciduous oaks; also, pines, yews, hemlocks, cypresses, rhododendrons, &c., some of which have never been grown in this country.

New plants and seed that promise to be useful in the arts, or beautiful to the eye, are steadily added to the department grounds and propagating houses, through exchanges inaugurated by the Commissioner with foreign societies. Our consuls, and public spirited individuals now resident or traveling in other countries, are also constantly sending contributions of seeds and plants to the Department. These contributions are always acceptable, and will form the nucleus for stocking the contemplated new greenhouses, which it is intended shall contain specimens of the vegetable products of all parts of the globe.

ALABAMA CLAIMS.—There is no indication whatever of a reopening of the Alabama claims question. The subject has not been officially mentioned for several months. It appears that one Government is waiting for the other to advance in the resumption of negotiations, which were suspended by the Senate's rejection of the convention. Neither the United States nor Great Britain intimates a disposition to yield any of the ground heretofore respectively occupied, both parties closely adhering respectively to their former expressed positions. There is nothing to exclude the belief that Great Britain is desirous of an early settlement of the points at issue, in order to avoid difficulties which might possibly arise from them in the future, and to draw the two nations into closer friendship. It is known she heretofore proposed that the only practicable way of adjustment was by means of a joint commission, with the intermediate aid of an umpire, as in a previous arrangement for the settlement of claims. The subject, however, is scarcely ever mentioned by persons in authority, but when it is the hope is expressed that some means may be devised to settle the entire subject of claims to the honor of both nations. No one, however, has yet suggested how this may be accomplished.

THE SECRETARY OF THE TREASURY has issued a circular of instructions to collectors of customs throughout the country, announcing that the following routes for the immediate exportation of merchandise in bond to Mexico, as mentioned in Article 104 Revised Warehouse Regulations of 1866, are hereby discontinued: From any port of the United States by water to Galveston, Texas, thence by way of Alleytown and Gonzales to San Antonio, and thence by way of Eagle Pass, Presidio del Norte, or San Elizario; from any port of the United States by water to Corpus Christi, thence, by way of Gilead to San Antonio, and thence by way of Eagle Pass, Presidio del Norte, or San Elizario to Mexico; from any port of the United States by water to Corpus Christi, and thence by way of Rowa or Rio Grande City to Mexico. The route from any port of the United States to Indianola, and thence by any of the routes aforementioned to Mexico, is also discontinued. Collectors and other officers of the customs on the seaboard are directed to see to it that no withdrawal entries of merchandise are permitted to be made for exportation to Mexico over the routes above specified.

IMPORTANT TO CLAIMANTS.—Third Auditor Rutherford, concurring in the opinion of the Solicitor of the Treasury, has directed that the practice of referring rejected claims to the Second Comptroller for his concurrence in such rejection will be discontinued. Hereafter when a claim shall be rejected the auditor will furnish the reasons in full, and unless an appeal is taken the claim shall be barred. In case an appeal is taken the papers will then be forwarded to the comptroller for his decision on the appeal, and if the claim is not argued within six months, then the claim will be regarded as invalid, and forever barred against the United States.

OUR LAND POLICY.—Mr. E. T. Peters, of the Treasury Department, will to-night deliver at Metzerott hall a well-considered and carefully-written lecture on the policy of our Government in the disposition of our public lands. Mr. P. is eminently qualified to present an interesting and instructive discourse on this subject, and at the present time it is particularly desirable that members of Congress should hear this lecture.

A Political Circular from the French Ministry.

The French Ministers on Monday issued the following circular to the officers of the civil service:

"The Emperor addressed a solemn appeal to the nation in 1852; he asked the power to assure order. In 1870 he asks power to establish liberty, confident of the title which is his by reason of the right of 8,000,000 suffrages. He does not surrender the empire to discussion. He submits to a vote only its liberal transformation. To vote 'yes' is to vote for liberty. The revolutionary party is secretly attacking the national sovereignty, and misrepresenting the respect which the Emperor pays to that sovereignty is consulting the people. They are not true friends of liberty; but in spite of those the masses will march in our ranks. Can they ignore the fact that to abstain from voting or to vote 'no' will be to strengthen those who only combat the transformation of the empire in order that they may destroy it, and with it the political and social organizations to which France owes her greatness? In the name of the public peace and liberty; in the name of the Emperor, we demand of you all, 'our devoted colaborers,' to unite your efforts with ours. It is to the citizens we address ourselves, not as ordering, but as offering patriotic counsel. Our object is to assure to our country a tranquil future to the end, that on the throne as in the humblest dwelling the son may succeed the father in peace and quiet."

THE excitement throughout Greece on account of the recent outrages of the brigands near Marathon is not abated. At an early hour Monday morning the bodies of Lloyd and Herbert, of the British Legation, arrived at Piræus, near Athens, in a Grecian frigate, and later in the day the funeral obsequies were celebrated in that city. The King, the diplomatic corps, and a great number of citizens and strangers attended. The force in pursuit of the brigands succeeded in killing or capturing the entire party.

NEW YORK MARKETS.

NEW YORK, April 26—12 m.—Cotton quiet; sales of 1,000 bales at 22½ cents. Flour steady; demand fair; Southern $6.80@9.25. Wheat very firm; holders ask higher rates. Corn quiet and weak; $1.12@1.15. Oats quiet and steady; 59@60 cents. Rye quiet and steady; $1.02@1.10. Gold 113½.

BALTIMORE MARKET.

BALTIMORE, April 26.—*Breadstuffs.*—Flour is still firm, but the market this morning was quiet; sales add up 1,200 to 1,500 bbls. at $5 for Howard Street Super and Western Spring Extra, $5.25@5.75 for Western Winter Extra, $6.50@6 for Howard Street do., and $6.50@7 per bbl. for do. Family.

Wheat.—The market continues firm at unchanged rates. Receipts, however, light this morning, and we report sales as follows, viz: 800 bushels Pennsylvania red at $1.30, 1,000 do. Maryland do. at $1.30@1.40, 1,000 do. prime do. at $1.50@1.52, and some 500 do. prime white at $1.65.

Corn.—Was a shade off in price this morning, but there were no strictly prime lots at market. The receipts were light, and we note sales as follows, viz: 2,000 bushels white at $1.08, 2,000 do. $1.10@1.11 and 3,000 yellow at $1.09@1.09, all but one small lot at the inside price.

Oats.—Sales to day 2,500 bushels at 59@61 cts. and 2,000 do. 62@65 cts. per bushel.

Coffee.—We continue to quote the market very strong, indeed, but transactions are restricted by the very light stock. We still quote as follows, viz: Rio in bond at 24@25 cents, gold, for fair to prime invoices, and duty paid at 31½@32½ cents for fair to prime, and 33½@34½ cents for choice lots. Stock here in first hands now only about 5,000 bags.

Cotton.—Holders are very firm, but they are generally asking prices that are above the views of shippers, and there is consequently little doing. We hear of no sales this morning, and we quote nominally as follows, viz: Upland 22½@23 cents for middling, 21½@22½ cents for low middling, 20½@21 cents for good ordinary.

Molasses.—We note the sale yesterday of two cargoes, containing 400 hhds., 33 tierces Cuba fair boiling at 38 cts. We quote as before, viz: Cuba clayed 36@40 cents, do. Muscovado 40@42 cents, Porto Rico at 40@60 cents, and English Island at 30@35 cents per gallon.

Mill Feed.—Brownstuff we continue to quote firm at 22@23 cents, and Middlings at 30@33 cents for light and medium, and 40@41 cents per bushel for heavy.

Provisions.—The market exhibits the same general features as for some days past, and is still very strong and buoyant. Western advices continue very favorable, which of course, strengthens the market here. Bacon is very active in the jobbing way and firm, as follows, viz: 12@12½ cents for shoulders, 16½ for rib sides and 17 cents for clear rib do. We hear of no sales Bulk Meat, but 11½ and 14½ cts. has been offered and refused for shoulders and rib sides. Lard—Sales yesterday of 150 tierces at 16½ cents for steam and 16½ cents for kettle, but the latter description is jobbing at 16¾@17 cents. Mess Pork we quote as before at $26.50@29 per bbl., but we hear of no sales.

Rice.—Carolina is active in the jobbing way, but we hear of no large purchases in bulk. We quote it firm at 6¾@7¼ cents for good to choice, with the tendency still upward.

Salt.—Liverpool is in fair demand and steady at quotations, as follows, viz: $1.50@1.60 for Ground Alum, and $2.20@2.50 per sack for Fine. Turks Island we quote steady at 45@48 cents per bushel for lots from store.

Sugars.—Are quiet, but the market continues steady and firm. We have only to report since our last sales of 25 hhds. Demerara vacuum pan at 11@11½ cents. We quote again as follows, viz: For fair to good refining 9½@9¾ cents; grocery Cuba 9½@10½ cents; Cuba Centrifugals 10@11½ cents; do. for Porto Rico 9¾@10½ cents, and Demerara vacuum pan 10½@12½ cents.

Refined Sugars.—Rates are now as follows, viz: Hard Crushed 12½@13½ cents, Soft do. 12½@13½ cents, for A 12½@12¾ cents, 12½@12¾ cents for B, 12½@12¾ cents for C Extra, and 11½@11¾ cents for C yellow.

Syrups.—Prices are still as follows, viz: Calvert Crystal 60 cents; Calvert Golden at 55@60 cts.; Baltimore Golden at 55@60 cts.; Maryland Amber Drips 45@47 cents; Canton Golden 45@47 cents; Chesapeake 37 cents, Sugar House 28@30 cents per gallon.

Seeds.—Are now very quiet, and sales confined to retail lots. Clover we quote at $9.25@9.75, Timothy at $5.50@5.75 and Flax at $2.10@2.15 per bushel.

Whisky.—The market is dull and weak. We hear of no sales, and we quote Western iron bound held at $1.06 per gallon.
