The character of a house may be injured as badly as that of an individual. The proprietor of a fashionable one paid $4,000 for it six months ago in Uniontown, and since its ghostly character got noised around three thousand "would fetch it." The colored people fear it as bad as the night doctors.

Mr. Dowell leaves the city to-day for a tour through the White Mountains, and will settle in his native State, North Carolina." The young lady is said to be very wealthy. Altogether we congratulate Dowell on his matrimonial success.

Live Stock Sales.

Superintendent Gatchell's report of live stock on sale, for the week ending yesterday is as follows:

At Clarke's depot for the sale of swine, 827 hogs, mostly of excellent quality, were sold. Market fair and unchanged, with steady sales at 6¾ and 7 cents per pound net.

At Centre market and elsewhere, 25 beeves, 3 springers, 38 milch cows and calves, 278 veal calves, 18 sheep, and 34 lambs were offered. Beeves brought 4@6¾c per cwt.; milch cows and calves $30@60; extra $75; veal calves 4@5 cents per pound; sheep and lambs, from $2 50@4 50 per head, according to quality. A few prime milch cows and extra veals were on sale, but the quality of most of the stock sold in the city the present week was ordinary and inferior. Markets dull. There were 75 beeves, mostly of superior (several of very prime) quality, purchased this week by Washington butchers in Baltimore stock market.

No Chimes To-Night.

The friends of Dr. Eddy, pastor of the Metropolitan Methodist Episcopal church, will be grieved to know that Mrs. Eddy is dangerously sick with congestion of the brain. The Doctor, who was in New York, was telegraphed for and returned last evening. Their oldest son, who is in business in Chicago, is also telegraphed for, in consequence of which the chimes will not be played this evening nor to-morrow if Mrs. Eddy is no better. The regular services will be held as usual.

Summer Drinks.

Among the most pleasant and popular of summer beverages is a good glass of ice cool soda water, and one of the very best places to obtain this is at the Temple drug store, corner of G and F streets, where they make a specialty of the article. Pure, fresh syrups are always on hand, and the soda is drawn just right. Those that are thirsty should by all means call at the Temple.

EMERSON INSTITUTE.

Commencement Exercises.

The twentieth annual commencement of the Emerson Institute, Professor Charles B. Young, principal, was held yesterday morning at Lincoln hall, before a large audience of the parents and friends of the scholars. The attendance of handsome ladies was numerous, and their presence added quite a charm to the occasion. The young gentlemen were the recipients of their most flattering and beautiful floral testimonials. The exercises consisted of speeches, dialogues, and instrumental and vocal music, and were rendered in a most creditable manner. The piano solos by Thomas G. Shaker and M. Baer, and the duet by H. L. Page and H. Zevely, were heartily encored. The speaking was exceptionally graceful and eloquent, and elicited much applause. The committee on awarding prizes to the best speakers, after deliberating, awarded the first prize, a gold medal, to S. W. Keen, and the second and third honors, silver medals, to F. W. Page and H. L. Page. The salutatory, (original,) by W. H. C. Oliver, and the valedictory, (original,) by F. W. Richards, Trustee McLellan, of the second district, Mr. Holton, principal male grammar school, and others. Miss Murphy has on her roll forty pupils, all of whom were in attendance, and nearly all of whom will be transferred. The examination was long and rigid, and consisted of reading, singing, grammar, mental and practical arithmetic and spelling. The roll of merit is as follows: Medal, Thomas Hickey; diploma for attendance, Benj. Abell; deportment, Richard Beach, James Jarboe, Henry Scott; scholarship, Arnold Bradford, George Bradford, Johan Oestrell, Oscar Shook, Daniel McCarthy, John Ingram; penmanship, George Garner; music, Joseph Eckert. There were present during the examination Mr. McFarland, teacher of music in the public schools, Mr. F. D. Stuart, and many other friends and relatives of the pupils, all of whom united in praising the teacher for the prompt and accurate manner in which the pupils answered the propounded questions. The examination was pronounced by all present superior to many and so equaled by few, which reflects very creditably on the pupils as well as their young, able and accomplished instructor.

Fourth District.

FEMALE INTERMEDIATE NO. 1.

Mrs. S. E. Wise, teacher, was examined yesterday afternoon in the Female Grammar School building, on Sixth street, between D and E streets, by Trustees Champlin and Allen, assisted by Messrs. J. A. Lots were drawn, and Miss Knott became the winner. Miss Ella Camp was equal excepting the absence of one day from school, being detained at home in consequence of sickness. Diplomas, Clara Seigel, Julia Camp, Joanna Talbert, Jessie Dale, Emma Palmer, Nellie Humphrey, Emma Tuite, Ida Atscroft, Eva Hazard, Alice Carroll, Mary Parkinson, Lida Curtis, Cora Knott, Maggie O'Leary, Katie Humphrey, Lelia Herron, Katie Sayers, Hannah Huber, Katie Anderson, Mary Carpenter, Ida Fahey, Mattie Brook, Laura Crowley, May Moran. The number of pupils in this school is forty-two, one of whom was absent yesterday. During the year eighteen were transferred, and twenty-five more will be transferred at the next scholastic year. The examination was thorough, and the responses given by the scholars reflected great credit upon themselves and their teacher.

After the exercises were concluded, Mr. Champlin read the following resolution, unanimously adopted at a meeting of the sub-board:

Resolved, That the thanks of the sub-board of trustees of the Fourth district are due, and are hereby tendered, to Messrs. Henry McIntire and J. A. Thompson, and to ex-Trustees J. E. Georgetown.

Male Intermediate, taught in the Montgomery street building, Mrs. M. E. Turner teacher, was examined yesterday afternoon by Mr. G. H. Beall. The examination was conducted with the utmost rigidity, and many difficult questions asked its pupils, all of which were answered readily and accurately.

County School Examination.

On Thursday, the 20th instant, the public school at Brightwood, taught by Mr. Bernard T. Janney, was visited by the trustees, accompanied by Superintendent B. P. Davis and county teacher J. R. Keene, in the presence of the parents and friends at the school. When Mr. Janney took charge of this school, at the beginning of the present scholastic year, he found nothing but confusion and disorganization, but in a short time the number of pupils increased from thirty to sixty, order was restored, the general aspect of affairs changed for the better, and examination fully demonstrated the fact that Mr. Janney understands his business, and has fully and faithfully performed his duty during the past year.

It might seem unkind to mention any particular exercise when all the classes did so well, but we must make special mention of the class in geography and map drawing, which, we presume, is excelled by few, if any, in the county. The examination in vocal music showed that Mr. Frank Sandford, the music teacher, has not been idle in this delightful art. Every question was answered promptly and correctly.

After remarks of commendation and advice by Superintendent Davis and teachers J. R. Keene and J. E. Chappell, the exercises closed with an expression of general satisfaction. Among those who were present we noticed the names of Trustee J. W. Harry, of the First district, ex-Trustee Bines, of Mount Pleasant, and county teachers Carmack and Peck.

NO. 1 SCHOOL,

situated at Brightwood, and taught by Mr. Jos. R. Keene, assisted by Miss Lola Winsborger, was examined yesterday by Trustee R. P. Davis. The examiner gave the scholars some difficult questions, and the promptness with which they answered the same showed that they were thoroughly acquainted with the subjects. The teacher, Mr. Keene, is well known as an able teacher, and is loved by his patrons and pupils. Most of the classes passed a perfect examination, and others missed but few questions. The classes in geography and grammar were very interesting. There were sixty-two pupils present, and they made a beautiful appearance. Among the visitors were the Rev. Dr. Buck, Hon. Mrt. Richard Wallach, and Hon. Z. Richards, city auditor. Short addresses were made by Mr. J. E. Wise, Mr. Cook, Mr. T. Janney, of the Third district, and Mr. Carmack, of the First district; after which the school closed for vacation.
