Gold 114.

BALTIMORE MARKETS.

BALTIMORE, July 10.—*Breadstuffs.*—Flour—The market for Flour continues very dull, though we note neither more nor cheaper inquiry for local consumption. The trade, however, buy only as their wants require. There is no demand for export beyond a few small lots for the West Indies. The receipts to-day were 2,515 bbls., with sales reported at 12 City Mills Extra at $6.50; 75 Baltimore Flour on private terms; 30 do. Extra at $6.50; 50 do. at $6.62½; 150 Western sales at $7; 100 Family at $8.75, and 100 at $8.87. No sales of Howard Street reported.

Wheat—The receipts of Wheat to-day were 4,850 bushels, the bulk prime old and new red. The market was active and prices firm at an advance of 2@3 cents on all kinds. Sales this morning of 2,000 bushels, the sales being 600 bushels at $1.60@1.70. Of red the sales were 1,350 new at $1.50@1.70; 3,000 old Western at $1.55@1.60, and 900 Pennsylvania at $1.62. We quote new at $1.50@1.70 for fair to choice white; $1.65@1.70 for amber; and $1.50@1.60 for fair to prime red. Old Western red at $1.60@1.70, and Pennsylvania at $1.62@1.65. Choice Michigan white would bring $1.65@1.70.

Corn—The offerings to-day were 2,800 to 3,000 bushels white, and 40 and 80 of yellow. No sales of yellow. We quote at 65@66 cents. Western is dull and weak. The receipts to-day were 20,000 bushels, of which 3,400 was white. Sales are reported of 1,000 mixed in store, and 40,000, on track, at 63 cents, and 15,000 do. in elevator, at 62 cents. We quote at 63@64 cents for mixed, and low mixed at 59@62 cents. Yellow is nominal at 65 cents.

Oats—The receipts to-day were 5,600 bushels Western. The sales reported were 1,000 mixed Western at 40 cents; 1,000 bushels do. at 41 cents; and a small lot of light Southern at 43 cents. These may be considered the outside figures.

Rye—Is dull, with no sales to-day of any consequence, nor is any reported. We quote at 70@75 cents for good to prime.

Sugars—The market for Raw Sugars is dull, with a large stock, but in view of the high cost and a positive feeling on the part of holders to wait, there is no disposition to press sales. We have not learned of any sales to refiners for some days, and report sold yesterday 3 hogsheads 70 bbls. Porto Rico at 9@9½ cents, and 11 kegs Demerara vacuum pan at 9½@9¾ cents. We continue our quotations, as follows, viz: Refining grades Cuba and Porto Rico at 9@9½ cents; grocery grades Cuba, 9¼@9¾ cents; grocery grades Porto Rico, 9½@9¾ cents; Demerara vacuum pan 10@10½ cents; Refined Sugars—Coffees, 12 cents; French Crushed, 12½ cents; and New Orleans grocery grade sours. The receipts yesterday were 128 bbls. and 64 hogsheads Cuba, 170 bbls. Porto Rico, the stock here is 11,420 hhds. 17,000 bbls., and 13,900 bags.

DIED.

HOLLIDIE.—On Tuesday, the 9th inst., at his residence, 20 Maryland avenue, in and which all friends and Both Ann Holliday, aged 8 months and 8 days.

The funeral will take place at the residence, 410 F street northwest, Thursday, the 11th inst., at 9 o'clock a. m.

PICKETT.—Washington, July 10, at 4 o'clock a. m., JAMES O. PICKETT, of Kentucky, in the 21st year of his age.

Friends are invited to attend the funeral at 5 p. m. Thursday, 11th inst., from 320 Indiana avenue.

TAYLOR.—On the morning of the 9th instant, by the accident at the State Department, HENRY TAYLOR, in the 30th year of his age, for many years connected with the Adjutant General's office.

His funeral will take place from his late residence No. 80 Eleventh street southwest, on Thursday, the 11th instant, at 4 o'clock p. m., to which his friends are respectfully invited.

CHISHOLM.—On the afternoon of the 8th instant, after a short illness, Miss CATHARINE CHISHOLM, in the 75th year of her age, daughter of the late Archibald Chisholm, of Annapolis, Md.

Funeral services will be held at the Presbyterian church, corner of Sixth and O streets southwest, at 5 o'clock p. m. to-morrow, (Thursday,) to which her friends are invited. 2t

PROPOSALS FOR THE CONSTRUCTION OF PIER HARBOR PIERS AT NEW CASTLE, DEL.

UNITED STATES ENGINEER'S OFFICE,
1020 CHESTNUT STREET,
PHILADELPHIA, Pa., July 9, 1872.

Sealed proposals, in duplicate, ready for forms to be supplied from this office with a copy of this advertisement attached to each, will be received at this office until 1:30 o'clock, p. m., of THURSDAY, August 8, 1872, for repairs of one and construction of one new Iron Pier, and removal of one existing Pier at the harbor.

The Pier to be repaired will require about 5,775 cubic feet of Hemlock fence stone, and 4,800 assorted feet of Bay paving. The new pier will require 1,800 feet of timber, 5,200 pounds of fitting and locking stone, 9,224 cubic feet of dimension fence and paving stone, and the necessary iron for fastenings. The pier to be completed in the work, forfeit by default, filled with stone. Specifications, &c., will be supplied from this office, where a plan of the work can be seen.

Lieut. Colonel of Engineers.

PROPOSALS FOR WALLS.

OFFICE CHIEF QUARTERMASTER,
FORT LEAVENWORTH, KAN., June 29, 1872.

Sealed proposals will be received at this office until the 30 day of August, 1872, at 12 o'clock, m., for the construction of Stone Walls with cocking, Brick Walls and Iron Fencing for the National Cemeteries at Fort Leavenworth and Fort Scott, Kansas, Fayetteville, Arkansas, and Fort Gibson, Indian Territory, and for one hundred and fifty Stone or Brick Lodges at Fort Leavenworth, Kansas, Springfield, Missouri, and at Fayetteville, Arkansas, Gamaville, in accordance with plans and specifications which have been prepared by the Quartermaster General, and which can be obtained by persons intending to bid, at this office, from the Superintendents of the Cemeteries at Fort Scott, Kansas, and Fayetteville, Arkansas, and the Post Quartermaster at Fort Gibson.

The proposals must include all extra work necessary, such as cement foundation, &c., to avoid the presentation of bills for extra work.

Bids to be made separately for each lodge and fence or wall, and must be accompanied by the guarantee of two persons of known responsibility, that the bidder will enter into contract if awarded to him, and furnish proper security.

Bidders must be present personally, or by a representative, at the opening of the bids.

By order of the Quartermaster General.

JAMES M. MOORE,
Major and Quartermaster, Acting Chief Q. M., Dept. Mo.

PROPOSALS FOR WORKS OF HARBOR IMPROVEMENT.

UNITED STATES ENGINEER'S OFFICE,
CHICAGO, July 1, 1872.

Sealed proposals, in duplicate, will be received at this office until 12 m. on MONDAY, the 5th day of August, 1872, for Works of Harbor improvement on Lake Superior and Michigan, as follows:

1ST. DULUTH HARBOR, MINNESOTA.

Work to be breakwater extension, consisting of the construction and placing of one (1) crib, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and thirty (30) feet wide.

The following is an approximate estimate of materials required:

Six thousand (600) lineal feet timber, twelve by eighteen (12x18) inches, and hemlock timber.

Forty-seven thousand nine hundred and ninety-four (47,994) lineal feet, twelve by twelve (12x12) inches, pine and hemlock timber.

Seventy-two thousand three hundred and sixty-six (72,366) pounds, one and one eighth (1⅛) inch square iron drift bolts.

Twelve hundred and ninety-seven (1,297) cords of stone.

2D. SUPERIOR CITY HARBOR, WISCONSIN.

Work to be pier extension, consisting of the construction and placing of fifteen (15) cribs, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and twenty (20) feet wide, and four (4) cribs, each fifty (50) feet long and twenty (20) feet wide, to be placed in position as an approximate estimate of materials required:

Fifteen hundred (1,500) lineal feet, twelve by eighteen (12x18) inches, pine and hemlock timber.

Fifty-five thousand nine hundred and ninety-three (55,993) lineal feet, twelve by twelve (12x12) inches, pine and hemlock timber.

Eighty-two thousand six hundred and forty-two (82,642) pounds, one and one-eighth (1⅛) inch square iron drift bolts.

Twelve hundred and ninety (1,290) cords of stone.

3D. MARQUETTE HARBOR, MICHIGAN.

Work to be breakwater extension, consisting of the construction and placing of six (6) cribs, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and thirty (30) feet wide.

The following is an approximate estimate of materials required:

Six hundred and (600) lin. feet, twelve by eighteen (12x18) inches, pine and hemlock timber.

Forty-seven thousand nine hundred and ninety-four (47,994) lin. feet, twelve by twelve (12x12) inch, pine and hemlock timber.

Seventy-two thousand three hundred and sixty-six (72,366) pounds one and one-eighth (1⅛) inch square iron drift bolts.

Twelve hundred and ninety-seven (1,297) cords of stone.

4TH. MENOMONEE HARBOR, MICHIGAN.

Work to be the construction of five hundred (500) feet, more or less, of Pier, composed of piles, timber, iron bolts, stone and stone, and seven hundred (700) feet, more or less, of slip pier.

The following is an approximate estimate of materials required.

PILE PIER.

Six thousand eight hundred and eighty five (6,885) lin. feet, twelve by twelve (12x12) inch, pine timber; sixteen thousand (16,000) feet B. M. oak timber; twenty two thousand seven hundred and fifty (22,750) lin. feet piles.

Twelve thousand six hundred and forty-seven (12,647) pounds one and one-eighth (1⅛) inch square iron drift bolts.

Seventy-ten hundred and ten (7,210) lbs. screw bolts and washers.

Two hundred and thirty-four (234) cords of stone.

Two hundred and ninety-one (291) cords of slabs.

SLIP PIER.

Two thousand (2,000) cords of slabs.

Fifteen hundred (1,500) lin. feet of piles.

Three thousand (3,000) lin. feet twelve by twelve (12x12) inch pine timber.

Five thousand (5,000) lbs. one and one eighth (1⅛) inch square iron drift bolts.

Three thousand six hundred and eighteen (3,618) lbs. screw bolts and washers.

One hundred and fifty-six (156) cords of stone.

Three hundred and ninety-six (396) cords of slabs.

5TH. OCONTO HARBOR, WISCONSIN.

Work to be breakwater extension, consisting of the construction of twenty cribs, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and thirty (30) feet wide. The following is an approximate estimate of materials required:

Three thousand two hundred and forty one (3,241) lin. feet, twelve by twelve (12x12) inch, pine timber.

Eleven thousand two hundred and fifty (11,250) lin. feet, twelve by twelve (12x12) inch, pine timber.

Eleven thousand two hundred and fifty (11,250) lin. feet, twelve by twelve (12x12) inch, pine timber.

Five thousand six hundred and ninety (5,690) lbs. one and one eighth (1⅛) inch square iron drift bolts.

Three thousand six hundred and eighteen (3,618) lbs. screw bolts and washers.

One hundred and fifty-six (156) cords of stone.

Three hundred and ninety-six (396) cords of slabs.

6TH. CALUMET HARBOR, ILLINOIS.

Work to be pier extension, consisting of the construction and placing of fourteen (14) cribs, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and twenty (20) feet wide. The following is an approximate estimate of materials required:

Six thousand (600) lineal feet timber, twelve by eighteen (12x18) inches, pine and hemlock timber.

Forty-seven thousand nine hundred and ninety-four (47,994) lineal feet, twelve by twelve (12x12) inches, pine and hemlock timber.

Seventy-two thousand three hundred and sixty-six (72,366) pounds, one and one eighth (1⅛) inch square iron drift bolts.

Twelve hundred and ninety-seven (1,297) cords of stone.

7TH. SOUTH HAVEN HARBOR, MICHIGAN.

Work to be the construction of five hundred (500) feet, more or less, of Pier, composed of piles, timber, iron bolts, stone and slabs, and seven hundred (700) feet, more or less, of slip pier.

The following is an approximate estimate of materials required.

PILE PIER.

Six thousand eight hundred and eighty five (6,885) lin. feet, twelve by twelve (12x12) inch, pine timber; sixteen thousand (16,000) feet B. M. oak timber; twenty two thousand seven hundred and fifty (22,750) lin. feet piles.

Twelve thousand six hundred and forty-seven (12,647) pounds one and one-eighth (1⅛) inch square iron drift bolts.

Seventy-ten hundred and ten (7,210) lbs. screw bolts and washers.

Two hundred and thirty-four (234) cords of stone.

Two hundred and ninety-one (291) cords of slabs.

SLIP PIER.

Two thousand (2,000) cords of slabs.

Fifteen hundred (1,500) lin. feet of piles.

Three thousand (3,000) lin. feet twelve by twelve (12x12) inch pine timber.

Five thousand (5,000) lbs. one and one eighth (1⅛) inch square iron drift bolts.

Three thousand six hundred and eighteen (3,618) lbs. screw bolts and washers.

One hundred and fifty-six (156) cords of stone.

Three hundred and ninety-six (396) cords of slabs.

8TH. AUNEPIN HARBOR, WISCONSIN.

1st. Pier extension, consisting of the construction of two hundred (200) feet, more or less, of pier, composed of piles, timber, iron bolts, stone and slab. The following is an approximate estimate of materials required:

Three thousand two hundred and forty one (3,241) lin. feet, twelve by twelve (12x12) inch, pine timber.

Five thousand (5,000) lbs. one and one eighth (1⅛) inch square iron drift bolts.

Three thousand six hundred and eighteen (3,618) lbs. screw bolts and washers.

One hundred and fifty-six (156) cords of stone.

Three hundred and ninety-six (396) cords of slabs.

9TH. CHICAGO HARBOR, ILLINOIS.

Work to be breakwater extension, consisting in the construction of twenty cribs, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and thirty (30) feet wide. The following is an approximate estimate of materials required:

Six thousand (6,000) lin. feet, twelve by eighteen (12x18) inch pine and hemlock timber.

Two hundred and fifty-nine thousand nine hundred and eighty (259,980) lin. feet, twelve by twelve (12x12) inch pine and hemlock timber.

Two hundred and forty one thousand two hundred and twenty two (241,222) lin., one and one eighth (1⅛) inch square iron drift bolts.

Four thousand three hundred and twenty-six (4,326) pounds of spike.

10TH. CALUMET HARBOR, ILLINOIS.

Work to be pier extension, consisting of the construction and placing of fourteen (14) cribs, more or less, composed of timber and iron, filled with stone, each fifty (50) feet long and twenty (20) feet wide. The following is an approximate estimate of materials required:

Six thousand (600) lineal feet timber, twelve by eighteen (12x18) inches, pine and hemlock timber.

Forty-seven thousand nine hundred and ninety-four (47,994) lineal feet, twelve by twelve (12x12) inches, pine and hemlock timber.

Seventy-two thousand three hundred and sixty-six (72,366) pounds, one and one eighth (1⅛) inch square iron drift bolts.

Twelve hundred (1,200) lin. feet, twelve by eighteen (12x18) inch plan and hemlock timber.

Twelve hundred and ninety-seven (1,297) cords of stone.

11TH. MICHIGAN CITY HARBOR, INDIANA.

Work to be the construction of sixty (60) feet, more or less, of Pile Pier and Breakwater, composed of piles, timber, iron bolts, stone and brush.

The following is an approximate estimate of materials required:

Two thousand four hundred (2,400) Norway pine piles, thirty-seven (37) feet long.

Eighteen thousand four hundred and forty (18,440) lin. feet, twelve by twelve (12x12) inch pine timber.

Twelve hundred and eighty (1,280) cords of stone.

Two hundred (200) cords of stone.

Fifty thousand eight hundred (50,800) lin. one and one eighth (1⅛) inch square iron drift bolts.

12TH. NEW BUFFALO HARBOR, MICHIGAN.

Work to be Pier extension, consisting of the construction of two hundred and fifty (250) feet, more or less, of Pile Pier, composed of timber, piles, iron bolts, stone, and slabs or brush.

The following is an approximate estimate of materials required:

Three thousand four hundred and forty-two (3,442) lin. feet, twelve by twelve (12x12) inch pine timber.

Eight thousand (8,000) feet B. M. oak timber.

Eleven thousand three hundred and seventy-five (11,375) lin. feet piles.

Six thousand three hundred and twenty-three (6,323) lin. one and one eighth (1⅛) inch square iron drift bolts.

Three thousand six hundred and five (3,605) lbs. screw bolts and washers.

Three hundred and thirty-seven (337) cords of stone.

5TH. KENOSHA HARBOR, WISCONSIN.

Work to be pier extension, consisting in the construction and placing of one (1) crib, composed of timber and iron filled with stone, fifty (50) feet long and thirty (30) feet wide. The following is an approximate estimate of materials required:

One hundred (100) lin. feet, twelve by eighteen (12x18) inch pine and hemlock timber.

Seven thousand (7,000) feet B. M. oak timber.

Twenty thousand (20,000) feet, board measure, of hemlock timber and plank.

Twenty-two thousand (22,000) pounds of iron.

Twelve hundred and ninety-seven (1,297) cords of stone.

Twelve hundred and ninety-seven (1,297) cords of slabs.

14TH. CHICAGO
