THE MARKETS.

COMMERCIAL.

Baltimore Markets.

BALTIMORE, April 3.—Breadstuffs.—Flour.—The sales reported were only 500 bbls. Western Super at $5 12½; 150 do. Extra at $5 37½; 125 Howard Street Family at $6 50, and 100 Western do. at $6. Prices, although somewhat nominal at the moment, show no quotable change.

Wheat.—We continue to report the market firm, but the very light receipts restrict business. The transactions today amounted to only about 20 bushels very common to prime Southern red at $1 60@$1 65. We quote Choice Southern white and amber at $1 70@$1 75, and choice Western amber at $1 60@$1 65.

Corn.—The receipts of Corn to-day were liberal, amounting to about 40,000 bushels, the bulk of which was Southern. The market was active and firm, and the offerings of Southern were all sold as follows: 24,000 bushels white at 60@60c cents, the latter for one or two lots very prime, and 16,000 bushels yellow at 61@62 cents, bulk at latter figure. Western mixed in Elevator is firm at 61 cents, and we note sales of 100,000 bushels for delivery between 15th April and 15th June on private terms.

Oats—Are dull, but the receipts are light, and there is no pressure to sell. The sales to-day were 1,000 bushels Southern at 43 cents, and we quote prime Western at 42@42 cents, and bright do. at 42@43 cents.

Rye.—We note a small lot offering to-day, but no sales are reported, and we quote as ranging from 80@81 cents.

Cotton.—The market for Cotton is dull and heavy, with little or nothing doing. The only transaction reported yesterday was a sale of 50 bales fair ordinary to a spinner at 15 cents. We quote to-day ordinary at 14@14½ cents; good ordinary at 16@16½ cents; low middling at 18@18½ cents, and middling at 19@19½ cents for inland, and 19½ cents for Gulf. Cotton was better. The receipts at all ports in the United States were 10,395 bales, against 8,606 same date last week, and 3,603 bales the corresponding day last year. Receipts so far 2,847,836 bales, against 2,839,836 bales the same time last week, 1,841,836 bales in 1872, and 20,887 bales in 1871. Stock at all ports 636,137 bales.

Provisions.—The market for Provisions continues strong and buoyant in feeling. The quantity of Bulk Meat on the market is relatively very light, and holders ask 7 cents for Shoulders and 9 cents for clear rib sides, but we learn of no buyers over 8½@8¾ cents. Bacon is in active jobbing demand, and prices to-day are 9¾ cents for Shoulders, 15½@16 cents for rib sides, and 16½ cents for clear rib sides, and we quote Hams at 19@20 cents. Prime Western Steam Lard is held firmly at 9¾@9¾ cents per pound, and we now quote Mess Pork at $17@$17 50 per bbl.

Sugars.—We continue to quote prices as follows: Cuba and Porto Rico fair to good refining, 8@8¼ cents; English Island do., 7¾@8 cents; Maracaibo, do. 8@8¼ cents; Cuba centrifugal, 8¾@9¼ cents; do. boxes, No. 13, 8¾ cents; Porto Rico grocery, 9@9½ cents; St. Croix grocery, 9@9½ cents; New Orleans, vacuum pan, 9@9½ cents, and Brazil at 8@8½ cts.

Whisky.—The market for High Wines is dull, and we learn of no sales to-day, and quote Western at 89½ cents per gallon.

PROPOSALS FOR LIVE OAK.
NAVY DEPARTMENT,
BUREAU OF CONSTRUCTION AND REPAIR, WASHINGTON, March 19, 1873.
Sealed proposals will be received at noon, for the delivery of 3,000 cubic feet of Live-oak timber, of the best quality, at either the Kittery, Charlestown, or Brooklyn navy yards, or at such other place as the Secretary of the Navy may direct, will be received at this Bureau until THURSDAY, the 17th day of April next.
These proposals must be indorsed "Proposals for Live-oak," that they may be distinguished from other business letters.
Sureties in the full estimated amount will be required to sign the contract, and, as additional and collateral security, twenty-five (25) per centum will be withheld on the amount of each delivery until the contract is satisfactorily completed.
If, upon the delivery of the timber there must be a due proportion of the most difficult and crooked pieces; otherwise there will be withheld such further amount as the interest of the service may be judged expedient to secure the public interest until such difficult portions be delivered.
The contractor will be required, at other proportion of each bill, when approved in triplicate by the commandant of the yard, will be paid by such proceeding payments as the contractor may designate within thirty (30) days after its presentation to him.
It will be stipulated in the contract that if default be made by the portion of the first part in delivering all or any of the timber named, of the quality and at the time and place provided, then, also in that case, the contractors, and his sureties, will forfeit and pay to the United States a sum of money not exceeding twice the total amount thereby agreed upon as the price to be paid in case of the actual delivery thereof, which may be recovered according to the act of Congress in the case provided, approved March 3, 1868.
The 3,000 cubic feet to be delivered will be in the following proportions: 1,000 cubic feet of these suitable for stems, sternposts, deadwoods, aprons, sternpost knees, keelsons and books, all sizes from 12 to 30 inches, and the remaining 2,000 of these. These pieces to be in the proportions in which they enter into the construction of a ship-of-war; contracting substantially these, in character, in accordance with those heretofore received, with frames of corresponding siding, the inside of which can be seen at any navy yard; the outside of the timber will be 12 and 14 inches, in about equal quantities of each, and 3,000 cubic feet of a siding of 12 inches; all these pieces being in length from 14 to 17 feet, with a natural and fair curve of from 12 to 16 inches or more in that length, and one half the number of pieces to have from the same to the opposite curve. Also, 700 cubic feet of timber siding 13 and 15 inches, in length from 12 to 16 feet.
All to be sided straight and fair, and rough-hewed the moulding way to show a face of not less than two thirds the siding, the wane being deducted in the measurement.
The timber to be cut from trees growing within thirty miles of the sea, of which satisfactory evidence will be required, and to be delivered in the respective yards, at the risk and expense of the contractor, subject to the usual inspection, and to the entire approval of the commandant of the yard.
The whole quantity to be delivered within one year from the date of the contract.
Satisfactory evidence must be presented with each proposal that the parties offering have the timber ready for delivery, or are engaged with the subject, and have the facility to procure it.
In addition to the above, separate "sealed proposals" will be received at the same time, on the same terms and conditions, and similarly indorsed, from persons having the timber on hand already cut, for the delivery in each of the navy yards at Charlestown and Brooklyn, of from 5,000 to 20,000 cubic feet of live-oak, the principal pieces siding 12 to 17 inches, the remaining portion 12 and 14 inches, the principal pieces and crooked timber being in the proportions specified in the preceding, and as specified in the first case, with the same lengths and curves.
The whole amount contracted for in this case must be delivered on or before the 1st of September, 1873.
The Department reserves the right to reject any and all bids for any timber under this advertisement, or reduce the amount, if considered not to the interest of the Government to accept them, and to require satisfactory evidence that bids are bona fide in all respects, and are made by responsible persons.
Parties desiring to bid for furnishing this timber will be furnished with instructions, as to the form of offer required, upon application to the undersigned.
