THE MARKETS.

COMMERCIAL.

Baltimore Markets.

BALTIMORE, July 26 — *Breadstuffs* — Flour.—The market for Flour remains quiet, but the feeling is steady, except for the low grades old ste k, which are easier to buy. The sales to-day amounted to 600 bbls, as follows: 100 bbls City Mills Fine at $5.75; 100 Howard Street Extra at $6.50; 200 Western do. at $7; 200 Spring do. at $7.25; 100 Western Family at $7.50, and 100 City Mills do. at $8.75.

Wheat.—The market for Wheat is dull, and prices are 1@2 cents lower to-day. The receipts of all kind amounted to 15,000 bushels, and the sales were 5,000 bushels prime to choice Southern amber at $1.42@1.45; 6,000 do. good to prime do. red at $1.35@1.37; 1,000 do. common to fair do. at $1.30@1.32; 2,500 do. Pennsylvania red at $1.42@1.45, and 600 do. Western amber at 1 50.

Corn—The market for Corn is very dull, and we note without transactions of importance to report. Western mixed in Elevator is nominally held at 47 cents, but there are no buyers at that figure and we hear of no offers being made at any price. The sales of Western were 1,400 bushels low grades in Elevator at 41 cents, and 1,500 do. rejected at 45@46 cents. Southern is in very light supply, and we have only sales to-day of 800 bushels white at 50@52 cents.

Oats—Continue dull and heavy, with the receipts in excess of the demand. The sales to-day were 700 bushels Pennsylvania at 40 cents, 1,500 do. bright Western at 42@43 cents, and 1,500 do. mixed do. at 41 cents.

Rye—Is dull without sales recorded, and we quote nominal at 80@85 cents per bushel.

Cotton.—The market for Cotton is dull, and the sales yesterday amounted to only about 50 bales at 17 cents for strict ordinary, and 19¾ c. for full low Middling. There is no change in prices to note, and we quote as follows: Ordinary, 15@16; Ordinary cents, Low Middling, 19@19¼ cents; Good Ordinary, 17½; Low and Ord nary and stained nominal. The receipts at the port last week were 11,872 bales, against 15,128 bales the week previous, 8,620 bales same week last year, and 16,026 bales same week in 1871. Stock at all ports 162,938 bales.

Provisions.—The market continues firm for Bulk Meat and Bacon, with an active jobbing demand particularly for the latter. Bulk Meat is in light supply, and we quote shoulders at 8¾ cents, and clear rib sides at 9¾ cents; jobbing lots at ¼ advance. Bacon is in brisk jobbing demand, and dealers' prices to-day are 9¾ cents for shoulders, and 13@13½ cents for sides. Hams we quote at 14@16 cents. Lard is in very moderate demand, but prices are steady, and we quote, prime Western steam, at 9¾@9⅞ cents, and refined at 9¾ cents. Beef—New York is quoted at $17 50@18.00, and Rump Pork we quote at $18@18.50 per bbl.

Sugar.—The market for raw Sugar is steady, with a limited demand from all quarters. The only sale yesterday was 187 hhds. Martinique, for refining, at 7¾ cents. The stock of grocery Sugar is much reduced. We quote as follows: Fair to good refining Cuba and Porto Rico, 7@7¼; grocery grades Cuba 7¾@8 cents; Cuba Centrifugal, choice grocery grades Porto Rico, 8@8½ cents, and Demerara vacuum pan, 8@8½ cents. The stock here is 16,781 hhds., 4,811 tierces, and 4,750 bags.

Whisky.—The market for High Wines is very firm, and the tendency of prices is upward. We learn of sales to-day of 75 bbls. City at 90@90½ cents, and quote Western at same figures.

MARRIED.

BUCKLEY—COLLINS.—At St Aloysius' church, by Rev. Father McGuigan, on Tuesday, July 15, 1873, JOHN M. BUCKLEY, of Washington city, D. C., and Miss MARY COLLINS, of Cleveland, Ohio.

CROTHER—GARDINER.—On Monday evening, July 21, at St. Stevens' church, by the pastor, Rev. John McNeilley, JOHN E. CROTHER, and Miss MOLLIE E. GARDINER, both of Washington.

HAAS—WILLIAMS.—At the parsonage, on the 17th of June, by the Rev. R. W. Black, GEORGE HAAS, Jr., of New York, and MARTIE ISABELLE, youngest daughter of James A. Williams, esq., of this city.

WRIGHT—VAN SLYKE.—On the 23d instant, at the residence of the bride's father, 1447 T street, by the Rev. R. J. Smith, JOHN G. WRIGHT and MARY A. VAN SLYKE, both of Washington, D. C.

DIED.

NICHOLSON.—On the 26th instant, at 8.30 o'clock, JOHN EDWARD, infant son of Walter A. and Mary E. Nicholson, aged sixteen months, two weeks and two days.

The relatives and friends of the family are invited to attend the funeral, Monday afternoon, at 4.30 o'clock, No. 1103 third street, between L and M southeast.

BOYLE.—On the 24th instant, WALTER AMBROSE BOYLE, aged eleven years, twelve days, son of John F. and Mary V. Boyle.

REDMAN.—On the 26th instant, after a lingering illness of cholera infantum, LOLA MAY, only child of J. S. and Lucy V. Redman, aged eleven months.

STICKNEY.—At Point Lookout, Md., on the 26th instant, FREDERICK WILLIAM, infant son of F. R. and L. E. Stickney, aged nine months.

WISWALL.—On Saturday morning, July 26, at 5:30 o'clock, WILLIE N. WISWALL, aged eight months and four days, only son of J. O. Wiswall.

MILLER.—Died, in Brooklyn, New York, July 18, 1873, LILLIE BEALL MILLER, daughter of Wm. O. and Ella J. Miller, aged one year, five months and twenty days.

The funeral will take place to-morrow afternoon, at 5 o'clock, from the residence of her grandmother, Mrs. Crust, 27 Bridge street, Georgetown, D. C. Relatives and friends are invited to attend.

Weep not for little Lillie,
Her gentle spirit hath fled,
She sweetly sleeps in Jesus,
Among the silent dead

Shed not a tear of sorrow
Around the infant tomb;
Tis joy of the lovely flower
We have in heaven to bloom.

God takes the beautiful, the blest;
They are but lent, not given
He puts His jewels on his breast,
That they may shine in heaven.

Earth has one mortal less,
Heaven one angel more.
(New York papers please copy.)

GORDON.—Died, in Georgetown, July 26, WILLIAM A. GORDON.

The funeral will take place from his late residence, 96 Gay street, on Monday morning at 10 o'clock.

FINANCIAL.

INVESTMENT BONDS.

The Northern Pacific Railroad Company having determined to close its 7-30 First Mortgage Gold Loan at an early date, not exceeding thirty million dollars, and thereafter to pay no higher rate of interest than six per cent. on further issues of its bonds, *the limited remainder of the 7 3-10 loan is now being disposed of* through the usual agencies.

As the bonds of this issue are made receivable in payment of the Company's lands at 110, they are in constant and increasing demand for this purpose, and will continue to be after the loan is closed—a fact which much enhances their value and attractiveness as an investment.

The Company has more than 500 miles of its road built and in operation, including the entire Eastern Division, connecting Lake Superior and the navigation of the Missouri river; it has earned title to nearly Ten Million Acres of its Land Grant, and sales of lands have thus far averaged $5.06 per acre.

All marketable securities are received in exchange for Northern Pacifics.

A PLEASANT SUMMER RESORT.
THE GREAT ALTERATIVE AND TONIC WATERS OF AMERICA.

Persons who propose to visit during the summer of 1873 the MOUNTAINS OF VIRGINIA, may find seek in their cool shades and salubrious atmosphere a pleasant and safe retreat from the oppressive heat and unhealthy miasma of lower localities, with the hope of finding in the renovating influences of medicinal waters, by means of regaining lost health, will be admirably repaid.

STRIBLING SPRINGS,
thirteen miles from Staunton, Virginia, where the fine mountain air and scenery, and the mineral waters, which include the three distinct classes of Alum, Chalybeate and Sulphur Springs, offer all that can be desired for those purposes.

These springs are highly medicinal, and have performed many wonderful cures. Their great value as medicinal agents is attested by the most eminent physicians, and by many other persons of the highest intelligence and social position.

The Alum or, as it would be more properly styled, the ACIDULOUS CHALYBEATE WATER, contains a much larger proportion of the important ingredients of aluminia, iron and magnesia than any other spring in the mountains of Virginia, and in its combined alterative and tonic properties is peculiar. The waters of these springs admit of a wide range of remedial application.

Chronic bronchitis and pneumonia, dyspepsia, liver disease, chronic diarrhœa and dysentery, constipation, diseases of the urinary and generative organs, cutaneous diseases, scrofula, erysipelas, neuralgia, and in most cases all diseases of malnutrition, irritation, relaxation and debility will be speedily cured by the judicious use of the waters here for a reasonable length of time. As a watering-place in all this region, so celebrated for its mineral waters and delightful summer resorts, offers superior attractions either in the healthy and delightful nature of the climate, the grandeur and beauty of the surrounding scenery, or in the number, diversified properties and great remedial virtues of the mineral springs.

Hotel accommodations first-class. Various sources of recreation and amusement.

Board—Per day, $1.50; per week, $10; per month, $35.

☞ The Hotel is now open for visitors.

Route—by railroad to Staunton, thence thirteen miles to the Springs by O'Toole's stage and hack line.

Passengers from Baltimore, Md., Washington, D. C., and Alexandria, Richmond and Lynchburg, Va., on the morning cars, will reach Stribling Springs the same afternoon before dark.

For circular containing analysis of the waters, letters of eminent physicians, and certificates of remarkable cures, write to S. COOTE, Agent, Stribling Springs, Va.

PROPOSALS FOR DIMENSION STONE REQUIRED IN THE CONSTRUCTION OF THE NEW POST OFFICE BUILDING AT CINCINNATI, OHIO.

OFFICE OF SUPERVISING ARCHITECT, TREASURY DEPARTMENT, WASHINGTON, July 15, 1873.

Sealed proposals will be received at this office until 12 m. of the 9th day of August, 1873, for furnishing at the site of the proposed Government building at Cincinnati, Ohio, the following Dimension Stone required for the exterior of the building.

The species of stone from which a selection will be made will be confined to Ohio sandstone, and the qualities exclusively insisted upon will be uniformity of color and texture, durability and the capacity for working under the chisel or hammer.

A sample block 12x12x18 inches, showing on one face the natural fracture of the stone, and on the others different kinds of cutting, must be submitted with each bid.

Stone that has not been tested by actual use as cut stone in buildings for at least ten years will be considered of doubtful or absolute proof that it has been so used for that period must be furnished.

The stone must, further, have a good grain, and be free from all deleterious substances, and the quarry from which it is procured must be fully opened and capable of furnishing the quality and quantity desired within one year.

About 60,000 cubic feet, more or less, will be required. The actual average of the stones cannot be given, but will approximate to cubic feet, the largest stone containing about 200 cubic feet. The stone will be ordered from time to time from a schedule of net sizes, in order that the contractor may make proper allowances for cutting in the quarrying, and on the schedule varying from time to time, an addition of one inch to each cut face on granite and marble stock, and of one half inch to each cut face of sandstone.

Bidders will be asked how soon they can commence delivering the stone, and the amount per week they can deliver. They will also state the average and maximum size of the stones that can be obtained from their quarry. No bid will be received except from the owners or lessees of the quarries from which the stone is proposed to be furnished, and a certificate from the recorder of the county in which the quarry is situated, that the bidder is the owner or lessee of the quarry, must accompany the bid.

All proposals must be made on and in full accordance with the printed forms, to be obtained on application at this office, and must be accompanied by a bond or check for the sum of fifty thousand dollars ($50,000) that the bidder will accept and perform the contract if awarded to him, and give bond therefor (in a sum equal to one hundred thousand dollars, ($100,000,) and a valid and binding lease of the quarry to the Government, as security for the faithful performance of the contract, or be ready to take effect upon the failure of the contractor to comply with the terms of the contract. Said lease to authorize the Government to take full possession of the quarry and work it at the expense of the contractor in case of default.

The Department reserves the right to reject any or all bids, or to divide the contract and use two or more quarries.

Proposals must be inclosed in a sealed envelope, indorsed "Proposals for Dimension Stone for the new Government Building, Cincinnati, Ohio," and addressed to

A. B. MULLETT,
jy14-3t Supervising Architect.
