BRYAN'S

ELECTRIC BELTS,

A SELF-CURE, WITHOUT MEDICINE,

For all Diseases Arising From a Loss of Vital Force.

Dyspepsia, Paralysis, Rheumatism, Epilepsy, Hysteria, Weak Lungs, Nervous Debility, Weakness, Kidney Complaints, Impotency, and Physical Prostration.

This improvement in electric appliances embraces the effective properties of older inventions without requiring vinegar or other liquid to excite action. The metals in this belt are so nicely adjusted that the best and moisture of the body is sufficient to evolve the current of Electricity. They enlarge the body with Electric and Magnetic influence, relieve the Nervous and Debilitated, and impart New Life and Strength to the wasting organism.

THE AMERICAN INSTITUTE OF NEW YORK has this year awarded A DIPLOMA FOR THIS INVENTION, it having been thoroughly examined and tested by the ablest Physicians and Electricians appointed for the purpose by the Directors of the Institution. Some of the most eminent citizens of the city have certified to the merits of this Therapeutic agent.

Read the following from Dr. Guernsey, No. 14 West Twenty-third street: "I have used Bryan's Electric Voltaic Belts with very decided benefit. In all cases where continued action is required they give very decided satisfaction. Their construction is thoroughly scientific, and physicians will find them of great aid in cases that resist every other form of treatment."

"SCHUYLER GUERNSEY, M. D."

JOSEPH SAUNDERS says: "My disease, nervous debility, and all its horrors, unfit me for business, society, or domestic life. Your belt has proved a sovereign balm and effected a perfect cure."

Ladies' and Children's Cloaks.

We employ EIGHTY persons in our workroom on these garments—personally superintend the manufacture of them; the work manship and cutting being under the supervision of Mr. C. W. Leonards, who has no superior as an artistic designer and modeler.

In addition to the merit of the Quality, Style, and Fashness of Price of our CLOAKS, we commend the fact to the attention of the public that our efforts to employ persons resident here deserves recognition and support, especially when we offer them better made, trimmed, and fitting garments than those of Northern manufacture, which are made without any knowledge as to who is to wear them. While east, spring street to our own friends and patrons we commend alone would prompt us to seeking that nothing that would tend to enhance their worth should escape our attention.
