MINOR DISTRICT NOTES.

Gleaned at the Commissioners' Office.

A compliment any package of cow pox virus, received by the Commissioners yesterday from the Michigan State board of health, was referred to the Health Officer with unwonted celerity.

Colonel E. F. M. Faist, superintendent of the Washington Asylum, enjoyed himself yesterday in dispensing presents to the children at the Institution. The gifts were contributions from citizens.

Major Morgan has complained to the Commissioners that the water supply at the new Police Headquarters is entirely inadequate, and asks that a new and larger service pipe be introduced.

Mr. F. H. Eaton, of 1318 T street, presented a claim of $84 against the District, the price paid for two sewer traps, the purchase of which was made necessary, as he states, by the defective and inadequate sewerage on that street. The Commissioners have referred the matter to the District Attorney.

The clerks and employees and the officers of the late board of Assessors held a meeting yesterday afternoon and presented a letter to the retiring board, regretting the severance of their official relations and complimenting them on the ability, integrity, and fidelity which has characterized their official acts. Mr. Bohrer, chairman of the late board, made an appropriate reply.

Through the efforts of Mr. A. S. Solomons and the former managers of the eight-lodging house, it will be reopened to-night. A meeting of the managers will also be held to-morrow at twelve o'clock m. It is expected that the plan of working able-bodied lodgers, as a compensation for their lodgings and meals, will be put into practice. This is one of the questions that will be discussed at the meeting.

BRYAN'S
ELECTRIC BELTS,
A SELF-CURE, WITHOUT MEDICINE.
For all Diseases Arising From a Loss of Vital Force.

Dyspepsia, Paralysis, Rheumatism, Epilepsy, Hysteria, Weak Lungs, Nervous Debility, Weakness, Kidney Complaints, Impotency, and Physical Prostration.

This improvement in electric appliances embraces the effective properties of other inventions without requiring vinegar or other liquid to excite action. The metals in this belt are so nicely adjusted that the heat and moisture of the body is sufficient to evolve the current of Electricity. They envelop the body with Electric and Magnetic influence, restore the Nervous and Debilitated, and impart New Life and Strength to the waning organism.

THE AMERICAN INSTITUTE OF NEW YORK has this year awarded A DIPLOMA FOR THIS INVENTION, after having been thoroughly examined and tested by the eminent Physicians and Electricians appointed for the purpose by the Directors of the Institution. Some of the most eminent physicians of the city have resorted to the merits of this therapeutic agent.

Read the following from Dr. Gunsaulus, No. 18 West Twenty-third street: "I have used Bryan's Electric Voltaic Belts with very decided benefit. In all cases where continued access is required they give very decided satisfaction. Their construction is thoroughly scientific and physicians will find them of great aid in cases that resist every other form of treatment."
"ROBERT GUNSAULUS, M. D."

JOSEPH SAUNDERS says: "My disease, nervous debility, and all its miseries, underwent a cure by his Electric Belt, and I feel as young as I ever did. Your belt has proved a sovereign balm and effected a perfect cure."

A CARD.

We beg again to call the attention of the Ladies to our Cloak Department, which offers at the present time the most tasty, elaborate, and extensive stock of the latest Parisian and New York shapes of

Ladies' and Children's Cloaks.

We employ EIGHTY persons in our workroom on these garments—personally superintend the manufacture of them; the workmanship and cutting being under the supervision of Mr. G. W. Leantardis, who has no super of an artistic designer and cutter.

In addition to the merit of the Quality, Style, and Lowness of Price of our CLOAKS, we commend the fact to the attention of the public that our efforts to employ persons resident here deserve recognition and support, especially when we offer them better made, trimmed, and fitting garments than those of Northern manufacture, which are made without any knowledge as to who is to wear them. While conferring direct to our own friends and patrons, self interest alone would prompt us to seeing that nothing that would tend to enhance their worth should escape our attention.

PRICE RANGE FROM $2.50 UP.
