GEORGETOWN NEWS.

Collected by Republican Reporters.

Workmen were busily engaged on Saturday last putting up telephone wires for the firm of Bell & Hill. The communications are opened between their office and the mill.

The residents in the vicinity of the car stables were very much disgusted since the last issue of THE REPUBLICAN by the bursting of the water main on Bridge street. Repairs were immediately instituted and have been since nearly completed.

A new canal steamer called the Star No. 7 has just been completed at Georgetown. It is run by an oscillating engine which was formerly on the Alpha. The new boat is ninety feet in length, with fourteen feet breadth of beam and a nine foot hull. She will be launched as soon as her equipment is ready, which is expected to be in a few days.

As rivalry will always follow on the track of success, it could not fail that the "AMERICA" CHAMPAGNE did find numerous imitators. Beverages made of cider or inferior country wine, or of mixtures of both, have spuriously been vested with names and designs closely resembling our trade-mark. We therefore consider it our duty to caution our patrons in justice to themselves as well as for the protection of our own interest against those attempts of deduction and direct their particular attention to above facsimile of label.

Every article must be of the very best quality, unless an inferior quality is called for.

A sufficient specimen of each article proposed for is to accompany the proposals, and to be marked with the name of the proposer, and of paper the weight per ream. The whole of each article specified in the foregoing list will be deemed a class, and the person offering to furnish any such class at the lowest price (quality considered) will receive a contract for the same on executing a bond with two or more sureties satisfactory to the Secretary of the Senate for the performance thereof, which bond is to be filed in the office of the said Secretary within ten days after the proposal has been accepted.

If any articles contracted for should not be delivered within the time stipulated, or should be inferior in any respect to the sample, the bond of the contractor will be put in suit.

Proposals should be indorsed "Proposals for Stationery for the Senate," and be directed to the Secretary of the Senate, Washington.

Proposals and specimens must be delivered at the office free of charge.
